BRIGHT FOR SILVER.

Congress Will Undoubtedly Make a Favorable Law.

LETTERS FROM THE CAPITAL

Solid Comfort for the West.—The Utah Delegation—Mass Meeting.—Notes.

The following letters bring words of solid comfort to the West, coming as they do from men of prominence at the national capital, who are thoroughly conversant with the situation. They are the utterances of men who view the situation with good and deliberate judgment and whose opinions are entitled to weight. The first letter is from the legal firm of Dudley and McKenzie to their agent here, and is as follows:

WASHINGTON, D.C., July 19th, 1893.

Mr. Charles H. Lawrence, the Knickerbocker, Salt Lake City, Utah:

DEAR MR. LAWRENCE—We have read with much interest your letters of July 5th and 6th, relating to the silver problem generally. We realize and agree with you in the gloomy view which you take, of economic affairs, with many others in the West, concerning the immediate future of silver. We are confident that you are wrong in thinking that the men who will vote in the repeal of the Sherman law will take no steps of the character you indicate against any measure for the benefit of silver. It does not follow, by any means, that a vote to repeal the Sherman law commits the men who thus vote to our adversaries policy. For instance, we have no doubt that Senator Voorhees will vote to repeal the Sherman law, but we have his most positive assurance that he will do everything within his power for silver, and he says that he is confident that some measure of relief will be agreed upon and passed, either at the time the Sherman law is repealed, or immediately thereafter. We expect to know that he expresses the sentiment of many members of the Democratic party and that reflects the view of a great portion of the people living west of the Rocky Mountains.

It may surprise you, but yet it is the conviction of our mind, based on growing sentiment in the East for the last year. We mean to the free coinage sentiment, we refer to a sentiment in favor of opening the mints of the United States, providing that produce against foreign notes, and putting more silver in the dollar than is now put in, until the government should issue a silver dollar worth 100 cents in commercial value, the conservative people of the country east of the Rocky Mountains are not more friendly to silver than they were a year ago. Notwithstanding all the well meant efforts, we find any one who is for the free coinage of silver. Much depends upon the conduct and utterances of the silver producing states. If they will accept any reasonable compromise, they will be doing more to opportunity of doing so, which will put silver on a much better basis than it has at present, and we have a very great deal to do in the Northwestern and western states, and we have excellent reason for asserting that this agitation began and has been fostered as a speculative movement, aided by certain political malcontents of the anti-silver kind, and abetted and encouraged by the monometallists of England.

While the Utah committee remain here, they will doubtless secure information corroborative of our statements in this letter. The country present about silver cannot possibly be responsible for the withdrawal of capital for manufacturing interests and enterprises, which has taken place since the standard and has been the silver agitation began.

This agitation against silver began after the withdrawal of capital from manufacturing enterprises and commerce, and when all of the great business institutions of the country believed that such withdrawal of capital from manufacturing business would result in hard times.

I might write you pages on this subject, but I think I have said enough to give you the key to the situation.

MEETING FOR SILVER.

The city received last evening, from E. H. Rollins & Sons, by their agent, Mr. Penfold, a bid for the city bonds. It is to the effect that 95 per cent would be given if the bonds were made to run twenty years instead of ten, and at six per cent interest instead of five. This is virtually an offer that if the city will give a bonus of $75,000, the bonds will be taken off its hands, as the increase in interest in interest represents $15,000 and the discount $60,000. Of course any change of terms is made in the bonds, it is understood the courts will be called to pass upon their validity as an issue outside of the borrowing capacity of the city at the present time. The Rollins bid has not been accepted yet.

DELEGATION ORGANIZED.

The Utah silver delegation met last evening and organized with Richard Mackintosh as chairman and A. R. Emery secretary. The delegation is to meet at the Auditorium in Chicago, on Monday, July 31st, at 8:00 p.m.

MEETING FOR SILVER.

