CARLISLE ON SILVER.

The Secretary of the Treasury Gives His Views—No Orders Given.

THE CHURCH PROPERTY CASE.

Fired on the American Flag.—Clarkson Says Bankers Cause the Business Stagnation.

NEW YORK, Nov. 6.—Carlisle, secretary of the treasury, arrived here this morning. He declined to say anything in relation to the financial and business situation or express any opinion as to the outlook. In reply to a question from a reporter for the Evening Post, Carlisle said he had not issued any order directing the mints to coin the silver bullion in the treasury, nor any part of it.

"What I have done is just this," said Carlisle. "We could use a few more street dollars now, and I therefore directed the mints to get ready to coin the bullion when it is deemed advisable to do so. It would take more than five years to coin all the silver bullion now in the treasury. If we should begin to coin it, the seigniorage would not, in round figures, amount to more than $1,000,000 a month.

"With the certainty that the purchases of silver bullion are stopped, we can probably use the silver to advantage. I should be sorry, therefore, to see any law passed, as recently suggested, that we set aside that portion of the bullion that would become seigniorage and coin it alone and at once, and thus add to the treasury's available cash. I think the coin would come back to us in a way we should not desire to see.

"Something should be left to the discretion of the secretary. The law at present invests him with authority to coin such of the silver bullion as may be necessary for the redemption of treasury notes. If I should proceed to coin some of the bullion now on hand it would give us about $1,000,000 a month in seigniorage, and, as I have said, I think in the present condition of the treasury I could use it with advantage. I do not want to have a misrepresentation or a misunderstanding of my movements go to the country."

THE LITIGATION ENDED.

The U. S. Supreme Court Through With the Church Cases.

WASHINGTON, D. C., Nov. 6.—The Supreme Court of the United States today ended, so far as the upper courts are concerned, the long litigation over the escheated property of the Mormon Church, by directing the courts of Utah to proceed in conformity with the act of the last Congress in disposing of the property.

THE COSTA RICAN FIRED UPON.

Said to Have Been Done by Order of President Vasquez.

NEW YORK, Nov. 6.—The *Herald's* La Libertad, Honduras, dispatch says: Honduras fired upon the American flag this morning. By the alleged orders of President Vasquez, and by the express command of the commander of the port of Amapala, several shots were fired after the Pacific Mail steamship Costa Rica, flying the Stars and Stripes, as she steamed away, because she refused to surrender one of her passengers to the Honduras government.

United States Minister Baker was on board the Costa Rica at the time. The passenger about whom the trouble arose is F. Bonilla, who recently led a revolution in Honduras, but was defeated by General Vasquez. He fled to Nicaragua, and decided to leave there in order to relieve the government from all responsibility. He therefore sailed from Nicaragua for Guatemala.

Minister Baker and 100 other passengers were fellow travelers. They arrived yesterday at Amapala, a port of entry of Honduras on the Pacific Coast.

In the afternoon the commander of the port, Pilla, demanded that Captain Dow should surrender Bonilla. When the request was refused a threat was made to sink the ship, and it was asserted that President Vasquez had given orders to that effect. On receipt of the refusal to surrender Bonilla, gave orders to fire on the ship after nightfall, when it was too dark to leave with safety.

A government officer came on board at 7:30 this morning, saying that new orders were received from the President, insisting on the delivery of Bonilla, or a bombardment of the ship.

Captain Dow replied that the commander of the port would receive an answer in half an hour, but before the time expired he sailed away.

Several shots were fired after the Costa Rica, although carrying the American flag. One of the shots struck her, doing no damage, but it is feared the steamer Colima of the same line, which is lying in port, may have been injured, for the firing was continued for some time after the vessel was out of range.

The congress of Honduras conferred upon General Vasquez the power to make war on Nicaragua if an invasion of the revolutionists of that republic occurs.

THE DIFFICULTY SETTLED.

Swift Elected to Fill the Place of Carter Harrison.

CHICAGO, Nov. 6.—The wrangle over the election of mayor pro tem was settled tonight by the choice of Alderman George B. Swift, he receiving 62 votes to 5 for Alderman Molloy, one block being cast. The Democratic aldermen, who met early in the day, but were unable to get a quorum, owing to the absence of the Republicans, retreating to the council chamber until the time of the regular meeting this evening in order to keep Molloy, their nominee in the chair, on the plea that the original meeting, of which he had been chairman, was not adjourned.

