

## IN CASE OF FIRE AT THE THEATER.

Improvements That Have Reduced  
The Danger to the Very  
Minimum.

### AN INTERESTING TEST MADE.

Fire Department Makes Splendid Run  
—In Building One Minute After  
Alarm Was Sounded.

It was demonstrated beyond any question of doubt yesterday afternoon that, in the event of a fire at the Salt Lake Theater, the fire department of Salt Lake City is competent, with equipment and the rapid service of the men, assisted by the fire brigade of the house, to handle a blaze and rescue patrons from danger.

Supposing that, during a performance, a fire should break out in some part of the house, some employee would press a button and the big gong at first headquarters would clang a warning. The horses would rush under the larnes, the drivers would be on their seats, and within a minute, or a second or two over, or perhaps less, a steamer, a hose wagon, a chemical and a big aerial truck would be stationed at various points around the theater, ladders would be erected at the windows, and lines of hose would be on the stage, in the flies and at the exits. At the same time the asbestos curtain would be lowered by the fire boys of the house, and the vent in the roof would be closed by throwing open so that the draught would allow the flames to rush up and out of the building. This is not all.

Upon the sounding of the alarm, the fire department would go rapidly to the exits and throw the doors wide open.

With the new stand pipes and other improvements on the stage, and with two regular firemen on hand, as is always the case, the roof flies could be flooded with water in a few seconds.

All this, with the exception of the fire and the water and the audience, was put to a practical test yesterday afternoon about 3:30 o'clock. The drill, while being pre-arranged, was not expected by the firemen. It was understood between Chief Bywater and Manager Byner of the Theater, the firemen and several invited persons, that the test was to be made. At the appointed time, the box alarm was turned in "Box 7, Salt Lake Theater, boys!" called the captain at headquarters.

In 50 seconds after the gong sounded, the apparatus mentioned above was on the scene, and lines of hose were being connected with the steamer and were on the stage and in the flies. The big truck was in front of the theater and a ladder was raised to the second story, and three or four spectators descended to the ground.

While all this was going on, the theater fire brigade was showing what it could do. At a signal the great air shaft in the roof was thrown open, and the fire-proof curtain was lowered, with the air suction, all drawing away from the auditorium part of the house.

In three minutes and fifteen seconds, according to Chief Bywater's statement, No. 2 apparatus was on the scene, and the chemical, all ready for "business," was at the rear of the playhouse.

Among those who witnessed the exhibition were Presidents Joseph P. Smith, John R. Winder and Anthony H. Lund, and Directors John Henry Smith, Charles S. Burton and Judge E. A. Smith. There were also a number of other persons present, who had been invited by Manager George Pyper. The latter took the visitors from the stage to the topmost and intervening galleries, through the new openings and up and down the great stairways recently erected as a fire precaution, on the east and west sides of the theater, which form about as large and convenient exits as possible.

With the improvements that have been made during the summer season, it is believed that the Theater has now

## HOME BEAUTY IS HOME COMFORT. THAT'S TREE TEA.

Honest TEA DEALER.

been made one of the safest in the country, and with the splendid work on the part of the employees and the regular fire department, there is little reason to expect a serious blaze or one at all. And in the event of a fire, there is no reason why a panic should be precipitated, if the public will try to remember the precautions that have been taken to guard their welfare.

When the apparatus drove up in front of the building yesterday afternoon, many persons thought the place was on fire, and there was a rush for the Theater. Some excited people started the rumor that a machine was in progress, and the excitement was added to when several persons were seen coming down the ladder.

Chief Bywater was greatly pleased with the showing made, especially as the men knew nothing about it, and he believes that the time can be beaten.

### JUMPED HIS BOARD BILL.

Because of This C. H. Morris Was Arrested This Morning.

At the request of Justice of the Peace C. C. Kizer of Milford, Deputy Sheriffs Cowan and Smith this morning arrested C. H. Morris at the Rio Grande depot and landed him in jail, where he will await the arrival of a Milford official, when he will be taken back to stand trial upon the charge of beating his board bill. It is alleged that Morris secured board and lodging for about a week at a boarding house in Milford, and then skipped out with his baggage without paying for his board.

