BOND BIDS REJECTED

By the Board of Education, at Its Meeting Last Night.

SUPERINTENDENT'S AND TREASURER'S REPORTS.

Saloons, a Moral Menace to School Children.—Appropriations.—Miscellaneous Matters.

The Board of Education met in regular session last night. In the absence of President Scott, Vice-President Nelson occupied the chair. The members in attendance were Young, Raybould, Newman, Pratt, Pike, Duke and Alff.

The following communications were read and referred:

The surveyors of the Pacific Insurance Union have issued a circular to the boards of insurance on the several schoolhouses of this city after having inspected the buildings, which are as follows on the price:

	For one year.	For three years.
Nos. 4, 8, 13, 15, 17, 18, 19, 20 and 21	$ 90	$ 80
No. 2	15 00	10 00
No. 3 and 4	15 00	10 00
No. 5 and 6	15 00	10 00
No. 7 and 8	15 00	10 00

We should be pleased to insure any of the above. Yours truly,

PETERS & YOUNG.

SCHOOL BOARD TO LET.

Understanding that you are short of school rooms to accommodate pupils, will say that if the Fourteenth ward school building will be of any service to you we can let you have the three rooms that have been used for school purposes. They are now vacant and supplied with steam heat, ready for immediate use.

Yours respectfully,

GEORGE H. TAYLOR.

GEOLOGICAL COLLECTION.

To the Board of Education, Chairman of Committee on Supplies:

DEAR SIR—We will hereby to apply for subject of geological collection of the seventh grade, Fourteenth school.

Respectfully,

JENNY M. CANNON,
A. W. SMITH.

TREASURER'S REPORT.

The following report of receipts and disbursements for the month of October was made by the treasurer:

Amount of cash on hand of the district	$ 15,217 07
Received from—	
D. B. Allen, county tax	$ 1,209 20
D. B. Allen, county tax	1,209 20
Salt Lake City, tuition	1,207 50
J. E. Sommer, for rents of Sunday school rooms	15 00
	$ 19,858 97
Disbursements—	
Paid teachers' warrants	$ 12,224 12
Balance unexpended funds on October 31	7,634 85

I hereby certify that the above is a correct statement. J. E. SAUNDERS,
Treasurer of Board of Education.

Received and filed.

ANOTHER SCHOOL WANTED.

A large number of residents of that portion of the city lying between Third and Fifth East streets, south of Ninth South street, asked that school be established in that vicinity forthwith.

Referred to the committee on buildings and sites.

SCHOOL BOOK REJECTED.

The following bond bids were read and rejected, on a vote of 7 to 1, Mr. Newman alone voting for the adoption of one of the other:

SALT LAKE CITY, NOV. 3, 1891.

To the Honorable Board of Education, Salt Lake City:

Gentlemen—For $50,000 (per cent. 20-year gold bonds of your district, dated July 1, 1891, interest and principal payable at some bank in the city of New York, we offer $50,000, less a cash commission of 1 1-2 per cent, the bonds to be delivered at some bank in Boston, Mass., on or before January 1, 1892, and taken up and paid for by us as follows:

On or before January 1, 1892, $25,000;
On or before March 1, 1892, $25,000;
On or before May 1, 1892, $25,000;
On or before June 30, 1892, $25,000.

Provided that $25,000 of said bonds shall be taken up and paid for on delivery of said bonds with papers evidencing authority to our attorneys their legality, and that on all bonds taken up and paid for before dates given above 5 per cent, interest per annum shall be deducted from the amount to be paid for said bonds for the time they should have taken up and paid for. If this bid is accepted, we offer to furnish within fifteen days the guarantee of the Broadway National Bank of Boston in the amount of 5 per cent, or $1500, that this contract will be fully and faithfully performed. This bid is conditioned on immediate acceptance in writing.

GEO. F. PERSONS & CO.,
39 Water Street, Boston.

SALT LAKE CITY, UTAH, Nov. 3, 1891.