The Republicans, who had been served in room a square from the city hall, to keep out of the clutches of the sergeant-at-arms, marched over at 7:30 this evening. The leaders of both factions quickly got together and it was decided to avoid any repetition of Saturday's scenes. Everything was wiped off the slate and a new vote was taken. McMillen, who was chosen chairman on motion of a Republican alderman, appointed the same tellers as on Saturday and a ballot was taken. When the count was completed it was the same result as the forenoon and afternoon, viz., the ballot was thrown out and another taken, with the result as above.

Swift was then sworn in. A special election for mayor to fill out the unexpired portion of Carter Harrison's term will be held next month.

CONFERENCE OF PRESBYTERIANS.

Must Not Suffer Worldly Business to Leave the Church.

CLEVELAND, O., Nov. 6.—About fifty of the most influential moral ministers of the Presbyterian church in the large cities will meet in Cleveland on Wednesday to decide upon a policy for the future. The circular which calls for the meeting says:

"The present condition of the Presbyterian church contains very substantial and cells for immediate and serious consideration. Many ministers and elders view with apprehension the tendency to association and centralization of power and the disposition both to impose practically a new creed without due constitutional process, and to treat the formal action and overtures of presbyteries with small respect. They feel that the reasonable tolerance and liberty of opinion inherited, enjoyed under our standards shall be abridged, and set a new divinity office hedges are erected out of good ecclesiastical standing, or even out of the church.

"In this state of affairs it will not answer for loyal Presbyterians to be the active or indifferent. We cannot afford to be silent under suggestions of extraordinary measures to suppress passively in arbitrary assumptions of right authoritarian and unconstitutional procedure. We must not suffer worthy brethren to be forced unnecessarily to leave the church. A frank conference of wise representative men, who shall consider what action is needed at this present juncture to maintain our constitutional safeguards, encourage our distressed brethren and give the expression to our views and positions, seems to become an imperative necessity."

The call was issued by a committee of the New York synod, which was appointed after the disposal of the Briggs case.

The "World" on Brazilian Affairs.

NEW YORK, Nov. 6.—The *World* has the following: There may be a Bunker Hill battle just outside Santy Hook within the next ten days. It is declared that Admiral Mello is negotiating for the purchase of two large passenger ships here, to be used as rams, and to punch holes in the El Cid as soon as she shall turn the Hook to leave American waters.

Brazilian Minister Mineiro denies the report of the sinking of the transport Rio de Janeiro by the Republicans. He says the Rio de Janeiro has been anchored off Rio Grande do Sul for the last two months. An important newspaper in Buenos Ayres, however, says it has information from a trustworthy source that the casualty really happened and 1100 men were drowned.

GENERAL CLARKSON

Gives His Views as to the Cause of the Depression.

NEW YORK, Oct. 6.—General J. S. Clarkson of Iowa was seen today at the Press hotel by an Associated Press representative, and in speaking of the financial aspect of the country said:

"This silver panic was altogether created by the bankers for their own interests, and politics had nothing to do with it. If an account of the silver question trade was depressed, its revival should be general and immediate.

"The real reason for the depression was the unsettled state of the country, consequent on the change of the administration and a probability of a change in the financial policy. The Democratic party abandoned its intention of adopting free trade. They will give as much free trade as possible, but they must have money to carry on the government. The revenues have seriously decreased and if the tariff is abolished an income tax must be levied, which must be a most obnoxious measure.

"I believe McKinley will carry Ohio by a large majority. Iowa is against free trade and Massachusetts also. In my opinion we should have an international financial policy, but I am afraid it is only a dream, as the differences in governments, separate, monarchic and republican, would seem to preclude the possibility of arriving at such an agreement. Trade is rapidly reviving and will continue to revive. Now that it has been decided to make no material changes in the tariff, manufacturers will commence reproduction. The fight between McKinley and Neal is a fair and square one between an apostle of protection and an apostle of free trade. Ohio is one of the greatest manufacturing states and its votes may be taken as reflecting the industrial centers of population in the country.

Indications for 1896.

WASHINGTON, D. C., Nov. 6.—The election throughout the country tomorrow are awaited with great interest by police men in the city, who see in them an indication of the result of the Presidential election of 1896, the politicians looking upon the elections, not as being an endorsement of the Democratic party or a rebuke, but as an indication of the public feeling.

Viewed from the Washington standpoint, the elections are interesting, as representing the thoughts of the people on multifarious questions without involving any fresh political significance.

Only $2,000,000.

WASHINGTON, Nov. 6.—The treasury department today had an actual working balance not to exceed $2,000,000. If this becomes exhausted the department will have to meet current obligations from the gold reserve. The treasury officials, however, hope for better times. It is predicted that the excess of gold between now and January 1st will amount to $20,000,000.

