

STATE RESTS IN HARRY THAW CASE

It Now Devolves Upon Him and His Attorney to Offset Testimony of State's Alienists.

THEY INSIST HE IS INSANE.

Lawyer Morschauer Intimates That He Has Some Surprises in Store and Will Spring Them.

White Plains, N. Y., Aug. 4.—The state rested in the Thaw case today and from now on it devolves upon Harry K. Thaw and his attorney, Charles Morschauer, to offset the testimony of the state's alienists, who have sworn without exception under cross-examination of Dist. Atty. Jerome, that Thaw is still insane and would be a menace to the community if released from the asylum at Matteawan.

Dr. Carlos F. MacDonald was the last alienist called by the state. He was followed by John B. Gleason, Thaw's original legal adviser after the shooting of Stanford White. Mr. Gleason came to Thaw's aid this afternoon and cleared up a few old mysteries, sweeping away some of Thaw's apparent vagaries upon which Mr. Jerome has dwelt so persistently.

Mr. Gleason's most advantageous statement, from the prisoner's standpoint, concerned the dropping of the law firm of Black, Gruber, Olcott & Longenecker and of Delaney and the engagement of Delphin M. Delmas as chief counsel for Thaw. This had been done at his (Gleason's) orders, he said, and was not due to a whim of Thaw's. Through Mr. Gleason Thaw's lawyer hopes to show that Thaw's attitude toward Stanford White was not due to delusions, as the state contends, but was prompted by what Thaw knew of White's practices. Mr. Gleason has about fifty letters received from Thaw which may prove one of the sensations of the hearing tomorrow. If read, Mr. Morschauer tried to prove the charges against White today by reading parts of Evelyn Thaw's testimony at the trials. Thaw's letters to Gleason bear upon this, it is thought.

Trying to clear Thaw of another "delusion," Mr. Gleason presented a report of detectives regarding an alleged attempt on Thaw's life Dec. 24, 1902. The wording of this document was not made public, but it was introduced to counteract the state's contention that Thaw had delusions concerning the "Monk" Eastman gang, which he believed had been engaged by his enemies to beat and perhaps kill him.

He intimates that he has some surprises in store for the hearing today of the hearing including 10 lay wit-

To Enjoy

the full confidence of the Well-Informed of the World and the Commendation of the most eminent physicians it was essential that the component parts of Syrup of Figs and Elixir of Senna should be known to and approved by them; therefore, the California Fig Syrup Co. publishes a full statement with every package. The perfect purity and uniformity of product, which they demand in a laxative remedy of an ethical character, are assured by the Company's original method of manufacture known to the Company only.

The figs of California are used in the production of Syrup of Figs and Elixir of Senna to promote the pleasant taste, but the medicinal principles are obtained from plants known to act most beneficially.

To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

nesses, who may testify as to what Thaw knew of White. The dull routine of expert testimony was interrupted today by an interruption from Pietro Caporale, a wild-looking Italian, who had been hanging about the place for several hours and who tried to force his way into the room. When the attendants refused him admission, he waved a letter and demanded to see Dist. Atty. Jerome.

"Tell Thaw they will rob him as they robbed me of my children," he yelled repeatedly.

It developed that he wanted Mr. Jerome to help him obtain the release of his little girls from the juvenile asylum. After Dr. William J. Meyer, one of Thaw's experts, had pronounced him probably a harmless lunatic, the man was placed on a train and sent to New York.

A WEAKLING

Is the only way to describe the poor child that is afflicted with worms. Not only how much, but how often it eats, the worms get all the nourishment from the food, the child gets practically nothing. Worms from the juvenile asylum. After Dr. William J. Meyer, one of Thaw's experts, had pronounced him probably a harmless lunatic, the man was placed on a train and sent to New York.

NATIVE PEAS ROASTS JAPANESE AUTHORITIES

Victoria, B. C., Aug. 5.—Japanese veritable newspapers, received by the steamer Tanga Maru contain bitter attacks on the military authorities of Japan in consequence of the recent fatalities by Japanese while the South Sea Islands were being fought. One of 20 miles in a burning sun with the thermometer at 120 degrees. The soldiers before starting were informed that the march was to cultivate fortitude, and the commanders stated that the men should try to withstand the march, as the honor of victory would fall to the regiment without stragglers or sick at the destination.

