Dr. Blanchard's Journey.

Ogden Standard: Dr. A. H. Blanchard, for twenty years a practical dentist in Utah, has just returned to Ogden, after a two years' tour of the East and South. Dr. Blanchard left Ogden May 20, 1896, traveling east over the south of the Latter-day Saints. He has visited all the prominent battlefields south and north, and even went to the Dunkard Turning his trip he has traveled over 14,000 miles, and on an old mill-tired bicycle. His purpose is to write a book, "Ballads of our Battlefields," and he was to secure material for the same then the long trip was made. The book appeared in Ogden recently and will remain here some time. His expenses on the trip were paid by the practice of his profession.

Mrs. Jennings's Speech.

Mrs. Jennings of Utah is quoted in the Denver Post as giving the following speech in support of Mrs. Anna Dare Bond for president of the Federation of Women's clubs:

"No sectional questions should be considered. We are united. The South shall have all it can have. The West is not in politics. We are for one state, or one corner of the country. We want one candidate who represents all sections. If we elect a woman from the South you bring in a second space. Let Mrs. Bond of Maine, Vermont and Utah and others of the Western states have pledged their hearts and souls to the present vice president of the Federation. Mrs. Bond is a native of the South, is from the North, an Western woman of the Southern Rim, last and all the time! (Cheers.)

SALT LAKE CITY TAXES.

Council Committee on Finance Recommends That it be Seven Mills.

ACTION DEFERRED UNTIL FRIDAY NIGHT.

Curfew Ordinance Passed by a Vote of 11 to 3—To Designate the Board of Public Works.

The City Council at its regular meeting last night fixed the tax levy for Salt Lake City, which is seven mills on the dollar, and passed the curfew ordinance. The tax levy came up on a report of the finance committee which recommended the passage of an ordinance fixing the tax rate for the ensuing year. The bills on the docket proved as follows: For maintenance of schools 6 mills; for contingent water supply, 1 mill; for maintenance and repairing of streets and sidewalks, 3½ mills; for interest on bonded debt, 2 mills; for sinking fund, 1 mill; for maintenance and repairing of sewers and sidewalks, 1½ mills; for maintenance of the public parks, 1 mill; for maintenance of the public poorhouse, ½ mill.

Mayor Baskin said that he was satisfied of savings and reproductions for the ensuing fiscal year of following:

Revenue—
Taxes, 7 mills on $20,000,000 ..... $140,000
License, merchants' and peddlers' 20,000
Water rents 20,000
Miscellaneous 20,000
Total $200,000

Expenditures—
Statutory, improvements and salaries $100,000
Interest 40,000
Library 10,000
Total $150,000

On motion of Councilman Calderwood the finance committee was given further time in which to report, at which time it will be made the order of a special meeting.

The curfew ordinance introduced by Councilman Dorn was then called up by the professionals, and after considerable discussion passed by a vote of 11 to 3. Those voting in the negative were Howe, Bennett and Porter.

BOARD OF PUBLIC WORKS.

President Brown introduced the following ordinance:

Whereas, The taxpayers of Salt Lake City are overburdened by many taxes; and

Whereas, The members of the board of public works are receiving the following salaries: President, $1,500 per year; each of the other members of the board at $1,200 per annum and $1,800 for the chairman, acting in the city of $1,800 per year; therefore, be it

Resolved, That the Mayor be and is hereby requested in the interest of economy and to relieve the taxpayers of quite weeks, either by recommending the present official members thereof or by appointing others in their places.

On motion the resolution was laid over for one week.

Considerable talk was had on a resolution introduced by Chairman Walton of the finance committee authorizing the Treasurer to transfer the balance of the sinking fund account with the Utah Commercial and Savings bank at the expiration of the present fiscal year to current expenses. It was estimated that from $10,000 to $20,000 would be needed for current expenses.

Robertson gave it as his opinion that the money could be procured at a lower rate of interest. Finally the resolution went over for one week.

Councilman Allen called up an ordinance creating a board of equalization of water rates. The rates were suspended and the ordinance passed. The board will meet every second Monday in August and continue in session not later than the Fourth Monday in September.

The committee on irrigation reported favorably on the petition of Lowenstein and others in regard to placing a drain drain at Fifth South and West Temple streets.

Councilman Marquardt's resolution providing for the purchase of city supplies on the first Tuesday of July 5th, was adopted.

A resolution was offered by Councilman Dorn providing for the appointment of a committee to the National Municipal League to meet in Salt Lake. Councilman Robertson was placed in charge of the resolution and forward it to the local committee in Washington. The House committee reported against granting the request of Auditor Bean for additional help in his office. Councilman Allen also introduced an ordinance allowing Mr. Bean a clerk at $3 per month. Councilman Patrick's ordinance fixing the salary at $5 per month was lost and Allen's motion carried.

The committee on public grounds reported in favor of referring the alleged Deseret Agricultural and Manufacturing society's claim to the Utah Territorial ward claims to the Legislature at the next session of that body. Mr. Backle introduced a resolution in favor of the chief of police to remove the stalls at once, but the report was adopted.

Mr. Backle also introduced a resolution that the chief of police be allowed to purchase part of lot 5, block 10, plat A, now owned by the Salt Lake City Rifles, and referred to the committee on public grounds. Joseph A. Robertson asked permission to withdraw his resolution in regard to the Rio Grande Western and Union Pacific depots, with an amendment, which he offered, and substitute a bill of his. Referred to the committee on public grounds.

A. M. T. Bolton, superintendent of streets and irrigation, in compliance with a resolution of Councilman Dorn, presented at the last meeting, submitted a report showing that street boxes have been placed in the 5th ward. He pointed out the lots to which each one belongs, and gave the cost of replacing the 300 and gave the cost of replacing the 300 and gave the cost of replacing the 300
