

## SUGAR TRUST PLACED ON TRIAL

Charged With Violating the Elkins  
Act in Accepting Rebates  
From N. Y. Central.

AMOUNT INVOLVED IS \$26,000.

Mr. McIlvaine and Judge Parker  
Make Many Objections for  
Defense.

New York, Nov. 16.—The trial of the American Sugar Refining company, charged by indictment with having violated the Elkins act in the acceptance of rebates from the New York Central railroad in the spring of 1902 amounting to \$26,000, was begun today before Judge Holt in the United States circuit court.

Lowell M. Palmer, who was for many years at the head of the sugar trust's traffic department, was a witness today.

The examination of Mr. Palmer, which was conducted along the same lines as in the recent New York Central trial, was frequently interrupted by the objections of Judge Parker and Mr. McIlvaine. Mr. Palmer testified that he kept a separate book account for the traffic department, but he was not permitted to explain how the clerks in his department were paid, the court sustaining Judge Parker's objection on that point. It is said to be the contention of the government that all the expenses of the traffic department were paid from this bank account, and that all the deposits came from rebates returned to and received by the defendant company.

Mr. Palmer said he had consulted with General Traffic Manager Pomeroy of the New York Central, and Vice President Nathan Guilford of the same road, concerning rates for sugar shipments to the west.

When Mr. Stinson questioned the witness concerning the contracts he had made with various companies, both Mr. McIlvaine and Judge Parker were on their feet with a series of objections. What contract he may have made had nothing to do with the real issues, they insisted. Mr. Stinson held that it would show the general authority under which the witness acted.

Judge Parker said that the defense would willingly admit that the witness had acted with the due authority of the defendant corporation. The agreement made by the witness and General Traffic Manager Pomeroy of the New York Central introduced in yesterday's trial against the Central, was put in evidence. Under it the rate between Brooklyn and Cleveland was reduced to 6 cents from the published rate of 21 cents and 15 cents. A letter written by Mr. Palmer to Nathan S. Guilford, then traffic manager of the Central, concerning the reduction of rates, was offered in evidence over the objections of the defense. The general purport of the letter showed that the reductions or rebates were allowed with the knowledge of Vice President Guilford. Following this a letter from C. R. Reicke, then secretary of the American Sugar Refining company, was read. This was in reply to one asking where and how the 6 cents to be returned as an overcharge was to be collected.

Mr. Reicke's letter said that the money would be paid into the defendant's commission account and then to the credit of the Brooklyn Transportation company. The latter corporation did all the trucking for the sugar company.

The check for \$26,000, drawn by a bank in Buffalo and paid to Mr. Palmer, representing the alleged rebates, was introduced in evidence, despite Mr. McIlvaine's attempt to prevent its reading by admitting its existence. To all of this evidence counsel for the defense continued to object and to have their exceptions noted when overruled.

W. E. Foster, an employee in the auditing department of the sugar company, testified that he had handled some of the claims upon which the rebates were based. One of these claims, which he identified, he had forwarded to H. O. Havemeyer, president of the defendant corporation. After further testimony court adjourned until Tuesday.

**VILLAREAL'S CASE REFERRED TO DEPARTMENT OF JUSTICE**

El Paso, Tex., Nov. 16.—Inspector Schumaker of the United States immigration service at this port held an important conference with two other inspectors today relative to the case of Antonio Villareal, the alleged revolutionist, who is now in jail here, and whose extradition is demanded by the Mexican government on a charge of murder alleged to have been committed in Mexico two years ago. Notwithstanding Villareal's deportation had been ordered by the department of commerce and labor upon the grounds of his being an alien and inciting revolution, the inspectors decided to refer the whole matter back to the department. The habeas corpus proceedings instituted by Villareal were dropped after the charge of murder was preferred, and the inspectors had the right to deport him under the original instructions. The matter has aroused intense interest here and along the border.

## TENOR CARUSO.

Celebrated Singer Arrested on Charge  
Of Disorderly Conduct.

New York, Nov. 16.—Enrico Caruso, tenor of the Metropolitan Opera House company, was arrested while a visitor at the manager's in Central park today, on a charge of disorderly conduct preferred by Mrs. Hannah Graham. The complainant, who said she was unaware of the prisoner's identity, alleged that Caruso had repeatedly insulted her.

After having been locked up for an hour Caruso was released on bail furnished by Heinrich Conried of the opera company. He will appear in court for hearing tomorrow. At the police station to which he was taken the tenor created a scene, and it was only with difficulty that he was induced to submit to the routine examination and search to which all prisoners are subjected. Throughout the ordeal he vehemently protested that a mistake had been made in his arrest, and at its conclusion the star was on the verge of collapse.