Prominent Officials Made Defendants.

MADISON, Wis., Nov. 6.—Governor George W. Peck, Attorney-General J. L. O'Connor, Assistant Attorney-General J. M. Stacey, and Colonel Clarence L. Clark were made defendants today in a suit brought by Tracy, Gibbs & Co., a job printing firm of this city, to recover $7500, which is part of a large sum of money alleged to have been advanced last summer to enable the Madison Times to execute an order for printing an edition of the roster of the Wisconsin soldiers, specially given to it by the Governor. The Madison Democrat, the regular State printer, compelled the Governor to cancel the order, but the money was already swallowed up. The suit is brought against the defendants on the theory that they were all interested directly or indirectly in the Times. The suit raises a political sensation.

No Money to Pay for It.

WASHINGTON, Nov. 6.—Although Congress extended the Geary act so as to allow Chinese six months more within which to register, it adjourned without making an appropriation to carry out the provisions of the act. The chairman of the committee on appropriations has assurances of the treasury department's power of money to carry out the law, and it is probable, if the urgent deficiency bill had been passed, a clause appropriating enough money for at least eight operations would have been inserted in the bill. Said to registration under the act will not be granted, no applications are made. Meanwhile, the general revenue division of the treasury department will make all its preparations, and as soon as the money is available it will be prepared to assign its officers, so they can begin work at once. The Chinese are assuming that an effort will be made to get the bill through in the early days of the session, so the work of registration will not lag in the latter.

It is said all the Chinese now in the country, operating on tourists, can be registered in sixty days if they promptly take advantage of the opportunity.

Going Home to Vote.

WASHINGTON, Nov. 6.—Secretary Lamont left this evening for New York, where he will vote tomorrow. Assistant Results of the treasury department left this evening for Massachusetts to vote tomorrow. Surveying Architect O'Rourke, Assistant Attorney-General Maxwell, Fourth Assistant Postmaster Maxwell and First Comptroller Bowler have also gone to their respective homes for the same purpose.

The Congressional contingent in the city was pretty well thinned out today. The New York, Massachusetts, Pennsylvania and Ohio delegations are at home attending to the campaign, and have taken with them many well known congressmen, to make closing speeches.

Looking for Trouble.

CAMDEN, N. J., Nov. 6.—There is great excitement in this city tonight. Sheriff Wetherill, upon the application of a number of citizens, appointed 100 deputy sheriffs. When this became known the police commissioners decided to appoint 500 special policemen to assist the deputy sheriffs. For fear of serious trouble Colonel Cooper ordered a guard placed in the Sixth Regiment armory, after barricading the windows and doors and concealing the ammunition in the building. The militiamen have been ordered to be in readiness at a moment's call.

A MISTAKE.

Commissioner Lochren Not Resigned, Nor will He.

WASHINGTON, Nov. 6.—A report was being widely circulated tonight that Commissioner of Pensions Lochren had resigned. The reason assigned for the resignation is that he is an old soldier and is dissatisfied with the attitude of the administration concerning pensions in the pension bill. It was also rumored that First Deputy Murphy would take charge.

Secretary Smith, when seen tonight, contradicted the report, and insisted that there was no truth in it. Commissioner Lochren, when questioned, said: "You can deny in the most emphatic terms for me any statement that I have resigned. I am deeply interested in the reforms which the present administration is making in the pension bureau, and intend to carry them out to the best of my ability."

Appointed by Secretary Smith.

WASHINGTON, Nov. 6.—Secretary Hoke Smith has appointed William V. Beppert of Lonsing, Ky., a member of the board of pension appeals. The other members of the board are Orson H. Gilmore of Illinois, John A. Lacey of Missouri, John S. Payne of Tennessee, John C. McAllister of Pennsylvania, H. Inez T. Hill of Michigan, F. J. Dupont of New York and Herbert I. Brocket of Wisconsin.

Under Arrest for Murder.

MURPHYSBORO, Ill., Nov. 6.—Sheriff Hunsacker of this county went to Springfield today to procure requisition papers on the Governor of California for Louis Miller. On February 12th, 1893, Miller, a discharged employe, shot and killed one Joseph Schields, the superintendent of a large brewery here. Miller fled and the officers now have the man under arrest at Stockton, Cal.

Army Appointment.

WASHINGTON, Nov. 6.—The President today appointed Col. George H. Higgins to be adjutant general with the rank brigadier general to succeed Gen. Williams, retired.

Terrible Murder and Suicide.

