PUTS AN END TO FILIBUSTERING

President Davis Rules in Interest of Fair Play at City Council Meeting.

CANVASS ELECTION RETURNS.

Martin, Black and O'Donnell Attempt To Prevent Seating of First Ward Councilmen, But Fail.

The usual Monday night session of the city council was devoted to making a partial canvass of the returns of the late election last evening rather than the transaction of regular business. In accordance with the statutes governing elections, the council met as a committee of the whole at noon yesterday, but with no intention of proceeding to the work before them. The law does not require that the meeting at which the canvassing shall be done is to be a continuous one, but admits of adjournment from time to time so that while days and even weeks may elapse before the count is finally completed, the date when the returns are certified is officially known as the "first Monday after election." Accordingly, an adjournment was taken until 7:30 o'clock last evening.

At the hour last mentioned the councilmen were again in their seats, this time ready to begin the work of going over the returns. President A. J. Davis was in the chair, and the attitude assumed by him during the evening defeated the obstructing tactics of a trio composed of Martin, Black and O'Donnell, whose aims and purposes were directed towards the prevention if possible of the seating of Messrs. Hodgson and Murdoch as members of the council from the first ward for the ensuing two years. President Davis ruled that the right or wrong of the Dodds movement, as carried into effect in some of the municipal wards, was a matter for the courts to determine. The duties of the councilmen in the matter of canvassing the votes is purely ministerial, he declared, and a sufficient number of "American" members sided with him and with the Democratic and Republican members to defeat Martin, Black, et al.

Messrs. Black, Ferry and Tandelphan were appointed to assist Clerk Morrison in the work of tallying, and an adding machine from the office of City Engineer Kelsey was brought into requisition, expediting the task.

THEIR PUNY PLEA.

When the count had been made for the first ward Councilman Ferguson moved that the totals received by Oliver Hodgson and James D. Murdoch on the Republican and Democratic tickets, respectively, be totalled.

The motion was opposed by Black and Martin, both of whom made speeches against the proposition. The puny plea was made by both that they did not know whether Oliver Hodson and Oliver Hodgson were one and the same person, and they assumed the same attitude as to Mr. Murdoch.

PRESI. DAVIS RULES.

Speaking to the question, President Davis said:

"I have looked up the law in this matter and talked to the city attorney and five other attorneys of prominence. They all tell me that the council when it sits as a canvassing board has only a ministerial duty to perform, and has no judicial powers. The law states that we shall use our common knowledge in regard to these matters. It is our duty to return that Hodgson and the other Democratic candidates have the greatest number of votes and to issue to them certificates of election. If there is any legal question, let the courts decide. The law does not intend that the council should take this matter out of the hands of the courts and if it is desired to contest let the judiciary determine the merits of the case. It is our duty to return that the Democrats have been elected."

After the vote had been taken, which decided in favor of the motion to consolidate the vote cast for Messrs. Hodgson and Murdoch, the canvass of the second municipal ward was commenced. The council will meet tonight to continue the count, which will probably be completed before adjournment.

CITIZENS PROTEST.

A petition to the council asking that no certificates be issued to the fusion nominees from the First ward filed by R. P. Armstrong, in behalf of Thomas Hobday and Allen E. Payne, defeated "American" candidates for councilmanic honors. Mr. Holiday, however, voted in favor of the proposition to consolidate the vote of his opponent, Mr. Hodgson, for the long term, as well as that of Mr. Murdoch. Following is the protest:

Comes now Thomas Hobday, the candidate of the American party for councilman from the First municipal ward of Salt Lake City, for the two-year term, and alleges that he was duly nominated by the "American" party for said office by convention duly called and held in said First municipal ward, and that his name was duly placed upon the American party ticket, under "7-A" on the voting machines used in said ward at said election, and that he was voted for for said office by the electors of said First municipal ward, at the election held Nov. 5, 1907. That as such candidate he received a plurality of the votes cast in said ward at said election, and is entitled to a certificate of election from said ward to said office.

The said Thomas Hobday further alleges that one James D. Murdoch, a Democrat, was a candidate of the Democratic party for said office in said ward, and as such candidate his name appeared under "7-H" on the Democratic ticket on the voting machines used in said ward. That the said Jas. D. Murdoch, Democrat, did not receive a plurality of the votes of electors cast in said First Municipal ward at said election.

Said Thomas Hobday further says that one James D. Murdoch, a Republican, was a candidate for said office on the Republican ticket in said First Municipal ward, and that his name appeared under "7-C" on the voting machines used in said ward at said election. That the said James D. Murdoch, Republican, did not receive a plurality of the votes cast by the electors in said ward at said election.

