Auditor Must Certify.

Yesterday City Attorney McKay served Recorder Emery that it was not part of the recorder's duties to certify city warrants. The city attorney's opinion was delivered in the following letter:

SALT LAKE CITY, Utah, July 21, 1896.

David R. Emery, City Recorder:

Dear Sir—In reply to your letter of the date, requesting an opinion as to the duties of the recorder of Salt Lake City, under the acts of the Legislature of 1896, requiring certain public officers to certify bonds, warrants and certificates of indebtedness, approved February 27 and March 26, 1896, I have to state that in my opinion there is no duty imposed upon the recorder of this city by virtue of said acts, for the reason that the duties of said recorder do not require him to keep and he does not keep any bond, warrant or other evidence of debt.

Very truly,
WILLIAM McKAY,
City Attorney.

Mikado at Garfield.

One of the pleasantest of this season's attractions at the Lake resorts is the Mikado now being given each evening at Garfield. Last night the interesting and amusing Blue opera had an audience that occupied nearly every portion of the newly sent of the railroad track and lodging from the generous applause bestowed upon the performers their efforts were highly appreciated.

Idaho Weather.

IDAHO FALLS, Idaho, July 21, 1896.—The weather of the week ending Monday, July 20th, was extremely warm with occasional thunderstorms and more or less rainfall, the larger share falling in the southern half of the state. The moisture in the several parts was fairly well distributed and did much good, but in the northern section there are still complaints of drought conditions. All irrigated crops are in thriving condition and advancing rapidly; unwatered vegetation, though much improved by recent rains, is hardly up to the average and will soon need more moisture. Grain is for the most part in excellent condition and promises more than an average crop, though many correspondents report that the straw is short. The potato crop is doing nicely and many early potatoes of fine quality are on the market. Garden truck is in good condition generally. The fruit crop has made good progress and is in promising condition; all of the smaller varieties are ripe or nearly so, will yields above the average. Haying is well advanced; operations in many localities have been retarded by recent rains; freshly cut hay in parts of the eastern section was considerably damaged by severe thunder storms on the 12th. The range is good and stock looking well.

D. P. McCARTHY,
Section Director.

Manager Zimmerman of the R. G. W. and his family returned from Denver, where he has been to arrange for the appearance of his band at the Forthcoming Interstate. It is now assured that this splendid organization will go to Denver and compete, and they hope to raise funds for this purpose from their Sunday concerts at Saltair, two more only of which will be given.

Pioneer Day July 24th, will be celebrated in fine style at Saltair. The management of the resort announce that they will give away $500 in cash prizes, distributed as follows: $50 for the best swimmer in a mile and a half race; Ten $25 cash prizes will be given to the holders of lucky coupon railroad tickets; drawing will take place at the pavilion at 10 o'clock p. m.