To the Honorable Board of Education, Salt Lake City:

Gentlemen—For the $50,000 5 per cent, twenty-year gold bonds of your district, dated July 1, 1891, interest and principal payable at some bank in the city of New York, we offer $50,000, less a cash commission of 1 1-2 per cent, the bonds to be delivered at some bank in Chicago or New York, at our option, on or before January 1, 1892, and taken up and paid for as follows: $25,000 on or before January 1, 1892; $25,000 on or before May 1, 1892; $25,000 on or before June 30, 1892.

Provided that $25,000 of said bonds shall be taken up and paid for on delivery of said bonds with papers evidencing authority to our attorneys their legality, and that all bonds taken up and paid for before the date above given, per cent. interest shall be deducted from the amount to be paid said bonds for the time they should have taken up and paid for.

This bid is conditioned on immediate acceptance. FARSON, LEACH & CO.
By GEO. F. PERSONS, Chicago, Ills., Agent.

TEACHERS AND SALARIES.

The committee on teachers reported as follows:

We, the committee on Teachers, recommend that the superintendent's assignment and assignment of the teachers named below be approved, and that the salaries that are mentioned after each name:

Name.	Assignment.	Salary.
Mary A. Brown	Geography	$ 60 00
Ida S. A. Hoch	Fourth	60 00
Ann Maria T. Hull	Twelfth	60 00
J. M. Wood	Willow	60 00
Emma Fox	Willow	60 00
Ella Rich	Willow	60 00
E. L. Rowe	Sixteenth	60 00
Georgia Kerr	Sixteenth	60 00
Georgia Kerrigan	Field	60 00
Ella Lund	Hooper	60 00
Annie Spencer	Wood	60 00
Mrs. A. M. Gaskill	Kirtland	75 00
Mrs. E. Ball	Wood	75 00

We also recommend that each of the following named teachers have their salary raised $5 per month: Miss E. Blackburn, Eleventh school; Miss Blanche Hitchcock, Seventh school, and that the increased salaries begin with the third month.

OFFENSIVE SECRETIONS.

The committee on ventilation reported as follows:

Regarding the school site advertised for in the Sixth ward we have received the following offers:

William Hanna offers to sell 10x10 rods in lot 1, block 34, plat A, for $[illegible].

C. Folsom offers one-half of lot 3, block 46, plat A, for $[illegible].

J. C. Warren, Hugh Watson, T. Green and J. H. Peebles offer 10x10 rods on Fifth south, between Third and Fourth West streets, for $[illegible].

We also recommend having secured an offer from Mrs. Emma Fenton for 5x10 rods and an offer for half rods and 5x10 rods of back land adjoining the land offered by Mrs. Fenton.

We recommend that the office of these two persons be accepted and arrangements made to make a secure the title thereto on such terms as the board may determine. It will be observed that both these sites are for sale, but your committee believe that on payment of deed to Mrs. Fenton and return to Mr. Hutchins bonds can be secured vesting title in this board and said deeds deposited in escrow with the necessary receipts or notes of the banks in this city on conditions that the deferred payments of $500 and $200, respectively, shall be made at 8 per cent per annum with the understanding that the board take immediate possession of the property and proceed to improve the same. On consultation with some of the members of the finance committee it was deemed advisable to discontinue all negotiations for sites for bonds, as a sale of a lot of the bonds in this way would prevent a corresponding sale of a sufficient number to the bond buyers.

A discussion followed, which ended in the committee being authorized to accept the offers of Mrs. Fenton, Mr. Hutchins and Mr. Poulton.

SCHOOL HOUSE PLANS.

The same committee offered the following report, which was adopted:

We have also examined plans for school houses submitted for the lighting of a hall in the third story for the use of the schools in entertainments, general exercises and political meetings, etc. You committee ask that they be authorized to solicit bids for the erection of such buildings and recommend the adoption of the plans by G. D. Spotts, Geo. F. Cameron, J. J. Hobbert and Monheim, Bird & Proudfoot.

SCHOOL SUPPLIES.

The following recommendations from the committee on school work were adopted:

1—We, the committee on school work, recommend that a purchase of school maps be made so that each school may have one complete set. We also recommend the purchase of seven full sets and twenty single maps at a total cost of $[illegible].

2—We recommend that the superintendent be authorized to have painted on the blackboard in primary rooms, strips of gray lines for use in teaching penmanship. The cost will not exceed 25 cents per linear yard and the total number of yards will probably not exceed [illegible].

