

SHARED HONORS WITH STAR CON.

Silver Shield, Initiated Today, Enters Into Active Business.

ANOTHER JUMP IN STAR.

The Stock Reaches Ninety-two Cents and Looks Like a Still Further Winner.

TODAY'S METALS:

SILVER 63 7/8
LEAD \$4.00
CASTING COPPER 15 1/2

On yesterday morning's call at the Salt Lake exchange Star Consolidated stock sold at a maximum price of 74 1/2 cents, but today's work of the bulls put the security up with a longer bond than before. The last lot of 400 shares which went to the highest bidder this morning brought 92 cents a share, over an immediately previous sale of 80 shares at 91 cents apiece. In all 2,300 shares fell under the hammer today, the stock forming, as on yesterday, the principal bartering ground for dealers. There was a range of 4 cents in today's purchasing prices of Star Consolidated, the lowest, 75 cents, being 1 1/2 cents in advance of yesterday's highest paid price, and the highest today, 92 cents, being 15 cents in advance of yesterday's lowest paid price. There is no sign of a let-up in the work of the bulls, and it is expected that tomorrow's call may bring about more indications that a big red rag is urging some further toiling.

Another candidate for attention appeared today, however, and partially shared the distinctive honors with Star Consolidated. This was Silver Shield. The stock was traded in to the extent of 1,500 shares, the lowest price received being 24 cents and the highest 26 1/2 cents, the latter prevailing in the sale of the first 500 shares and the former being drawn down on the last 500 shares.

Other stocks also came in for a share of business, the variety of properties traded in being greater and the sales more scattered.

When all was said and done, the board showed these figures:

Stock	Bid.	Asked.
Ajax	55	61
Aldon	40	70
Alce	40	40
Bullion-Bell	4.25	4.50

Joe Bowers—1,000 at 2 1/2.

CHICAGO SHEEP MARKET.

Clay, Robinson & Co., of Chicago, Ill., writes the "News" under date of Nov. 19th as follows:
There were practically no western sheep on sale today and very few last week, and most of those which were there last week were common and dull stock, largely from Montana. The sales were hardly representative of the market, and in fact, there will be very few western range sheep received from now on, although we hear of a few scattering lots to come from Montana.

AMALGAMATED TO BE ON THE LIST

New York Stock Exchange is to Have a New Plaything.

RUMOR IS WELL FOUNDED.

It is Anticipated that Important Movement in "Coppers" is Coming On.

It was rumored in New York last evening that the stock of the Amalgamated Copper company will be transferred from the curb market to the stock exchange in the very near future, and it was predicted by several apparently well-informed parties that the transfer would be made today. At a meeting of the committee of listed securities on the New York exchange, it is reported, application to place the stock in the unlisted department was acted upon favorably. No confirmation of this, however, was obtainable at the stock exchange or from officers of the company.

The Butte and Boston Consolidated Mining company, which is largely owned by H. H. Rogers, vice president of the Amalgamated Copper company, has declared a dividend of \$5, the first ever paid by the company. This fact, in connection with the recent manipulation of Amalgamated stock, is regarded by some as foreshadowing an important movement in the "coppers."

Anchor Report.

At the annual meeting of the stockholders of the Anchor Mining company, held at Park City yesterday afternoon, the report showed a production of 620,000 pounds of lead, 155,500 ounces of silver, 320 ounces of gold and 3,800 pounds of copper during the past year. The following was most satisfactory to the owners and officers: Hon. David Keith, who expects to be out of the State very much during the coming year, retired from the management of the property.

English Coal Business.

The English coal trade seems to be in an unusual position. Demand is falling off, the Cardiff shipping reports showing a very dull market and lower prices, says the Mining and Engineering Journal. In short, the production has not only overtaken the demand, but is beginning to exceed it and the natural consequences are becoming evident. Prices are still very much above those of a year ago, and there is an evident downward tendency, while wages remain at the highest point. Coal operators complain that they must lose money if a further fall occurs, but they are evidently in fear of a general strike which may follow any reduction in mining rates. The demand for coal for industrial purposes is declining rapidly, and the coal-owners are losing the control of the situation which they have held for nearly all the present year. They are beginning to look for customers, and where the consumers have been hunting for supplies they are now in a position to wait for offers.

