TELEGRAPHIC.

BRIGGS'S DEFENSE.

He Boldly Turns the Charge of Heresy Against Dr. Lampe.

INACCURACIES IN THE BIBLE.

A Wonderfully Strong Argument by the Alleged Heretic.—The Case Closed.

WASHINGTON, D. C., May 30.—At the opening of the Presbyterian general assembly this morning the committee on bills and overtures submitted a substitute for the answer it made yesterday to the overtures regarding the deliverance of the general assembly at Portland, Or., in 1892, on the inspiration of the Bible. The substitute reaffirms the deliverance of 1892 that the original scriptures of the Old and New Testaments were immediately inspired of God, without error. The deliverance enunciates no new doctrine, and imposes no new test of orthodoxy. The report will be considered later.

The assembly then resolved itself into an ecclesiastical court and Dr. Briggs resumed his argument in his own defense, occupying all the rest of the morning. For a considerable portion of his time Dr. Briggs followed the same line of argument that he had used before the New York presbytery with such omissions and additions as were necessary to make it timely and pertinent. The argument was carefully prepared and entered deeply into the technical intricacies of the case. Dr. Briggs said: "Let me refer to a word spoken by Dr. Lampe yesterday. He said, if I understood him rightly, 'We know nothing of Christ save what we get in the Bible story.' (Dr. Lampe nodded in confirmation of the accuracy of the quotation.) He admits. Are you ready to believe that, some missionary? Do we learn and know nothing of Him through the personal relations that we enjoy in the Lord's Supper? I cannot subscribe to that doctrine. It is rank heresy, if heresy were ever promulgated in the history of a church. Now let me call attention to another error made by Dr. Lampe. He said the Bible was the final authority given to us by Jesus Christ and the apostles. Just think of that, brethren. Did they give us nothing but what they found in the books of the Old Testament?

"Another statement by Dr. Lampe in his argument yesterday was that the faith of the Christian church was based solely on the Scriptures. Are you ready to accept that? I am not. My faith is based upon the Lord Jesus Christ, and upon Him alone.

After recess Dr. Briggs continued his defense.

"I now wish," said he, "to bring forth my position. I shall adhere to the policy which I have thus far followed with regard to the errors in the holy scriptures. I refused to accept the dogma that original autographs were inerrant. I maintained that there were errors in the texts which we have and that it is improbable that the original texts, if we could discover them, would be much different from those we have in that regard. I refused to affirm these errors in the original autographs, because it is unscientific and it is unchristianly, and it is against the truth-loving spirit of Christianity to make affirmations of a dogma where we have no certain evidence. I have always refrained as far as possible from pointing to errors in the present text of the Scripture, but every biblical scholar admits them."

When Dr. Briggs in closing solemnly challenged the court to judge him justly the scene was most impressive and even the most unrelenting anti-Briggs men in the assembly admitted that the alleged heretic made a wonderfully strong presentation of his case.

Colonel McCook then proceeded to close the case for the appellants.

DECORATION DAY.

The Tribute of Beauty to Immortal Valor.

NEW YORK, May 30.—Memorial day was observed with the usual parade, and the line of march was crowded with patriotic and enthusiastic spectators. Many thousand people attended Memorialday services at the tomb of General Grant, which was tastefully decorated. The oration at the tomb was delivered by ex-Governor Foraker of Ohio.

The Infanta Eulalie today drove through Central park and out through Seventy-second street to Riverside drive, direct to General Grant's tomb. The party alighted immediately and walked up the steps to the tomb. Mayor Gilroy was waiting to receive the princess. Without ceremony of any kind the princess placed a beautiful wreath of flowers on the tomb.

SENSATIONAL EXERCISES.

CHICAGO, May 30.—The Memorial day exercises at the Art Institute tonight were rendered sensational by an exchange of opinions on the pension question between ex-Pension Commissioner General Green B. Raum, Colonel and Major Warner, Past Grand Commander of the G. A. R. Warner in touching upon the pension questions in a speech said the men who wore friends of the soldier and who enacted the pension laws could be relied upon to deal justly with pension matters, and it belonged to the friends of the soldier alone to remedy the evils which crept into the pension system. When General Black's turn to speak came he said the pension rolls were polluted with the names of cowards, deserters and impostors, and no true soldier of 1861 to 1865 would object to a measure calculated to remove the disgrace.

HONORING THE DEAD.

WASHINGTON, May 30.—Decoration day opened with beautiful weather. Early processions began joining at G. A. R. headquarters and at noon the programs at the different cemeteries were under full headway. The largest crowd was at the National cemetery at Arlington, where the most elaborate program was carried out. After honoring the 14,000 dead heroes the immense audience gathered in the amphitheater, where the program of music and addresses was gone through with. The orator of the day was the Hon. W. E. Simonds.

AT GETTYSBURG.

GETTYSBURG, Pa., May 30.—Memorial day was observed on this battlefield by more than ordinary impressive exercises in the presence of thousands of people. The orator of the day was George Reed, D. D., L. L. D.