3—We recommend that a partition be constructed in the south upper room of the Armstrong building in order to secure a ventilation room. The arrangement will result in providing a greatly needed primary room and at the same time grant the principal needed apartments for supervising his school. An additional teacher is contemplated in this recommendation.

4—We recommend that the committee on buildings secure, if possible, an additional room for use of the primary department in the second school. This will make it possible to use the smaller room in the Second for relief of the larger, which is greatly overcrowded. This plan also contemplates the employment of an additional teacher.

5—We recommend that the lease for the basement of the Lutheran church be cancelled upon the payment of the rent in full to January 1, and that the department occupying that building be transferred to the Woman's Industrial Home building.

6—We recommend the purchase of books for the high school as selected by the principal and teachers. The cost of these books is about $[illegible], and a balance of about $[illegible] of the amount appropriated for the board for such purpose will be left for future needs.

7—We recommend the adoption for use in the high school of Appleton's standard system of penmanship.

PLANS ADOPTED.

The committee on sites and buildings reported the following:

We recommend the adoption of the plans of Architects George S. Scott, George C. Cummings, J. J. Hobbert Monheim, Bird & Proudfoot.

The object of the committee in recommending the adoption of the four plans is to encourage different styles of architecture and to promote a healthy rivalry as to construction and convenience between the architects themselves.

We are advised by the architects that the cost of these eight-roomed buildings will not exceed $[illegible] for two stories and basement, but the committee suggest that they be authorized to solicit bids from reliable contractors that in the number of such buildings will be the best estimate of their cost, and your committee add to the plans a large hall as a third story.

We present for your favorable consideration and adoption the following plans, which, however, recommending any special system of heating or ventilation suggested by the different architects, reserving that for further consideration, and all other plans be returned to the different architects presenting the same with our thanks for their labor in the strong and public spirit manifested by them.

We let the contract to the Tenth Ward Building and Loan association for frame and coal house on the school ground for $[illegible], also recommend the execution of a new lease on Webber building original to the Utah National bank, to include the coming of the third room, $[illegible] per month for the room, in the lease and overlook. We rented a room 25x30 for $20 till July 1 from J. Hicks, and we also recommend the offers be accepted to execute lease. We also recommend the form of deed we will present for your approval transfer of school property to this board.

APPROPRIATIONS.

The following appropriations were made:

Boyle & Scott, on account	$[illegible]
Salt Lake Ice & Co., standard	[illegible]
Treasurer Board, sewing Fourteenth school room	[illegible]
McGhie & Co., repairs of school furniture	[illegible]
Utah Title Insurance & Trust Co., interest	[illegible]
Bank of Utah & Co., fire insurance	[illegible]
Jos. R. Walker & Co., fire insurance	[illegible]
John Dyer & Co., repairing Twenty-first school room	[illegible]
Deseret Evening News, printing	[illegible]
Salt Lake Tribune Co., printing	[illegible]
Salt Lake Herald Co., printing	[illegible]

Total	[illegible]

SUPERINTENDENT'S REPORT.

Superintendent Milnoight submitted the following report of the public schools, showing their condition at the close of first month of last year and at the close of the first month this year:

Total enrollment—	This Year.	Last Year.
For the month	[illegible]	[illegible]
Average number enrolled	[illegible]	[illegible]
Average daily attendance	[illegible]	[illegible]
Promoted or promotions	[illegible]	[illegible]
Suspended or suspensions	[illegible]	[illegible]
Discharged or discharges	[illegible]	[illegible]
Number cases of corporal punishment	[illegible]	[illegible]
Number cases of truancy	1,097	1,000
Average cost per scholar at schoolhouse	[illegible]	[illegible]
Times visited by members of board	27	7
Visits by patrons and others	[illegible]	[illegible]
Grand total	108	80

There have been 1711 pupils not absent or tardy this year. Teachers have made 20 visits to parents.

Number of pupils per teacher this year [illegible]
Number of pupils per teacher last year [illegible]

MISCELLANEOUS.

It was moved and carried that the salary of Janitor Job Reynolds of the Eighth schoolhouse be raised from $25 to $35 per month.

