IS IT ANOTHER FIREBUG CASE?

Fred J. McNally of Cedar City in Jail on Charge of Incendiarism.

HAS A SUSPICIOUS LOOK.

Committee of Citizens Appointed to Make an Investigation—Report of Their Findings.

Special per Deseret Telegraph.

Cedar City, Utah, May 20.—A mysterious fire occurred yesterday afternoon in the drug store of Mr. Fred J. McNally. Immediately a bucket brigade was formed, whose effective work saved the stock and building from destruction.

The cause of the fire is unknown and therefore are rife. Mr. McNally, the proprietor of the store, with a friend, left not more than twenty minutes before the fire was discovered, and they were sure that everything was all right when they left. The flames, however, had made great headway and an examination of the premises showed that the fire had been burning in two places. The damage to building and stock will probably not exceed $1,000; insurance on stock $2,000, no insurance on building, which is owned by Arthur Bunten and Walker. A committee was appointed by J. C. Arthur, the local agent of the Home Fire Insurance company, and the following is their findings:

"We, the undersigned citizens of Cedar City, by request, have examined the premises of the drug store of F. J. McNally and find the following findings:

"First—We agree that the fire began simultaneously in more than one place.

"Second—We find paper balls recently hard connecting the region of the fire on the ground floor with the cellar left north, and that both place and balls were combustible material; we further found a brace and bit which evidently had bored the hole, as it was the case of it.

"There is another hole a short distance away which has struck a nail in a joist and therefore could go no further. There is also evidence that a fire has started in a closet at the other side of the building, as we found paper recently charred, and evidence of fire in hay near by the paper balls.

The bit was damaged by coming in contact with the nail, which the owner is positive was not there when Mr. McNally borrowed it last Friday. Signed, Geo. M. Middleton, W. P. Stamp, Geo. J. Jones, Jr., F. F. Fish, M. D. Higbee.

F. J. McNally has been arrested and placed in jail.

Inquiry at the office of the Home Fire Insurance company today elicited the information that the company had through C. J. Arthur, agent, written a policy for $2,000 on the stock and fixtures in the store. It had no risk, however, upon the building and had not been officially notified as to the loss sustained by the fire.

GROESBECK BANKRUPTCY.

Some of the Creditors in the Big Failure Chronicled Yesterday.

As announced in last evening's "News" John A. Groesbeck filed a petition in the Federal court late in the afternoon asking to be adjudged bankrupt. As stated his liabilities aggregate $218,855.46. Of this sum $15.50 is due for taxes, $1,729 is secured and $216,610.12 is unsecured. The assets are but $40. The claims of $100 and upwards are as follows:

Jesse W. Fox, note	$ 500.00

POULTRY PEOPLE'S TROUBLE.

The promoters of yellow-legged poultry had a lively time last night over some difference existing between Mrs. Francis Goddard and James Hanlon. It appears that at the annual exhibit last January, Mrs. Goddard thought she had won first prize for the best pen of barred Plymouth Rocks, and proceeded forthwith to make it known. But the winner of the prize was Mr. Hanlon. The strange part of it is that the association said nothing when Mrs. Goddard advertised herself as the winner. The matter was finally adjusted by appropriating it to the delinquent member. T. J. Gray sent in his resignation as president of the association but it will not be considered for a month in the hope that he will continue as president.

SUMMER SCHOOL.

VERDICT AGAINST SALT LAKE CITY.

Award of $21,466 to Plaintiffs in Parley's Conduit Case.

MOTION FOR NEW TRIAL.

Plaintiffs are Dissatisfied—Amount Exceeds That Awarded by Referee Williams. Jury Figured It Out.

The jury in the case of Smith et al vs Salt Lake City, returned a verdict last night at 8 o'clock.

The jury found for the plaintiffs in the sum of $21,466.66. The plaintiffs' claim was for over $31,000 due in 1895, with interest at 8 per cent from that time, making the total claimed amount to 40 per cent more than the original sum.

The figure reached by the jury is about $200 in excess of the amount fixed by the referee, Mr. P. L. Williams, a former Utah Attorney Senior, for the plaintiff, at once gave notice of a motion for a new trial; so that the end of this long-drawn-out case is not yet.

MAKE THE BEST SETTLERS.

Says the Mormons Do Not Devote Themselves to Speculation.

Will J. White, one of the chiefs of the immigration bureau of Canada, says that great colonies of Mormons and Russian peasants are being established in northern and western Canada. Mr. White, according to the Denver News, arrived in that city on Tuesday from Salt Lake, where he held several conferences with leaders of the Mormon Church to make arrangements for the removal of farmers to Canadian territory. His purpose in stopping over in Denver was to pay a visit to his cousin, Attorney William F. Robinson, whom he had not seen for nineteen years. The visitor spent a very pleasant day viewing the sights of the city, and left for the East last night.