RUSSIANS AND AUSTRIANS.

PHILADELPHIA, May 30.—An unusual feature of Decoration day here was the participation in the exercises of seveulens officers from the Russian flagship "Dmitri Donskoi" and her consort "Slyodk" and five officers from the Austrian corvette "Frundsberg."

SPOKE BRIEFLY.

INDIANAPOLIS, Ind., May 30.—Governor McKinley of Ohio witnessed a large gathering of Grand Army men at Tomlinson hall this evening. He was introduced by ex-President Harrison who received the greater share of applause. Both spoke briefly.

Montana's Statue.

CHICAGO, May 30.—Montana's famous solid silver statue of "Justice" was unveiled in the Mines and Mining building this morning. The opening address was made by Major Martin of Montana. When he finished Mrs. Richards of Montana stepped forward and, taking up a silken cord, gave it a gentle pull and the stars and stripes which enshrined the silver image of "Justice" fell away and exposed the statue, for the first time, to public gaze. The crowd gave vent to wild cheers while the band played "America."

A DOCTOR'S TEE

Dr. Bull Cured Mrs. Blaine and Married Her.

NEW YORK, May 30.—Mrs. Marie Nevins-Blaine, the divorced wife of the son of the late James G. Blaine, and Dr. W. T. Bull were married this morning in the South Reformed church. The father of the bride gave her away. There were no attendants. The ceremony was followed by a wedding breakfast at Mrs. Blaine's apartments. Only the intimate friends and relatives were asked to the ceremony. Not more than fifty people were present. The wedding was the happy consummation of a romance begun when Mrs. Blaine was seriously ill three years ago. That she would be a cripple for life was the verdict of the physicians who had attended her. Dr. Bull, however, gave more hopeful assurances, and it is to his efficient skill that she owes her comparative good health today. After a wedding trip in this country, the Dr. and Mrs. Bull will sail for Europe.

Mrs. Blaine was divorced from her husband, James G. Blaine Jr., in Dakota in February, 1892. She is 28 years old.

Dr. William T. Bull is 41 years old, but does not look to be more than 28.

A Horrible Murder.

FALL RIVER, Mass., May 30.—This city is in a state of intense excitement tonight, due to the discovery of an atrocious murder. The victim is Miss Bertha Manchester, a beautiful young lady aged 22 years. She was last seen alive when her father, accompanied by his son and hired boy, left for the city this morning. On his return the murdered girl was found dying in a pool of blood. A bloody axe was found in a wood pile near the back fence. An examination of the body disclosed a horrible condition. The head and face were frightfully mutilated. The sheating and windows all around the body were spotted with blood. On searching the house the police found the girl's bedroom rifled of some of its contents.

Medical Congress.

CHICAGO, May 30.—At today's session of the world's medical congress many women from India were seen in the quaint costume of that country, side by side with experts from Russia, there were Chinese experts in the art of healing, wearing flowing robes; swarthy delegates from the tropics and representatives from all the European countries. A feature of the proceedings was an address by Professor Scudder on dirt as the principal cause of disease. In the homeopathic section the chief speaker was Dr. William Tod Helmuth of New York, whose topic was "Surgery in the Homeopathic School." Many other delegates were heard. In the medico-climatology section the trend of discussion favored the theory that frequent bathing is more necessary in high altitudes than elsewhere.

Was Slavin Drugged?

LONDON, May 30.—The *Sportsman* says of the Hall-Slavin fight on Monday night:

"Slavin was in such splendid condition two hours before the fight that his backer laid £1500 to £800 on him. Many believe Slavin was drugged or induced to drink heavily before the fight. In an interview yesterday Slavin said: 'I do not remember clearly anything that happened after I entered the ring. It is all like a dream. I know I was boxing but I had no strength in my arms and legs.'"

After quoting this interview the *Sportsman* hints that revelations of foul play may be made soon.

FROM THE CAPITAL.

The Gold Export Movement Receives a Fresh Impetus.

WASHINGTON, D. C., May 29.—Since January 1st, $60,000,000 in gold has been exported to Europe and the export movement, instead of abating, seems to have received a fresh impetus. The most of this gold was taken from the United States treasury, and practically all that is now exported, comes from the same source. In the time the treasury department has sustained a net loss of $125,854,243, the total gold in the treasury on January 1, 1893, having been $121,690,022, while today it is only $95,912,419.

Banks Closed.

WASHINGTON, D. C., May 29.—The National Bank of North Dakota at Fargo, N. D., and the First National Bank of Lakota, N. D., were closed today under orders issued by the comptroller of currency. Both were organized by E. Ashley Mears, who was also the organizer of other national banks and many state banks and other institutions.

The comptroller says he ordered Examiners Brush and Diamond to close these banks because of the repeated violations of the law on the part of the management, thereby producing a condition rendering them insolvent and dangerous as banks of deposit.

NATURALIZATION.

Important Decision Regarding the Right of States.