It was moved and carried that J. W. Sanders be engaged as janitor of the school held in the African M. E. church, also that Francis Edmonds be employed as janitor of the Tenth school, vice W. J. Harris resigned.

The following motion carried:

Whereas, The board of education regards it as a nuisance to the moral welfare of the school children entrusted to its care that any saloon be located in the immediate neighborhood of any school building and that the board be requested and requested in grant or renew any license to any saloon within twenty rods of a schoolhouse.

This motion also carried:

That a night school be opened, provided not less than twenty persons within a month signify their intention to attend. Not more than one school to be opened and not more than two teachers engaged.

Gold Bricks in the Metropolis.

What gold bricks there are scattered all over this big place for the men who have eyes to see them and wits to work them.

This thought, which is not original with me by any means, was brought to my mind as I was getting an exercise chiro on one of the ferry boats recently.

An Italian passenger, who ought to be going to school, was the artist. He "bone" is an Italian who was lucky enough to secure the exclusive rights to "shine" on the boats of this company for the paltry sum of $5,000 or $1,000 a year. He has probably two boys hard at work for a few dollars a week, and they turn in to him $1.50 to $2 a day each.

You can really figure out for yourself his profits. They can scarcely be less than $15,000 a year.

Yet for years no one thought the privilege worth picking up.

Again, I had always been in the habit of "chipping in" when the hat was passed by the men who furnish the harrowing music (?) on the excursion boats around the harbor. I thought, "Poor fellows they need it." And if I had no change I was always very busy looking off the boat as the man with the hat approached.

Well, one day I learned that the principal who hired these players had been refused an extension of his exclusive privilege because he had declined to pay more than $12,000 a year for it.

The hat of an excursion boat musician lost its terrors for me from that time.—New York Herald.

Patti's Wonderful Orchestrion.

Patti's orchestrion is the largest instrument of the kind in the world. It was built for Craig-Noe, cost nearly $25,000 and plays an almost endless list of operas and concert music. It is like a full orchestra, and Patti calls it the "Spirit of the Castle." No one, of course, has the temerity to pretend to sing or play in Patti unless she requests the pre-ceiling. Nor has any one the temerity to ask her to sing in the usual after dinner style. Pianos are in plenty at the castle. Yet there, by a sort of unwritten law, keep silent state, at least when the hostess of the house is present.

It was no small relief to me to find that, although the house guests invited many well known musicians, one was not bored with what I call in recent "modern slang," literally speaking, musical people, like painters, make life a most miserable thing to those out of their own "art swim." But at Craig-Noe, nestled in a Welsh valley, the "Rock of the Night," eight miles from any neighbor, one can have peace and happiness. Miss Patti Nicolini and Mr. Ernest Nicolini do their musical chit of practicing in their own rooms in the forenoon, before the 12:30 breakfast, and when they elect to sing for their friends they have made themselves a theater to sing in.—Cor. Boston Herald.

The Dude's Wants a Hack.

A fashionable man was not expecting his wife at home when she came by train one day last week. "Hack," yelled he. "Hack, madam! Take you any where." "No," said madam, looking at her husband in surprise. "I don't want any hack, you nincompoop." Not a man even then that it was his wife, he plodded around the depot while she stood there looking at him in wonder. Bonehead: He was all business. Returning from an unsuccessful flight after a pretty dressmaker, he saw the lady standing where he had left her and tried her again.

"Hack! Won't you have a hack?" when she turned her familiar eyes upon him, and said: "George Stubbers, you old ninny. Don't you know your wife? What are you up to, anyway? Also this a pretty way to receive your wife when she comes home? Not to say a word to her only fool to rail into her cars. 'Hack, madam! Have a hack? I don't want none of your old hacks! I don't—wanted you to be cooler and glad to see me.'"—Lewiston (Me.) Journal.

A Good Free Remedy.

It is generally thought that when any one took cough in hand that it is out of it. But it is useless to try to hold it. A severe attack of bronchitis will, however, that a search may be made which will find the path together perfectly. It is made in the following manner: Take two ounces of tar and one pound each of fine Magnesia and one pound each of fine Magnesia, mix in a mortar and keep the powder perfectly dry. When a cough is to be cured mix in this twenty times the weight of cream from Magnesia, grind the mixture to a paste and apply to the parts to be relieved. After a while it will become so strong and need no any part of the mixture.—New York Tribune.