This excited a strong feeling of compensation and many soldiers became delirious but still struggled under heavy marching order, each man carrying 50 pounds. They died and scores fainted and fell beside the road, to be picked up and carried to surgeons by rickshaws. Forty prostrated men were carried by the train to the garrison hospital at Takahara, where several, becoming insane, attacked the officers' ward room and wrecked the furniture. The march occupied 144 hours.

The war department, following the newspaper complaints of brutality, said:

"It was the duty of the regimental commanders to inculcate in the men the spirit of fortitude availing themselves of the climatic obstructions."

"The incidents were nothing but those in which weak men succumbed and strong survived, and while military authorities fully sympathized with the unfortunate soldiers, such incidents must be regarded as merely ordinary occurrences."

TWO KIDNAPINGS IN SAME FAMILY IN WEEK

New York, Aug. 5.—The kidnapping of two children within a week from the same family has led the police to believe the efforts are being made to blackmail the parents. When Stephen Guardino, 4 years old, was stolen from in front of his home in Spring Street in Sunday afternoon, the kidnappers apparently stole the wrong child, because he was released the following morning and was picked up on a strange street and returned to his parents. At 3 o'clock that same afternoon Stephen's 6-year-old brother Anthony, was sleeping in a bedroom of the Guardino flat when a strange man entered and carried him away without waking him. At the time the other members of the family were visiting a neighbor. Anthony has not been found and the police force is seeking him. The father is prosperous and owns the lease of the tenement house in which the family lives. He has a brother in Brooklyn who is rated as wealthy and the family believes, with the public, that a demand will be made for the missing child's ransom.

AN EPIDEMIC OF INFANTILE PARALYSIS

Winona, Minn., Aug. 5.—Winona is fighting an epidemic of infantile paralysis, which attacks children between the ages of six months and 10 years, and where it does not kill, leaves the victims helpless cripples.

When efforts of the board of health failed to check the growing number of cases, the state authorities were called in. They said the disease germ is carried in the dust from the streets into the susceptible organs of the children. The 30 or more cases are scattered throughout the outlying districts, which are not sprinkled.

A special meeting of the council was held and it was decided to sprinkle the entire city, alleys, streets and sidewalks in an effort to rid the city of the germs.

PITTSBURG STREET CAR CO. DEFIES THE AUTHORITIES

Pittsburg, Aug. 5.—In view of the 2,000 residents yesterday, 50 policemen and 150 employees of the Pittsburg Street Railway company battled for an hour on the South Side over the laying of a switch which would connect a suburban line with the city road, something that Mayor McGee claims is not permissible.

The police, finding themselves being overpowered, sent for two fire companies, which came and turned two streams of water on the fighters and

succeeded in stopping the switch laying for the time, also stopping several policemen who were almost drowned by the stream.

The police department was not empowered to arrest, but only to prevent by force. Later the street railway people, catching the watchman off guard, rushed back with their switch, placed it, put heavy cars on the new-made connection and bade defiance to the city.

FRANK J. MACKAY FINED FOR HIS BRAGGADOCIO

New York, Aug. 5.—Frank J. Mackay, the well known California millionaire, who has resided chiefly in England for a number of years, has been fined \$10 and costs in a London police court for riding a horse into one of the hotels, according to a cablegram received here today.

Mr. Mackay is said to have made a wager that he would ride the horse into the hotel and around the billiard table. He did so and was cited to appear in police court.

In paying his fine, he said he was satisfied because he had won the wager.

INITIALS OF DESIGNER ON LINCOLN PENNIES

New York, Aug. 5.—Justification for placing of Sculptor Victor D. Brenner's initials on the new Lincoln penny is found by the sub-treasury officials here in the fact that many coins of the United States bear their designer's initials. One man, Christian Gobrecht, placed his whole name on a silver dollar he designed in 1836. Every half-dollar, quarter-dollar and dime that is minted bears the tiny letter "D" under the bust of Liberty. This stands for the chief engraver of the mint at Philadelphia, Charles E. Barber, who executed all the designs which first appeared for circulation before 1892. The silver dollars minted between 1878 and 1904 bore the initials of their designer, George L. Morgan, once on each side.

