DESERET EVENING NEWS.

Wednesday, October 4, 1893.

FRAGMENTS.

THE grand jury will very shortly hand in their final report.

THE fall meeting of the Driving Park association begins tomorrow and will last for four days.

THE western part of the city was specially favored with heavy thunder during today's rainstorm.

THE weather permitting, the bicycle race will come on Friday and Saturday next. There are forty-six entries for the two days.

JUDGE BARTCH dropped the law and motion calendar for a time, and this morning took up the trial of civil jury cases.

A MISCREANT, upon disturbing individual of unknown, air condemn Hooligan-ized himself last night in the vicinity of Washington square by discharging a revolver a number of times in rapid succession. The police attempted to locate and arrest him but he had disappeared.

VICE PRESIDENT TAYLOR and Secretary Rose announce that there will be meetings of the Utah Beekeepers' association in the Brick and Stone Masonic hall over the Western Union Telegraph office on Saturday next, at 10 a. m. and 2 p. m.

THE paving of a few crossings on the street east and west of Main street and West Temple street would be a boon to the public now. Many of the sidewalks are in fair condition, but the street crossings where there is a heavy traffic are in an absolutely state during muddy weather.

J. W. IRONSIDES and Fred Simon, who were appointed by the Chamber of Commerce as delegates to the Pan-American Scientific association, which met yesterday at St. Louis, have written a letter to the president of the association, excusing themselves from being in attendance and expressing their sympathy with the other objects of the convention.

A GOODLY number of Conference visitors are now to be seen on Salt Lake's thoroughfares. The prospects are, however, that the attendance from the outside counties at this Conference will be much smaller than usual, owing to a number of causes, among the chief of which may be named the prevailing scarcity of money.

A Thin Concession.

Attorney Thomas Marshall today received the following telegram from S. A. Fillmore, of the Southern Pacific railroad, dated San Francisco:

"The delegates from Utah to Los Angeles to attend the Irrigation Congress should pay full fare from Ogden to Los Angeles, taking receipt from the agent at Ogden for fare paid, then at Los Angeles apply to Mr. Crowley, A. G. P. and T. A., who will sell them return tickets at one-third rate, which will make two-thirds rate for the round trip."

Probate Court Today.

Estate of Hans D. B. Jensen, deceased. Hearing on guardians' account and petition for appointment of guardian. Account allowed, and Herbert L. Pratt appointed guardian on filing a bond of $500.

Estate of Frank Dyer, deceased. Continued till November 7th.

Estate of John Hoagland, deceased. Continued till November 8th.

MUNICIPAL MATTERS

Three Miles and a Half of Watermains to be Relaid Before Election.

WANTLAND'S ANTI-HOLD-UP RAIDS.

The Saloon Men's Petition Reported Back Without Recommendation.—Sudden Love for the Workingmen.

President Loofbourow dropped his silver-mounted walnut gavel on his antique oak desk at 7:45 in the Council chamber last night. Roll call was read by Recorder Stanton, the following members answering thereto: Fellows, Kartick, Hardy, Hess, Evans, Kelly, Simonsen, Bentley and Lawson. Rich, Bell, Wantland and Morse came in later in the session.

THE PROCEEDINGS.

A. Anderson and others asked that certain sidewalks on Eighth South street be made passable. Committee on streets.

Mr. V. Le Sueur sent in a communication which was referred to the committee on claims, in which he called attention to a resolution of the Council of the 20th ult., placing $4,500 in the Mayor's contingent fund to be expended by the Mayor for payment of labor and materials under the contract of the Culmer-Jennings company with the city. The petitioner stated that under the appropriation he has by agreement with the Culmer-Jennings people paid out for labor $1,400 and still retains $2100 of the sum appropriated. The petitioner further represented that an agreement can be effected between himself and the paving company as to any amount due petitioner for materials and that the Mayor has declined to go into an investigation for the purpose of fixing the amount for the reason that he believes it out of his province.

Therefore, petitioner prays that the council will make a direct appropriation of the money or to appoint a special committee to investigate the matter. Mr. Le Sueur offers to furnish a bond to protect the city against injury resulting from such appropriation to case it be made.

McNeir and Anderson sent in a communication in which they signified their willingness to extend their contract with the city on the sale of an installment of sewer pipe. Committee on sewerage.

Loofbourow, Montgomery & Kahn sent in a bill for $500 for legal advice and services to the case of J. W. Smith et al. vs Salt Lake City. Appropriated.

H. Liebenstein and others asked that David Collahan be appointed a special policeman. Committee on police.

Paul Hain asked that employment be given to John Fitzgerald, a stone mason and paver. Committee on streets.

Barlow & Byrne, lessees of the Warm springs, asked that the Council cancel their new contract with the city and that they be allowed to conduct business under the old one. Committee on public grounds.

TO CLEAN OUT THE GRAVEL.

The city engineer reported that it was necessary to at once clean out the gravel from the catch basins in Patley's canyon. Superintendent of waterworks and street superintendent with power to act.

NEW BRIDGES WANTED.

The street superintendent reported that new bridges should be built at Eleventh North and Eleventh West streets and Eighth South and the Jordan river. Committee on streets.