A meeting of those interested in the movement to hold gatherings in each ward for the purpose of discussing the silver question, to be followed by a mass meeting of working men from all the wards, was held last evening, Elias Morris being elected chairman and J. R. Hawkings secretary. It was decided to hold the meetings in the wards at 7 o'clock Saturday evening, and unanimously upon adjournment all will unite in the Templeton corner, where photographs will be taken, and the procession will move to Richards' avenue, where the meeting will be held. The following committees were appointed:

Executive committee—P. O. Hom, J. S. Lapsley, J. L. Franks, Jonas Bailey, R. G. Sealer, W. H. Rowe, R. as Morris, E. F. Colmers, W. L. Crosby.

Ward Committee—J. C. McNally, S. F. Mackey, Conrad Montgomery, S. C. Ewing, M. E. Weber, C. H. Wilber, T. W. Hardy, J. L. Morris, John Bell, J. R. Hawkings, W. H. Bennington, J. L. Franks, Stephen Rolfe, J. R. McCoy, F. M. Petty, L. Wilson, H. Aldi, Richard Lee, J. W. Houston, Charles Mortensen, Elias Morris, George A. Lowe, G. H. Rowe, Geo. J. L. Tibbitts, C. A. Anne, J. R. Dugan, Lee Brown, B. C. Beaumont, John Grant, W. Kammers, Thos. Fox, H. M. Roberts, H. C. Sayers, William Simpson, Elias Morris, W. P. Dodd, Joe Morris, W. L. Pickens, Edward Simpson, Loren Trego, Robert Simpson, James Terry, H. F. Mason, John Beck, Robert Croft, Edmund Burke, John Bennion, R. G. Sealer, O. F. Pratt, L. M. Earl, F. M. Bishop, F. O. Horn, E. F. Colmers, J. C. Cowlin, A. Milton Stoner, C. B. Weeks, Tom Ferguson, E. W. Gowler.

AT THE PARK.

The ladies' meeting at Park City last night was an enthusiastic affair. The opera house was crowded. Mrs. D. C. McLaughlin called the meeting to order, and Mrs. W. M. Terry was selected to take the chair and Miss May Ferguson to act as secretary. There were speeches and paper by a number of ladies, and the resolutions adopted at the Theater mass meeting on Wednesday night receive unanimous endorsement.

SILVER MOUNTAIN GOLD.

[Special Dispatch to the NEWS.]

SHERIDAN, Wyo., July 25.—Hon. Geo. T. Beck has gone to Dayton Gulch in the Bald Mountains to look after the placer fields of the Sheridan Mining and Milling company. There is a great deal of development work being done in that section this season, and it is certain that considerable gold ore will be taken out of the Bald Mountains.

NOTES.

August Nielsen, sawyer, sends the following to the Richfield Advocate: I have just made four assays for the Butler company from their mine in Deer Creek canyon, north side of the Bald mountains. John Butler Jr. brought me the one to be assayed. He said he had four feet of the kind of ore to be assayed. The average of the same gave $15.41 in gold and $57.75 in silver. My rate in figuring is sixteen of silver to one of gold. At present they are shipping ore for shipment and are making it into a paying mine as fast as their means will permit.

The large rolling mill which is being put in at Grangeville is in the way of construction, says the Eastern Utah (Price) Telegraph. But the financial crisis which is bearing upon the country at present is making it very tedious for the parties interested. It is to be hoped that money matters will open up and make it more easy on our enterprising friends. The mill is a necessity for the people of Emery county, and should be supported by all. The building which is being erected is 32x42 feet, and when completed will be three stories high, including the basement. The site of location is pronounced to be one of the best in the Territory, it being located right in the north edge of town and the water having sixty feet fall, which furnishes the power.

SALT LAKE CLEARING HOUSE.

Today's clearing house exchanges amounted to $97,104.

TODAY'S QUOTATIONS.

New York—Silver, 91¾; lead, $3.33.
London—Silver, 32¼.

ORE AND BULLION.

Wells Fargo & Co. received today: Mines bullion, $3,095.13.

C. H. Jones & Co. received today: Base bullion, $1700.

Is This a Fact?

Several Councilmen are authority for the statement that one of the officers of the city street department has been guilty of paying his own alley-way and sidewalk with stone blocks belonging to the city and that the men were laid by city workmen.

AMUSEMENTS.