Iron Ore Movement.

The mines in the Lake Superior region are closing up for the winter, and only a small quantity of their product is now expected to reach the docks. Navigation may be closed at any time, and vessels are cautious about making further trips. The accounts are not made up yet, but the iron ore movement will not reach the anticipated total of 20,000,000 tons, though it will probably foot up considerably in excess of 19,000,000.

May Absorb Guggenheims.

The advance in American Smelting & Refining is based on persistent rumors that a merger with the Guggenheim's Sons will be announced, and the probability of dividends. A high official of the company says: "There have been some negotiations in regard to purchasing the Guggenheim property, but there has never been any price talked of since last April. There is nothing definite to be said on the subject."

MINING NOTES.

P. J. Donohue has returned from Montana.
Ed. McLaughlin of Park City has been visiting in Idaho.
The ground of the Yankee Consolidated is to be reserved.
A car load of copper ore was shipped east today by the Highland Boy.
Stock of the Silver Shield of Bingham is now on the mining exchange list.
How to check the sliding mass of Eureka Hill mill tailings is still an open problem at Eureka.
A copper sample from the Rambler mine, near Laramie, Wyo., is said to show values of \$200 to the ton.
An assessment of 2 cents per share has been levied upon stock of the Northern Light Mining & Milling company.
Senator W. A. Clark, owner of the Ophir Hill mine, was last night in consultation with E. W. Clark, manager of the property.
Star Consolidated prospects are good, according to Manager Packard and the showing that the stock is now making on the board.

CHICAGO SHEEP MARKET.

A daily output of sixty tons of shipping ore is reported by Manager J. E. Bamberger of the Daily-West. The mills handle 125 tons each 24 hours.
Joe Dederichs has returned from Spokane, from which point he went out to the Columbia mine. He reports much snow up in that country.
A large nugget worth about \$1,500 has been taken from the gravel in Ladler's canyon, near Downville, California. It was found by one of the workmen, who was digging a trench.
W. B. Leach, S. M. Smith and R. S. Hall of the West Argent left here today for their homes in Chillicothe, Mo.

MONEY SAVERS!

Election is over and Thanksgiving will soon be here, then comes Christmas, something up all the time, but we are still putting up the old reliable Three Crown Baking Powder; also pure spices and fine flavoring extracts; they will save you money in price and give you better value than the imported; for sale at all grocers; ask for them and refuse all substitutes.

Hewlett Bros. Co.

SALT LAKE CITY, UTAH.

Mr. Smith expects to soon take up his residence in this city.

Hon. David Evans, accompanied by Mr. John E. Holson, returned last night from Park City, having gone there to examine the California group of claims in Thayne's canyon, in which a new strike was recently made.

Treasury stock of the Guaynosa Smelting & Reduction company is being handled by C. B. Ames & Co., El Paso, Texas. The property is in Mexico and is said to be one of the most valuable of the improving mining ventures in that country.

Increasing richness is reported from the Reno, Nev., Star mine. The Journal of that place says that the poorest ore returns from \$75 to \$150 per car load, while the second class brings \$375 per ton. The first class is said to be almost pure metal and reaches \$1.50 to \$2.50 per pound.

Mountainhome (Ida.) Republican: Dr. Reber left for Salt Lake Friday evening to meet some gentlemen interested in Elmore mines and mining, and also to purchase machinery for the Crown Point mine at Dixie. Mr. Reber informs us the work of sinking the shaft is progressing favorably, and greater headway would be made could competent miners be engaged to prosecute the work.

ACTIVE AND IRREGULAR

Most of the Internationals Were Lower in Sympathy With London.

Speculative Sentiment Very Uncertain—Strong Bullies in Atchison, Northern Pacific and Union Pacific.

