Utah—A. D. Gash, A. J. Evans, John Jones.

A. W. McCune was unanimously endorsed for a national committeeman from Utah and his name will accordingly be presented at Chicago.

Vacation Railway Rates.

A round-trip rate of $30 from Utah common points in Omaha, Council Bluffs, Sioux City, St. Joe and Kansas City has been announced by the Union Pacific. September 5th has been named as the time limit and the low rate is more particularly to accommodate school teachers but will be extended to all persons desiring to take advantage thereof. The Rio Grande Western also announces a rate of one single fare for the round trip from all points in Utah to the Missouri river, tickets to be sold June 17 and 18, for continuous passage each way and to be limited to September 5th.

At St. Olivet.

The Woodmen of the World met at their lodge room in the Odd Fellows' building yesterday afternoon and, headed by a portion of the Deseret band, proceeded to St. Olivet cemetery, where a beautiful monument which has been erected over the grave of Lester H. Graves was unveiled with impressive ceremony. An address was delivered by Mr. John F. Messick, who was listened to with every attention by the large number of people present.

Mrs. Church's Long Walk.

An Oakland dispatch to the San Francisco Chronicle of Friday says: A woman who has walked here from Salt Lake City in search of John Henry Church, and is now on her way to Monterey, reached Fruitvale in a deplorable condition a day or so ago. The shoes were tied upon her feet and she appeared to be greatly exhausted. She claims that she is one of Church's numerous wives and wants him to support her.

Earthquake Tremor.

A report comes from Gunnison, Sanpete county, to the effect that an earthquake tremor was felt at that place on Saturday night at 10:30. The rumbling is said to have been very distinct. Buildings were shaken and people somewhat frightened but no damage was done.

AMUSEMENTS.

Tonight and tomorrow night the Hopkins Trans-Oceanics will be seen at the Theater. This company comes well recommended and contains a number of high salaried artists including the little midgets—The Hossow Bros.—who are only about two feet high and weighing 16½ and 22 pounds respectively.

Camille will be produced at the Grand tonight and tomorrow night for the benefit of the Midsummer carnival. It is the intention to have the two contestants for queen of the carnival who are now in the lead on the stage. It is now expected that Governor Wells and staff will be present.

The Lyceum will present tonight the double bill consisting of an olio and the farce of the Strange Family interspersed with dancing, singing, etc.

The sale of seats for the Rhea engagement opened at the box office this morning. Considerable interest is being manifested in the production of Josephine, Empress of the French and Nell Gwynne by Mlle Rhea & Company.

Associate Justice Field.

Judge Field of the United States Supreme Court arrived in his private car Mascotte over the Union Pacific yesterday. The distinguished jurist is on his way to California and is accompanied by Mrs. Field and her sister, Mrs. Cordil Smith. Judge Field goes to the mud springs of San Luis Obispo county for his health and will remain there three or four months in the hope of beneficial results. Yesterday afternoon the distinguished party went to Saltair accompanied by Judge Merritt and left for the coast today over the Rio Grande Western.

Home From Australia.

Elder Robert H. Reilly of Fairview, Oneida county, Idaho, made a pleasant call at the News office Saturday and reported his return home from the missionary field. It has been Elder Reilly's lot to have spent nearly two years and a half in the district of Queensland, Australia, for which place he left this city on Nov. 21, 1893. The natives, he says, are at present in a splendid condition and the Elders laboring there are doing a good work. In Compaera, a suburb of Brisbane, there are now about sixty Church members, most of whom are laboring faithfully in behalf of the spread of the Gospel. Elder Reilly has had excellent health while absent from home and his labors in the ministry have been a source of joy and happiness to him.

Baccalaureate Sermon.

The Rev. H. B. Hoolman of the First Baptist church delivered the baccalaureate sermon to the graduates of the University of Utah at the Assembly Hall last evening. The audience was a large and attentive one. The sermon was the Relation of Religion to Life.

Agricultural College Notes.

President Paul was recently sued by the students. "And the other poor fellows got sore."

Dr. E. W. Allen, special inspector from the department of agriculture at Washington, has just visited the college in the interest of experiment station work.

The board of trustees met Saturday, to complete the appointment of professors, fix salaries and transact other business relevant to the closing of the year.

The incoming president, J. M. Tanner, has paid the college several visits, appointing committees to revise courses of study and prepare the annual catalogue.

Prof. A. A. Mills, for six years connected with the work in agriculture, is about to establish a creamery in his native town and abandon the educational field.

Different styles of eloquence are getting ready for impromptu relief, under sudden and unexpected importunes, at the students' banquet Tuesday and the Alumni banquet on Wednesday.

Prof. L. S. Richman, for the same time in charge of the horticultural department, goes soon to his fine fruit farm at Fullerton, California. His oranges and English walnuts are good, judging from the samples passed around among his colleagues.

The venerable father of Lieut. Styer is here on a visit from the Keystone state. The Lieutenant and his accomplished wife recently celebrated their "wooden anniversary." This is the first time anything "wooden" has been detected about the military department.

Commencement exercises occur on Wednesday, June 10, when nine will graduate, three from the agricultural course, two from the engineering course and two from the commercial course. The assembly rooms are echoing with oratory—overloaping for that occasion.

The experiment station is soon to be under the control of Professor John W. Hendrix, for many years professor of agriculture in the Pennsylvania State college, and more recently president of the agricultural and mechanical college at Pullman, Washington. He is a vigorous young man, from whom much is expected.

Teachers' Examination.

An examination of teachers for the public schools of Salt Lake county will be held in the University building on Monday, June 15, beginning at 8:30 o'clock.

OSCAR VAN COTT,
County Superintendent.

Beecham's pills are for biliousness, bilious headache, dyspepsia, heartburn, torpid liver, dizziness, sick headache, bad taste in the mouth, coated tongue, loss of appetite, sallow skin, etc., when caused by constipation; and constipation is the most frequent cause of all of them.

OPINIONS OF OUR LEADING MEN.

President Angus M. Cannon says of the Keeley treatment.

"I thought it impossible for one man to do what Dr. Keeley has done scientifically in counteracting the terrible evils of intemperance. His treatment strengthens men physically, mentally and morally. Under these circumstances they are given another opportunity to become men amongst men. Is there a man who loves his fellow beings that can fail to say: I view Dr. Keeley as engaged in a most commendable work? I trust his good work may continue."

ANGUS M. CANNON,
President Salt Lake Stake.

A Remarkable Cure for Rheumatism.
WESTMINSTER, Cal., March 21, 1894. —Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that, as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store, I sent for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS. For sale by druggists.

Having used Chamberlain's Cough Remedy in my family and found it to be a first class article, I take pleasure in recommending it to my friends. J. V. FOSTER, Westport, Cal. For sale by druggists.

Some time ago I was taken sick with a cramp in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. STRICKLAN, Valley Center, Cal. For sale by druggists.