### NEW CORPORATIONS.

One an Irrigation Concern and Another an Amusement Company.

Two new corporations filed copies of their articles of incorporation in the secretary of state's office today. The Middle Chalk Creek Irrigation company of Coalville, capital \$4,500, divided into shares of the par value of \$10 each. W. B. Chappell is president, T. J. Lewis, secretary and treasurer.

The Bear River City Opera House company of Bear River City, Boxelder county, capitalized at \$5,000, representing shares of the par value of \$5 each. L. F. Johnson is president, David Holmgren, vice president; H. J. Hanson, treasurer; Hylum Anderson, secretary.

### DONATION TO LIBRARY.

Wm. J. Robinson Presents 300 Volumes To Latter-day Saints University.

Mr. Wm. J. Robinson of this city has donated to the library of the L. D. S. university 300 volumes of school and college books on the English language, and literature, mathematics, history and geography. This collection acquired by Mr. Robinson for his own use during the past 12 years will be of direct service to the high school and college classes as supplementary books to the subjects represented. The books are all in fine condition, mostly new and not even shelf-worn. President Joseph F. Smith was gratified at this thoughtful generosity of the donor, who was an early schoolmate of the professor. In addition to these books of the high school class of textbooks, Mr. Robinson has also placed at the disposal of the school for supplementary class use in first year, preparatory and training school work, about 30 volumes of common school textbooks on English and reading. The books will shortly be placed on the shelves of the working library, and will represent a real addition to the collections already there.

### POSTOFFICE DOORS.

Government Objects Only to the Expense of Changing Them.

In response to a letter from City Building Inspector Lewis in regard to changing the doors at the postoffice so that they will swing outward instead of inward and thus comply with the ordinances of the city, Postmaster Thomas today sent to Mr. Lewis a letter received by him from the acting first assistant postmaster general at Washington in which he said that the department had no objections to the doors being changed provided Mr. Lewis, the owner of the building, stood the expense. The letter is signed by J. J. Howey, acting first assistant postmaster general, and the last paragraph states the situation in so far as the department is concerned in the following language:

"So far as the department is concerned it is of no material importance whether the doors of the postoffice swing in or out. It considers that Mr. Dooley, the owner of the building, has full authority to change the doors of the building without specific instructions from the department. There is no objection, however, to having the building regulations complied with and in fact the department prefers that they be complied with and you may so inform Mr. Dooley. It must be understood, however, that if the changes are made the expense will be borne by Mr. Dooley."

### WHOLESALE STEALING.

Merchandise Taken from Wrecked Train on Northern Pacific.

Missoula, Mont., Oct. 20.—By the arrest of three railroad men in this city today it developed that a wholesale theft of merchandise occurred during the recent derailed wreck on the Northern Pacific road at Big Bend, near Garrison. The officials of the company state that great quantities of goods

## TEA

The cost of good tea is so very little: only a third of a cent a cup! a cent and a-half or two cents for the family brew!

In every package of Sullings' Best Tea is a Luncheon Box To Make Good Tea.

were stolen, not only from the wrecked cars, but unharmed cars as well were broken open, covering a wide range of valuable articles. Members of the various section gangs of that portion of the division are all under suspicion, and a score or more have already been arrested or are being sought.

### WRECK ON S. P.

Train Derailed, Cars Going Into Truckee River.

Sacramento, Cal., Oct. 20.—A freight train was wrecked today near Calistoga, four miles west of Verdi, near the California line. Twenty loaded cars were derailed, 18 of them being precipitated into the Truckee river. Two tramps whose names are not known were seriously injured. They were standing a ride when the wreck occurred. The wreck is said to have been caused by the breaking of a wheel under one of the cars.

### ATTACK ON PANAMA.

Colombians Said to Contemplate One on Nov. 3.

Cotán, Oct. 20.—There is a rumor current here that a large body of armed Colombians has been concentrated near Culebra with the intention of making an attack there on Nov. 3, the first anniversary of the secession of Panama from Colombia. The canal zone authorities are investigating the report, though not much importance is attached to the rumor, the origin of which is attributed to malcontents.

### COLORADO BAPTISTS.

They Want Senator Smoot Expelled from the Senate.