"In the United States," says Mr. White, "we have about 200 agents. I have charge of them, and also one in each of the provinces. Last year 32,000 new settlers reached Canada from the United States, and we hope to get from the United States. This year we expect 10,000 Russian peasants, who have been persecuted in their native country and driven from their homes. Permission has been received from the czar to take these people to Canada, and nearly 2,000 of them have already been landed on American soil. This year we will take in between 12,000 and 15,000 settlers from the United States, principally from Iowa, Indiana and Wisconsin. Lands in these states cost a great deal, and the young fellows, who are growing up into manhood are looking for a country where they may establish homes for themselves at little cost. They can get free homestead lands in Canada, where excellent opportunities are offered. A great deal of railroad building is being done this year, and in newer Canada alone about 1,000 miles of railroad will be built. This part of the country has been opened only about eighteen years.

"Under our laws it is not necessary that a man become a citizen until he gets a patent on his land, which he can obtain at the expiration of three years. Each head of a family is provided to acres free of cost in certain parts of the country. Land under irrigation ditches may be bought for $1.25 per acre.

"The Mormons are settling in the south Alberta district, which are now being opened by irrigation. They now have a town called Cardston, with an inhabitants. The Mormons make the best settlers, as they are hard workers and do not divide their time to speculation. Polygamy will be prevented.

"The American newspapers and railroads are helping us in our work. From some of the middle states we have extensive lines a week into Canada, and a feature of the work of the department is that we give frequent excursions for the members of the press. The National Editorial association of the United States may go through Canada this year. We have 250,000 square miles of territory to fill, and a large part of it is the best wheat country in the world.

"In Germany, Norway and Sweden the British isles, France and Russia we have agents. We also have agents of immigrants arrive at Canadian ports every few weeks. Recently a shipload of 2,200 settlers reached Halifax.

"Our department makes no effort to induce miners to our country. Miners are a class by themselves and good as it is Canada or the United States. We want the farmers and agriculturists, and after 1900 we shall be prepared to do so. Hon. Clifford Sifton, a very bright and energetic man, is at the head of the immigration department and he has entered into the work of our work.

"I wish to say that the Dominion Government has the kindest feeling towards the United States. Canada seems to be anxious to extend this feeling so that it cannot be broken, during the Spanish-American war protests were offered in our churches against the action of the United States."

Mr. White's home is at Brandon, Manitoba. He was formerly the editor of the Brandon Sun. He speaks much of his time at Ottawa.

The foods we eat furnish energy for the body just as burning coal makes steam for an engine.

The experiments of Prof. Frankland, Ph. D., of London, shows that cod-liver oil yields two and one-half times more energy than starches or sweets.

Scott's Emulsion is pure cod-liver oil combined with hypophosphites of lime and soda. It forms fat, gives strength, enriches the blood, invigorates the nerves, and repairs tissues.

50c. and $1.00, all druggists.

JOTTINGS FROM BASEBALL FIELDS

Local and Foreign Notes on America's National Game.

FORFEITED TO ST. LOUIS

Gleason Delayed Play, Was Ordered Out and Refused to Go—Orphans Go to Defeat.

Further baseball notes will be found on page 10 of this edition.

The inter-collegiate game between the L. D. S. and the University this afternoon at Sugar House park, which was to take place between the Latter Day Saints and the University of Utah, has been postponed until next Wednesday.

* * *

Manager McKay of the University nine has been the meeting arranging for a game with the H. T. A. team. It will be remembered that the Prep boys came up to Salt Lake and went home a double defeated by the U of U, called down to the Garden City and returned with the tea in their ear. The third game will decide the rubber and open the schedule for intersectional. It is mentionably settled that the game will be played on the University campus on Monday afternoon.

* * *

The Salt Lake team will go to Park City on the 25th and play the team that is now being organized there. The Park City team will probably journey out to Salt Lake where they will play on the Fort diamond.

* * *

The county and city officials yesterday afternoon decided to call their game off for a week, as they are all concerned the desire to see the brokers disport their avoirdupois on the diamond this afternoon. They will commencedly play next week from today.

* * *

The High school will play its first Saturday game, however, probably not under its own title, but this as Shakespeare says a "rose by another name would smell as sweet" to paraphrase Mr. Dooley. The last yer girls in the High school's the High school for all that. The Cadets, Young Men's Hi. High school has arranged a game with Capt. Jackson of the Browns, to be played at the Fort on Sunday.

