Weather Forecast for July.

The chief of the weather bureau draws the publication of the following data, compiled from the records of observations for the month of July taken at this station for a period of twenty years.

It is believed that the facts thus set forth will prove of interest to the public, as well as the special student, showing as they do the average and extreme conditions of the more important meteorological elements and the range within which weather variations are to be expected in every among any corresponding month.

TEMPERATURE.

Mean or normal temperature, 78 degrees. The warmest July was that of 1893, with an average of 79 degrees; the coldest July was that of 1892, with an average of 75 degrees; the highest temperature recorded during the month was 102 degrees on July 10th, 1893, the lowest temperature recorded was 47 degrees on July 15th, 1892.

PRECIPITATION (RAIN AND MELTED SNOW).

Average for the month, 0.92 inches; average number of days with .01 or more inch of rain, 3; the greatest monthly precipitation was 2.42 inches in 1872, the least monthly precipitation was trace in 1891 and 1892; the greatest amount of precipitation recorded in any 24 consecutive hours was .57 inches on July 17-18, 1893.

CLOUDS AND WEATHER.

Average number of cloudless days, 17, average number of partly cloudy days, 12, average number of cloudy days, 2.

WIND.

The prevailing winds have been from the southwest; the highest velocity of the wind during any July was 45 miles on July 19th, 1893.

GEO. N. SALISBURY,
Observer Weather Bureau.

Marlboro Make Conference.

Silver Reserve Above.

The fifty-sixth quarterly conference of the Marlboro Stake of the Church of Jesus Christ of Latter-day Saints convened at Mona, June 17th and 18th, holding two meetings each day. The Saints turned out en masse, and were richly repaid therefor, as the spirit of truth was poured out abundantly, in response to their prayers and faith in our great and glorious Gospel. The people of the Mona ward show the results of the people being taught to thine past and that they are waking up to the sense of the times and trying more earnestly to live up to the principles and blessings of their religion than ever before.

Considerable consecration was exercised among those who generally are permitted to retain their seats, by our new President, Orlando R. Miles, evincing such an spirit as calling on those who least expected or desired the privilege of speaking. Powerful testimonies were, however, borne and much good, lasting both in and out, resulted. The General Authorities of the Church and all the Stake officers were sustained by the people with a unanimous vote.

Credit is due Brother Nephi J. Bates, lately of Manti, Utah, for the skillful manner in which he handled our choir, dispensing sweet music.

After a short time together the conference adjourned for three months, feeling well and thanking God for the good time had together.

GEO. PARRY, Clerk.

FROM BEAR LAKE.

A Load of "Mallet" for Cache Valley —Preston Visited—Garden City Notes.

Regular Correspondence.

GARDEN CITY, Rich Co., Utah, June 24.—Your correspondent has just returned from a trip to Cache Valley, for which he started with team and wagon and a small load of Bear Lake "mallet." The journey was not without its woes and aggravations but I arrived at Logan at last and sold all the "mallet," though at astonishingly low figures—at figures to suit the purchasers.

On Sunday morning I took the eight o'clock train for Preston, Oneida county, Idaho, where I was made welcome at the parlors of the kind hospitality of Brother W. L. Young and family, enjoying a good time. Although Preston seems to be blessed with an overabundance of fresh, cool mountain streams, yet it is by no means an unpleasant spot. The place will soon become a veritable garden. Here is a nourishing county, as far as the eye can reach, and filled with little towns and villages, and green fields of grain which look splendid. There are thousands of acres of fine land yet to be brought under cultivation.

Judging from all appearances the people of Preston must be living their religion, if one may judge from the attendance at the church school and meetings. Nearly fifty teachers were in first school attend the morning Sunday morning, all always, and of the Sunday school. Would it were so everywhere.

On the 23d I arrived home O. K.

FRIDAY, JUNE 22, was a busy day for the district school. It being the day of the school year, the principal, Mr. John M. Bragstad, had the children active in various literary exercises, and some of the older boys were assigned as actors, carrying scenes. In the morning they went through their the calling exercises, and in the afternoon members in double file, headed by the teacher, to the grove in the lake shore, where all enjoyed themselves in running foot races, sack races, etc., the successful getting candy, which had to pay their share of their luck. In the evening they repaired to the meeting house where they enjoyed themselves in the dance, singing, recitations, dialogues, etc., were well received by some of the wee tiny ones. It was a pleasant affair and will be long remembered by the older ones. It is such in our brother Bragstad for the place to leave with the little ones.

I'm asking if some other kind of a melody has fed to be way to our long sense and gave a standard, and minutes are coming quite about the week, etc.

The carrying of the U. S. mail between Bear Lake and Montpelier will change hands on July 1st, Mr. Mathew Allred of Paris, Idaho, was the successful bid for coming four years. We are no longer than the average on July 1st will be a headlong to be a wonderful Minnesota—Golden City, with a boost three cents from we have had for the past years. Mr. Allred expects to be gone a little longer than a month and some business will run a stage in conjunction with the mail, for in anything to travel through the counties of Rich and Bear Lake, either on business or pleasure.

The July 4th celebration of the Bear Lake settlements will be held at Lake Town. A meeting was held and committees and sub-committees appointed and arrangements are laid to have a good time.

Respectfully, Y. Kitty.

Washington Logs to Go to France.

A solution has arisen with the Logs here and the trouble of which the Washington state building at the World's Fair was constructed will all out of the hands of Chicago some time during May. Its destination will be either Havre or Cherbourg, France. The Washington state building was one of the gems in the building at the fair. Many of the timbers in the building are 3 feet square and 100 feet long. It is the intention of those who purchased the building to set it up in France exactly as it stood in the World's Fair grounds.—Chicago Herald.

SUPPORT HOME INDUSTRY.

THESE ARE THE PEOPLE WHO SELL HOME MADE GOODS

THEY BUILD UP UTAH and are entitled to the support of the people. By dealing with the merchants who give preference to the sale of Home Made goods, you help the Home Industry cause. You help to give employment to worthy people, you help to keep money at home, which circulates in our midst and you get back a part of that money again in your business or profession. Keep this in mind; every dollar expended for Utah made goods, means more employment for home labor; every dollar expended for goods manufactured elsewhere, means employment for somebody living elsewhere, and whose interests are generally not with us. "Charity begins at home." This is a time for both common sense and patriotism.

When you wish to buy anything be sure to look over the following list before making your purchase:

JOHN C. CUTLER & BRO.,
