Fourth District Court.

Only a small amount of business was transacted in the Fourth district court yesterday.

The suit of S. Hirsh against H. E. Steele was heard. The jury, by instruction, brought in a verdict for the plaintiff.

The case of the Stoutsaber Bros. manufacturing company vs Newton Farr et al was tried and a verdict of no cause of action was returned by the jury.

In the divorce suit of Matilda Anderson vs C. C. Anderson, it was ordered that execution be stayed until a motion to vacate the decree on petition be heard.

The motion to dissolve the attachment and garnishment in the case of the Southern Electric Light company against James J. Hirsh was denied.

The case of Thomas G. Akers vs the Cheyenne & Utah Coaling company was continued without date.

The suit of the Ogden State bank against Sam Simon was taken up, but was not disposed of when court adjourned for the day.

County Court Matters.

The board of county commissioners convened yesterday in regular session, and transacted the following business:

A petition asking for $100 to improve the road over Salt Creek was referred to Selectmen Stoutsaber.

An appropriation of $200 was made for the improvement of certain roads in Kaysville district, and $50 was also appropriated for the same purpose in Wilson.

An allowance of $15 was made Mrs. Jane Sanders for nursing two orphans in her care.

The petition of E. M. Burns and others to have the road leading from Ogden to Riverdale repaired was denied.

A proposition of Jerry Vanderloos to do the blacksmithing on the tramway for $40 per month was referred to committee on tramway.

The tramway pay roll from October 14th to November 4th, amounting to $1,951.75, was allowed; work on tramway to suspend for present on account of a lack of funds.

County Attorney Weber gave an opinion that the selectmen were entitled to mileage but none during the session of the board of equalization. The opinion was filed.

Bills were allowed and the court adjourned for one week.

Another Fire at Five Points.

About two hours after the Christiansen fire at Five Points, last night, which consumed a frame building and contents—a drug store—the three story brick store of J. W. Southwell was discovered to be on fire. The department at that place was soon on the spot and prevented the structure from going up in smoke. As it was the roof and third story were pretty badly damaged. The loss, however, is fully covered by insurance.

The store was probably ignited by the previous fire, as the buildings are quite close to each other, though there was no sign of smouldering embers when the fire fiddles completed their work on the Christiansen block.

Street Car Wreck.

Last night at about eight o'clock car No. 152 was making its northward run in the vicinity of Five Points the car ran into a herd of cows, striking one of the bovines, killing the animal and derailing the car. A number of passengers were shaken but none were hurt. The conductor, however, was slightly injured by being thrown to the ground.

A Small Assignment.

Yesterday George R. Stone, the Twenty-fourth street meat dealer, made an assignment for the benefit of his creditors, W. S. Shepard being assignee. No statement of assets and liabilities can be obtained yet. The assignment is of no great importance, as the business done was small.

Notes and Personals.

Yesterday Dave Moore was assessed $10 and costs by Commissioner Temple for putting a fancy watch guard over the optics of a Mr. Taylor, who had, it is claimed, called the doughty constable a liar.

The city council failed to materialize last night, but will probably get a quorum together tonight.

Ben E. Rich was a northbound passenger last night.

Two cars of Utah potatoes were shipped to Kansas points yesterday.

PROVO.

PROVO, UTAH, NOV. 15, 1893.

Too Many Text Books.

The use of numerous text books in the district schools is a question which has been discussed to a considerable extent in the press and subject circles of the city, pro and con. The matter was brought up in the board of education last night by the introduction of the following resolution, which was referred to the committee on school work and the city superintendent:

"Whereas, It is the opinion of this board, there are too many text books in use in the schools, comprising a multiplicity of studies, as a hindrance and adding to the burden of the patrons of the schools;

"Resolved, that the superintendent be instructed to explain the work that the number of text books to be used in the course of this school year will be reduced to the very lowest limit consistent with the educational interest of the city."

Notes.

The Advertising.

O'Neill's Sarsaparilla is always within the reach of every human. It is true, it always appeals to the sober, common sense of thinking people because it is true; and it is always fully substantiated by endorsements which, in the financial world would be accepted without a moment's hesitation.

Beeh's Pills cure liver ills, constipation biliousness, jaundice, sick headache, indigestion.

DR. SCHENCK'S

Mandrake Pills have a value as a household remedy far beyond the power of language to describe. The family can hardly be true to itself that does not keep them on hand for use in emergencies.

MANDRAKE

is the only vegetable substitute for that dangerous mineral, Mercury, and while its action as a cathartic is fully equal, is possesses none of its perilous effects.

In Constipation, Mandrake acts upon the bowels without disposing them to subsequent costiveness.

No remedy acts so directly on the liver, causing so speedily cures Sick Headache, Sour Stomach and Biliousness as these

SUNOL!

ROBERT BONNER

Superintending the shoeing of Sunol with the Putnam Nail.

PORTLAND, MAINE, FEB. 28, 1893.

PUTNAM NAIL CO., BOSTON, MASS.

GENTLEMEN: Please find inclosed a lock of the hair taken from the forelock of the fast trotter, Sunol, when I had her shod with the Putnam Nail. Her owner, Mr. Robert Bonner, of New York, is a very fast man and a good judge of a horse, and I know he would like to know what I have done with the hair. Please let him know what I do with it, and oblige, Yours truly,

Chas. H. Marrom

The Putnam Nail is the only exclusively Hot-Forged and Hammer-Pointed nail.

Look in your smith's shoeing box. If the nails have smooth edges for the whole length they are the PUTNAM, for they are Hammer-Pointed and are not sheared.

The above picture, from a photo recently taken by Mr. Bonner, is the exact shoeing of the mare, Sunol, with Putnam Nails. Any one recognizing the shoeing of Sunol, will be sent to the Putnam Nail Co., Boston, Mass., for 10 cents, in stamps, any size or style desired, to cover cost of mailing the picture. Mention this paper. Write for prices.
