NEPHI.

NEPHI, UTAH, - - MAY 31, 1894.

First District Court.

The grand jury submitted their final report Tuesday, from which the following is culled: "We have been in session fourteen days, eleven on United States business and three on Territorial. Following is a summary of business transacted: United States indictments found, 18; Territorial indictments found, 18; United States case ignored, 1; Territorial cases ignored, 4; total number of cases considered, 37; number of witnesses examined, 154. The case of the United States vs James Lilley, bootlegging, was first ignored and subsequently reconsidered with new evidence, and an indictment found. The other ignored cases are as follows: People vs William Twelves, embezzlement; People vs Peter Greenhalch, obtaining goods under false pretenses; People vs J. N. Boyd, assault with intent to commit robbery; People vs A. Lostwirz, arson. We have visited the Juab county jail and the Juab county poor house. The jail we found to be well kept and in good condition, but we recommend that some protection be provided to prevent the passage of weapons or tools through the windows and into the cells.

The poor house we found neat and clean; we would suggest, if it is practicable, that the place be better ventilated."

The jurors received the thanks of the court and were excused.

Isaac Timbrel was tried and convicted of the charge of incest, committed with his niece, Stella Hall. He waived time for sentence, and was sent to the penitentiary for six years.

The case of Henry W. Hawley vs. Joseph S. Giles, to recover $10,100 for slander is on trial. Hawley is the sheriff of Millard county and Giles is the county clerk. Hawley in his complaint alleges that Giles falsely stated to members of the county court that he (Hawley) had collected license money, $27 from W. A. Hoe, and $5 from A. Hinckley, which had not been turned over. Giles admits making the statement, and claims that it is true.

John M. Zane represents plaintiff, and George Sutherland and Wm. H. King the defendant.

Short Orders.

Morsel Moulton et al vs Owen Moulton et al; report of receiver filed and accepted; $500 allowed receiver as compensation.

Territory of Utah vs A. O.Smoot Jr.; time to prepare and serve statement on motion for a new trial extended to June 15, 1894.

W. H. Smith vs National Bank of Commerce; defendant Elmer B. Jones granted to and including June 20,1894, to prepare and serve statement and file bill of exceptions,on a motion for a new trial.

EPHRAIM.

EPHRAIM, - - MAY 30, 1894.

Sanpete to Castle Valley.

Work is to be pushed on the new county road over the mountain from Sanpete to Castle Valley at once. In order that it may be used for the summer's travel. The snow has been too deep to permit having done anything this spring, but as there is only about six miles of new road to be made, it will not be long before the two counties roads will be connected. People will then be able to travel between the two valleys in about one third the time it takes to do so now.

A CROP OF PERIPATETICS.

Sanpete county is being overrun this spring with peddlers, auctioneers, show people, etc., and the town that can't boast of some such every week is not in the swim at all. The peddlers and auctioneers are all right so long they pay their bills and behave themselves, and the show people—well they give us entertainments; but the people who spend their hard-earned dollar for such things, are those who sign iron-clad notes when pools and dives are crowding on all sides, and our local merchants almost forced to close down because of outstanding accounts—what of them?

SCANDINAVIAN REUNION.

Already considerable preparation has been made for the territorial Scandinavian reunion to be held at Mt. Pleasant, June 16th and 17th. The people of Mt. Pleasant know how to entertain visitors, and all who come may expect to have a very enjoyable time.

S. V. R. R. WORK.

The repairing of the Sanpete Valley R. R. between here and Nephi has been going on for some time, and the boys say they will soon be through; then they expect to be put at work south of Manti building the track to the Sterling coal mines.

NOTES AND PERSONALS.

J. A. Anderson will step out as superintendent of the Ephraim Co-op. and Peter Greaves Jr. take his place June 1st.

Hans Rosen, of Ephraim, and Nora Frederiksen, late of Kimmeren, Grass Valley, were married last night. They expect to make their home here.

Fishing has been one of the chief sports for the young people this spring. Gunnison reservoir, Funk's lake and other private ponds are full of carp, chub and suckers as well as trout.

The Summer school at Manti promises to be a success in every particular. At the county teachers' Institute last Saturday it was unanimously decided to hold the Summer Institute at Manti during the session of the school.

At the home of the bride's parents last Friday evening, Chas. Jensen and Angeline Larsen, two of Ephraim's most popular young people, were married in wedlock. Several hundred of their relatives spent the evening with them feasting and dancing.

The Stake Sunday School conference will be held here next Saturday and Sunday. It is expected that the attendance will be large as it is the first in the history of the Stake.

Our local paper, the Ephraim Enterprise, is trying hard to make the people appreciate its value, but it can't be said that it receives the support a local paper should receive.

Can a Man do Better Than to Buy a "STEARNS!"

We made the bold statement, challenging contradiction, in last week's Tribune, that the Stearns Bicycle was the highest priced bicycle to the dealers—not the highest list—but to the dealers the highest priced bicycle in the world. Have any of the agents of other wheels accepted the challenge? Not one. They know that we have the proof. We know to a dollar what every wheel sold in this city costs, and whether long lists or short lists. We are giving the riders better value for their dollars in the

Stearns,
Fowler,
Gendron,
Waverly,

than is to be found elsewhere. In every race meet this year held under the auspices of the L. A. W., the "STEARNS" wheel has finished first, first, first. The first World's Record Broken this year fell to Nat Butler, and the "STEARNS" (special) 1½ pounds, namely, the Great Lancaster road race at Malden, Mass., before three thousand Massachusetts people, and the time is to 11 min. at 1 p.m., one hour, eleven minutes and twenty-eight and a fifth seconds, for twenty-five miles. Think of it, on the road. Did the "STEARNS" wood rims and leather wheels break down? I guess not.

Mr. N. A. Naylor bought Waverly Bicycles.

Mr. Thad Naylor bought No. 17 Gendron.

Mr. George Hirshvogel bought Alpine Eagle, and Hamilton Cotts bought Stearns special, 1½ lbs. All on Monday last.

"Grizzly" interest that the "Starling" was the only and fast wheel to be ridden up "Capitol Hill" is an error. A Cotts and Gendron were both ridden up to the top of Capitol Hill last year before the grading, which has been going on all winter, was done. On Tuesday Hamilton E. Cotts, 11 years old, rode the Stearns special, weighing 31½ pounds, gear 68, to the iron gate, Capitol grounds. Mr. Angell accompanied him on a Fowler geared to 60 inches.

Hardware is a good business. Try us for what you need and see if we don't make the goods move right. Garden hose, lawn sprinklers, lawn mowers, grass catchers, everything, we have the price and we want your money.

How about the Fowler?

Good wheel, good workmanship. Value for price in every purchase. Try them.

Mr. A. Fisher, Fisher Brewing Company, bought two Waverly Belles, one for his daughter and one for his niece. Mr. John Kelly, same company, bought one Waverly Belle for his daughter four weeks ago; last sale resulted from the first.

WESTERN HARDWARE COMPANY.
