(Continued from Page One.)

LISTENED TO LADIES.

members, who shall be the directors, power and disposition of the property in case of the dissolution of the society, to make all such rules and regulations as may be prescribed by law. They shall be elected annually by the qualified electors of the society on the second Tuesday in March and, except for the first board as provided, they shall hold office for one year.

Sec. 6. No more than a majority of the board of directors shall be women.

Sec. 7. Any female, married and single, having the qualifications of a legal voter, shall be entitled to vote at all meetings of the society, and shall be eligible to office in the society.

Sec. 8. A hospital for the sick, aged and infirm shall be established by the society, and shall be established by law. All property belonging to the society, real and personal, shall be invested in the Utah Territorial Board of Trustees, and shall be transferred to such board. The control and management of the society shall be vested in a board of trustees as the society may prescribe by law.

Sec. 9. All the property of the hospital of the U. S. for the support of the sick and wounded soldiers and for an asylum for the blind shall be a perpetual fund for the maintenance of said institution. It shall be a trust fund, the principal of which shall never remain invested, nor shall ever remain invested, except in the state special government securities.

Sec. 10. The superintendent of public instruction shall call a convention of the State board of education, the city superintendents of schools and superintendents of schools in the first and second class, to be held at the seat of government, during the winter session in 1897 and every five years thereafter, for the purpose of revising a uniform series of text books to be used in the common schools throughout the State. The text books adopted by said convention shall be in use for a period of five years.

Sec. 11. All schools mentioned in section 1 of article of Wm. W. Robertson Jr., devised, to forever remain under control of influence, but the same may be used without compensation.

Sec. 12. No religious or sectarian test or qualification shall ever be required of any person desiring to act as school or any public educational institution of the State, either as teacher or scholar.

Sec. 13. Neither the Legislature nor any county, city, town, school district or other political corporation shall ever make any appropriation to aid in the support of any school, seminary, academy, college, university, or other institution controlled in whole or in part by any church, sect or denomination whatever.

The article was ordered printed and when it will go to the committee is to be taken up.

THE STATE SCHOOL BOARD ARTICLE.

Dixon moved a substitute for the article in the following resolution:

Resolved that the delegates from Utah county, in convention assembled, do hereby instruct, or, if any, relative to the proposed amendment to the organic law of the State of Utah, and the right of suffrage and the qualification of electors, and the right of a citizen to hold office, and the right of a citizen to be a juror, and the right of a citizen to be a witness in any court of law or equity, be expressed in the language following, to wit:

Dixon moved to lay the resolution on the table.

Mr. Dixon—Mr. President, I simply move a question of personal privilege. I am not well, and I desire to return to the court and my sick daughter that the community mentioned about I have received 2 letters in the matter. I do not know anything of a political nature in this house. My own sympathy to remove any ties which my people might have entertained regarding the matter; and since I have not been permitted to speak, I want to say this, further, by way of personal privilege, that—

Dixon—I submit that the gentleman is stating the main question—

Dixon—I do not intend to

Dixon—under the rule of a personal privilege. He is not in order, clearly.

Dixon—I am doing it. Gentlemen, if you want to throttle me, you can do it. You have the power. Proceed if you desire. If you don't want to treat gentlemen here upon the floor with respect, I can stand it if you can. Here is one living man and suffering. He was neither—

The President—I think the gentleman should not discuss this proposition. It has been passed upon. Let question be taken by the ayes and noes—he calling of the roll.

The resolution was laid on the table on a vote of 54 to 35, after which the convention adjourned amidst the greatest excitement.

Convention Short Bits.

Vallen is a very much mixed member.

Bonny or no bonny! That is the question—and either it soon will be.

In the Executive Mansion on the Territory, Judge Zane is the most frequent visitor at the Convention hall.

The minutes read another now that they are made up from the shorthand notes of stenographer McIntosh.

The use of cold tea instead of opium has become a new act in Utah Constitutional measure.

The Afro-American contingent at this city has delegations in daily attendance at the proceedings of the Convention.

The members with the largest sections of subdivisions are not nominal members of the committee, but those who are doing the labor work.

Under the standing rules ladies are required the privilege of the floor and may deep accept the courtesy extended to them.

Members of all City survey—the Knox collegian was comely visitor to the Convention chamber during the deliberations of the delegates.

A dispute of the Deseret sends in on this day will make the Sunshine Dial it is not limited to the Convention. Up to the present they have nearly been "holding water."

Bonnie sits very close to Evans of Weber, and the manner in which he listens and interrogates the gentlemen from the Junction city indicates that he is neglected of his ex-vemanit.

The Cache county delegation are now together and when one of its members speaks he seems to voice the sentiments of all the others. The remarkable unanimity established by them has caused the suspicion that they have held little tete-a-tetes of their own.

From this time forth to a period very near the close of the convention to come from standing committees will continue to be received almost every day. As a result party caucus may be called upon to do a good deal of talking as now indications are that not a little of it will be of the "gallery" variety.

Speculation is a salary under existing conditions to the extent that there are the delegates are indulging to the danger of injuring their own health. The absence of ventilation makes the atmosphere of these halls enough and hot enough to promote fever and other diseases by the sick.

Card playing should not be permitted in the convention. But a considerable movement in this direction will not carry in several. Every political game will be played before the day of adjournment. This is substantial upon the fact that some of the minds of the delegates have been sent—and they are hot.

There should be an official stenographic assistant to the sergeant-at-arms with positive instructions to open the windows occasionally and let in a few minutes of the balmy air giving venue which surrounds the place and gravel walks that are to start to the heart of Mayor Baskin. A violation of this should be punishable by banishment to Sanpete—Cleveland's home.

