OGDEN GATEWAY IS TO BE CLOSED

New Tariff Schedules to be Issued on or About October 20.

D. & R. G. TO CLOSE OFFICES.

General Agencies at Butte and Portland to Put up Shutters in Consequence.

For these many long years it has been asserted that the Ogden gateway was to be closed, but to date it has been a case of gates ajar. On about Oct. 20, however, this will be an absolute fact. The Rio Grande and Gould lines will be shut out of Idaho and Montana absolutely by the Oregon Short Line. Harriman is going to sit down good and hard on Gould in round one of the Western Pacific-Southern Pacific bout.

The announcement is made today that the Denver & Rio Grande will not be represented in the new Idaho and Montana tariff sheets that will be issued by the Harriman lines as soon as they are filed with the interstate commerce commission 30 days. This means the closing of the Ogden gateway.

This means that the Union Pacific will get the long haul from Denver to the northwest. All connecting lines at Denver will be able to take advantage of this new tariff consequently all freight will be diverted from the Denver & Rio Grande at that city, because no one is going to pay the local rate on freight west and north of Ogden, the terminus of the Rio Grande.

CLOSING UP AGENCIES.

That the Rio Grande has already read the handwriting on the wall is patent. The general agencies at Butte and Portland, Or., of the D. & R. G., are to be closed. At Butte Ed Hunt will be the sole representative of the Gould line remaining, while at Portland there will be but one man also. The balance of the office forces will be either discharged or be given places at other points.

The closing of the Ogden gateway means that the Rio Grande will be shut out of Cache Valley, Brigham City, Pocatello and all other points north and west of Ogden. Naturally merchants will not ship their goods from the east over the Rio Grande and then pay the local rate on from Ogden in addition. In consequence the Harriman lines will get the business and the Rio Grande will not. That is all there is to it until the Western Pacific and Gould's projected line to Idaho and Portland are built. Then there will be another merry scramble.

The closing of the Ogden gateway has long been threatened. It is due to arrive in earnest this month as the natural sequence to the buliding of the Western Pacific by the Gould forces. In the meantime the Union Pacific will continue to make hay while the sun shines.

FRESHMAN ELECTION.

Held at State University Today—Niel Judd President.

The election by the freshman class at the state university this noon, resulted as follows: President, Niel Judd; vice president, John Groesbeck; secretary, Florence Sherman; treasurer, Harry Alley; executive board, John Thurston, Richard Keep, Eleanor Prout; athletic committee, Messrs. Tracey, Benton and Brinton; half back in football, George Brown.

TEMPORARY HEADQUARTERS.

Opened by Chairman Martineau of State Democratic Committee.

Chairman Lyman R. Martineau of the state Democratic committee, has opened a temporary headquarters in the Wilson hotel. He has secured a suite of rooms on the second floor, and the same will be kept open for the entertainment of Democrats who may be visiting the city until Saturday night. Chairman Martineau and Secy. J. E. Clark will keep open house, to welcome their friends during the period stated, and an invitation is extended to all who desire to avail themselves of the opportunity to talk over political matters with prominent leaders of the party.

TELEPHONE IMPROVEMENTS.

Bell Company Will Establish an Exchange at Forest Dale.

The Bell Telephone company has decided to establish an exchange at Forest Dale, and include in this district that part of the city between Ninth South and Fourteenth South streets. A specially equipped building will be erected, and underground conduit and cable system be installed, the connection with the main office being by a trunk system. The cost of this improvement is valued at $150,000.

The company has also bought a lot at the corner of Idaho street and Broadway, in Butte, and by Jan. 1 will have erected a new building there, to be ready in February for the installation of a 9,600 line switchboard; thus giving a larger office and equipment than ever before. This improvement will necessitate the outlay of $150,000 also, and furnish conveniences for treble the present number of local subscribers. The company is to build many toll lines between Butte and the neighboring cities and towns, and lines are being constructed towards Salt Lake to handle the southbound business.

A new line is being built from Salt Lake to Alta via Wasatch, and the company is putting in a larger switchboard at Garfield to accommodate 200 more phones. At Ogden there are to be new underground conduits and cables, and the company is leaving the streets and removing the poles to make block center connections, the same as in this city.

NERVOUS COLLAPSE.

SUCCESSFULLY TREATED WITH DR. WILLIAMS' PINK PILLS.

Sinking Spells, Headaches and Rheumatism all Disappear When the Blood is Vitalized.

