of the witness and he made out the check for charge payable to Jamie Atwood.

Cross-examined the witness said he first discovered that the check was fraudulent on Tuesday afternoon and immediately went to Gurney and saw Mr. Atwood in his office; while he was in the office looking Mr. Atwood in the check he did not call the signature thereon was that of his father, was certain it was when Miss Chapman was present. Suspected Miss Chapman had seen the check before and after looking the paper over the defendant said she had; the witness said he did not know the check was forged; said the signature was "Jamie" and that she had received it from Mr. Atwood, his son.

JANIE ATWOOD.

Mrs. Janie Atwood was placed in the witness box by the prosecution to prove that the instrument of his name on the back of the check was forged by the defendant, but an objection by the defense was sustained and the witness excused for the present.

FRANK SHERIDAN.

Frank Sheridan testified for the prosecution that he was connected with the Carnival of Mexico at Saltair. He engaged Miss Chapman as performer at the carnival, where she was engaged for three or four days. Witness identified an order on Walker Bros. & Fyfer for fifteen dollars' worth of goods and had given the order signed by Mr. Atwood. Miss Chapman at Saltair in regard to the order, which he said not signed. "I asked her if she had forged a fifteen dollar order on Walker Bros.," continued the witness, and she said, 'Oh, that's all right; I've paid that,' or words to that effect."

Mr. Sheridan cross-examined the witness, and questions and answers flew thick and fast for a few minutes, especially when the cross-examination and rejoinder to the well-remembered new immortal (by oral) caveat.

"Were you not blustered to Miss Chapman at the time the order was written?"

"No, sir."

"What! Do you mean to tell me that you are still blustered to her at the present? Do you mean to stop that you have paid your employer at that carnival less than ten per cent of what you owed them and you contracted to pay?"

A lot of questions of this character were hurled at the witness and he was allowed to go.

Secretary and Treasurer Omar Pederson of the carnival was being examined when the News went to press.

Some interesting developments may be looked for before the trial ends.

Mrs. Walker Still in Jail.

Mrs. Mollie Walker, the poor woman who, hungry, forlorn and weary, applied at the police station on Saturday for assistance, is still in the city jail soliciting an prisoners' fare. She was a very sick woman when given lodgings on Saturday, but Jailor Kinkead states that she is getting along very nicely now. Yesterday Mrs. Walker sent the jailor if there had been anything done looking to assisting her on her way to Indian Territory, as she is desirous of completing her journey as soon as possible. Mr. Kinkead told her that as yet nothing has been done in her case, but that in all probability the county would be appealed to for aid. He has a deserving case and it affords an excellent opportunity for charitably inclined people to show their kindness and liberality.

The Last Sad Rites.

Funeral services over the remains of the infant daughter of Brother and Sister Kapstick were held at the family residence in the Ninth ward this morning. Consoling remarks were made by Elder Alberon H. Woolley and Bishop Samuel A. Woolley. Members of the ward choir and others were in attendance.

DAILY WEATHER VANE.

Observations Taken at Utah, Idaho, Montana, Oregon and Wyoming Stations.

Weather reports showing observations at 8 a.m. today:

Salt Lake City—Barometer, 29.14; temperature, 52; minimum, 42; wind, northeast, 4 miles per hour; partly cloudy.

Baker City—Barometer, 29.02; temperature, 52; minimum, 38; wind, southwest, 12 miles per hour; clear.

Chayenne—Barometer, 29.32; temperature, 38; minimum, 32; wind, west, 8 miles an hour; clear.

Helena—Barometer, 29.06; temperature, 34; minimum, 34; wind, southwest, eight miles; clear.

Miles City—Barometer, 29.24; temperature, 28; minimum, 24; wind, north, 6 miles an hour; clear.

Winnemucca—Barometer, 29.28; temperature, 32; minimum, 22; wind, east, 8 miles an hour; clear.

Fort Custer—Barometer, 29.30; temperature, 30; minimum, 22; wind, northwest, 6 miles per hour; clear.

Huron—Barometer, 29.42; temperature, 28; minimum, 26; clear.

General local forecast for 36 hours ending 8 p.m. Wednesday:

For Utah: Partly cloudy tonight, probably fair Wednesday.

Salt Lake City and vicinity: fair and stationary temperature tonight and Wednesday.

J. H. SMITH,
Observer, Weather Bureau.
SALT LAKE CITY, UTAH.

Today's temperature is shown in the accompanying thermometer gives below:

WILL BUILD A MILL.