Delegate—Mr. Secretary, how many pages of signatures are there attached to the woman suffrage memorial?

The secretary in reply, as he drew his coat sleeve across his perspiring forehead and groaned he asked a great roll of paper written.

Delegate—I move that the reading of the names be dispensed with. The ladies received more courtesy than any other that has been made in the Convention and it carried unanimously.

"Which is a miracle," "Everything," he says the committee on apportionment and boundaries, "including the right to designate the number of representatives and whether there shall be in the State Legislature will power to say from what districts they shall come." "Everything" where the committee on apportionment, to be more specific, will, with a warranty deed in the right of ownership that the former committee has a misconception of its duties was that "legislative means legislative and nothing else." Therefore in order of nothing is recommended for the State Legislature shall be constitutional.

$50,000 DAMAGES ASKED.

The U. P. Sued for that Amount in Piere today.

PIERE, Utah, March 18.—Judge H. W. Smith produced in the Third District court this morning. The damages suit of Wm. W. Robertson, a minor, against the directors of the Union Pacific was called for this.

The suit is brought by the administrator of the estate of Wm. W. Robertson Jr., deceased, to recover damages for the death of Wm. W. Robertson Jr., which is claimed to have been caused by a train on the Union Pacific railroad killing him while a team and wagon, in which the deceased was riding the track about a quarter of a mile west of the depot in Anderson Park, on the 12th of October, 1894. The suit is for the deceased was crushed and he was taken to Ogden and placed in the railway company's hospital where he lived a few days, when on the 12th of the same month he died. He left a wife and three children, and one child has been born since the accident. The railroad corporation's employes are claimed to have been criminally careless in that no whistle was blown nor bell rung, as the train, which consisted of six engines, a tender and a caboose approached the crossing. The blow was coming backwards toward the east, and the engineer, it is claimed by the plaintiff, had been kept out of sight in a position so that he could not fail to see the deceased approach the crossing.

Land Office Filings.

The following filing was made in the local land office under date of March 18:

William C. Higgins, of Cedar City, Iron county, has entered entry of the south half of the southeast quarter of section 3, township 36 south, range 11 west.

The contest case of A. H. Rogers vs. John Davis, involving homestead entry No. 10,109, the south half of the southeast quarter and the south half of the southwest quarter of section 14, township 3 north, range 3 west, was being heard before the register and receiver today.

Police Court Items.

Ed. Franklin, the colored waiter, charged with disorderly disposing of goods, was tried in the police court today, and dismissed, the complaint, C. A. Stevenson, being required to pay the costs.

Wm. Dixon was fined $1 for obstructing his sidewalk under false pretenses.

T. T. Newton was being tried the street on the charge of selling liquor on Sunday.

T. T. Jones, a guest of the Tenderloin, who was arrested for a drunken condition, was set in a $5 case to appear in court later. He was quite sick last night and is under the doctor's care today.

Remember to the much has or Price's Cream Baking Powder that of any other kind. Being more strong or than any other it goes farther.

INFIRMARY SUPERINTENDENT.

The County Court Selects Roman Canada for the Position.

Tomorrow, March 19, will see a new superintendent in charge of the Salt Lake county infirmary. At its session today the county court selected Roman Canada for the position, to succeed Joel T. Allen. Dr. Allen has held the position about two years and was a candidate for reappointment, but the board felt it to be Mr. Canada, who is well known from his long association with the U. S. marshal's office in this city, and who may be expected to give the infirmary an economical and business administration of affairs.

JUDGE ADVOCATE KINNEY.

Arrived in Salt Lake From the South with Details This Morning.

Judge Advocate W. A. Kinney, of the Republic of Hawaii, and formerly a member of the Salt Lake legal profession, arrived in this city this morning direct from Honolulu. He may be a very bold man—only a few knew—but his arrangements imply that he thinks here, after his address to the Union Pacific, will make for the Pacific Coast country, or rather he goes in government service.

Judge Kinney never tries hard and it was to see his friends, principally, that he decided from the island to come to Salt Lake. Before day he has many friends and has made it very convenient for Mark with Dobie and a dozen other recently acquainted there. He expects to enter the first available vessel for Honolulu.

Will Get Their Pay.

The board of public works held a meeting this morning to consider the claims of laboring men who were employed upon the sewer and have not yet been paid. It was decided that the amount due to about $4,000 should be paid the men, the same to be written from the corporation. Mr. Anderson was then instructed to call for the money from the proper bureau of the town will be paid.

OGDEN.

OGDEN, UTAH, MARCH 18, 1895.

Jamieson City Notes.

Mr. J. A. Wright has been appointed for Weber county, the new assistant to the position of superintendent of the Ogden River Oneida company.

Geo. Walker, of Gunnison, Sanpete county, in Saturday evening, was arrested for being drunk and disorderly while in the Ogden, thinking that he was home, but now knows better since, he explained on Saturday night and Monday to take spirited again. The county officials will inquire into the mental condition.

In the Justice court against the case of Chas. Ward, charged by Jim Kinney with false pretenses, the jury rendered a verdict in favor of the defendant.

In the case of Jos. Ford vs. L. W. Elton, it was found that payment for orders for lumber had been made and accepted as such, and judgment was given for the defendant.

A Miss Polk, who attending boarding house, was fined $10 and costs for the charge of Officer Lewis, March 17. Deceased was a regular boarder of Upton and was with Kaden, by his attorney, Judge Smith, claiming that he otherwise had another and was not guilty.

The machinery in the pumping works has been repaired, it employed and now.

Brooklyn Dock show that a white has arrived at the Pacific Packing Power will go further than two or three impossibles of any other.

COMMERCIAL.

SALT LAKE CHAMBER OF COMMERCE.

TODAY'S BANK CLEARINGS.
