PRICE OF GOLD.

Corrected daily by HOOPER, ELDREDGE & Co., Bankers.

SALT LAKE CITY, Feb. 28, 1871.

Buying at $1.08½; Selling at $1.11½.

LOCAL AND OTHER MATTERS.

THEATRE.—A good-size audience assembled to see the performance at the Theatre, last night. "The Lonely Man of the Ocean" was played with a vim and spirit and everybody seemed satisfied.

The farce went very lively, all the participants in the acting of it acquitting themselves creditably.

POLICE.—Ah. Garwitz was arrested yesterday for keeping a gambling house.

William Willson, alias "Wild Bill," was fined $15 for drunkenness and disturbing the peace, and $15 for indecency.

John Jenkins was mulcted in $10 for drunkenness and disturbing the peace.

C. Hobson for vagrancy was fined $15.

"FISH ALIVE O!"—A project by which the Salt Lake City market will be supplied more regularly and with a better variety of fish than ever it has been hitherto, is now on foot, and bids fair to be successful. A co-operative company is in process of formation for the artificial culture of this healthy and delicious article of food, with W. Woodruff, Esq., President, and A. M. Musser, Esq., Secretary. A. P. Rockwood, Esq., was busy this morning getting the names of those who desired to take stock in the scheme, and in the first hour obtained $800. The shares are twenty-five dollars each. Success to the enterprise!

CALL FOR THEM.—There are three letters at this office for Mrs. Elizabeth Beauchamp. Please call and get them.

THE SECOND CONCERT.—The demand for tickets for the Concert to-night has been so great, that many lovers and patrons of music have been unable to procure the tickets they desired; and they are, in consequence, considerably disappointed. To gratify them, and all who wish to hear what home musical talent can accomplish, with a moderate amount of training, the programme of to-night will be repeated in a second Concert to-morrow, Wednesday, evening, March 1st. Time of commencement, half past 7 o'clock.

HIGH COUNCIL.—The members of the High Council are requested to meet at the City Hall on Friday morning at 10 o'clock.

BORN.—Yesterday morning Mrs. Asenath A. Kiskaddon, of this city, was delivered of still born twin daughters.

LYNNE, WEBER CO.—Elder W. G. Stonehouse writes from Lynne, Weber Co., on the 22nd inst: "Things are moving along here all right, with the exception of that loathsome disease, small-pox, which is on the increase,—two more families have been taken down with it, all of whom caught it, directly or indirectly, at Mrs. Cordon's, the Farmer's Exchange; and I think the traveling public ought to be notified of the fact through your paper, that they may pass without stopping, and thereby prevent the spread of the direful disease.

VALUABLE SPECIMENS.—Mr. Thomas Morrell, Sen., of Logan, Cache Co., lately presented some beautiful specimens of silken fabrics, &c., to the Deseret Museum. They comprise articles of foreign and home manufacture and are of ancient and modern date.

"BANCROFT'S GUIDE."—We have received No. 20, of *Bancroft's Guide* for travellers by railway, stage and steam navigation, in the Pacific States, comprising routes and modes of travel, distances, fares, concise description of the principal towns, scenery, &c. Tourists' Guide to Yosemite, Tahoe, the Geysers and other noted resorts: through routes by the Pacific Railway to Chicago, St. Louis, &c.; ocean routes via Panama and Nicaragua to New York; alling land and ocean routes on the coast, &c., &c. The work is of great use to travellers, and is published monthly by A. L. Bancroft & Co., 721, Market St., San Francisco, California.

NOTICE.—The following notice has been sent with a request for publication:

NEW HARMONY, KANE, Co.,
February 16th, 1871.

Editor Deseret News:—Having been appointed to preside over a settlement to be formed at Panguitch, on the Sevier River, Piute county, I wish, through your columns, to inform those desirous of settling there that I wish them to meet me at Paragoonah (Red Creek) on or about the fourteenth (14) of next March, for the purpose of organizing preparatory to crossing the mountains.

GEORGE W. SEVY.

THE "FOOTLIGHTS."—This neat little Theatre programme, is printed to-day with a new heading, well designed and neatly cut. The enterprise of its editor and publisher, Mr. J. C. Graham, is praiseworthy and we do not doubt that the "Footlights" will become an established success.

THE CONCERT.—Professor Careless' concert comes off to-night, and promises to be a big affair. The programme is choice, and deserving of support; and there is every prospect of a bumper house.

ADVICE TO LABORING MINERS.—The Omaha *Herald*, of Saturday last, under the heading of "No Place for Laborers," offers the following wholesome advice to laboring miners who are thinking of coming to Utah:

"Utah is the center to which many are heedlessly rushing without thought or knowledge of the actual situation in that country, and from a better understanding of it than many possess, we deem it a duty we owe to the public to warn certain classes against going to that country.

Utah is unlike mining countries generally, for the reason that it is permanently well settled by a frugal, intelligent and industrious population. The Mormons are there by the tens of thousands. Those who want labor can get a plentiful home supply in the immediate vicinity of the silver diggers. That people are ready to sell their labor to all who want it, and it is a fact that the capitalists whose money is to develop what practical miners discover, can supply the present and future demand as low as wages rates. Men are now employed in the mines at $1 per day, *boarding themselves.*

It requires no argument beyond the statement of this bare fact to show that Utah is no place for people who think of going there to seek employment as laborers. All such should stay away."

"MERIT RECOGNIZED."—Speaking of the Sacramento *Bee*, under the above heading, the San Francisco *Figaro*, of the 23rd inst, says:

"The Sacramento *Bee* is certainly one of the most industriously edited papers in the State. It is a readable paper, well made up, and an excellent journal for the family. Our native candor and incurable disposition to recognize merit whenever we see it, compels us to say this, notwithstanding our conviction that the editor is a small-souled, malicious reptile."

A SHOOTING SCRAPE NEAR PIOCHE.—A few days ago Isaac Hinsman, the driver of a stage going to Pioche, when about twenty miles from that place, tried to eject from the vehicle a woman known as Mrs. Steele, said to be, or to have once been, his wife, when she drew a revolver and fired twice at Hinsman, inflicting, it is supposed, fatal wounds. She was lodged in the jail at Pioche.

BROKE HIS NECK.—The Gold Hill *News* of last Thursday, says that a young man, named George Daugherty, twenty-six years of age, a native of New York, was found dead that morning, beside a flume, used as a sidewalk, below the White House, in lower Gold Hill. It was supposed that he had stepped or slipped off the flume, receiving a blow in falling, which broke his neck and caused instant death.