SCIENCE IN BREAD MAKING.

At the recent annual meeting of the American Chemical Society, held in Washington, D. C., the question of the relative merits of materials for a leavening agent in bread, or as used in baking powders came up for discussion, in which Prof. Barker, of the University of Pennsylvania, and President of the Society, Dr. Richardson, late of the United States Department of Agriculture in Washington, Dr. Wm. McMurtrie, late Prof. of Chemistry in the University of Illinois, Dr. E. H. Bartley, late Chemist of the Brooklyn, N. Y., Board of Health, and Prof. of Chemistry in the Long Island College, and others took part.

The consensus of opinion was overwhelmingly in favor of the employment of ammonia. It was stated as a fact that ammonia rendered the gluten of the flour more sensitive than the original gluten, and that the bread in which the urine was produced by carbonate of ammonia was more digestible and better tasted, more healthful, and because of the extreme volatility of carbonate of ammonia, and its complete expulsion from the bread in the process of baking, it is one of the most useful, most healthful and most valuable leavening agents known.

These conclusions were borne out by the very elaborate and exhaustive experiments made by Prof. J. W. Mallet, of the University of Virginia, which show conclusively that bread made with a baking powder in which one per cent. of carbonate of ammonia is used, in connection with cream of tartar and soda, is not only of uniformly better color and texture, but a product more wholesome, because the ammonia serves to neutralize any excess of lactic acid present in the flour.

NOTICE REGARDING VIOLATION TO REPORT DISEASES AT FIRST TO QUARANTINE.

Attention is hereby called to the following Rules of the Board of Health, and request is made that all persons interested in the suppression and prevention of disease, kindly report to the Health Authorities any cases whatever of contagious or infectious diseases coming to their knowledge. I wish also to state, in view of false rumors which have come to me, that there is no reason why any of the schools of the city should be closed, there being at the present time very few cases under quarantine restrictions.

LORIN HALL,
Health Commissioner.

Rules Approved by Board of Health, August 6th, 1890.

QUARANTINE RULES.

RULE I. It shall be the duty of all physicians to report immediately to the Board of Health all cases of Diphtheria, Small Pox and Scarlet Fever.

RULE II. The place wherein any person or persons are located having any of the diseases mentioned in Rule I, shall have displayed thereon a Yellow Flag, upon which is printed, in plain black letters, the name of the disease which therein exists.

RULE III. It shall be unlawful for any person or persons to remove or destroy, in any way, with said flag without permission from Health Commissioner.

RULE IV. No person who he or she has been affected with any of the diseases named in Rule I, shall be permitted to leave the house in which he or she resides, or lodges, without a permit from the Board of Health, to be issued on receipt of a certificate from the attending physician that all danger of communicating the disease has passed; and no person residing or lodging in a house wherein such a disease is present shall attend school, church or other public place, without permission from the Board of Health.

Extract from Health Ordinance Relating hereto.

"SECTION 18.—That any person who violates, disobeys, omits, neglects or refuses to comply with or observe any of the rules, orders, proclamations or sanitary regulations of the Board of Health, Health Commissioner or Sanitary, or who causes any others or others so to violate, neglect or refuse to comply with or why, who causes any others or others so to violate, neglect or refuse to comply with said Board of Health, Health Commissioner or Mayor, shall, upon conviction, be fined in a sum not less than $10 and not more than $100 or imprisonment in the City Jail not more than One Hundred (100) days, or both."

It Should be In Every House.

J. B. Wilson, 501 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife when so prostrated with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Canadaigua, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Regular size 50c and $1. Free Trial bottles at A. C. Smith & Co's Drug Store. Large bottles (Regular size) $1.00. 3

There is Some Better.

Dr. R. L. S. Jones of Howland, Putnam county, Missouri, takes no pleasure in recommending Dr. Bigelow's Chamberlain's Cough Remedy, because he knows it to be reliable. He has used it in his practice for several years, and knows it to be a good medicine. It is especially valuable for colds and as a preventive and cure for croup. This most excellent medicine is for sale by Z. C. M. I. Drug Store. 3
