OGDEN.

Business in City Council—Old Salaries Remain—County Affairs—Local News.

Special Correspondence.

Ogden, April 11.—Yesterday afternoon the Corey Bros. company shipped a carload of horses to Fairfield, Wash., where they will be used on the railroad which the company is grading. W. H. Wattis, of the Corey Bros. company, accompanied by Joseph Baxter and a large number of men, left for Spokane Falls, Wash., this forenoon, via the Oregon Short Line railroad.

Deputy County Clerk "Nat" Kimball fell, while getting out of a wagon Saturday night and dislocated his knee, rendering him unfit for duty.

OGDEN CITY COUNCIL.

The council met at 8 p. m. last night. The committee on streets reported that the city engineer has the specifications relating to the paving of District No. 1, all ready and suggested that same be referred to some committee. The proposal, specifications and contract of the engineer accompanied the report, and the whole matter was referred to the committee on streets with power to act.

The committee on claims reported $1,436 in miscellaneous bills, including $1,052.50 for fire hose, which were ordered paid; and payrolls amounting to $168.36 were ordered paid.

The street foreman, Jos. Sanders, reported $1,632.43 expended on the streets for the first quarter in 1899; $2.75 in sprinkling; $45 spent on the streets in poll tax. Filed.

An ordinance passed first reading providing for gas, sewer and water connections to be made in Paving District No. 2 within thirty days from passage of the ordinance with a fine for failure of $50.

The salary ordinance passed second reading. Councilman Williams made an attempt to raise the salary of the captain and the detective, but failed, and the figures remain in all cases just as before.

Mr. W. C. Child and Mr. Dunbar asked permission to move a frame house into the new fire limits. The matter was referred to the committee on laws with instructions to repeal the ordinance making the new limits cover block No. 11.

COUNTY COMMISSIONERS.

All the members of the board were present when the session opened yesterday morning.

County Attorney Halverson reported that he had received no reply from ex-Collector F. H. Hurlbut regarding the claim of Valentine Gideon of $19.45 on account of taxes doubly paid. The board instructed Mr. Halverson to address a registered letter to Mr. Hurlbut requesting an immediate reply.

Commissioner Shurtliff reported that as yet he had been unable to complete the necessary negotiations relative to the road near Ekins's farm. He also reported as to other road matters and the securing of rights of way.

A warrant was ordered drawn in favor of O. J. Stilwell Sr., for $62.50, said amount being due on account of the conveyance of a quit claim deed to David E. Browning of property erroneously sold to Stilwell in 1892.

Commissioner Adams reported only one person now in the hospital as a county patient.

A petition praying for the passage of a bounty ordinance conformatory to section 2039 of the Revised Statutes of 1898 was read and filed.

It was unanimously ordered that owing to the fact that none of the adjacent and surrounding counties has a bounty ordinance in effect the passage of such an ordinance within Weber county would be futile and in every way detrimental to the best interests of the county. It was therefore ordered that the petition be denied.

Petitions were received from residents of West Weber, Garland and Taylor, praying for the consolidation of the three districts, for greater efficiency in the school system.

SALOONS OPEN DAY AND NIGHT.

The saloons and gambling houses of Ogden are run wide open every day and night in the week.

DEATH OF MRS. JANE D. HATCH.

Mrs. Jane D. Hatch, the widow of William E. Hatch and mother-in-law of Deputy County Clerk L. J. Holther Jr., died yesterday at 7:30 o'clock p. m., of hemorrhage of the brain. Deceased was born in Piedmont, Italy, October 21, 1841.

COUNTY TREE INSPECTORS.

Mr. C. A. Hickenlooper, county fruit tree inspector, yesterday presented to the county commissioners the names of C. C. Child, William England, John Barker and George Flowers as deputy inspectors. The inspectors all met with Secretary Wright of the State board of horticulture yesterday morning for general instruction as to the work to be performed. It is safe to say that no county in the State will be better equipped for orchard inspection than will Weber county, the inspector and his deputies being practical fruit growers and experienced in spraying. The work of cleaning up the orchards, which is a part of the legal requirements, has already been started.

Senator Joseph Howell of Wellsville was in Ogden Sunday, visiting his brother, Reese Howell.

Lyman L. Shurtliff left this morning for Green River, Wyo., to begin work on his grading contract for the Union Pacific.

A railroad man named Cannon is said to have been stabbed during a row in a saloon Sunday night. The knife entered the back of his neck just on a level with his shoulders. Who stabbed him is not known, at least to the public.

PROVO.

Court Orders—Speculation as to Who Shall be Appointed Judge.

Special Correspondence.

Provo, April 11.—The following orders have been made in the Fourth district court:

William King was appointed administrator of the estate of Jane King, deceased; under $1,500 bonds.

Estate of Elisha H. Davis deceased. Martin B. Bushnell, John Worlton and John Roberts Jr., appointed appraisers.