New York, Nov. 22.—The opening of the stock market was active and irregular. Most of the Internationals were lower in sympathy with London, but others advanced sharply, notably St. Paul and Baltimore & Ohio, Northern Pacific sold at 7 1/2 to 7 3/4 for 6,000 shares, the high price being a shade over last night. Manhattan rose 1/4, but immediately lost it. Some of the specialties were heavy, including sugar. Business was very large. Many wide fluctuations were made during the first hour, prices simultaneously advancing and declining at different points in the list. And confused trading, speculative sentiment became very much unsettled. There were strong rallies in Atchison preferred, Northern Pacific and Union Pacific. Sugar spiraled up 1/4. The price of business was largely and the price movement continued highly irregular. Northern Pacific was forced up to 7 1/2 in the face of a shower of long stock in other sections of the market. And confused trading, speculative sentiment became very much unsettled. There were strong rallies in Atchison preferred, Northern Pacific and Union Pacific. Sugar spiraled up 1/4. The price of business was largely and the price movement continued highly irregular. Northern Pacific was forced up to 7 1/2 in the face of a shower of long stock in other sections of the market.

MONKEY AND BONDS.

Money on call steady at 4 per cent. Prime mercantile paper, 4 1/2 per cent. Sterling exchange steady with actual business in bankers' bills at 4 1/2 per cent. and 4 1/2 per cent. for sixty days; posted rates, 4 1/2 and 4 1/2; commercial bills, 4 1/2 and 4 1/2. Silver certificates, 64 1/2. Mexican dollars, 50. Government bonds strong; refunding 25 registered and coupon, 104 1/2; 36 reg., 104 1/2.

ASTHMA

Do you know what it is? The hard struggle for air, the spasmodic breathing, the nights spent in a chair, all tell the story of terrible suffering. But Ayer's Cherry Pectoral cures asthma. There is no doubt about it. We have hundreds of grateful testimonials to this effect.

CLOSING STOCKS.

New York, Nov. 22.—Closing stocks: Atchison, 39 1/2; do. preferred, 83 1/2; American Tobacco, 111; American Tin Plate, 43 1/2; do. preferred, 83 1/2; American S. H., 30 1/2; B. R. T., 76 1/2; B. & O., 82 1/2; do. preferred, 80 1/2; C. B. & Q., 1 1/2; C. C. & St. L., 6 1/2; C. P. L., 64 1/2; C. G. & W., 14 1/2; Con. Tob., 26 1/2; C. & O., 26 1/2; C. & A., 37; C. & A. preferred, 75 1/2; C. S., 15 1/2; F. S., 50 1/2; General Electric, 167; Federal Steel, 50 1/2; Federal Steel preferred, 74 1/2; E. C. 120 1/2; E. U., 84 1/2.

CHICAGO MARKETS.

PRODUCE.

Chicago, Nov. 22.—Corn today was again the cynosure of speculative eyes on the board of trade. The pit was jammed from the start. November opened wild, unchanged to 1/2 cent over yesterday at 45 to 45 1/2. In a few minutes shorts rushed the price up to 47. Phillips, in his role of dictator of corn prices for delivery this month, sold to keep the market quiet and on five trades, November declined to 44. December was firm, opening a shade higher at 45 1/2, and selling to 46 1/2. Country offerings were small and weather map unsettled. December wheat opened at 71 1/2 to 71 3/4, sold to 71 1/2.

Corn—Wheat—Nov., 71 1/2; Dec., 71 1/2; Jan., 72 1/2.
Corn—Nov., 45 1/2; Dec., 44 1/2.
Pork—Nov., 11 00; Jan., 11 1/4.
Lard—Nov., 12 1/2; Jan., 12 1/4.
Country offerings were small and weather map unsettled. December wheat opened at 71 1/2 to 71 3/4, sold to 71 1/2.

Cash—Wheat—No. 2 red, 73 1/2; No. 3 red, 69 1/2; No. 2 hard winter, 68 1/2; No. 1 northern spring, 71 1/2; No. 2 northern spring, 71 1/2; No. 3 spring, 68 1/2; No. 2, 44 1/2; No. 3, 21 1/2; No. 4, 21 1/2; No. 5, 21 1/2; No. 6, 21 1/2; No. 7, 21 1/2; No. 8, 21 1/2; No. 9, 21 1/2; No. 10, 21 1/2; No. 11, 21 1/2; No. 12, 21 1/2; No. 13, 21 1/2; No. 14, 21 1/2; No. 15, 21 1/2; No. 16, 21 1/2; No. 17, 21 1/2;