THE TABERNACLE CHOIR sang at Saltair this afternoon and evening. The Aristocracy company went out as their guests and will remain through the afternoon program. The evening concert at the Lake begins at 8:15 and lasts one hour.

The Aristocracy company, about twenty-five strong, and headed by Maurice Barrymore and Maurice Waldo, are here, divided up between the Knobbed and Templeton. They have had a fine advance sale and are sure of a handsome opening audience tonight.

Dave Hayman, brother of the famous manager Al Hayman, is manager of the Aristocracy company at the present time. His handsome physiognomy illuminated the rotunda of the Knobbed this morning as he greeted many old-time friends.

Neil Warner, well known to Salt Lakers a quarter of a century ago as one of the best trapezists of the day, is with the Aristocracy company, and this morning was seen on the street chatting with Phil Margetts, an old time associate. Mr. Warner left the stage for twenty years, to follow the profession of a dealer of obsidian, but he has lately hitched to the boards with all his old time fervor.

Maurice Barrymore looks as handsome as when he last charmed Salt Lake in Algernon and Captain Swift. His face is a little careworn, the result doubtless of the recent bereavement he sustained in the loss of his wife.

The Twenty-fourth at Farowan.

[Correspondence of the NEWS.]

FAROWAN, Iron County, Utah, July 24th, 1893.—Notwithstanding a goodly number of the people of this place have gone to celebrate the 24th at Panguitch lake, some of the rest of us have just returned from as fine a celebration as we have had here for years. Our excellent choir under the able leadership of Professor Thomas Durham, rendered a new and beautiful anthem and other appropriate pieces, artistically, to the pleasure and joy of all present. Short and spirited remarks suitable to the occasion were made by Alexander Matheson and Wm. Davenport.

I have said nothing yet about the noise of cannon, (auvil) guns, and firecracker. Maybe we have had so much of that today, as yesterday the Bishop had said in meeting the article written by President George Q. Cannon, "Reflections in Age Particular," published in the Juvenile Instructor of the 15th inst. Everything seemed quiet today. I have not seen a man under the influence of strong drink, and I am thankful to be able to tell it, we have not a saloon in our city.

WM. C. MCMURDIE.

The Copper Plant Bonds Again

It was claimed this afternoon that the Council finance committee had succeeded in making a satisfactory arrangement with the copper plant people. It is to the effect that the latter were now perfectly willing to take bonds for the public bonds recently given them.

More Than One-Third.

A NEWS reporter was informed by one of the Messrs. Holt this afternoon that a little more than 35,000 yards of earth had been removed in the sewer excavation work. The whole job consists of 180,000 yards. Work, considering the scarcity of public funds, is progressing satisfactorily.

TWO DIVORCE SUITS.

Habitual Drunkenness, Extreme Cruelty and Desertion are the Charges Brought.

This afternoon a divorce suit was filed in the Third district court by Laura Geneva Tufts against DonCarlos Tufts, the grounds of the complaint being extreme cruelty and habitual drunkenness.

The parties were married in this city in March, 1892, and there are three children, whose ages range from three to nine years. Plaintiff states that for more than five years past her husband has continuously treated her very cruelly, causing her both physical pain and great mental distress. She says he has kicked and beaten her, struck her in the face with his fist until her face and eyes were much blackened and swollen, and choked her. He has also pulled her by the hair, used disgraceful and disgusting language towards her and falsely accused her of adultery with various men. It is further alleged that on account of defendant's habitual drunkenness for more than two years past he has been unable to attend to his business, also that he is possessed of about twenty-five acres of land in this county of the value of $2,000, that he owns thirty-five shares of Deseret National bank stock, and seven of Deseret Savings bank stock, to all of the value of $15,000. Mrs. Tufts likewise says her husband is the holder of one promissory note for $200 and certain other notes to the amount of $1,000 or thereabouts. Plaintiff prays that he be restrained by an order of court from disposing of or encumbering his property pending the hearing of this suit, asks for alimony, and wants the custody of the three children.

O. W. Powers and R. N. Hemp are Mrs. Tufts's attorneys.

HE ABANDONED HER.