The Gold Dust Directors So Decide at Their Annual Meeting.

MINE'S CONDITION WARRANTS IT.

Mining by Utah Men in the State of Oregon—State Line News—Trading on "Change.

The annual stockholders' meeting of the Gold Dust company—a corporation owning and operating the Gold Dust mine at Mercur—was held at the company's office in the city last evening, when the following officers were elected for the ensuing year: W. S. McCornick, president; John A. Steed, vice president; J. E. Benneger, secretary and treasurer; and Messrs. J. E. Benneger, James A. Pollock and W. V. Rice making up the directorate.

At the meeting reports from the president and superintendent of the company were read, all of which showed that the company was in a top condition as a result of operations proving so satisfactory at the mine. A committee appointed at a previous meeting to investigate and report upon the erection of a mill, gave it as their conclusion that the property was in a condition to warrant the erection of a mill at almost any time. While no other commitee report was arrived at at the meeting regarding the time when a mill would be erected, it was settled that such a move would be among the possibilities of the near future. It is likely, however, that the erection will not be commenced until the early spring, when a mill of 200 or 300 tons capacity will be put up.

The Gold Dust mine was visited by Messrs. McCornick, Pollock and others on Sunday and they found the prospects promising. It is better shape than ever before. During the past year a great amount of developmental work has been done at the mine, and it is from the result that vast bodies of pay ore have been encountered. Drifting and tunneling have been carried on to a good extent and these exploits have proved that the mine is one vast bed of ore, an immense amount of which has been blocked out and now awaits the attention of a mill to give it proper treatment and prepare it for the market.

STATE LINE NEWS

Something of the Mineral, Its Conservation and Promising Properties.

The editor of the Iron County Record spent some time a week ago in making a general survey of the Blue Lime Mining district, and as a result of his observations the last issue of that paper contains an interesting writeup of the district. The Record says that a more delightful location or a more convenient one for a mining camp could scarcely be found in the State. The atmosphere is cool, invigorating and healthy, and excellent water can be obtained at a depth of from twenty to fifteen feet from the surface. There are upwards of thirty houses, cabins and tents in the township, besides a number of others which are distributed in the canyons and hills on the various claims. There are also several saloons, one house, a hotel, an assay office and other establishments of a character generally found in mining camps.

In its referenda to the mines of the district the Record gives prominent mention to the Ophir, which is owned by Clark, Lynch and Sullivan, has a shaft 105 feet in depth and up to the present has been one of the heaviest producers in the camp. Picked samples from this mine have assayed as high as 2,000 ounces of silver to the ton, and the shipping ore taken all through has averaged up seven hundred ounces. According to the statement of the owners the mine has paid its way from the start, and put in a good non-burning power hoisting work. The ore continues to improve as greater depth is attained.

The Hebrew, owned by Baker Minnie & Pack, is to all appearance much the same kind of a proposition as the Ophir, and promises to develop into as good a property when as great a depth is attained. The shaft is now down to fifty feet deep and has paid for its sinking.

The Creole, owned by McHenry, McDonald and Mitell, has had considerable development work done on it, and has produced some good ship ore of silver. There is now operating near 150 tons of good milling ore on the dump.

The Gold Bell and Lizzie, owned by Lambert & Drake, are good producers, and have furnished some very fine assays, though the owners have made no development work on account of the great sacrifice which is unavoidable in shipping ores so far. They estimate that there is 300 tons of milling ore, that will assay from $40 to $50 in gold to the ton, now on their dumps.

Bribe Hicks has some promising claims and is doing considerable development work. Mr. Hicks has struck the right ledge and would not take $15,000 for one of his claims.

Other properties in the district showing good indications of bringing wealth to their owners are the Rocky Mountain, Victoria and Jessie, owned by the Blue brothers; the Utah Star, owned by Nelson Millet and Hyrum Bird; the Montezuma, now in litigation between Henry Emerson and T. T. Kelley; the Gold Avon, owned by Wm. Jewel and Joseph Arnett; the Hard Times, owned by Jewel and Newel, and the claims of the Gold Hill Mining company, some of which have been developed considerably.

The Record in conclusion states that the whole region for a distance of eighteen miles in length and six miles in width is a paying network of veins. The ore in all the milling quartz and can be worked at the least possible expense. There is an abundance of good milling ore that will assay from 20 to 100 ounces of silver or $20 to $70 in gold to the ton, of high in bulk, now on the dumps, so that the mills will running all fall and winter, but as yet there is no tangible prospects for a mill this season.

