CACHE VALLEY TRAINS.

The Cache valley train of the Oregon Short Line now travel with a little more safety, for a law has been put into effect which requires a bell to be placed on the front end of the engine. The change took place yesterday.

Tom Pattullo, Oscar and Evan Young of the state prison were standing in front of the Young hotel on Twenty-first street, Wednesday afternoon, when a letter addressed to Young showing them a picture of Hudson Bay corner (the prospect) and the corner of a gold mine, and giving them a description of the mine, which was rich in gold, and that they should come at once and take possession of the mine, and make their fortunes. The letter was signed "Jim." Young showed the letter to Pattullo, who said he was going to Hudson Bay, and he would go and see if the mine was there. Pattullo left the city Thursday morning, and Young has received a postcard from Pattullo, dated at Hudson Bay, saying he had found the mine, and that it was all that was represented. Young showed the letter to a number of his friends, and they all said it was a hoax, and that Pattullo was being sent on a wild goose chase. Young, however, is not easily discouraged, and he still believes that there is a mine at Hudson Bay, and that Pattullo will find it. Young is now making preparations to go to Hudson Bay himself, and he says he will be there in a few days. Young is a miner himself, and he says he knows what he is talking about when he says there is a mine at Hudson Bay.

NEVER TOO OLD TO BE CURED.

S. S. S. Is a Great Blessing to Old People. It Gives Them New Blood and Life.

Age does not necessarily mean feebleness and ill health, and nearly all of the sickness among old people can be avoided. Most elderly people are very susceptible to disease, but it is wholly unnecessary. By keeping their blood pure they can fortify themselves so as to resist these disorders of old age. There is no better or safer medicine than S. S. S. to do the work which will keep their systems young, by purifying the blood, thoroughly removing all waste accumulations, and imparting new strength and life to the whole body. It increases the appetite, builds up the strength, and sends new life giving blood throughout the entire system.

Mr. Sarah Pike, 417 Broadway, Nashville, Tenn., writes: "I am seventy years old, and had not enjoyed good health for twenty years. I was sick in different ways, and in addition, had Eczema terribly on one of my legs. The doctor said that on account of my age, I would never be well again. I took a dozen bottles of S. S. S. and it cured me completely, and I am happy to say that I feel as well as I ever did in my life."

Mr. J. W. Loving, of Colorado, Ga., says: "For eighteen years I suffered between from a dry eczema on my skin. I tried almost every known remedy, but they failed me to one, and I was told that my age, which is sixty-six, was against me, and that I could never hope to be well again. I finally took S. S. S., and it cleansed my blood thoroughly, and now I am in perfect health."

S. S. S. FOR THE BLOOD

is the only remedy which can build up and strengthen old people, because it is the only one which is guaranteed free from potash, mercury, arsenic and other damaging minerals. It is made from roots and herbs, and has no chemicals whatever in it. S. S. S. cures the worst cases of Scrofula, Cancer, Eczema, Rheumatism, Tetter, Open Sores, Chronic Ulcers, Boils, or any other disease of the blood.

Books on these diseases will be sent free by Swift Specific Co., Atlanta, Ga.

Rexburg, Idaho, May 31.—Rexburg is in a prosperous condition. Salt Lake and Ogden are taking a daily stage which carries the mail. The people are full of enjoyment. The Rexburg stake is making a preliminary survey for the branch of the short line from Idaho Falls to Rexburg. It is thought the road will be ready for the stage in two weeks. The local difficulty in the building of the North and South Forks of the Snake River, seven or eight miles from Rexburg, which is known as the dry bed, several hundred feet.

The North Fork of the Snake rushes and roars and terrifies which, but when we read of the terrible destructive forces of the Snake River, the loss of life and property we feel there is nothing to complain of. In many of the rapids the water is 20 feet deep, the rocks are slippery and the force is so great that it is a rare occurrence for a man to stand on the rock, but the other is a little more sober walking at right again.

Rexburg is forging to the front and should have been the county seat of Fremont county, and it will be. Twelve business and homes are for sale, but not long the town of Rexburg and it is the center of a large tract of land, and of agricultural, also, and it may become the head of the county, as it is the center of a great county, with room for thousands homes.

Mr. Abney went with Secretary of State Pattie, Treasurer Bell and Governor Hunt to Bear Lake to view the school sections in connection with work it was proposed to irrigate land under the new law. They found the land highly satisfied on.

Mr. Abney says the immigration into the Bear Lake country is simply wonderful. The entire valley is filling up and citizens of Boise are going in all directions in the valley. The people are from Utah.

Mr. Hunt and Mr. Bell returned with Mr. Abney. Major Hunter Lewis, who was in charge of the state exhibit at Omaha, Mr. Pettis, returned yesterday to take the grandeurs that are thousands to Jerusalem and Mr. Pettis is the chief of Market Lake—Boise Statesman.

Special Correspondence.

St. Charles, Idaho, May 31.—We have had a very cold Conservative May, warmer a day that could be called warm. Grain is coming up very backward, corn from not beginning to blossom. Frost on the 10th, 11th and 12th did some damage to fruit trees. It rained quite hard on the night of the 29th, and snowed hard.

Edwin Bell and Jacob Jacobs visited our settlement a few days since, talking up "Columbia." In the people and the country. Mr. Bell is one of the best men of the citizens pretty hard in the state of "Old D" Idaho.

ACCIDENTAL ACCIDENT.

Mr. Levi Oliver met with a painful accident one day on work while pumping for E. R. Fuller. The leader on which he was pumping slipped and he fell to the back, breaking and crushing the leg for on his left foot. Dr. Ashton dressed and set the bone.

It is reported that a great many fish are caught in our lake and sold contrary to law.