## COIN FOR SAN FRANCISCO SUFFERERS TURNS UP.

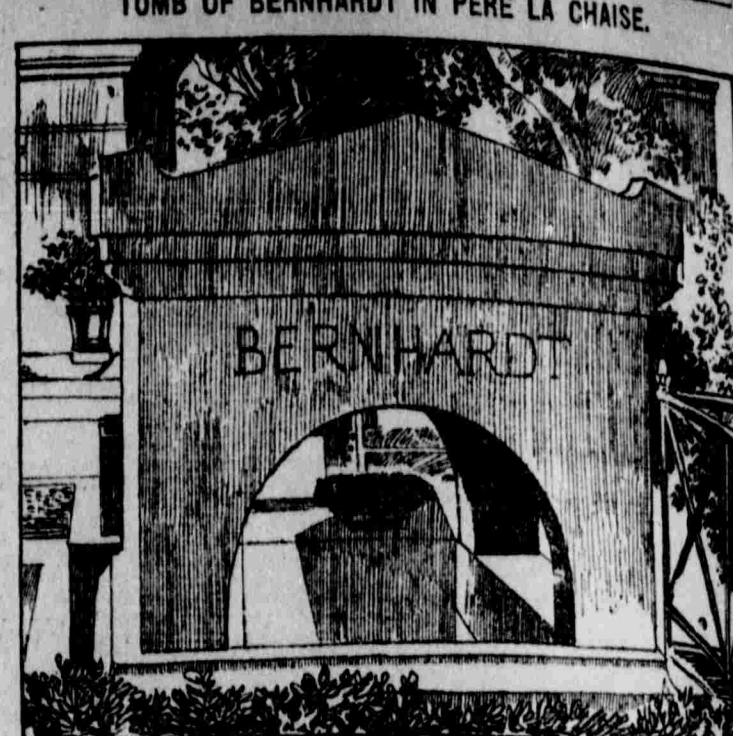

San Francisco, Nov. 16.—The package of coin containing \$108.50 contributed by the citizens of Searchlight, Nev., for the relief of the San Francisco sufferers, which had been missing for some time, was delivered to the relief corporation today by an express company. The package bore the inscription "General Relief Fund, care of Mayor Schmitt, San Francisco." It was sealed with a San Francisco seal, although the address of the sender was given as Los Angeles. The money contributed by the citizens of Searchlight was transmitted by check to a Los Angeles bank with instructions to send the actual coin to San Francisco as money with which to care for the stricken.

The relief authorities are endeavoring to learn why a package supposed to have been sent from Los Angeles should bear a San Francisco seal and why it was so long in reaching them.

General Manager Christensen of the express company which handled the money, this afternoon gave out the following statement: "There is nothing to be said in regard to this matter," said General Manager Christensen. "We were unable to find the package containing the relief funds from the citizens of Searchlight. To close the incident we made up a new package and sent it to the relief corporation today."

## SELLS MORE OF CHAMBERLAIN'S COUGH REMEDY THAN OF ALL OTHERS PUT TOGETHER.

The following letter from a locality where Chamberlain's Cough Remedy is well known shows by the unprecedented demand for it that the medicine sells on its own merits. Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have sold Chamberlain's Cough Remedy ever since it was introduced into Canada, and sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by all druggists.

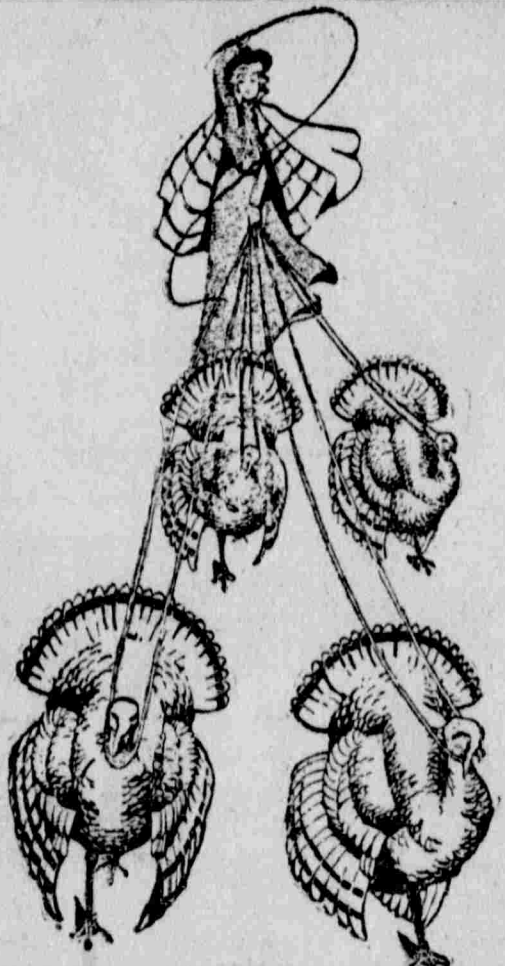

The picture shows the fine tomb which Mme. Sarah Bernhardt has had constructed in the famous Parisian cemetery of Pere la Chaise. It is the fervent wish of Mme. Sarah's friends and admirers that it long may be unoccupied, when the inevitable moment arrives it will be ready.