Annie Wright is seeking a divorce from Edward Wright, the complaint being based on the grounds of failure to provide and abandonment. The marriage took place at Pleasant Grove in October, 1889, but there are no children. In September, 1892, the deserted deserter left his wife, who has since been working of nights, and is quite ignorant of his whereabouts now.

WITHIN OUR GATES.

A. O. Smoot, W. N. Dusenberry and John C. Graham were noticeable hereabout today, showing that Provo from whence they came is neither dead nor sleeping.

***

Charles Auer, who will be remembered quite well as a prominent Salt Lake Bohemian now but now holding forth at Ogden, was in and looking around today.

***

Henry L. Gibson, a prominent business man of Ogden for many years past, was in our midst this morning not much the worse for the situation at the times appear. H. R. Williams of the same place is also here.

***

W. W. Calder, accompanied by Ernest Williams, has returned from a business trip through southern Idaho and Western Wyoming. Contrary to custom they report trade as exceptionally satisfactory and think there is a good deal of imagination in prevailing conditions.

LEGAL NOTICE.

In the Probate Court, in and for Salt Lake County, Territory of Utah.

In the matter of the estate and guardianship of Hector Hoover, an insane person.

NOTICE IS HEREBY GIVEN THAT ANNA M. Hoover, guardian of the person and estate of George Hoover, an insane person, has filed her final accounts and report in said estate, and the same will come on for hearing before the Probate Court of said county, at the court room in Salt Lake City, on the 10th day of August, 1893, at the hour of 10 o'clock a.m., at which time and place any person interested may appear and show cause why said accounts should not be settled and approved, or prayed for.

Dated July 17th, 1893.

O. L. HEALY,
Clerk of the Probate Court.

By J. P. Arthur, Deputy.

Stevens, Narlian & Dunbar, Attorneys for Receiver.

WHY THE DESERET NEWS SHOULD BE SUBSCRIBED FOR IN PREFERENCE TO ANY OTHER PAPER.

1.—It is the organ of the Church of Jesus Christ of Latter-day Saints, and the authorized medium through which the views, wishes and instructions of the Church Authorities are expressed and given to the Saints.

2.—It may always be relied upon as advocating or defending the right side of every question proper for public journals to treat upon.

3.—It is devoted to the interests of the Latter-day Saints, and has, from its inception, valiantly defended their rights and advocated the principles in which they believe; and every Latter-day Saint should therefore feel under obligations to do his part in helping to sustain it.

4.—It is not published for speculation, and never has been, but for the good which it is capable of accomplishing; the profits, if any there be derived from it, being devoted to extending its sphere of usefulness and benefiting the community.

5.—It is doing its utmost to establish home industries, among which are paper making and type-founding, stereotyping and electroplating—branches necessary to the development and independence of the community, but which, during their infancy (which is this Territory they have not yet passed), can only be carried on at a pecuniary loss.

6.—There is no danger of any subscriber to the NEWS failing to get what he subscribes for through failure of the business and a suspension of the publication—a result in the case of hundreds of newspaper ventures every year.

7.—It is printed in readable type, so that even the aged one person it without difficulty or danger to their eyesight.

8.—It is free from objectionable advertisements, so that no parent need fear that his children will have their minds corrupted from having access to it; in fact, it refuses thousands of dollars worth of the best paying advertisements annually, because it is devoted to the moral and spiritual interests of its readers instead of to getting gain at their expense.

9.—Its tone is not regulated by public opinion nor the hope of gaining subscribers or advertisements. It advocates that which is right and condemns that which is wrong, regardless of results, financial or otherwise.

10.—It never encourages its readers in gaining of wisdom of self-praise for news items.

11.—The NEWS practices no deception and resorts to no subterfuges to induce people to subscribe; but on the contrary, points to about 40 to one media, as the people's newspaper, with a promise only to do its utmost to give its patrons the full value of their money—a promise which it has succeeded in faithfully keeping in the past.

12.—In conclusion, if a Latter-day Saint can afford to subscribe for only one newspaper, that paper should be the Deseret News; and if more than one, the NEWS should be subscribed for first.
