CITY COUNCIL MEETING.

Spencer Clawson Elected a Member of the Board of Public Works.

TWO NEW POLICEMEN APPOINTED.

Five Hundred Dollars Appropriated for the Irrigation Congress.—Other Business.

As usual the City Council was late an hour late in getting to work last night. Mayor Scott, however, was in the chair at 7:30 and exhibited considerable impatience at the tardiness of the members. Roll call was responded to by Councilmen Pickard, Spafford, Heath, Pendleton, Folland, Hyde, Hardy, Young, Tuddenham, Anderson, Lyon, Parsons and Kerrick.

Absent—Smith and James.

The following

PETITIONS

were read and referred as hereinafter specified.

Kelsey and Gillespie asked to be allowed to pile building on First West between First and Second South streets. Granted.

Kelsey and Gillespie asked to have Second South street between Sixth West street and the Jordan river graded. Committee on streets.

J. L. Rawlins et al. asked that B street be put in a passable condition. Committee on streets.

R. Pratt represented that a certain drive well on the Union Pacific depot grounds was a nuisance to residents of that neighborhood and asked that it be abated. Board of Health.

J. J. McClosky et al. called attention to the disgraceful condition of Sotyke place off sidewalk in front of 116 East First South street and asked that it be repaired. Committee on streets.

Joseph E. Taylor et al. asked for permission to lay a cross walk on First South street in front of the Hooper building. Committee on streets.

Simon Bamberger et al. asked that Market street be turned into a sewer district. Committee on sewerage.

Jerome S. Wilcox et al. represented that the City Engineer had been repeling them to perform a great deal of labor on the Parley canyon conduit as provided for in the contract and asked that some action be taken in the matter. Board of Public Works.

Stuart Stephenson asked to be allowed to pile building material in front of his property for thirty days. Granted.

Byron Evans asked permission to pile building material in front of the Cannon building on upper Main Street. Granted.

Joseph E. Richards asked to be allowed to pile building material on Richards street for sixty days. Granted.

James Condelaria et al. asked for an extension of the sewer system on East South Temple street. Committee on sewerage.

Daniel W. Hunter et al. asked for the extension of waterworks on Second West street from Eighth South to the Union Pacific depot. Committee on waterworks.

T. J. Brown et al. asked to have Seventh West street put in a passable condition. Committee on streets.

NEW COPS APPOINTED.

Mayor Scott reported the appointment of S. D. Chase as a police officer to fill the vacancy caused by the resignation of Officer John Roberts, and Thomas Smith, to fill the place of patrolman on the police force, caused by the resignation of Sergeant P. M. Glenn. Committee on police.

DISPUTED BOUNDARY LINE.

City Engineer Lommer reported the survey made by him to settle the westboundary line of the military reservation. The report was filed and the mayor instructed to communicate with President Harrison with a view to having the boundary officially adjusted.

FOR WORK AND MATERIAL.

The Board of Public Works reported that the following amounts were due contractors for work done and material furnished on Parley's canyon conduit during August of the present year under contract of March 16th, and recommended that they be paid:

Jos. Sim & Williams	$1,199 20
Jos. Sim & Co.	1,241 45
Pacific Pipe Company	1,241 45
J. S. Hoover	98 44

Granted.

EXPERTS GRAVELED.

Supervisor Paul reported that the Rio Grande Western had graveled the crossing of Fourth West street in a most satisfactory manner, conforming in all respects to the recommendations of the street committee.

PAVEMENT CONTRACT.

The Board of Public Works reported that they had entered into a contract with the Mountain Stone company for laying about eight thousand square feet of street pavements in cross walks on South Temple street, First South street, Second South street, Third South street, East and West Temple streets, State street and Fourth South streets. The company had filed a bond in the sum of $10,000 to secure the proper performance of the work. Adopted.

POLICE COURT REPORT.

Justice Cox reported that the following business was transacted in the police court during the month of August:

Number of upper berths	
Total amount of fines assessed	$[illegible]
Fines paid in advance	60

Adopted.