ST. PAUL, Minn., May 29.—The United States circuit court of appeals, with Judges Sanborn, Thayer and Shiras on the bench, today handed down an important decision limiting the power of naturalization to the national Congress. It is held that the power granted to Congress by the Constitution to establish a uniform rule of naturalization is conclusive and the naturalization laws enacted by Congress in the exercise of the power constitute the only rule by which the foreign subject may become a citizen of the United States or of a state within the meaning of the federal Constitution and laws. It is not in the power of the state to denaturalize a foreign subject who has not complied with the federal naturalization laws and constitute him a citizen of the United States or of a state. A foreign subject who is qualified to become a citizen of the United States under the revised statutes does not become such by filing a declaration of his intention to do so. He must comply with all the provisions of the federal statutes.

FOREIGN DISPATCHES.

Nicaragua's President Preparing to Leave the Country.

Bertha Sliz—The Load on "Times" on the Story Law—Sir Russell's Argument Almost Ended.

GRANADA, Nicaragua, May 30.—Those who hoped that peace might be restored as a result of the conference held in Salsana Grande today between representatives of President Sacasa and the revolutionists are somewhat disappointed. At the request of United States Minister Baker a truce of forty-eight hours was arranged and all hostilities ceased while the commissioners were in conference. It is probable that hostilities will be resumed at the end of the forty-eight hours during which it was agreed that the truce should prevail.

NEW YORK, May 30.—The World's San Salvador dispatch says that the revolutionists are within four hours' march of Managua, the capital of Nicaragua, and are getting ready to attack President Sacasa. Sacasa is still in Managua, but is preparing for flight. He has applied to the government of San Salvador for asylum. This will be granted him on condition that he comes here alone. His family are now on one of the Pacific Mail steamships.

LAFAYETTE'S TOMB.

Americans Decorate His Grave Yesterday.

PARIS, May 30.—About 300 persons, largely Americans, were present today at the decoration of the tomb of the Marquis De Lafayette in honor of his services to the cause of American independence. The members of the Lafayette family arrived at the cemetery in landaus sent by Colonel Adams representing Lafayette Post, G. A. R., of New York. As Colonel Adams placed wreaths and baskets of flowers on the tomb he delivered an eloquent tribute to the memory of Lafayette.

Official Reception to Runyan.

BERLIN, May 30.—Hon. Theodore Runyan, American ambassador to Germany, was officially received at the Foreign office at midday today. Hon. William Walter Phelps, the late American minister, bade an official farewell at the same time.

The wedding of his daughter, Miss Marion Phelps, to Dr. Franz Von Rotenburg will take place Thursday next. Tuesday evening Phelps gave a dinner to Runyan and family and afterwards presented them to the American colony.

A Piece of Sarcasm.

LONDON, May 30.—The *Times* says in a leader on the Geary law: Even if the three Chinamen arrested in New York be expelled, which is probably the furthest extent to which the execution act will be carried, the Chinese government will do well to shut its eyes to so trivial a grievance and not commit the blunder of offering defiance likely to check the generous impulses of the American people.

Dynamiter Set Free.

LONDON, May 30.—James Gilbert, the dynamiter, has been released from Portland prison. He was sentenced in 1883 to penal servitude for life for having caused the dynamite explosions at the Tower and the house of parliament. The reason for his release is said to be the breaking down of his health. A priest and a nurse accompanied Gilbert to London.

Russell Nearing the End.

PARIS, May 30.—Sir Charles Russell dissected the laws of other nations in the Bering sea arbitration today, on which the United States based the claim to the protection of seals outside of the ordinary limit. He will conclude tomorrow.

For Shooting at Gladstone.

LONDON, May 30.—The grand jury has found a true bill against William Townsend, who discharged a pistol at Mr. Gladstone.

Wilhelmina's Health Good.

AMSTERDAM, May 30.—The government has sent out a denial of the report that Queen Wilhelmina's health is failing.

SUNOL!

ROBERT BONNER
Superintending the shoeing of Sunol with the Putnam Nail.

THOMPSON'S HILL STOCK FARM,
HILLER & SHELLEY,
FREEPORT, VERMILION CO., PA., Feb. 21, 1893.
PUTNAM NAIL CO., Boston, Mass.
GENTLEMEN—Supplying a good horse of the Nutwood blood, I have used the Putnam Nail and secure, but it has come to the point with us now where I will use either the other nail to be sold than the Putnam Hot-Forged Nail (I can prove it). While there may be others as good, I know what these are, and cannot afford to make experiments.
Very respectfully yours,
Chas. Marvin

The Putnam Nail is the only exclusively Hot-Forged and Hammer-Pointed nail.

Look in your smith's shoeing box. If the nails have smooth edges for the whole length they are the PUTNAM, for they are Hammer-Pointed and are not sheared.

The above picture, from a photo representing Mr. Sunol with his shoes and nails, is a Permanent, and the engraving, including the shoe of Sunol, will be seen in the form of a half page, size, 14x20 inches, white paper, with wide margin, on receipt of 2 cent stamp for postage, etc.

PUTNAM NAIL CO.,
Neponset, Boston, Mass.