CHANCE FOR ELECTION BONDS.

The street superintendent sent in a list of bonfires aggregating 17,000 feet of watermains which he said must be laid before first "gets in." He said also that fifty men would be necessary to do the work. Committee on waterworks.

POLICE REPORT FILED.

The report of the police justice for the month of September was filed.

ASKED TO COMPLY.

The Brigham Young Trust company complained that certain property owners on the north side of First South street were about to lay cement sidewalks in violation of the permission given them by Engineer sidewalks, and asked that they be compelled to comply with the city's rules. Board of public works.

THE DANGEROUS CATCH BASINS.

The health commissioner recommended that the catch basins within the paving districts be abolished and that they be replaced by gutters. City engineer and board of public works.

ANOTHER ELECTION OPPORTUNITY.

The board of public works and city engineer recommended that the street superintendent be authorized to increase the force of laborers that he might be able to place the streets in good condition for the grade of the sidewalk pavements now being laid on South Temple and First South street east of Eighth East street. Adopted.

WANTS $200 FOR EXTRA WORK.

City Auditor Reynolds sent in a communication stating that during the month of September his office had issued 2321 warrants, which is 1192 more than the previous month, including the entire term of office. Each warrant represents at least two minutes work, and the total, outside of the regular office work, is equal to eighty days' labor. Preceding months have been equally as rapid, and he asks to compute the above number of warrants so as to get extra help and work every night himself. As his wife will be much confined for some time to come, he asks that the Council appropriate to him $200 to compensate himself and assistants for extra help to be may require. Committee on finance.

WANTLAND'S ANTI-HOLDUP RAID.

The committee on police reported adversely on Wantland's scheme to appoint forty extra policemen at $50 per month. Wantland said he had informed the mayor—not for effection—but for the protection of the citizens. Every now people were being held up nightly and relieved of their loose change while residences were being robbed and safes broken into on every hand.

The resolution contemplates the employment of the special patrolmen for three months, or until January 1st. Committee on police with power to act.

LIQUOR LICENSE EXTENSION.

The committee on licenses reported favorably on the petition of Frank Monroe for an extension of his liquor license for a period equal to his suspension of business during the summer. Adopted.

THE APPEAL FROM THE LIQUOR MEN.

In regard to the petition of the retail liquor dealers of the city asking that their license be reduced, the committee, consisting of Hill, Harry and Loofbourow, reported the same back without recommendation.

Hill and Wantland offered the following in substance as a substitute:

Whereas, Owing to the present financial depression the present license rates are considered to be in excess of business therefore be it

Resolved, That a reduction of 25 per cent be made on wholesale and liquor licenses for the three months ending December 31, 1893, providing said payments are made in cash.

The report from the committee was referred to the city attorney.

The Hill and Wantland resolution then went over without action.

SUDDEN SYMPATHY FOR WORKINGMEN.

Simonsen fathered the following which Kartick subsequently declared illegal on its face and said should an attempt be made to enforce it he would enjoin the city:

Whereas, There are many workingmen in the city who have no means for the support of their families except their daily labor, and the prospect is that there will not be sufficient work going on the city during the coming summer and winter to furnish employment to the laboring men of the city, and

Whereas, We believe it to be sound public policy for municipalities in times like these to do all in their power to provide work of public improvement in order to give employment and means of livelihood to residents within their limits who would otherwise be unemployed and in destitute circumstances, and

Whereas, The streets leading from our principal passenger depots to the business part of the city are in such condition as to be unsafe and disagreeable to travel over during a large part of the winter, thus failing to give an unfavorable impression to strangers visiting our city, and

Whereas, We believe the macadamizing of our streets with broken stone would furnish a considerable amount of remunerative work and would be carried on in the late fall and winter, and would be an improvement which would be a credit to our city and inure to the benefit of all our citizens, therefore be it

Resolved, That it is the sense of this council that Second South street from West Temple to the Rio Grande Western railway depot, and South Temple street from West Temple street to the Union Pacific railway depot, should be taken out of the paving districts in which they are now situated and macadamized as a beginning in a thorough and safe manner, under the supervision of the superintendent of streets and the city engineer, and the cost thereof be paid out of the general funds of the city provided, the owners of property abutting upon said streets will contribute, as their own share, stone gutters in front of their several properties in advance of said macadamizing work.

The council then adjourned until Friday next at 7:30.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

Laundry Work.

With the county clerk last evening were filed articles of incorporation of the Model Steam and Hand Laundry company. The incorporators are W. A. Hodges, H. J. Hayward, W. T. Dowdowsky, J. R. Osborne, J. H. Murphy and J. H. Cripps, all of Salt Lake, where the business will be conducted. The property consists of the machinery, etc., of the old French Steam and Hand Laundry. The capital stock is given as $10,000, divided into 10,000 shares of the par value of $1 each, $5 per share being paid up. The officers are W. T. Dowdowsky, president; J. R. Osborne, vice-president, and J. H. Cripps, secretary, treasurer and manager.

Matrimonial.

County Clerk Maloy this morning issued a marriage license to Andrew Swenson, 32, and Annie Carlson, 24, both of Sandy, who were married shortly afterwards by Probate Judge Hall.