Estate of Cel Stewart, deceased, hearing of final account set for May 1st.

WHO WILL BE APPOINTED?

A petition to Governor Wells asking that Judge E. A. Wilson be appointed to fill the vacancy caused by Judge Dusenberry's resignation, is being circulated for signatures. Judge Wilson was selected on the Democratic ticket in 1895, but was taken sick with a prolonged illness which caused him to resign and Judge Hatch appointed to succeed him. Judge Wilson is now living in Salt Lake. The opinion here is that J. E. Booth will be appointed judge and D. D. Houtz district attorney.

MARRIAGE LICENSES.

Marriage licenses have been issued to David W. Davis, 29, and Nancy A. Thomas, 27, both of Spanish Fork; D. C. Harris, 35, and Ellen Anderson, 28, both of Silver City.

A BROKEN LEG.

A. H. Lawrence, in charge of the Rio Grande Western bridge builders at work on the Provo canyon branch, had a horse on which he was riding fall with him yesterday afternoon north of the city. Mr. Lawrence's right leg was broken above the ankle. Dr. Allen reduced the fracture and Mr. Lawrence is at the Hotel Roberts and resting comfortably.

LOGAN.

Death of John Stauffer—Charles Olsen Improving—Will Stop Pollution of Water.

Special Correspondence.

Logan, April 10.—Mr. John Stauffer, a well known Swiss resident of this city, passed to his final rest yesterday, after a prolonged illness. The deceased was born in Berne, Switzerland, 62 years ago, and emigrated to Utah in 1867. He has resided in Logan the greater part of the time since then, and bore an excellent reputation. He will be buried tomorrow, the funeral taking place at the Fifth ward meeting house.

In the district court today, in the case of Thatcher Bros. Banking Co. vs Samuel McMurrin, the defense was granted an extension of time until April 22, in which to file an answer to the complaint. The regular term of the court begins tomorrow.

CHARLES OLSEN IMPROVING.

Charles Olsen, the young man who was so suddenly attacked by appendicitis on Saturday, is still alive, and reported this afternoon as being considerably better, although he was given up by physicians on Saturday. His case rather puzzles the doctors, as no medicine of any kind has been given the young man, the [illegible] administering of the Elders being the only thing that has been done for him. Yet he is reported as being much better today and his people have the utmost faith in his ultimate recovery.

Two gentlemen named West and Carson have secured an option for $3,000 on the Boulder mining claim, which is situated in Blacksmith Fork canyon.

TO MAINTAIN PURE WATER.

The city officials have taken up the matter of the pollution of the waters of the city, and are preparing to vigorously enforce the ordinance prohibiting it. The water routes are being surveyed out and all corrals, outhouses, etc., ordered taken off the banks of the streams.

FILLMORE.

Prospectors Happy—Illicit Whiskey Selling—Alma Gardner Heard From.

Special Correspondence.

Fillmore City, Millard Co., April 8.—Several parties have been out prospecting the last few days and brought in some fine specimens of ore.

Report comes from Kanosh that Alma Gardner, the gentleman who recently left a sheep camp in Snake valley, and who was supposed to have been lost or to have met foul play, has been found. He went west instead of east, as was supposed at first, and wandered off into Nevada.

The speakers at the Tabernacle Sunday were Rufus Day and Albion Robison.

ILLICIT WHISKEY SELLING.

One of our young men took a little too much "booze" Saturday and was lodged in the county jail. It is reported that he will swear to a complaint charging one of our citizens with selling liquor without a license.

FARMINGTON.

Jury List for April Term of Davis District Court.

Special Correspondence.

Farmington, Davis Co., April 10.—County Clerk Phillips, County Treasurer Blood and County Attorney Stringer met today at the court house, Farmington, and drew the following list of jurors to serve for the April term of the district court in Davis county, upon the order of Judge Rolapp:

Joseph Argyle Jr., West precinct; Luther S. Burnham, Samuel S. Howard, South precinct; Elijah F. Ellison, Alex. Dawson, Jos. H. Carlos, Edward T. Morgan, Layton; John H. Barker Jr., D. E. Davis, Fred Hampton, Bountiful; Joseph S. Clark, Farmington; John J. Smith, John Adams, Centerville; Ezra Bess, Clinton; George R. Bennett, South Hooper; Edmund Webb, Chas. Odd, Horace W. Haight, Kaysville; James Warren, Clearfield; P. F. F. Prophet, South Weber.

BEAVER.

Testimonial to William Fotheringham—Severe Accident—County Court Notes.

Beaver, Beaver Co., April 6.—A reception was tendered Elder Wm. Fotheringham on Wednesday evening in the Assembly hall, in appreciation of his work in the Sabbath school, of which he has been a laborer for the last twenty-five years. Geo. L. Dennon, presented him in a neat little speech, with a nice one seated buggy, purchased for him by popular subscription. A nice program was carried out in which there was singing, music, dancing, etc. All present had an enjoyable time.