The same officer reported that Will I. Shurtz had tendered his resignation as police court clerk and recommended that Attorney C. B. Glenn be appointed in his stead.

Councilman Young moved that Shurtz's resignation be accepted and that Mr. Glenn be appointed in his stead.

Councilman Lyon—I should like to know if we haven't the right to a more open election.

Mayor Scott—I haven't had an opportunity to look the matter up.

Councilman Anderson — It will never do to accept Mr. Shurtz's resignation until we arrive at some decision in the matter, or we will be without a clerk in the police court. Laid on the table until next week.

FIVE HUNDRED DOLLARS.

Ex-Councilman McCornick, representing the finance committee of the Irrigation Congress, was granted permission to address the Council. He said that the cost of this Congress would amount to several thousand dollars, and it could not all be raised by subscriptions from citizens. With the other members of the committee, he had presented the case to the Commercial club, which had appropriated $1,000 for this worthy object. It would cost a large sum to entertain the delegates in a suitable manner, and in view of the great importance of the Congress, he asked that such assistance be given as the Council thought proper.

Colonel Donnellan was present and stated that it would require at least $2,000 to defray the expenses that would necessarily be incurred.

Councilman Kerrick—I move that we appropriate the same amount as the county.

Councilman Young—I move that the matter be referred to the ways and means committee, with the city attorney associated.

Mr. McCornick—In that case we would not be able to ascertain to what degree the City Council would assist us, if at all, until your next meeting, and that would be too late.

Councilman Anderson—I should like very much if the Council had the right to assist in this matter, but, Mr. McCornick, as an ex-member of this Council, you are well aware that we cannot appropriate this money legitimately.

Mr. McCornick—I admit that you have no constitutional right.

Councilman Lyon—I move that the amount be cut down to $500, as I am afraid that we will be enjoined if we make it more than that.

The motion carried and that amount was appropriated to the Mayor's contingent fund.

FRANCHISE GRANTED.

The committee on streets recommended that the Rapid Transit company be granted a franchise for a single or double track street railway on Fifth West street, between Second and Third South. In connect existing lines. Adopted.

TO CUT DOWN THE TREE.

The committee on the streets recommended that the petition of the Union Pacific to have a large tree near the Utah & Nevada track removed, be granted. The report was adopted and the street supervisor was instructed to remove the tree.

STREET COMMITTEE'S REPORT.

The committee on streets gave it as its opinion that any sidewalk bill or orders may be hereafter let under contract to be within that district, should be inspected, and if found to be as good as the walks laid within the district, should be accepted in lieu of the tax assessed. The committee also recommended that the bill of the Standard company be paid; that the petition of the Salt Lake City railway company for an extension of one year to complete their line of road on Seventh East street, be granted; that the petition of J. E. Fidery, asking that steps be taken to give the public the right to the use of water from a spring on Second West street, be granted. Adopted.

FROM THE IRRIGATION COMMITTEE.

The committee on irrigation, to whom was referred the petition of Byron Ferguson and others, asking that the canal on Seventh West street be filled up, recommended that the same be granted, and that the engineer be instructed to locate one or more laterals to carry off the surplus water of the canal.

The committee also recommended that the petition of E. W. Taylor for permission to remove a bridge on section 36, be granted. Adopted.

CONDEMNATION CLAIMS.

The committee on claims recommended that the claim of J. J. Roberts for $242 for the killing of his horses at the sand banks some time ago, be settled for the payment to Mr. Roberts of $200; also, that the recorder be authorized to tender to France Simpson $[illegible] for payment in full of his claim for damages for the killing of his son through a cave at the gravel bank. Adopted.

NEW FRANCHISE GRANTED.

The resolution granting a franchise to the Popular Pure Railroad company, which was laid on the table at the former meeting, was taken up. Councilman Young called attention to the fact that there was a unanimous protest of the people living on C street against this franchise, and a change was made granting a right of way from Pepperton place to D street.

