THE NEW JUSTICE.

Will Take the Oath of Office on the First Spring Term Day.

IMPORTANT CASES PENDING.

New York Without Representation in the Court for the First Time Since 1806.

WASHINGTON, D. C., Feb. 20.—Judge White, the new member of the United States Supreme court, will be sworn in March 5th, that being the first day of the spring term. He will at once be called upon to take part in the consideration of more important litigation than has greeted a new justice in many years. For many weeks the court has been unusually crowded with briefs, and in the meantime the docket cases have been set for hearing as soon as the new justice shall take his place on the bench. These cases were finally set for March 5th in the hope that the application and difficulties might be made by then.

The records of the supreme court show that the session of January 1806 marked New York state without representative in the court, for the first time since 1800, the only exception since the court was established. The last representative from New York was Judge John Jay (chief justice), 1789 to 1795; Brockholst Livingston, 1806 to 1823; Smith Thompson, 1823 to 1843; Samuel Nelson, 1845 to 1872; Ward Hunt, 1872 to 1882; Samuel Blatchford, 1882 to 1893.

The justices and officials of the supreme court are especially gratified at the choice of Justice White. He was much among them, and their wishes expressed so far back as the rejection of Hornblower that the Louisiana senator would be chosen.

A Successful Trick.

ITHACA, N. Y., Feb. 21.—As a supplement to the regular annual class rush between the Freshmen and Sophomores of Cornell, the Sophomores performed a dashing and successful trick by capturing a bicycle gun in the morning and when the Freshmen were holding their target. Several Freshmen were carried out insensible from the fumes. A corps of physicians were summoned, and prompt efforts made to resuscitate the asphyxiated victims by the application of ammonia and stimulants.

The Freshmen are wild with rage, and the rushes have been suspended. Several students were very excited, and others almost wild with pain. The bad men present of the police, who are searching the corridors and side rooms in fact the source of the gas.

Harvard Athletic Reforms.

CAMBRIDGE, Mass., Feb. 21.—In his annual report President Eliot attacks abuses in college sports, and suggests the following changes:

First—That there should be no freshmen in inter-collegiate contests nor crews.

Second—No games, inter-collegiate or other, but college games, should be played on any college fields, belonging to one of the competing colleges, or in a college town.

Third—No professional athletic should take part in any inter-collegiate contest.

Fourth—No student should be a member of the university team or crew in more than one sport within the same year.

Fifth—No football should be played until the rules are so amended as to diminish the number and violence of collisions between the players and provide for the enforcement of the rules.

Sixth—Inter-collegiate contests in any one sport should not take place oftener than every other year.

THE LADIES AND THE CHINESE.

Fear that the Former Will Be Coolness Insted in Church.

CHICAGO, Feb. 21.—The fear that the young lady teachers who instruct Chinamen in the Sunday schools will be injured by association with the celestials has caused serious trouble in an aristocratic Presbyterian church. In opposition to the school which the church has established, some gentlemen of the congregation have formed an anti-Chinese Sunday school society. They claim, because the lady teachers are assigned to teach the Chinese pupils, the young teachers are in great danger from the close personal contact with the Chinamen. Cases of marriage of teachers and pupils are cited and a determined effort to rescue the young ladies from the peril will be made. An entertainment given by 150 Chinamen to the ladies of the church last night brought matters to a focus.

TRANSFERRED BACK.

Property Assigned by Fox and Dr. Scainsby.

COWLEY, Feb. 20.—The property of Dr. Fox and Mrs. Scainsby, convicted in Chicago for poisoning Mrs. Fox, has been transferred back to them. This result is due to the efforts of Mr. Elk Robinson of the Chicago Inter-Ocean, Colonel Orlando T. Herring of Cornish and Judge William H. Dye of Custon.

Suicide Discovered.

WASHINGTON, Feb. 20.—Superintendent Sharp of the Immigration bureau, acting upon the recommendation of Immigration Commissioner Bigham of Philadelphia, today ordered by telegraph the immediate release of the 300 Italy steerage passengers by the Kensington, that is, the establishment of a Pennsylvania Government Wannamaker at Philadelphia. He has investigated the case and considered himself in the propriety of this action.

FOR LIFE.

Sentence of Chris Evans, the Noted Bank Bandit.