CRUSHED BY A LOAD OF POSTS.

Mr. George Hutchings, a man about 40 years of age, met with a severe accident and feels thankful it is no worse than it is. It appears, that on Tuesday last, in company with Guy and Frank White, he went after a load of posts, some nine miles north of Beaver. After having his load of posts cut and the occasion [illegible] on the side of a hill, when one of the wagon wheels came in contact with a stump, completely overturning the wagon and load on top of him, crushing him in a frightful manner. It seems his arms were loose, and by considerable grit and hard work he managed, by using a rock for a knife, to cut the ropes with which the load was held together, thereby loosening the load so he could extricate himself and crawl to the shade of a tree, until the boys who were further up the mountain, came by and assisted him, some 45 minutes after the accident. He was then brought home, and placed in care of Dr. G. W. Fennemore, who found him very badly bruised and hurt internally but to what extent he cannot yet determine, but anticipates no serious results. Mr. Hutchings says he thought he would die before he could extricate himself, and surely would have died, had he been alone, as he was nearly frozen when found by the boys.

The county commissioners met in regular session, Monday, April 3rd. A considerable amount of business was disposed with. Among other things being the appointment of a fish and game commissioner, and fruit tree inspector, the said offices having been declared vacant. J. W. Christian Jr. was appointed to fill the office of fish and game commissioner, and Adam Smith as fruit tree inspector. County Surveyor Jos. F. Tolton was ordered, in connection with surveyor of Iron county to designate the boundary line between Beaver and Iron counties.

People of Minersville, Beaver county, petitioned to be incorporated. Petition was granted and an order made allowing them this privilege.

The Y. M. M. I. A. have discontinued their meetings for the season. They now hold conjointly with the young ladies on the evenings of the second and fourth Sundays of each month.

MORGAN.

Preparing for High Waters—Poisoning Squirrels—Repairing County Road.

Special Correspondence.

Morgan City, Morgan Co., April 10.—Excellent weather is prevailing here at present. Farmers are very busy cultivating the soil and scattering the cereal products with the expectation of reaping a bounteous harvest this coming season. Judging from the amount of snow in the mountains there will be an abundance of water for irrigation purposes.

Some time during Saturday night a harness was stolen from Thos. F. Welch's stable.

Many of our people have visited the State capital during Conference.

It is feared by some that the bridge across the Weber river at Morgan will not stand the pressure of the rushing water which is soon expected. Much repairing is being done by the farmers along this stream to prevent the water from cutting into their farms.

Saturday an operation was performed by Dr. Osgood on Thos. F. Welch of this city. For several months he has been suffering from an enlargement upon the thumb bone of his left hand. After administering anodyne an incision was made by the doctor and the intruder removed. Several stitches were taken when dressing the wound.

Elders Benjamin Waldron and Samuel Florence have returned from a two years' mission to the States. The young men enjoyed the best of health while away from home and are looking excellent on their return.

The Morgan Land Co. is fencing their range land situated on the west side of the valley.

The county clerk has already purchased $100 worth of strychnine and delivered it to the farmers for the purpose of killing squirrels. The commissioners find this not as expensive as paying bounty, yet it is a better weapon for the destruction of these little quadrupeds.

Today, Alfred J. Hemming and wife left for Idaho, where they will make their home.

Elders Walter G. Waldron and Hyrum Gibby have left for the missionary field in the Southern States.

IMPROVING COUNTY ROAD.

Owing to the roughness of the county road through North Round Valley, and the danger of crossing the railway track so often between Round Valley and the mouth of the canyon, the citizens and taxpayers of Morgan county are desirous that the commissioners arrange for, and make the county road along the south side of the railway track, from Jos. Williams's store in Morgan City, to the point of the little tunnel, at the east end of Round Valley, and there have the only railway crossing between Morgan city and said said point at little tunnel.

HEBER.

Death of Rasmus Miller—Canada Boom—County Business.

Special Correspondence.

Heber, Wasatch County, April 10.—On Saturday, the 8th inst., another veteran and pioneer was laid to rest in the city of the dead, Rasmus Miller, a native of Denmark, who came to this country and settled in Heber in its early days.

The Canadian boom has struck our here. There are quite a number of our young men up there now and are writing flattering reports back to their parents and comrades. Several families have moved up there already, and many more are talking of going this summer.

The board of county commissioners met on Wednesday last in regular session. Treasurer's report was submitted showing a balance in treasury $1,[illegible] after paying all salary, contingent and school expenses, to date. The county being out of debt, there is no interest to pay on bonds, and it is in a prosperous condition.

On Sunday, at the tabernacle, the large congregation was addressed by Elders Joseph Moulton, Joseph Hasband and Roger Horrocks. The gathering of Israel was the principal theme of the speakers.