Mrs. Lizzie Williams, of No. 416 Cedar street, Quincy, Ill., says: "Ever since I had nervous prostration, about thirteen years ago, I have had periodical spells of complete exhaustion. The doctor said my nerves were shattered. Any excitement or unusual activity would throw me into a state of lifelessness. At the beginning my strength would come back in a moderate time after each attack, but the period of weakness kept lengthening until at last I would lie helpless as many as three hours at a stretch. I had dizzy feelings, palpitation of the heart, misery after eating, not flashes, nervous head- and hips. The doctor did me so little good that I gave up his treatment, and really feared that my case was incurable.

"One day I had a bad spell, and my husband came in when I was weakest, with a little book in his hand which he had picked up in our yard. It told of remarkable cures effected by a remedy for the blood and the nerves, Dr. Williams' Pink Pills, and somehow awoke in me a desire to try them. My husband went out and bought a box for me, and that was the beginning of my return to health. My appetite grew keen, my food no longer distressed me, my nerves were quieted to a degree that I had not experienced for years and my strength returned. The fainting spells left me entirely after I had used the third box of the pills, and my friends say that I am looking better than I have done for the past fifteen years."

Dr. Williams' Pink Pills are recommended for diseases that come from impoverished blood such as anaemia, rheumatism, debility and disorders of the nerves such as neuralgia, nervous prostration and partial paralysis. They have cured the most stubborn indigestion. If you have any of these ailments or any complicated trouble as the result of which your system is all run down, Dr. Williams' Pink Pills are the very best remedy to take. They agree with the best delicate stomach, quiet all nervousness, stir up every organ to do its proper work and give strength that lasts.

Sold by all druggists, or sent postpaid, on receipt of price, 50 cents per box, six boxes for $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

SOCIAL AND PERSONAL.

The largest affair of yesterday was the wedding of Miss Helen Burton and Claude Stokes Williams, the ceremony being performed by Rev. E. L. Goshen, and a reception following. The rooms were beautifully decorated, the bridal party standing under a canopy of plumosa and ferns studded with rose buds and carnations, and flowers being all about the room. The dining room was in pink and green, a cloth of pink silk covering the table with one of Cluny lace draped over this. A bowl of pink asters and sweet peas was the centerpiece, and from the chandelier hung a shower of pink roses and sweet peas, and streamers of pink tulle were brought from the chandelier to the four corners and caught with ribbon bows. The hall was in white and green and on the upper landing an orchestra was stationed, playing appropriate bridal music throughout. The bride wore a handsome gown of white chiffon over satin with bertha of rose point lace and a long veil of tulle caught with a pearl cluster and bouquet of lilies of the valley and orange blossoms completed the toilet. Miss Marge Ellerbeck was bridesmaid and Mr. Ray Savage best man. Receiving were Mr. and Mrs. John Burton, the bride's parents, and Mrs. Frederick. Little while Miss Lucile Clark and Miss Romola King served punch in the hall. Mr. and Mrs. Williams left after the reception for an extended eastern trip and will return here to reside.

* * *

Miss Hattie Castleton was guest of honor at a china shower yesterday given by Mrs. George E. Payne, the rooms being bright with autumn flowers and about 20 friends being entertained.

Haystack Burned—Sparks from a San Pedro engine set fire this morning, to a haystack of 150 tons, belonging to a farmer named Coldin, living north of Payson, and the stack was entirely destroyed, at a lost of $900. A peculiar feature of the matter was that the sparks flew over a stack between the track and the one burned without setting fire to it.

Cold Wave Comes—There was a sudden and violent change in the weather this morning, when a cold wave set in from the northwest attended by clouds and a high wind. For a while it was a dust storm of sizeable dimensions, and the air was so thick that one could hardly see a block. But after the wind had quieted down a slight rain set in, and by afternoon, the rainfall had become quite steady. Uncertain weather is likely for the next few days. It seems as though the fine spell of weather had come to an end.

Attempted Suicide—During a fit of despondency, Mrs. J. A. Nicholson, who resides at the Southern hotel, swallowed a quantity of poison about 11 o'clock last night, with suicidal intent. Promptness on the part of Dr. Gibson, who was hastily called, saved the woman's life. She was found writhing on the floor in terrible agony, and every assistance was rendered her by guests of the house, pending the arrival of the physician. Mrs. Nicholson is pronounced to be out of danger today.