TOLEDO, Ohio, Nov. 6.—A special to the Commercial from Elyria, Ohio, says: A frightful murder and suicide occurred here tonight. Charles Manning shot his wife, killing her instantly, and then shot his uncle, Mrs. W. K. White. He followed up the double tragedy by committing suicide. Mrs. Manning had commenced proceedings for divorce as her husband had frequently threatened to kill her. Tonight, crazed by drink, he carried the threat into execution. Mrs. White will survive but the sorrowed and his first victim are dead.

Imports and Exports.

WASHINGTON, D. C., Nov. 6.—The chief of the bureau of statistics has issued a statement of imports and exports of the United States for the nine month ending September 30, 1893. The imports were $629,551,872, and for the same period ending September 30, 1892, $708,108,009. The exports were $564,940,111, and for the same period in 1892, $653,850,636.

The statement of gold coin and bullion for the nine months, 1893: Exports, $39,278,514; imports, $55,663,532. Exports and imports of silver coin and bullion, nine months, 1893, exports, $85,410,014; imports, $13,930,254.

Court Martial Ordered.

WASHINGTON, Nov. 6.—A general court martial has been ordered at Mare Island, Cal., for the trial of passed assistant surgeon Richard Lodge. Captain A. Keogh is made president and Lieutenant Commander Lucas, judge advocate. The charges are: First, conduct prejudicial to good order and discipline; second, falsehood; third, scandalous conduct tending to destroy good morals.

Dueling Miners.

ROSLYN, Wash., Nov. 6.—A duel was fought last night in Roslyn, Coalville by two miners named McDonald and Harrington. Eight shots were exchanged, and McDonald received a wound which will prove fatal. Harrington was seriously hurt. The duel was the result of an old feud.

WATCH THE CHILDREN

Are the Warning Words of Dr. Mansfield and Hirst.—The Statement of Miss Miller, Given Below, Should Convince Parents to Have Closely Watch Their Little Ones.

"I FOUND MY CHILD ALMOST FROM DEATH'S DOOR, OVER NIGHT. I AM 'CONVINCED,' SAID MRS. MILLER TO US WHEN

MARY MILLER, AT HER HOME.

CONTINUING, SHE SAID: "MY CHILD WAS AFFLICTED WITH COUGH IN THE EARLY PART OF THE NIGHT, AND WOULD WAKE UP EVERY NIGHT ALMOST AT ONE O'CLOCK WITH SPASMS, AND WOULD GASP AND ALMOST STOP BREATHING SO LONG THAT WE THOUGHT SHE WOULD DIE BEFORE WE COULD GET A DOCTOR TO COME. WE TRIED ALL OUR FRIENDS' ADVICE AND THEIR REMEDIES, BUT NONE SEEMED TO GIVE HER RELIEF. WE HAD ALMOST GIVEN UP HOPE WHEN WE HEARD OF DR. MANSFIELD'S NEW TREATMENT AND TRIED IT. WE WERE ASTONISHED AT THE GOOD EFFECT IT HAD ON OUR CHILD. SHE SLEPT QUIETLY ALL NIGHT, AND WAS ALMOST WELL AND GAY THE NEXT MORNING. WE THOUGHT THE WORLD OF DR. MANSFIELD AND HIRST'S NEW TREATMENT TO ALL MY FRIENDS AND ANY THAT MAY BE INTERESTED IN HEARING OF IT. I AM ALSO PLEASED TO RECOMMEND THE GOODS OF THE SAME NATURE AS MANSFIELD'S TO ALL OF MY FRIENDS."

"I HAVE HAD MY CHILDREN, A FAMILY OF SIX, TAKE DR. MANSFIELD'S NEW TREATMENT AND ANY REMEDIES THAT I FIND THEM GOOD I AM PLEASED TO DO THE SAME. I HAVE TRIED IT MYSELF AND FOUND IT A GOOD MEDICINE. I AM PLEASED TO RECOMMEND THE SAME NATURE AS MANSFIELD'S TO ALL OF MY FRIENDS."

"I HAVE HAD MY CHILDREN TAKE MANSFIELD'S NEW TREATMENT AND FOUND THEM GOOD. I AM ANOTHER PERSON. I'M HEALTHIER AND STRONGER THAN I HAVE BEEN FOR YEARS. I AM WELL AND GAY THIS MORNING. MY COUGH HAS GONE AWAY. THE PAIN AROUND MY LUNGS HAS GONE AWAY. MY LUNGS FEEL AND SOUND AS ANY MAN'S. I AM GAINING FLESH AND STRENGTH. MANSFIELD'S NEW TREATMENT IS THE BEST MEDICINE I EVER HEARD OF.