MINING IN OREGON.

The Gold Ridge and Others Owned by Utah Men—The Famous Vernon.

Messrs. J. E. Benneger and David Keith, two well known mining men, returned a day or two ago from a trip into the state of Oregon where both gentlemen have extensive interests.

The property in which they are interested is known as the Gold Ridge mining, located about midway between Baker City and Huntington. The gentlemen report this mine to be in first class shape at present, with indications very bright for the future. The Gold Ridge is now supporting a 10-stamp mill and has paid all expenses thus far. The district in which it is located is one that boasts of very valuable mining properties and the whole country consequent is literally swarming with miners and prospectors.

It is in this locality that the Virtue mine, a famous property owned by George Downey of San Francisco, is located. The profits from this mine are from $15,000 to $20,000 every month. Mr. Keith owns a claim adjoining the Virtue upon which he is doing extensive developmental work. He has already a double compartment shaft of a depth of 200 feet on the property and expects to shortly commence the erection of a fine mining plant.

The Oregon placers are doing nicely and many people now here are rapidly making a competence. It seems that the pursuit of placer mining in this state, N. S. Kew Utah fortune men have heavy holdings in Oregon and are now developing the various properties which they have acquired.

TRADING ON "CHANGE.

Four Aces and One Record the Only Sales in the Pit.

Actually sell on Change the Four Aces stock was a seller at 20 cents, while that was disposed of at one cent. Aside from these dealings the call was tentatious, except that the Swansea stock was pressed a little higher by its holders, being on offering at no less than $1.01 per share, with bids of $1.00. Members of Mercur would give only $1.00, but those desiring to buy wanted the stock at 15.95.

The closing figures were as follows:

TRANSFERS OF STOCKS.

Two thousand shares of Gem at 1 cent per share; 300 Four Aces at 20 cents. Total shares sold, 2,300.

Dips and Spurs.

The Hen's contract Mercur has struck a lime porphyry at a depth of 502 feet.

The Hawkeye, an adjoining producer of Park City, is about to be brought in the Jennie, a valuable mine, the management of Captain Egan.

The Centennial Eureka mining company has declared two regular monthly dividends Nos. 113 and 114 of $50,000 each and payable on the 15th.

Murray Alexander, Albert Cahoon, John Cahoon and McHenry Johnson are getting up a pack mule for all that place and hence Albert stands some show of getting a sample good grub out of the great region. He never gives all winter.

Young Lads in Court.

Henry Smith and Robert Williams are the 8 and 7 year old boys who were before Justice Winger today charged with petit larceny. It appears from the evidence brought out that the lads took a quantity of fruit from Mrs. Ann Spoor, an aged woman, and that when the latter remonstrated with them they made a challenge toward her. The court, in sentencing the lads to hard labor, gave them a lecture, during which they were arraigned.

Insist

Upon having just what you call for when you go to buy Hood's Sarsaparilla. There is no substitute for Hood's. Do not allow yourself to be induced to buy something else. Remember that all efforts to induce you to buy an article just as good and just as good, are based simply

Upon

the desire to secure more profit. The dealer who tells you that this is just as good is telling his poor customer to buy something not nearly so good. Do not permit yourself to be deceived. Insist upon having

Hood's Sarsaparilla

Hood's Pills cure all liver ills. 25c.

CHIEF PRATT WINS.

The Supreme Court Sets Aside the Lower Court's Decree.

ELLINGER MUST PAY THE COSTS.

Decision Done in the Equity Court—Civil Matters Before Judge Street—Corridor News.

Associate Justice James A. Miner today handed down an opinion in the case of J. N. Ellinger, respondent, vs Arthur Pratt, chief of police of the city of Salt Lake. The opinion is concurred in by Chief Justice Zane and Associate Justice Barton. It recites that on May 8, 1896, while Ellinger was acting as police sergeant he was discharged from the service by the chief of police, the appellant in this case, for an alleged infringement of certain rules and disobedience to certain special orders. Ellinger claims that his discharge was without authorization in law and was not done under the rules of the board of police and fire commissioners, who endorsed the action of the chief of police.

The case was taken to the district court, where Ellinger obtained judgment. Now the judgment and decree of the lower court is set aside with costs, and the writ of mandate prayed for is denied.