* * *

The feature of yesterday's baseball in the State was the game at Ogden. Horce shot down hard on the kickers in the New York-St. Louis game. Gleason's team was delayed in opening on balls, then the latter took a hand and ordered the kicker off the field, he refused to vacate the diamond, the necessary time limit was given and the game was declared forfeited to St. Louis by the score of 9-0, with six innings of 9-0. At Washington the Pittsburgers and the home nine played a couple of games in which home runs were easy, both sides taking it turn and turn about. Chicago was beaten on its own field by Baltimore. At Cincinnati the home team "swopped hoss" with the result that Brooklyn hit hard to victory. Boston beat Louisville 13-4.

STANDING OF THE CLUBS.

	P.	W.	L.	P.C.
St. Louis	29	20	9	.690
Brooklyn	29	20	9	.690

Washington	27	8	19	.296
Cleveland	27	3	24	.111

TODAY'S GAMES.

Baltimore at Chicago.
Boston at Louisville.
Brooklyn at Cincinnati.
New York at St. Louis.
Philadelphia at Cleveland.
Washington at Pittsburg.

RESULTS YESTERDAY.

Chicago, 1; Baltimore, 4.
Louisville, 4; Boston, 13.
Cincinnati, 1; Brooklyn, 7.
St. Louis, 9; New York, 0.
Washington, 4; Pittsburg, 11; first game.
Washington, 10; Pittsburg, 2; second game.

LOUISVILLE, 4; BOSTON, 13.

Louisville, Ky., May 19.—The Colonels held their own until the seventh inning, when the Bostonians pounded out five runs. Nichol's batting was a feature. Attendance, 1,000.

SCORE.

	R.	H.	E.
Louisville	4	5	2
Boston	13	14	1

Batteries—Dowling and Kittredge; Kilroy and Bergen. Umpires—Hunt and Connolly.

CINCINNATI, 1; BROOKLYN, 7.

Cincinnati, May 19.—Being took Phillips out of the game after the third inning Tuesday, he was sick, though only two hits and no runs had been made off him. Taylor, who followed him, was hit hard by Brooklyn. Dahlen drove in six of his side's seven runs. Attendance, 4,128.

SCORE.

	R.	H.	E.
Cincinnati	1	13	1
Brooklyn	7	13	1

Batteries—Phillips, Taylor and Wood; Kennedy and Farrell. Umpires—Swartwood and Walsh.

DECLARED FORFEITED.

St. Louis, May 19.—Umpire Burns declared today's game forfeited to St. Louis at the end of the sixth inning. Manager Gleason had ordered off the diamond questioned Burns' decisions on balls. He delayed the game by his tactics, and finally ordered off of the game. He refused to go, and after waiting four minutes during which the score is St. Louis, 9 to 0. The Giants agreed to have a rakeback until the sixth inning, as the score at the commencement of this inning stood New York, 0; St. Louis, 3. Meekin became rattled in the sixth and gave five bases on balls and was hit for three singles, netting St. Louis six runs. Attendance 2,100.

SCORE.

	R.	H.	E.
St. Louis	9	9	1
New York	0	4	3

Batteries—Jones, Wilson, Bates and Criger; Meekin, Doheny and Grady. Umpires—Burns and Smith.

HONORS EAST.

Washington, May 19.—Pittsburg won the first game today by hard hitting and Washington's errors. In the second game Jones held Hofer to easy opposition, while Weyhing and good work. The batting of Donovan and Freeman were the features of the game. Attendance 2,000.

SCORE FIRST GAME.

	R.	H.	E.
Washington	4	7	5
Pittsburg	11	13	1

A bit of poetry.

Argue as you will

there is only one tea in packages that has been continuously used with satisfaction for 20 years in Utah, and that is

Pride of Japan (Tree) Tea

Batteries—Baker and McGuire, Tannehill and Sugden. Umpires—O'Day and Snyder.

SECOND GAME.

	R.	H.	E.
Washington	10	12	1
Pittsburg	2	4	1

Batteries—McFarland, Weyhing and Boyle; McGuire and Hofer and Bowerman. Umpires—O'Day and Snyder.

"Chase, May 18.—Four hits and two errors in the fourth inning gave the Orioles today's game. Kilroy had the Orphans at his mercy until the ninth. Wm. Morse Hilton, a gift, an error and Donohue's single scored a shoo-out. Dolman's and Hoyt's fielding was very brilliant. Attendance 1,000.

SCORE.

	R.	H.	E.
Chicago	1	7	3
Baltimore	4	10	1

Batteries—Chilcott and Donohue; Kilroy and Robinson. Umpires—Emslie and McDonald.

ROAD RACE.

List of the Officials for the Decoration Day Event.

The personnel of the officials in the Decoration Day road race has been decided upon and will be as follows:

Referee—W. E. Lake.

Judges—J. H. Blough, H. M. Smithey, T. G. Alder.

Timers—C. A. Eccles, A. P. Swenz, W. W. Hall.

Scorers—J. C. Thistle, W. P. Foster, George Weller.

