SECOND EDITION.

DESERET EVENING NEWS.

Monday, June 27, 1892.

LOCAL BREVITIES.

W. H. Kenyon, editor of the Spanish Fork Sun, called on the News office today and reported himself and his paper as doing well.

The police committee still continues to hold secret sessions to the exclusion of disclosing the scandals which were recently made public. The result of their meetings, however, could not be learned.

The Tourists Ward Sunday school go on an excursion to Syracuse tomorrow. The trains leave the Union Pacific depot at 9 a.m. and 2:30 p.m., returning in the evening. All members of the ward and friends are invited. Tickets can be obtained at the Ward store and from the committee.

The Rapid Transit railway company now find its answer in the case of Daniel A. Engler vs. itself. It denies the responsibility of the company and argues that whatever of a damaging character may have happened was caused through the negligence of the plaintiff himself. A general denial of all the allegations in the complaint is made.

Martyrdom Anniversary.

This being the 27th of June, it is just forty-eight years since the martyrdom of the Prophet Joseph Smith and his brother Hyrum, the Patriarch of the Church. Those who murdered them and those who endorsed the cruel deed imagined that with the death of the Prophet Joseph the work of which he, under the direction of the Almighty, was the founder, would be disintegrated and become extinct. The Church still lives, however, being an organization with a destiny, toward which it is being steadily guided by the Providence of God. This is the secret of its surviving the most extraordinary trials and vicissitudes through which it passes in its career. Though Joseph and Hyrum are laboring in the cause of the redemption of the dead in the spirit world, they still live, in a sense, in the mortal sphere as well, the fruits of their labors here continue to develop.

A Newer Communication From Our Regular Correspondent.

Mr. and Mrs. Judge Jones returned yesterday from their eastern trip. They accompanied the Republican delegation to Minneapolis, where they remained until the close of the convention, when they proceeded as far as the Niagara Falls, and returned to Chicago in time for the Democratic convention.

Dr. Wallick, of Logan, and Miss Grace Ree, of our city, were married last evening by Dr. Karl G. Maeser. The young couple left on the 10:25 train for Logan where they will be "at home" after July 15.

Our Fourth Ward Glee Club gave a concert at the Lake on Saturday night.

Word was received yesterday by H. H. Beck, manager of the Colorado Lumber Co., Dan Stoker, the alleged forger, had forged a draft for $[illegible] on the Colorado Lumber Co., and had signed Mr. Beck's name. The draft had been protested and for this there were claims to the amount of $25. Stoker is now in jail at Ogden on offenses committed at that place and Logan.

Dr. Beck, dentist, returned yesterday from Park City, where he went to attend a convention of Knights of Pythias.

Elder J. H. Roth, who returned last week from a mission in England, addressed the Saints at the Tabernacle yesterday afternoon, giving a long account of his labors. His time was mostly spent in the Manchester Conference, and he greatly enjoyed his labors.

The Federated Trades of Salt Lake have decided to accept Provo's invitation to be present at the Fourth of July celebration.

The Castilla Resort has offered a prize of $50 to the winning base ball team in a contest to take place July 10th. Provo and Mt. Pleasant are all that have entered at present.

Prof. Benjamin Cluff and G. H. Brimhall returned last evening from a trip through Southern Utah in the interest of education in general. These gentlemen went as far as northern Arizona and delivered lectures in nearly every town. On their return trip they spent several days at Panguitch Lake where they held a joint institute, at which Garfield, Beaver, Kane and Iron counties were represented. At the place met about eight teachers and normal students and to them Prof. Cluff delivered five lectures of "Psychology" and five on the "History of Education." Prof. Brimhall delivered ten lectures on "School Methodology."

From the report given by Professor Brimhall there seems to be considerable interest manifest throughout the south in the direction of better education, and these summer schools are accomplishing a vast amount of good, the result of which will be experienced in more than a thousand homes.