Pueblo, Colo., Oct. 20.—The annual convention of the Baptist ministers of Colorado today discussed the "Mormon" question and adopted the following resolutions: "Resolved, That the Colorado Baptist state convention do all in its power to urge upon the senatorial committee now investigating the Smoot case to make every endeavor to bring to light the entire facts in the case looking to his expulsion from the senate."

"Resolved, That the Colorado Baptist state convention urge upon the Congress of the United States to make an amendment to the Constitution that will effectually suppress the crime of polygamy in any part of this country in which it is now being practiced."

### ENGINEER LEE.

Sentenced to Four Years' Hard Labor in Mexico for a Wreck.

Denver, Colo., Oct. 20.—Police Capt. Frank Lee received information that his brother, Timothy J. Lee, the American locomotive engineer who has been held in prison at Zacatecas, Mex., since the first of last May, has been found guilty of responsibility for the wrecking of a train which he was pulling and has been sentenced to hard labor in the salt mines for four years. United States Senator Thomas M. Patterson will continue his efforts to have the state department at Washington interfere in the unfortunate man's behalf. Engineer Lee was seriously injured in the accident for which he was imprisoned.

### MARINES ON THE ISTHMUS.

Will be Retained There for Any Emergency.

Washington, Oct. 20.—American marines will be retained on the Isthmus of Panama for the present, prepared to meet any emergency which may arise as the result of the disgruntled elements in the new republic. This decision was reached today and orders have been issued for a new battalion of marines to go to the isthmus about Nov. 15 to relieve the battalion which has been there for a year. The new battalion will be commanded by Lieut. Col. Thomas Wood.

That the situation on the isthmus is still not all that could be desired is the news which came to Washington today in a personal letter from an official now in Panama. While the Panama government is entirely loyal, it seems that there are certain disgruntled elements in the isthmus, and in view of the ease with which revolutions are started in Central and South America it is the official opinion here that the marines should remain there for the present.

It is hoped that the mission of Secy. Taft will have a far-reaching effect in bringing all elements on the isthmus into harmonious accord with this government's policy.

## Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of Heart Trouble are: Pain in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.

Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good.

If it doesn't—your money back.

I was afflicted with heart trouble for three years. I could be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I would be attacked, and whether I would survive them. I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which completely cured me, and I have had an attack for five years.—MRS. JOHN DRESBACK, Leipsic, O.

BISHOP SANTA ANNA CASTO.  
Whose Funeral Took Place at Big Cottonwood Yesterday—Something of His Useful Career.

At the Big Cottonwood ward assembly room yesterday afternoon funeral services were held over the remains of Bishop Santa Anna Casto. Bishop Casto was well and favorably known throughout this county, and many friends from the surrounding wards and stakes came to pay their last respects to the departed. The casket was literally covered with beautiful flowers. The house was filled to its capacity, many being unable to obtain seats.

The services were conducted by Milo Andrews of the ward bishopric. The following selections were beautifully rendered by the ward choir under the leadership of Elder James Neilson: "Weep not for the earthly dead," "Mourn not the dead who peaceful lay," "O My Father" and "Providence Is Over All." The speakers were all old friends of the deceased, and deeply sympathized with the bereaved in their hour of trial.

Bishop David H. Brinton, Bishop John Neff of East Mill Creek ward, Patriarch William Casper and Counselor Milo Andrews, spoke, all paying a glowing tribute to the useful life of the departed and his integrity and sterling character.

Elders Frank Y. Taylor and John M. Cannon of the presidency of the Granite stake and Elder Joseph E. Taylor of the presidency of the old Salt Lake stake, related their experience with the departed in ecclesiastical life. The remarks were all highly eulogistic of the deceased, giving comfort and encouragement to the bereaved. Bishop James Jensen of Forest Dale ward offered the opening prayer, while benediction was pronounced by Patriarch William Taylor.

At the conclusion of the services a large funeral cortege proceeded to the ward cemetery, where Elder John Sutherland dedicated the grave, and all that was mortal of Bishop Casto was covered with a mantle of earth, upon which was spread the floral emblems before mentioned.