Clerk of the Course—A. W. Caine.

Starter—H. S. Crandall.

Handicappers—C. H. Drake, Frank Lewelyn, O. E. Emery, J. P. Gunn and S. H. Sharman.

Promoter Gunn reports that the entries are coming in in good shape and he expects that the race will be up to the standard of those that have been run in the past. The prize list and program appears on another page.

ARE STILL SLEIGHING.

How Things are Progressing About Alta's Dizzy Heights.

Mr. Charles Ellis is in receipt of a letter from "Fritz" Brittch at the Frederick, a mile below the site of Alta village, from which the "News" is permitted to take the following:

"Heliche come and go regularly every day to and from Farmer's flat, where the Alliance ore is dumped on a platform to be hauled by wagon later. City people are is being hauled in the same way. The Montezuma will soon have a 300 element really. The Bryan has shown ore at a depth of 30 feet. Too much snow yet around the Alpha to do outside surveying and prospecting—the snow isn't so much as the Peruvian outfit moving towards the foothills with grub to pack up to the mountain. Snow goes fast, but not fast enough for people has to live under it. I will have to go down from Alta to revert feet through solid snow to the kitchen door. Sleds are all under snow yet. Your last summer's residence shows up and seems well shaken, but not refitted. Went down today to look at 'the Commodore,' but saw only a mass of snow. The creek is broken at the waterfall."

Mr. Ellis explains that the Commodore is a claim running up and down the very middle of Alta village, immediately below the Frederick and probably the greatest claim in Alta, of which Moses, Bertich, Ellis, Tripow and Michaie are the owners.

The amounts believed that rheumatism was the work of the devil within a week. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is economical enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out the devil, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. The soothing lotion relieves the pain, and this quick relief which it affords is alone worth many times it cost.

LUNA ARRESTS COMMISSIONERS

Dissolves Agency Appointed by Aguinaldo.

A SMUGGLING EXPEDITION.

Shipments of Arms for Filipinos Stopped—Four Englishmen and One American Concerned.

New York, May 20.—A dispatch to the Herald from Manila, says:

Gen. Luna has dissolved the peace commission appointed by Aguinaldo. Two of its members—Buenaventura and Cui, Argustlia—have been put under arrest at Tarlac, where Luna's government is established.

Four other commissioners were appointed, who came into Gen. Lawton's lines at San Isidro. Their authority is limited to asking a cessation of hostilities. The new commission is headed by Gen. Gregorio del Pilar.

Col. French, with the Twenty-second infantry, was sent down the river three miles from San Isidro to Gen. Lawton, to act the enemy, driving them out with a loss of four Americans.

Maj. Kobbe, with the Seventeenth and Nineteenth regiments, is expected to meet Col. French at Arayat.

The Rio Grande will then be clear of insurgents.

Arrival at Manila.

Manila, May 20, 1:45 a.m.—Two military and two civil Filipino commissioners, appointed to co-operate with three citizens of Manila, in negotiating terms of peace, have arrived here.

They have submitted no new proposition, but want an armistice pending the session of the Filipino congress.

Maj. Gen. Otis has refused to entertain the proposal.

Col. Kobbe remains at Cavanatuan. Gen. Lawton is marching south from San Isidro. Gen. MacArthur remains at San Fernando.

The Nebraska regiment has returned to Manila for a rest.

ALASKAN BOUNDARY CASE.

England Makes Objection to Dispatch of American Troops to the Territory.

The View is Taken that the Sending of Soldiers is in the Nature of a Menace.

Chicago, May 18.—A special to the Times-Herald from Washington says:

While pressing the United States to agree to the arbitration of the Alaskan boundary question the British government has entered objection to the dispatch of additional American troops to the interior, and has made clear its desire to obtain an Alaskan port.

With respect to the dispatch of three companies of regulars to Alaska to patrol the boundary line, the purpose of this government had in view was to preserve the peace and prevent a conflict between Canadian and American miners which reports from Governor Brady show is likely to occur at any moment.

It is probable, however, that in view of Great Britain's objection the troops will not be sent to Pyramid harbor, as originally intended, but will be located at a point accessible to the disputed territory, so as to be available in case of emergency.

In its representation to the American government the British government takes the view that the dispatch of troops to Alaska is in the nature of a menace, an indication that the United States proposed to retain by force the territory which it claims and that, consequently, it feels that in the interest of the friendly relations between the two governments they should not do so.

"Defer no time, delays

Have Dangerous Ends"

So said Shakespeare, but he didn't refer to

KRUG CABINET

liquor beer. It wasn't made in his day—but all the great men in the West are knowledge it is the best beer of today. Couldn't be anything else when it is made of the best Bohemian imperial hops and selected malt, with no other ingredients. Try a case.