The School Board of Eureka have selected the following teachers for the ensuing year:

The "Harrison-Reid Club" of Provo, composed of Liberal and Straight Republicans, will ratify the national nominees tonight at our Lake Resort. It is expected that Governor Thomas will be present, George Sutherland and J. E. Booth of the regular party have been invited to speak and the invitation accepted. It looks as though a compromise had been effected in the Garden City, and it is to be hoped such will be the case throughout the Territory.

Our Provo people who attended the convention at Chicago are expected home tomorrow and steps are being taken to ratify the national Democratic ticket as soon as possible after they arrive. Mrs. Samuel R. Thomas, Mr. Bert Thurman and Miss Florence Pike went to the metropolis late morning to meet the returning delegation.

Provo, June 27th.

ONLY A PRIVATE CITIZEN,

Joe E. O'Brien Merely an Alleged City Detective.

THE ELSIE ST. OMER CASE.

It was Being Investigated Before Justice Fred Kesler This Afternoon.

The Elsie St. Omer case, of which so much has been heard the last few days, came up before Justice Kesler at 2:30 this afternoon. Attorney D. N. Stroup appeared for the defendant, while Assistant City Attorney Coad prosecuted. The court room was filled to overflowing by officers, sporting men and women. A sensation was caused by D. N. Stroup filing an affidavit in which the following points were set forth:

Now comes the defendant by her attorney, D. N. Stroup, and moves to dismiss the warrant in this action, and all proceedings had and done subsequent thereto in the action named, for the reason that the said warrant is defective, illegal and void.

First—For the reason that the warrant was served and returned by one Joe. E. O'Brien, who is a private citizen only and not a police officer or peace or any other officer, and that the offense charged is a misdemeanor and was not committed in the presence of said Joe. O'Brien.

Second—That said Joe. O'Brien is a pretended officer whose office was vacated by the appointment of one John M. Young, then chief of police of Salt Lake City, as special policeman on the 4th day of January, 1892; that said appointment was made without law or right, and is absolutely illegal for the following reasons:

First—That by the charter and ordinance of Salt Lake City the mayor of said city is the only person authorized to make appointments of special police, and then only for the term of ten days. The said O'Brien was at no time appointed by the mayor of said city.

Second—That more than ten days have passed since the appointment of said O'Brien, and his appointment was at no time been confirmed, ratified or acted upon or assented to by the City Council of said city, all of which appears by the records in the records of the recorder's office of said city.

Attorney Stroup contended that the warrant was illegal in every sense.

Attorney Coad said that the serving of the warrant could not now be attacked as it had served its purpose and was now dead.

The court held that O'Brien, according to the evidence before him, was not an officer of the city, whereupon Mr. Stroup asked that the defendants be discharged.

A sharp colloquy then ensued between counsel for the respective sides which resulted in a trial.

Mr. Stroup explained that he was unwilling to go to trial for the reason that the defendant had plead not guilty to a warrant that was illegal.

The Court—Well, let them plead again.

With this the case went to trial and was in progress at the time we went to press.

A laborer in a rough felt hat and long coat walked the other day into the Shakespeare library, and after looking attentively for some time at one of the exhibitions, went up to him and said, "I say, sir, to you Mr. Shakespeare as I've been speak out." The exhibition explained to Judge that he was not the gentleman referred to.—London Telegraph.

Since the nomination of Cleveland the People's party leaders have agreed to make a united fight for the silver States with a view of throwing the silver issue, thus, believing that with the aid of the Southern Congressmen a silver Democrat can be chosen President. Dellwiler says that Kansas will go solid for Adams.

Hicks Powell, of New York, issued Clarkson to succeed himself as chairman, assigning him and his work in behalf of the Republican party. Clarkson responded by replying the appreciation of the words of praise from President, saying that he had learned this morning that he had preferred another man. He therefore absolutely declined to be considered a candidate. The committee took recess till 2 p. m. to allow the President time to indicate his preference for chairman.

It is Chase against the field with little chance of the field uniting. Chase's friends are encouraged by a telegram from J. N. Huston saying that he did not wish to enter the contest against Chase.