HAYES SENT HARD.

Supreme Court to Decide In An Opinion Yesterday.

Justice Miner, late yesterday afternoon, handed down an opinion in the appeal case of the State against Harry Hayes, the Pelican Point murderer. The opinion was concurred in by Justices Zane and Bartch and affirms the judgment of the trial court, which found Hayes guilty, and decrees that the appellant must hang by the neck until dead.

CITY ORDINANCE.

Judge Hilton today made the following ruling in the case of Thomas G. Harrison vs James McGinnis, passed by counsel to the foot of the calendar:

J. J. Hopkins for Elias Morris, demurrer from a week of prosecution and another claim waived.

Montague vs Carroll, set for trial on Oct. 20th.

Martin A. Edwards vs Geo. E. Trenton et al., on trial before a jury.

State vs William Lewis, order of assignment vacated as the fine in the case could not be found.

Equity Orders.

Judge Hilton, in the equity court, made the following orders today:

O. L. Hunt vs Edwin O. Leighton (two weeks' decree of foreclosure by default in both suits.

Gage B. Tuckery vs Rosie Robertson; ten days allowed to file amended complaint.

Mountain Ice and Cold Storage company vs Salt Lake City; testimony being taken.

THE GREEN BAG.

Register!

On Friday next Judge Ritchie will make a setting of equity cases.

John H. J. Grant has been excused with his return from Oregon.

Emil Chorine, a native of Austria, has been admitted to full citizenship.

The case against Albert Malquist was today dismissed on motion of the prosecution.

H. W. Fuller has commenced suit against Adolph and Lucy Hunter to recover $300 on a note.

Emanuel Sindlet was arraigned on a charge of grand larceny and pleaded guilty before Judge Hilton this morning. He will be sentenced on Saturday.

The trial of the suit of the Moline Stock Savings Bank against Sarah A. Cheatire and George Cheatire has been indefinitely postponed.

Register today! On Saturday you may not have time, and these are the only days left on which you can have your case entered.

Marriage licenses were today issued to the following couples: W. C. Roudeen of Calder's Park and Trine M. E. Jensen of Salt Lake City; Melvine Haggar and Nettie M. Parsons of Murray; David B. Walton and Mary A. Whitehead of Mill Creek; Joseph Robert Shaster and Elizabeth Emily Robson of this city.

Judge Hilton has denied the petition of Frank de Camp for a writ of habeas corpus. De Camp was convicted of attempted murder in putting up rails on the Union Pacific railway at the time of the big strike and sentenced to serve twelve years. The petition was argued on the ground that there was no such crime on the Utah statutes.

Henry Larson has commenced action against the Old Jordan and Galena mining company to recover $15,000 damages which he claims to have sustained by reason a personal injury received in the company's mine.

We hear a great deal about purifying the blood. The way to purify it is to enrich it. Blood is not a simple fluid like water. It is made up of minute bodies and when these are deficient, the blood lacks the life-giving principle. Scott's Emulsion is not a mere blood purifier. It actually increases the number of the red corpuscles in the blood and changes unhealthy action into health.

If you want to learn more of it we have a book, which tells the story in simple words.

SCOTT & BOWNE, Chemists, New York.

Jailed for Stealing Harness.

Harry Parker, was, it is said, in an old jailbird, was convicted in the police court today of petit larceny and sent to his familiar abode for fifty days. Parker stole a whole harness, the property of S. A. Goss.

Bowman Discharged.

W. W. Bowman was tried in the police court today on petit larceny. He is the young man who was charged with stealing bicycle sundries from the Gerlach bicycle house in this city. At the trial, however, there was a certain witness in the person of Charles Claypole, in whose testimony the defendant got to faith in another conviction, but as he did not appear their case lost its strength and Bowman succeeded in getting an order of discharge. He admitted having the goods in his possession, but swore that another person who had brought them from Montana, gave them to him.

Police Short Bits.

Frank Crowton will have a hearing in police court today on a charge of violating the plumbing ordinance.

Joseph Hobel who is charged with drunkenness and cruelty to animals will be tried in police court today.

Billy Green, charged with cruelty to animals, was discharged in the police court today. George Bowring and George O. Smith were also discharged. The former is charged to have violated the bicycle ordinance, while the latter was charged with drunkenness.

Railroad Notes.

The troops en route from Spokane to Chicago will pass through Pocatello tonight.

