Must "Shook" Carriers—Postmaster Thomas has received an official circular from the department at Washington stating that on and after July 1 next, the patrons of the rural delivery service would be required to display signals on their letter boxes when they have left any mail there for collection. Then the carriers must leave signals in the boxes if they deposit any mail there for patrons, and when collecting must leave the signals, if the boxes are left empty.

Caught Fishing—Fishing on Sunday and especially out of the regular season is not a very good thing to do, as M. Raybould has probably attested before he gets through with the charge against him of violating the state game laws. Raybould was arrested while fishing in Mill creek by Deputy Game Warden William Hingley. The latter swore to a complaint against Raybould and the case will be heard before Justice of the Peace Dana T. Smith.

Bogus Money—Spurious silver money is said to be floating around in Salt Lake just now. A number of bogus coins have been passed on unsuspecting citizens, and the police are looking out for the persons responsible for the circulation of the same. The pieces are mostly dollars and half dollars, and are very crudely made. A good description of the men believed to be engaged in the unlawful practice has been furnished, and it is believed the guilty ones will be run down.

Coronation Services—One hundred children participated in the coronation service at St. Mary's church, Rev. Deneaf officiating. Little Mary Genevieve Lynch did the crowning of the statue of the virgin with a fine wreath of flowers, and this act was followed by a number of other children placing bouquets at the feet of the statue. The sermon was by Rev. Ryan on "The Mother of God." Bishop Scanlan pronounced the benediction, and the music was furnished by the St. Cecilia chorus.

Miss Estelle Davis was toastmaster, and among the respondents to toasts were Miss May L. Harvey, H. W. Bissell, and others. The hostesses of the luncheon were the following young ladies: Lucy Lewis, Estelle Davis, Agnes Lewis, Genevieve Lynch, Edith Mitchell and Erma Cahoon.

Miss Evans' Recital—Miss Judith Evans, instructor in music at Gordon academy, gave a piano recital last evening, before a full house in the First Congregational church. Miss Evans played selections from Beethoven, Schumann, Brahms, Weber, Wagner and other composers. The efforts of the fair performer were of an high order, and heartily appreciated. She was assisted by Mrs. Martina Royce King and Hugh Douglas in vocal numbers which were deservedly well received. When Miss Evans completed her recital, her superb and impressive performance, so liberally was the contribution of flowers in honor of the fair debutante.

EXERCISES AT WESTMINSTER.

Came to a Close in Gunton Memorial Chapel of College Last Evening.

AN EXCELLENT PROGRAM.

H. D. Johnson Delivered an Oration On "The Battle Against Municipal Corruption."

The closing exercises of Westminster college were held last evening in the Gunton Memorial chapel of the college, before a good audience. The efforts of the speakers showed careful preparation and methodical habits of thinking, and their ideas were very good. Miss Olena Larson of this city read a paper on "Paul Lawrence Dunbar as a Writer" that portrayed well the talents of that brilliant young negro genius and what can be accomplished by an undaunted determination, as well as his high position in the lists of the poets. But she spoke so low and indistinctly that only a few people could hear her. The oration of Heber D. Johnson, of Springfield, on "The Battle Against Municipal Corruption" was an epitomized descriptive of the rise of the St. Louis ring and its overthrow by Dist. Atty. Folk. The speaker was good in his treatment of the theme and his denunciations were carefully and intelligently drawn, but the effort was marred by poor delivery. Miss Grace Larson of this city read her paper on "President Harper and His Life Work" in a sprightly manner, and the influence of that noted educator on the student world and how he stamped Chicago university with his own intense personality were told in an interesting way; but the fair essayist made no attempt to cultivate more deliberation in address and spoke less hurriedly. The oration of Edward L. Troxell of Payson, "From Slavery to Freedom," was a descriptive of the growth of his work to where it now involves the control of property valued at \$1,000,000, and the instruction of 1,700 young negroes with the learning of valuable trades. The lessons Mr. Troxell drew from such a great character were very good.

Miss Ada Harris read a paper on "The Nature Poets." Her natural preferences for this refined class of literature were much in evidence, and she proved that one must be in close communion with nature in order to write true poetry. Dean McInnes spoke of her effort was not appreciated as much as it would have been, had she spoken more audibly. The heroic character of David Livingston was enthusiastically set forth by Miss Ruth Storer in her oration, and it is only fair to say that the palm of the evening will be awarded to this speaker. Her portrayal of the doctor's character as "A Great Missionary Hero," was very good and her ideals of the factors in a colorful nature. The oration of the highest order. The valedictory oration, on "The Awakening of China," by Charles L. Johns of Mackay, Ida, included a review of present conditions in the empire and the probable outcome of the tremendous influences now assuming definite shape in China. It was a thoughtful effort.

Music was furnished by the Westminster men's quartet, and the boys sang remarkably well. They were appreciated by Dean McInnes, who spoke of the new buildings to go up on the hill near by, and of the intention to remove the Collegiate Institute thither from the city, so as to have both institutions practically under the same roof.

RAISE IN SALARIES.

County Atty. Christensen Asks for Increase for His Assistants.

At the meeting of the county commissioners yesterday afternoon, a recommendation was received from County Attorney Christensen that the salary of Assistant County Attorney Willard Hanson be increased from \$125 to \$135 per month; the salary of Assistant Attorney Job P. Lyon be increased from \$100 to \$115 per month. The increases were made by the board, but Commissioner Mackay gave notice of reconsideration so the matter will not be settled until the next meeting.

The patients of the hospital at West Jordan and Taylorsville asking that the electric lighting of the county highways be extended west from Brigham Junction to Redwood, road and also west from Murray to the same road was received and read. The new lights will be installed as soon as the companies recently granted franchises are able to furnish the county with the free lighting as provided in their franchises.

AN HONEST YOUNG MAN.

Corydon Higgins Found \$156 and Returned it to Owner.

A teamster by the name of Mercer, employed at the new Garfield smelter, while moving his camp last Sunday to a point near the townsite, lost a pocketbook containing \$156 in money. It was a fortunate thing for Mercer that Corydon Higgins, son of Wm. C. Higgins of the Mining Review, came along and found it. Mr. Higgins reported the find to Mr. Kessler, a Salt Lake intending to advertise for the owner. Mercer was informed by Mr. Kessler where his money could be obtained and yesterday afternoon the latter came to town, identified the property, whereupon it was returned to him. Mercer declared it was all the money he had and represented many months' savings. Had some of the foreign laborers employed at the smelter picked up the pocketbook the chances are the owner would have been left penniless.

HOW TO BREAK UP A COLD.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. To do this, however, prompt action is necessary. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. At this point Chamberlain's Remedy is taken every hour on the first appearance of these symptoms. It counteracts the action of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

The thoughtful housewife will always have a can or two of MOUNT'S Peck and Beans in the house. So nice for a quick meal.