Councilman Folland thought it ought to lay over for another week in order to give the people of D street a chance to make their wishes known. The motion was defeated and the resolution was adopted, the vote being as follows: Ayes—Patterson, Pendleton, Spafford, Anderson, Pickard, Heath, Hardy, Kerrick, Lyon, 9; noes, Hyde, Folland, Tuddenham, Young, 4.

RESOLUTIONS ADOPTED.

A resolution granting a franchise to the Salt Lake City Street Railway company for Capitol Hill, heretofore published in these columns, was taken up and adopted.

A resolution granting a franchise to the street railway Salt Lake & Hot Springs railroad along Third West street, from North Temple to South Temple, was taken up and adopted.

BONDS ON PUBLIC WORKS.

The Rapid Transit company was authorized to construct and operate a single or double track street railroad on Indiana avenue, from the present terminus of the track, along Third West street, from Third South to Second South, to connect with present tracks.

SPENCER CLAWSON ELECTED.

Spencer Clawson was elected by a vote of 7, to 6 for J. E. Gillespie, to fill the vacancy in the Board of Public Works caused by the death of J. W. Naff.

AUTHORIZATIONS.

The following appropriations were made:

City County Hospital	$ [illegible]
Salaries	[illegible]
Rent	[illegible]
Incidentals	[illegible]
Salt Lake Power, Light and Heating	[illegible]
Gas	[illegible]
Water	[illegible]
Police & Witnesses	[illegible]
Police & Witnesses	[illegible]
Fire Department	[illegible]
Pacific Pipe Company	[illegible]
J. S. Hoover	[illegible]
Joseph Simpson	[illegible]
Salt Lake Hardware Company	[illegible]
Salt Lake Stationery Company	[illegible]
J. J. Roberts	[illegible]
France Simpson	[illegible]
Total	$[illegible]

Adjourned for one week.

Otto Lee had a most destructive electric storm on the 7th inst. No less than twelve houses and barns were struck, resulting in a total destruction approaching a loss of from $20,000 to $25,000. The electrical display was bewildering in its intensity. It is also reported that a number of lives were lost.

GLENN'S CONFESSION.

He Acts Disconsolate by the Typographical Union.

Harry Glenn, who recently took four columns of printed matter from the Tribune office without authority, confesses his wrong doing in the following language:

To the Tribune:

As is well known to all readers of the daily paper, for the last, I have recently been arrested, tried and convicted of the charge of petit larceny. I am ashamed to see my name in the dailies, as the public is already familiar with all the facts in the case. Being of the age I am, I have proved stern lessons for my most conducting force. I was too young and did not even know that I was doing wrong in taking such, but when my attention was first called to the case by prosecuting the Salt Lake Typographical Union No. 115, and the loss of our money cited in such notice, I find that I did wrong in taking the unused copy, which was from a union establishment, and publish the communication from where it the publication the Typographical Union does not countenance such action. I have been found "guilty" of my crime by a jury of twelve good men, and I am now paying the penalty of the crime, although at the time I was arrested I was unconscious of all knowledge that I was committing any wrong act in taking the copy.

I am, very respectfully,

HARRY E. GLENN.

Approved by Robert Anderson, president Salt Lake Typographical Union, No. 115.

SALT LAKE CITY, Sept. 8, 1891.

THE IRRIGATION CONGRESS.

Letters Received by Secretary Gillespie on the Subject.

The following letters will be read with interest. They are from among others which have reached Secretary Gillespie within the last day or two:

SPRINGFIELD, Mass., Sept. 3, 1891.