Bishop Casto was born in Kane county, Ia., May 7, 1856, while his parents were in route to Utah, having been driven from Nauvoo. His father served in the Mormon battalion. They settled at Big Cottonwood in 1881, and he has been a resident here ever since. He has always been firm in the Gospel and has shown by example and precept that he had a firm conviction of its truth. He served 23 years as a Bishop's counselor and four years as Bishop. While only 54 years of age, he has been quite feeble for some time, owing largely to hard work and exposure while in the public service, covering a period of 16 years, regulating and distributing water for irrigation purposes. Of the family, his wife, three sons and two daughters survive him, one son being absent on a mission in the Northern States.

### CHURCH NOTICES

A conference of the Elders residing in the Jordan stake will be held at West Jordan ward house Sunday, Oct. 23, at 10 a. m. and 2 p. m. All the Elders are cordially invited. The presidencies and secretaries of the various quorums are especially requested to be present at the morning session. NIELS LIND, Clerk of Stake.

The regular monthly meeting of the officers of the Y. L. M. I. A. of Liberty stake will be held in the Second ward meetinghouse, Monday, Oct. 24, at 7:30 p. m.

LYOTIE B. BAXTER, Pres. MYRTLE CARTWRIGHT, Sec.

The regular quarterly conference of the Liberty Stake will be held on Sunday, Oct. 23, at 10 a. m. in the Assembly Hall and 2 p. m. in the Tabernacle. All the Saints residing in said stake are earnestly requested to be present, especially at the morning session.

ARNOLD H. SCHULTHEISS, PHILIP S. MAYCOCK.

The Ensign stake Primary conference will be held Saturday, Oct. 29, at 10 a. m. in the Twentieth ward meetinghouse. All interested are cordially invited.

MARY T. SMITH, MARY A. TUDENHAM, CATHERINE WELLS.

The regular monthly meeting of the officers of the Y. L. M. I. A. of Liberty stake will be held in the Second ward meetinghouse, Monday, Oct. 24, at 7:30 p. m.

LYOTIE B. BAXTER, Pres. MYRTLE CARTWRIGHT, Sec.

Miss Rose Hennessy, well known as

a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have been so blessedly helped through the use of Lydia E. Pinkham's Vegetable Compound that I feel it but just to acknowledge it, hoping that it may help some other woman suffering as I did. For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well."

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nona HENNESSY, 410 S. Broadway, Lexington, Ky.

The experience and testimony of some of the most noted women of America go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will correct all such trouble and at once, by removing the cause, and restoring the organs to a normal and healthy condition.

"DEAR MRS. PINKHAM:—About two years ago I consulted a physician about my health which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month. The physician prescribed for me, but I soon discovered that he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked."

"You cannot realize how pleased I was, and after taking the medicine for only three months, I found that I was completely cured of my trouble, and have been well and hearty ever since, and no more fear the monthly period, as it now passes without pain to me. Yours very truly, Miss PEARL ACRELS, 327 North Summer St., Nashville, Tenn."

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound and write Mrs. Pinkham at Lynn, Mass., for special advice. Her advice is free and helpful. Write to-day. Delay may be fatal.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

EVERYTHING IN HARDWARE 42-44-46 W. 2<sup>ND</sup> SO. ST.

## The Duties of Underwear

The superiority of Wright's Health Underwear is founded upon hard common sense. Your skin must breathe the same as your lungs—your pores must have fresh air as well as your nostrils. You couldn't be healthy if you lived without ventilation. You can't be healthy if you live in underclothes that don't give your skin air to breathe. Ordinary underwear tightly worn, and lies close to the skin. The pores breathe through it with great difficulty.

## Wright's HEALTH UNDERWEAR

is built on a different plan. Inside it is a fleece made up of myriads of tiny loops of wool. This fleece holds air, ventilating the skin and allowing the pores to breathe freely and easily. Result—healthy skin—healthy body—no chills—no sticky feeling. With all this stands the fact that Wright's Health Underwear costs no more than ordinary underwear. At dealers. Try book "Dressing for Health" tells the story fully. Sent free.

WRIGHT'S HEALTH UNDERWEAR CO., 75 Franklin St., New York.
