RENEWED BEAR TACTICS

Prices in Stocks Begin to Crumble Rapidly—Bonds Also Low Grade.

Market Opened Down in Sympathy With Depression in London—Less Stock Market Higher.

New York, Sept. 7.—The international stock market, which was somewhat with the depression in London over the gloom of war with the Transvaal, and a decline in the price of Consols, opened lower today, and the depression spread to the home market. Amongst long stocks the first sales were generally a point lower than previous. Pacific securities were the most active and weakest, Union Pacific opening off 1 and Northern Pacific preferred 2 and the common 1 lower. Sugar, Tobacco, Rubber, Leather, Gas, Steel and Copper shares were also lower. Some of the speculation had a good character, and the decline was not in sympathy with the weakness in the western and Pacific issues, yet some market leaders were also lower. Sales in the first hour were reported by the tens in anxiety stocks.

Bonds had ground in sympathy with stocks.