HON. FRANK GILLESPIE, Secretary Chamber of Commerce, Salt Lake City, Utah:

My dear sir—I get back to my brother, W. W. Hunt, superintendent of irrigation, Washington, D. C., and find that the "Irrigation Congress" will be held in your city on the 15th inst. for the purpose of a conference of practical men in the west and owners of real estate, and that a very big which is promised, and that a very large and representative gathering is expected. Twenty engagements keep me from being with you, but I shall be there in your design and shall be glad to report them as our people of Massachusetts, that we are in sympathy and ready to assist in irrigation. The Massachusetts Board and State Farmer work with no direct appropriation for the work of irrigation, and I am in hopes we may be able to do something in Massachusetts.

Of course the Congress will consider the great work of forestry as a factor in the promotion of humidity and rainfall. Irrigation goes the way for economical tree planting in regions where home crops are not profitable. The way for economical and time-saving and methods for the operation of the Congress, I do not know, and so, developing attention to the matter, I have ventured to write to the governor, begging for an organization for the purpose of waste, your enterprise will be a great benefit to our country.

Wishing success to Utah in her enterprise, I am, very respectfully,

J. D. BUSSEY,

Secretary Forestry Association.

DENVER, Colo., Sept. 4, 1891.

Frank K. Gillespie, Secretary General Committee on Arrangements:

Dear Sir—At a meeting of this association to-day, the undersigned, Mr. W. E. McMurray, in conference with your secretary, appointed for following named persons delegates to the irrigation congress, to convene at Salt Lake, to wit: P. D. Armstrong, B. F. Hunter, J. M. Murphy, Henry A. Ayres, M. H. Cook, J. S. Mobley, President of Exchange, ex-officio.

Very truly,

T. C. SPENCER, Sec'y.

NEBRASKA CITY, Neb., Sept. 3, 1891.

Frank K. Gillespie, Esq., Salt Lake City, Utah:

My Dear Sir—Replying to your favor relative to the delegate from Nebraska City to the Irrigation Congress to be held in your city Sept. 15th, I have the honor to say that I have appointed as such delegation from this city Hon. J. Sterling Morton, Major John C. Watson, Colonel O. L. Wilson, Hon. R. W. Furnas, Hon. Theodore Bruning.

I will endeavor to have Nebraska City represented by a number of all or these delegates at the congress.

Yours very truly,

FRANK P. IMELAND, Mayor.

PLEASE RESPOND.

Prof. Evan Stephens' Appeal to Members of the Choral Society.

It is greatly to be hoped that the surplus letter sent out yesterday by Prof. Evan Stephens, conductor of the Tabernacle choir, will have the desired effect upon members of the Choral Society:

To all Members of the Salt Lake Choral Society:

There is to be a dell rehearsal of the Salt Lake Choral Society at the Tabernacle, in the church, on the Tabernacle, evening, September 9th, 1891. This rehearsal is for the musical festival, which the Choral Society has agreed to give on September 16th in honor of the several thousand guests who are expected at the Irrigation Congress. The programme being rehearsed are those with which all or you are familiar. The attendance up to this time has been so meager, and the time so short, it should have been, and the letter is a special appeal to her personally to rally to the support of the Choral Society, and make good its agreement with the Salt Lake Chamber of Commerce, the Irrigation Congress and the Queen, and therefore, who have granted the use of the Tabernacle to provide the musical entertainment for the occasion. It is only a matter of two or three months, at most, which you are asked to give to such a cause. It is hoped that you will not permit, by your absence, the good name of the Choral Society to suffer, or, it sorely must, if the members on Wednesday night do not justify the board of directors in contracting with the musical festival. The work of the Choral Society is not, nor ever is the best people of Salt Lake, but is the United States at stake. It is a special feature of the attending next and to 1000 delegates and to 1000 non-members asked to attend this congress. If the Choral Society shall decline lack of numbers to make good its promise to the people of Salt Lake City and others it will be simply expect the hearty support which has heretofore been accorded it.

Hoping and trusting that you will not fail to respond on Wednesday night, I remain, yours very respectfully,

EVAN STEPHENS,

Conductor of Salt Lake Choral Society.

By request of the board of directors.

A Man Wanted.

