Transfer from the Spanish to the U. S. Flag —No Mention of Gen. Gomez in the Ceremonies.

New York, Dec. 30.—A dispatch to the World from Havana says:

The details of the evacuation ceremonies on Sunday next have been published.

At 10 a. m. the American commissioners, Generals Wade, Coppinger and Butler, with their staffs, will leave the Trocha hotel in Vedado for the palace on horseback and in full uniform. Mr. Bacon's secretary accompanies them.

They will arrive at the complimentary reception of the palace at 11:45, where they will meet Generals Brooke, Lee and Ludlow and their staffs.

Captain General Castellanos, Admiral Manterola and the Spanish council, with their staffs, will meet the party and conduct them to the throne room, the throne having been removed. Castellanos will be in full dress, as was everybody else except the commissioners and General Brooke.

There will then be a short formality in the reading of credentials, presentation of the commissioners and the exchange of compliments between Castellanos and Wade.

Immediately after this the Spanish troops will march out of the palace and the Cuban troops will take possession. The Spanish troops will then be formed in the square in front of the palace, the Cuban troops being drawn up on the other three sides of the square. The Spanish troops will then be formed in two lines, facing each other, and the Spanish flag will be lowered from its staff for the last time. The Cuban troops will then present arms, the Spanish will shoulder arms, and the Cuban troops will then take the place of the Spanish troops in the square.