That one George Peters, a Socialist, was a candidate of the Socialist party for said office in said First municipal ward, at said election. That the said George Paterson did not receive a plurality of the votes of electors cast in said ward at said election.

Wherefore, the said Thomas Hobday demands that you, as such board of canvassers, issue to him a certificate of election to said office from said First municipal ward, and objects to the issuance of any certificate to the said James D. Murdoch, Democrat, and objects to the issuance of any certificate to the said James D. Murdoch, Republican, and objects to the issuance of any certificate to George Peterson, Socialist.

DEVOTED GIRL AT REST.

Sister S. Johnson, Whose Life Was Material for Tragic-Drama, Buried.

Hester S. Johnson, whose funeral was held at the family residence, 1155 Maple avenue, yesterday afternoon lived a life full for devotion and loyalty to a man, who would not return enough love and manhood to keep out of a prison yard. Five years ago, the story runs, the girl, then 17 years old, met Edward P. Johnson, a sawed border from eastern Utah. She fell in love with him and they came to Salt Lake together. Two days later Johnson was arrested for passing a check upon a merchant in this city. The girl, Miss Larsen, returned to her home, but when Johnson was admitted to bail he hurried to Bountiful and, stealing a horse and buggy at Brigham, started into Idaho. He was captured and sentenced to 18 months in the state prison. The girl set herself to work to free him by appealing to the board of pardons and just as she was making her earnest efforts a success Johnson, who had been made a trusty, ran away.

At his sweetheart's request he finally returned voluntarily. When others would have been discouraged and would have given up all hope, Miss Larsen again pleaded before the proper authorities for the release of her lover. Finally she was once more successful and they were married.

A short time ago Johnson said he meant to go to Wyoming and he started with his wife. At Ogden he told her he had no money and they would have to "beat their way." The brave woman doubled man's clothes and reached a camp selected by her husband as their new residence. Owing to the exposure the girl has contracted the consumption, and when her husband was again arrested for perpetrating another forgery she came home to her parents. She came home to die—the child of consumption, but it was a broken heart.

RESOLUTIONS DRAFTED.

Committee of Popular Grove Residents Will Petition City Council.

At last evenings meeting of the Civic Improvement leagues of Popular Grove and Eighth West street, the following committee was appointed to draft a resolution to be presented to the city council, asking that a fire station be established at Eighth West and Eighth South streets: I. E. Willey, chairman; A. P. Ball, S. D. Bass, Charles E. White, C. E. Christensen and Frank Hoagland. Three of the members of the committee are from the Eighth West league and three from the Popular Grove. They will also investigate the matter of enlarging the water mains.

Principal Brown of the Popular Grove school stated that the board favored laying cement walks around the school building. The lessees decided that they wanted more street lights. There are at present only seven, while 20 are needed to furnish the desired amount of light. The city council will be petitioned to that effect.

A Great Roast!

Over a ton of Arbuckles' Ariosa Coffee is roasted at a time, in a large revolving cylinder, which drops the coffee through heat again and again until each bean is uniformly roasted.

No other coffee is in sufficient demand to afford such scientific and perfect preparation.

The sales of Arbuckles' Ariosa Coffee exceed the sales of all other packaged coffees combined, and this scientific roasting, which no other coffee can afford, by its very magnitude, reduces our cost to a minimum, and enables us, with our other advantages, to give better value in Arbuckles' Ariosa Coffee than is possible for any one else.

Arbuckles' Ariosa Coffee is the cheapest good coffee in the world, and the best of all for you.

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think, if he should say—he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St. B

SOCIAL AND PERSONAL.

For many years past the public charity ball has been an annual event in this city, and the ball which takes place tonight will probably eclipse any previous entertainment of the kind yet given. Numerous committees have had the details in charge, patrons have bought tickets in batches, voluntary contributions have aided in carrying out the various features in the way of decorations, supper, etc., and the event altogether promises to rank as the most successful yet given.

It will be held in the new dancing academy on Market street, and the nurses in St. Mark's training school will be present in uniform as guests of honor. The ball is given by St. Mark's hospital association, and the guests will be received by Mrs. A. J. Gorham, president of the Hospital Aid society, Miss Jane Howat, secretary of the same, and chairmen of the various committees, members of the executive committee, including Mrs. F. S. Bascom, Mrs. Windsor V. Rice, Mrs. Russel L. Tracy and Mrs. Joel Siegel. The supper will be in the charge of Mrs. Samuel Paul and Mrs. Edwin Kimball. Mrs. Grant Smith and Mrs. F. S. Bascom will preside over the punch bowl, and will be assisted by the Misses McMillan, the Misses Burch, Miss Mary Copley, Miss Eleanor Stewart, Miss Winnifred Brice, Miss Mamie Sappington and Miss Louise Putnam.