FOLSOM, Cal., Feb. 20.—After a short court within his old quarters in the jail, where he was early placed in life, Chris Evans was brought into court at 10 o'clock this morning, and after a consultation with his attorneys, sentenced to imprisonment for life at Folsom, by Judge Harris. Evans was taken on the same train to prison by Sheriff Hunt and Kay and deputies. He seemed cheerful, and greeted all who spoke to him pleasantly. The sentence for a new trial made by his attorneys was denied. He denies the story that he killed Mrs. Brigham.

Evans stated to be sentenced to San Quentin, but the judge denied his request.

Duty on Coal and Lead Ore.

WASHINGTON, Feb. 20.—There is good authority for the statement that the senate will insert in the tariff bill now pending on a small duty on coal and lead ore, and that this will remain (say, as in the House bill, 40 cents per ton) in the House bill, the prevailing opinion being that a compromise of only one-fourth of a cent per pound will be reported.

For the Protection of the Fish.

WASHINGTON, Feb. 20.—Several representatives of the fishing interests from the Pacific coast were before the House committee on merchant marine and fisheries today to make statements regarding the old controversy between the state of Oregon for protection of the salmon fisheries of the Columbia river and the waters of Alaska. The contention is concerning a certain fish by any means except by the net and spear, nothing else, such and such are the views and claims.

A Church in Flames.

BLOOMINGTON, Ill., Feb. 20.—The Methodist church at Lexington, twenty miles to the south, was burned this morning. It is supposed to be fired.

The Biggest Baby.

CHEYENNE, Wyo., Feb. 20.—Wyoming claims the honor of having the largest baby of its age in the United States. Its parents live on a ranch on Crook's Fork in Crook county. When the child was only eight months old it weighed 50 pounds. It is now two years old and tips the scale at twenty-eight pounds.

THE FOREIGN NEWS BUDGET.

A Lively Passage at Arms in the Italian Deputies.

The Nicaraguan Rebel Rich—Da Gama said to be in No Danger.

ROME, Feb. 20.—The chamber of deputies resumed today. The vice-president read a letter from Signor Zanardelli, in which the writer alluded to his resignation of the presidency of the chamber. Thursday was fixed upon as the day for the election of a successor.

The government replied to motion to prosecute the Sicilian Deputy Fulco Guerzetta of Catania, chief of the Fasci Dei Lavoratori, arrested January 5th, charged with engaging in a dangerous conspiracy and with inciting to armed violence.

Crispi accounted that the government would introduce immediate measures of economy leading to increase the revenue, and proposed Friday to discuss the question in connection with the recent disorders in Sicily and the Carrara districts.

A lively passage at arms followed between Imbriani and the vice president of the chamber. Imbriani insisted upon speaking and the vice president insisted that he should not. This caused a howling uproar upon the part of the friends of both parties, and eventually the disorder became so great that the vice president dissolved the sitting.

When the disorder had somewhat calmed down the chamber resumed its sitting, and agreed to Cavallotti's motion to publish immediately the answers of the committee appointed to inquire into the bank scandals.

President Vasquez Victorious.

NEW YORK, Feb. 20.—A special to the Herald from Tegucigalpa says: Communication with all parts of the republic has been re-established. Vasquez is about to take the aggressive and carry the war into Nicaragua. He has sent commissioners to Guatemala and Salvador to protect against Nicaragua's aggression.

Inspector-General Ortuck's command says the Nicaraguans are preparing to abandon the siege if it can not possibly take Amapala within the next few days. Amapala has closed its gates against the insurgents.

(The Latest from Brazil.

LONDON, Feb. 20.—The Times in its morning issue will publish the following dispatch from Rio Janeiro, February 19th, via Montevideo: Reverse both the fight at Armacao and that at Ponta Grossa. The loss of the government at Ponta Grossa was 200 killed and wounded and sixty officers taken by the insurgents. On the insurgents's side 150 were killed, mostly or wounded.

A central Brazilian is in no danger. He states that he has sufficient provisions and will make every endeavor to maintain the place at possible till the arrival of the catholic force. The garrison of the Nictheroy is apparently quiet now despite the remainder of the insurgent fleet is still at Betis. The engineer of the Destroyer has broken down, and they had been officially in establishing crews. The Aquidabah has now crew. The Aquidabah has now gone to Montevideo to convoy the Nictheroy.

Advices from Buenos Ayres state the sitting position of Lopez, the last insurgent of the Brazilian insurgents, at Parana, was taken Friday, and seven officers, including Mello, were killed and wounded on both sides. The great Brazilian insurgent, Mello, presumably fled to Montevideo.