The first company of the Twenty-fourth Infantry which has been assigned to the Fort Douglas barracks, will probably arrive in the city over the Union Pacific about the afternoon.

A special train of about 200 army officers, men and their families will pass through Ogden over the Union Pacific on Thursday en route from Fort Riley, Kansas, to New Orleans, special will pass through the Junction City on Saturday morning.

Passenger Agent Burley of the Union Pacific left for Omaha last evening.

Superintendent Bancroft returned this morning from a trip over the division.

MRS. SCHROEDER'S DEATH.

It Came Suddenly and Almost Without Warning—Body Will Be Taken to Sioux City, Wisconsin.

The announcement of the death of Mrs. A. T. Schroeder, wife of the well known attorney, has brought sadness to the hearts of a host of friends in this city. The lady's demise occurred yesterday afternoon and came almost without warning. Her husband was attending to law business in Denver when apprised of the sorrowful event.

Mrs. Schroeder had not been in good health for some time past and a few days ago underwent a surgical operation at the hands of Drs. Burton and Dalby. The operation was apparently successful and gave promise of affording permanent relief and the bringing about of complete restoration to health. The patient was considered to be entirely out of danger when on Saturday morning Mr. Schroeder went south leaving her in the care and keeping of her friends in fully confident of her recovery. This morning he returned home greatly surprised over the misfortune that had come to him.

Mrs. Schroeder was young in years, a charming lady, a noble wife and an affectionate mother. She leaves behind her a little girl, Tuesdina, fourteen years of age. Madison, Wisconsin, was her home of her girlhood and she will be taken there for burial. The body will probably leave tomorrow night accompanied by Mr. Schroeder and his little daughter.

A "Civilized" Coward.

This morning a house on First West between Second and South Temple streets was the scene of a contest in which one man covered himself with unofficial honors. It seems that a square, in doing the usual "road-building!" act, had thrown into the unsophisticated, uncultivated big lot upon the clean, cultivated carpet of said domicile. It was an act that entitled were repaid, by all gentlemen and kindly spirit, an individual took present, seeing a house in his brave fright, knocked down the lot head. The square cried with pain and protested indignantly against what she (poor savage,) considered brutal treatment. When men were charged with having a lump that might have been taken for a diminutive Emigin peak, and was threatening to report the occurrence.

Political Pointers.

Senator Arthur Brown has gone east to confer with Hanna and the other managers of the Republican party.

The Scandinavian Democrats of Bingham will meet in the Grand (the smoke call in the smelter town to-night. Top speakers are C. A. Carlquist and C. M. Nelson.

The Old Soldier's Bryan Silver club will have a meeting at Williams' hall on Second South street this evening. There will be speeches, music and an Australian ballot task.

Attorneys J. H. Moyle and R. R. Sheppard will discuss the harmony in their political opponents at Mill Creek tomorrow night. R. W. Sloan and D. O. Kimball will make the welkin ring at the same hour at Hamlin.

John F. Hawkin, who has a strong reputation for political pessimism (methods in Uintah county, will leave Salt Lake this evening for a tour of the silver state of the west. His mission is to terrify cold cut of whole harmony out of the east tomorrow.

The Democratic State committee this morning received a telegram from Utah county giving the

chairman for "a count" at Bryan. "The Democrats party having been in the "lead" business so long, we ask him the pleasure by the first mail," said Judge Powers.

A "call" of Senator Stewart's and Congressman Towne's silver speeches has just received at Democratic State headquarters.

Jos. M. Zane is about to take the stump for the regular Republicans. He is an ardent supporter of McKinley and stands squarely on the St. Louis platform.

A mass meeting of the Second municipal ward Republicans has been called for tonight at the 8th ward meeting house. A failure to notify the nominations of Burton for Justice of the peace and Williams for constable is the cause.

There are three United States Senators in the city at present—Cannon of Utah, Proctor of Vermont, and Bishop Chandler of Maine, who will stay at Manns and Enrich tomorrow afternoon and evening. Proctor will leave for San Francisco on Thursday, and Bishop will stay here for some days yet.

Kansas Democrat: The speech of Judge Powers last Sunday evening is the only half was most logical, sagacious and convincing exposition of the political situation we are called upon to meet as American citizens at the polls.