The \$5 and \$10 gold coins bear the initials of Paul A. Pratt, the Boston artist who designed them. And most of the other coins bear the designer's initials. "Mr. Brenner declares that President Roosevelt and Secy. of the Treasury George B. Cortelyou agreed to permit his whole name to be used on the new Lincoln penny and he is much disappointed that only his initials were used."

FORTIFYING FORMOSA.

Victoria, B. C., Aug. 5.—Paul Bell, a civil engineer, who returned yesterday from Formosa, says that millions of dollars are being expended on Formosa's harbor works and fortifications, in pursuance of a plan to establish Japanese naval bases at Keelung to the north and Takao to the south.

The Japanese are adopting a cruel method of dealing with the rebel head-hunters of Formosa. They have stretched trochans of barbed wires across the districts, heavily charged with electricity.

"The rebels make occasional raids and shortly before Mr. Bell they rushed a Japanese settlement and killed 13 of the Japanese, decapitating them and carrying off the heads."

VISITING THE BABY.

Once a Week is Often Enough for Father to See His Child.

New York, Aug. 5.—Just how often a father of ordinary and proper affections should desire to see and visit with an infant son of 15 months, was officially passed upon yesterday by Judge Brady in the supreme court.

The issue came up on a writ of habeas corpus secured by Joseph Magness, directing his wife Josephine to produce

Dr. Lyon's PERFECT TOOTH POWDER
Cleanses, beautifies and preserves the teeth and purifies the breath
Used by people of refinement for almost Half a Century

In court their 16-months-old son, Joseph, Jr.

The mother's attorney explained that the father and mother were not living together. Judge Brady said he thought the proper place for the child was with the mother, but said the father could come and visit it on Sundays.

"Once a week, I think, is all that any ordinary father, no matter how devoted, would care to visit an infant of 16 months," commented the court.

ACTRESS ACCIDENTALLY STABBED ON THE STAGE

New York, Aug. 5.—Miss Dazie, an actress, will not be able to assist her company in the production of a pantomime for some time following a serious stab wound she received in the breast in full view of the audience at a theater at Rockaway Beach. Miss Dazie's jealous rival on the stage was supposed to stab her in the heart with a dagger, and for this purpose two weapons were employed, one with a shining steel blade to impress the audience, and the other with a rubber blade for the actual use of the jealous rival. In some manner the rival, Miss Lina, grasped the wrong dagger at the critical time and plunged the steel blade into the breast of Miss Dazie, inflicting a wound four inches long.

The audience on hearing the shriek of the wounded actress and seeing the blood, became wildly excited, but was calmed by a statement from the stage manager.

Doctors in the audience dressed the wound and said that, while it was not

CURED TO STAY CURED

How a Salt Lake City Citizen Found Complete Freedom from Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Salt Lake City people testify. Here's one case of it. K. Searle, living at 235 Third West South St., Salt Lake City, Utah, says: "I cannot speak too highly of Doan's Kidney Pills, as they proved of great benefit to me. For a long time I suffered from a deranged condition of my kidneys. Seeing Doan's Kidney Pills so highly recommended I procured a box at the F. J. Hill Drug Co. They regulated the action of my kidneys, and all annoying symptoms arising from a disordered condition of these organs." (From statement given July 10, 1909.)

CURED TO STAY CURED.
On Sept. 17, 1907, Mr. Searle confirmed the above statement, saying: "What I said concerning Doan's Kidney Pills in my previous statement was true. I cannot at this time praise them too highly. The cure they effected proved permanent, and I can conscientiously recommend this remedy to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

mortal. It was sufficiently serious to prevent the actress' public appearance for some time to come.

BALLOTING ON PROPOSITION TO STRIKE

Chicago, Aug. 5.—Balloting on the strike proposition was begun here today by employees of the various surface street car lines. As fast as the men finished their "shifts," they visited headquarters and deposited their votes. This process will continue until early tomorrow, and after that several hours must elapse while the votes are being counted. Official announcement of the result is set for Saturday night. There are 3,000 members of the union entitled to vote. A two-thirds majority is required to carry the strike proposition.

Union officials watching the balloting said the early vote was heavily in favor of a walk-out.