Monroe, N. J., has a man with a good line of the intelligence line. He sells a clock for twenty-five cents and sells a week. He is a couple of days to write the horse, carting their his employer had sent a clock which had not been tested, and (another might not have good time. Then he takes the time, and, of course, going to long another and day, and never shows up. There are about a dozen cases of this kind charged to his account in Newark alone.—Philadelphia Ledger.

Everybody's Property Issues.

A party of local capitalists, among whom were the Rev. J. H. Dixon and Rev. A. A. Hobbs, left the city and from an excursion to the top of Grantsville, it seemed necessary that people could on the bottle side of the Oquirrh pass. After spending the night, as the rock the party started to return to a different route. On this journey they saw a curious sight for the first time, with perpendicular walls, and no paring ever the walls, as we was seen, as one bottom, going to the head of the canyon they found a place where they could slide down, and one by one the party took the slide.

Imagine if the sound bottled nothing come to a hole of the and cross, which they followed down. It was nearly a mile in length, and from the crooks it was accounted that the cave should be feet, take up to be feet wide. Large boulders as big as a house were lying to top of the top. There was a conjunction of the place looking, and the cave dies in rocks the bottom of the cave more than no hour each day. That the glacier passed motion was passed by the fact that immense rocks were passed forward out of their beds by motion of the sand mass.

The layers of the cracks are of a dirty yellowish color, and looked very old. There is a stream of water flowing from the lower end, probably fed by springs under the glacier and mass of ice, which may have been in that course for ages. By noting the thermometer in boiling water Dixon was found to be exactly 11,500 feet above the sea level. Water was boiled at 191 degs. Fahrenheit.

The camp was some 1,000 feet below the peak, and one of the party on the top tied his name and placed in the form of a cross, and left it there. The reasons Dixon stated that they heard the wind roaring. The temperature on the top of the peak was 38 degs. at sunrise in the morning. Dixon said the report there as our people of Montana, that we are in sympathy and ready to assist in irrigation. The Massachusetts Board and State Farmer work with no direct appropriation for the work of irrigation, and I am in hopes we may be able to do something in Massachusetts.

Of course the Congress will consider the great work of forestry as a factor in the promotion of humidity and rainfall. Irrigation goes the way for economical tree planting in regions where home crops are not profitable. The way for economical and time-saving and methods for the operation of the Congress, I do not know, and so, developing attention to the matter, I have ventured to write to the governor, begging for an organization for the purpose of waste, your enterprise will be a great benefit to our country.

Wishing success to Utah in her enterprise, I am, very respectfully,

J. D. BUSSEY,

GOOD GIRL FOR GENERAL HOUSEWORK. 261 E. First South.

WANTED—SALESMEN TO REPRESENT us in selling nursery stock. Permanent and lucrative employment. Good wages. Address, Rochester Nurseries, Rochester, N. Y.

BOARD AND ROOMS. PERSONS WHO will take boarders will find a good place to board with good rooms, well furnished, with piano, on Second South, between Main and State streets. Address Post Office Box 1, Salt Lake City.

PUPILS FOR A DANCING SCHOOL. M. Dean, one of Professor C. L. Carpenter's pupils, will open a dancing school in Odd Fellows' Hall, Saturday, September 26th. Parents desirous of having their children taught the latest and most approved dances, and the best manners, will find this a very desirable and pleasant place to send their children. Terms, $1 per month. Beginners will be taught Saturday afternoons, and those who have already attended a course of lessons can join the evening classes. Parents desiring further information, apply at Dean's, 10 Main Street, Salt Lake City.

STRAYED.

A BLACK HORSE, WEIGHT ABOUT 1,000 pounds, branded something [illegible] on the hip. Horse was last seen in Tooele Valley. Any one finding said horse will be rewarded by returning same to Tooele City, Utah, or by giving information to Z. C. M. I. Tooele City, Utah. Any one taking up horse will be prosecuted according to law. Any information as to the whereabouts of said horse will be rewarded. Address Z. C. M. I. Tooele City, Utah.