The Tribune this morning quotes a reputedly political telegram and credits it to the News. It was not original with this paper, being stripped from a country exchange, and with other similar notes appeared under a heading of contemporary comment. The tribune to give the paper to which it first appeared so credit was pure an unknown. The source would be remedied now but the sensate man has a bad memory and rather remember the name of the journal. The paragraph in question criticized Judge Powers for talking politics on Sunday. The News made no such criticism.

STOCKS AND MARKETS.

New York Stock Market.

New York, Oct. 13.—Railroad centerpieces in London caused a sharply opening of stock exchange trade around. The most conspicuous feature was the rise in the stocks some of positions on good business. Sugar, however, reduced a decided element of weakness to the market.

The feature of the treasury operations was silence. Gold was drawn from the treasury for an advance of 1½ to 2 was easily retailed. Money was easy at 1 per cent. All dollar prices of leading shares showed an improvement of ½ to 2 per cent.

Every few days the papers tell of some mistake made. Mail Pills have caused accidental poisoning because among several medicine bottles the wrong was taken—the one containing deadly poison, instead of the only really medicinal disease this sort of thing would never happen.

Much of the misery in the world is traceable to some disorder of the digestive organs, or to some disease of the liver. Nine-tenths of all the illness in the world can be cured by purifying and enriching the blood, and restoring perfect digestion. Dr. Pierce's Golden Medical Discovery is the safest and most efficacious medicine for this purpose. Dr. Pierce's Golden Medical Discovery is the only blood purifier sold by druggists for a specific medicine. There is no need having a dozen medicine bottles in the house. One is enough. There is no need of using poisons at all. The "Golden Medical Discovery" is the most effective medicine ever prepared, and there is not an atom of poison in a million bottles of it. If you will be guided by Dr. Pierce's Common Sense Medical Advisor, and use only Dr. Pierce's Medicines, you will always be well.

E. Jones, Esq., of Brooklyn (P. O. Box 461), Cuyahoga Co., Ohio, writes: "In August last I was very sick with what the doctors called a severe case of kidney disease. I was so weak I could scarcely walk, and was so bloated that my friends could not know me. I was taking my medicine regularly when I read in your advertisement that your 'Golden Medical Discovery' was good for kidney disease. I at once bought some of it, and before I had taken half a bottle I was much better. I continued taking it for about two months, when I was well and able to do my work. Dr. Pierce's medicines are the best I ever took, and I have taken many. The 'Favorite Prescription' are forty or fifty times better than any other medicine for women. My wife has used both and finds them the best she ever took. I shall always speak a good word for Dr. Pierce's medicines whenever I have an opportunity, and I shall be glad to have you use my name in any way you may think best."

OVERWORK INDUCES Nervous Prostration

Complete Recovery by the Use of

Ayer's Sarsaparilla

"Some years ago, as a result of my close attention to business, my health failed. I became weak, nervous, and unable to look after my business, as mentioned all the symptoms of a nervous wreck. I took three bottles of Ayer's Sarsaparilla, began to improve at once, and probably increased my weight five hundred and twenty-five to two hundred pounds. Since then I and my family have used this medicine when needed, and we are all by the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my life was saved by Ayer's Sarsaparilla, and I cannot say too much."—H. O. Hosea, Postmaster and Painter, Rissera, N. Y.

Announcement

Of the Receiver of the Certified Sale at 25 W. Second South St., Next to the Cullen Hotel.

As the limitation of my time for the disposal of the balance of goods is approaching, and as I would take no more on the creditors for the trouble they have given me, I have decided I have made up my mind to give all the benefit due to the merchandise and laborers and will offer the balance of goods which we have left marked down to about 50 cents on the dollar. To give you an idea of what kind of goods we will quote you a few prices so you can see clearly and understand.

Men's the Rockford Socks, 15c pair.
Men's suspenders, 5c pair.
Overalls, 25c pair.
Ladies' handkerchiefs, 15c each.
Corsets, 10c each.
Wool Underwear, 25c.
Children's and ladies' jackets will go at half price.
Knee pants suits and overcoats worth $3.00, at $1.00.
Men's all wool suits worth $10.00, at $5.00 each.
Men's shoes $1.10 pair.
Child's shoes 75c pair.
All other goods will be sold at the same equal reduction.

I earnestly call the attention of each and every one, whether in need of anything or not to come here and see for themselves that $1.00 will buy less than you would have to pay $5.00 for in other stores.

THE CREDITORS' SALE

25 W. Second South Street,

Next to Cullen Hotel.

LOST