The other committees in charge of the ball are as follows: Decoration, Mrs. Clifford R. Pearsall, Mrs. W. Mott Ferry, Mrs. Robert C. Gemmell and Mrs. Kriebel; music, Mrs. George Y. Wallace; tickets, Mrs. Grant Smith and Mrs. J. A. Reeves; advertising, Mrs. William H. Child; floor, H. J. Glendinning, Harry Sherman, Carl Scheid, Herbert S. Savage and Steve Brodie.

Miss Irma Clawson and Carl L. Wilkins were married in the city Monday evening. The ceremony was performed by Bishop Frederic Clawson, an uncle of the bride, at the home of the bride's parents, Mr. and Mrs. Sidney B. Clawson, 17 Canyon road. A few friends of the couple were present. Mr. and Mrs. Williams will leave today for Price, Utah, where Mr. Williams is editor of the Carbon County News, one of the best weekly newspapers in the west. Before going to Price, Mr. Williams was prominent among Salt Lake's writers. The bride was a leader in social circles and is very popular among the young folks in this city.

Disease attacks only those who are susceptible to it, because of a weakened condition of the body—generally due to improper food.

Grape-Nuts food is made of whole wheat and barley, scientifically employing moisture, time and heat—Nature's own way of changing the starch of the grains to a form of sugar (the most digestible substance known) which a weakened human system can absorb and use to build itself back to sturdy strength.

Proper food will generally put disease to flight. "There's a Reason."

PHYSICIANS CURE SKIN WITH SIMPLE REMEDY.

Noted Eczema Specialist Comments on A Proven Specific for Skin Diseases.

Physician everywhere continue their praise for ordinary oil of wintergreen of a wonderful specific for Eczema and other itching skin diseases. This liquid, pure and clean as water, externally applied has instant effect. A few drops on the burning, itching sore causes instant relief, and a short continued use gives a complete cure.

Dr. C. B. Holmes of Silver City, Miss., is so enthusiastic about this remedy—D. D. D. Prescription—that he gives it a letter to the D. D. D. Company of Chicago that this great remedy is as much a specific for Eczema as quinine for malaria. "I have been using your D. D. D. for four years with gratifying results," writes Dr. Holmes.

There are thousands of other physicians who use D. D. D. Prescription, the oil of wintergreen specific. D. D. D. is pure and it is so clean to use. If you will not know what D. D. D. will do we would not recommend it to our friends and patrons.

However, ardent the desire of the voter will avail him nothing at this time. The legislature slaughtered the measure providing for that form of government at its last session. That this bone is not dead, however, is evidenced by the ballot of the man from the Tenth. He evidently has grown tired of the methods of city administration as brought to light during the last two years.

GENERAL CLEANING NEEDED.

Springville and Spanish Fork Bad Sickness from Several Causes.

Inspector Clark of the state board of health has returned from an inspection of hygienic conditions at Springville and Spanish Fork. He believes from careful examination of the premises where so many typhoid cases were found that irrigation and not water the direct cause of the trouble. The well is nicely walled with irrigating water, which is quite a number of cases was found running under outhouses and carrying the material out into gardens and vegetable tracts. These had been no disinfection used and as the excreta often contained typhoid germs they were carried to the growing products of gardens, and thus brought eventually into homes. Then there have been a good many construction an engineering camps in that section and typhoid lateral, many of whom were suffering from typhoid fever, were some too careful about throwing excreta around on the ground. The rain carried the typhoid germs from this all through the neighborhood, and thus caused sickness. Mr. Clark found 42 cases in Springville. A general cleaning up is advisable, and an entire change in sanitary maintenance will be urged in the board.

The EDISON PHONOGRAPH

NOTHING can equal the satisfaction there is in offering to your guests a satisfactory form of entertainment, one that takes care of itself, which does not interfere with other forms of amusement, but rather helps them. Such an entertainer is the Edison Phonograph.

It can amuse the guests

by rendering music, popular or classic, or it can aid them by furnishing dance music, marches and other things played by the best orchestras and brass bands. It costs less than the hiring of even a small orchestra for a single evening's entertainment.

Don't be without an Edison Phonograph if only for the sake of your friends. Hear the new model with the big horn at the nearest Edison store, or write for a booklet describing it.
