Trotting Stock.

NEW YORK, 27.—The *Sun* says that W. H. Wilson, of Abdallah park, Cynthiana, Ky., has bought from the stock farm of Colonel Russel at Milton, Mass., six 2-year-old trotting colts, the "get" of the celebrated stallion "Smuggler." The youngsters were on exhibition to-day, and visited by many gentlemen prominently identified with the improvement of the trotting stock of the country. The colts, together with the well-known trotter "Mazomaine," will be shipped for Cynthiana to-morrow.

Mr. Lorniand has received news from England that the famous colt, "Duke of Magenta," is not likely to live long.

Mysterious Robbery.

The regular messenger of the Importers' and Traders' Bank being absent to day, a new man was sent with the usual consignment to the Clearing House. He was accompanied by the bank detective, and carried $160,000, Clearing House certificates of legal tenders deposited in the United States Treasury, $42,900, United States gold certificates, $6,755.38 currency, and $67 in gold. The messenger, on arriving at the Clearing House discovered that all the money was gone, and could not account for its disappearance. He then returned to the bank, and payment of the Clearing House certificates was stopped at the Treasury. Payment of the gold certificates could not be stopped, as they are payable to bearer. The officers of the bank offer $5,000 reward for the return of the certificates.

Washington Items.

WASHINGTON, 27.—The following is furnished by the treasury: Heretofore published reports of the bonds held by the treasury as security for deposits in the national banks, has included only the bonds held in the office of the treasurer for the security of currency deposited and has not included such bonds held by the assistant treasurer of the United States at New York and in the office of the secretary of the treasury. The balances, to-day, in the national banks are: Coin, $13,432,427; currency, $6,180,218, which are covered by United States bonds held in the three offices above mentioned, amounting to $58,632,950. At no time have the deposits exceeded the securities held by the department.

The mint bureau is practically without a head. Chief Clerk Preston, who has had charge of it during Linderman's long illness, before and since the expiration of Linderman's term of office, was taken suddenly ill on Christmas, and is now unable to attend to business. Dr. Linderman, however, is rapidly recovering, and it is believed the President will reappoint him.

It is learned, on good authority, to-day, that the appointment of a successor to Bayard Taylor, will not be determined upon until congress re-assembles.

Colonel Mosby, just before starting to San Francisco, *en route* for his China consulate, remarked that he would return to Washington on the 4th of March, 1881, to be present at the inaugural of President Grant as president for the third term.

The Secretary of the Interior has received a letter from George A. Olney, Little Rock, Ark., asking what inducement the interior department can give a person who will raise a colony for Arizona. The Secretary replied that he knows of no law offering special inducements to colonists in that territory. This may, perhaps, be a good opening for some Pacific Coast landowner or bureau colonization to secure a colony.

The House committee on claims has agreed to recommend an appropriation of $3,500 to be paid to A. B. Meacham as some reparation for the serious injuries he received in his line of duty, while acting under the direction of the government as one of the Modoc peace commissioners, at the same time that General Canby and Doctor Thomas were massacred.

A number of national banks have applied to the Treasury since the relations of the First National Bank of New York with the department have become known, asking to be made government depositories. Such applications will, in every case, be granted, as the advantage to government is increased with the increase of the number of responsible agents.

The democratic members of Tuller's committee will insist that Blaine appear before the committee and the republicans will summon Thurman to show where intimidation existed in Massachusetts.

It is probable that there will shortly be important changes in federal officials in the south. The President and his intimate advisers are satisfied with the manner in which a number of prominent officials there have performed their duties, but in Georgia, South Carolina and Louisiana, the marshals and collectors have, in important cases, failed to do their duty, and conspicuously violated the wish of the President, and even used their positions to aid the democratic candidates. Col. Fitzsimmers, marshal of Georgia, is mentioned especially as a rabid democrat. A confidential agent of government is now visiting these States, and the President will undoubtedly act on his report.

The Ex-Guerilla Chief.

CHICAGO, 27.—Col. John S. Mosby, the ex-guerilla, who was recently appointed United States consul to Hong Kong, China, arrived this morning, and left at 10.30 for San Francisco, over the Chicago, Burlington and Quincy Railroad.

Railroad Suit.

The case of Adolphus Meyer and others against the Kansas Pacific Railway Company came up, to-day, in the supreme court-room, before Justice Miller, associate justice of the United States supreme court, and Judge C. D. Foster, sitting as the United States circuit court for the district of Kansas. The case, as presented, involved several questions incidental to the foreclosure of the mortgage, but the main argument was on the motion to remand the case to the State court of Kansas, and the court took the papers. In the question of revoking the traffic contract between the Union Pacific and Colorado and Central Railroad Companies, and the Kansas Pacific Railway Company and its receivers, was set for hearing to-morrow.

Not Guilty.

In the criminal court, this afternoon, the closing speeches were made and jury charged in the murder trial of Joe St. Peters and Mrs. A. B. Clark, for the murder of the latter's husband, at La Grange, and after five hours' deliberation, the jury returned a verdict of not guilty as to both.

The Republicans and the Southern Elections.

CHICAGO, 27. — The *Journal's* Washington special says: The leading republicans in the House propose to have something to say about the manner in which the recent elections in the south were carried, and the failure of the southern people to respond to the President's southern policy. When the legislative appropriation bill comes up for discussion the republicans have determined to press for a liberal appropriation for the department of justice in order to enable the Attorney General to push the cases against parties who openly violate the federal election laws. The democrats will undoubtedly oppose this appropriation. The republicans intend to inaugurate a political discussion which will afford an opportunity to more fully expose the workings of the policy by which an almost solid south was created. It is the opinion of some of the most prominent republicans in the House that if Senator Blaine had not voted for his committee of investigation in the Senate, but remained quiet and allowed the republicans in the House to make issue with the democrats over a liberal appropriation for the department of justice, the republican party would make more capital than is possible now.

The Acklen Scandal.

NEW ORLEANS, 27.—Representative Acklen, answering the open letter of Mr. Penn published this morning, points to his exoneration by the Washington committee as proof of his innocence of the charges brought against him of seduction, etc. He demands that the New Orleans committee enquire thoroughly into the matter.

Suicided.

A. Remer Baetter, Austrian consul and a large cotton buyer, committed suicide by drowning in the river. Cause unknown. His body has been recovered.

Destruction of Illicit Distilleries.

NASHVILLE, 27.—Special Deputy Collector James M. Davis arrived to-day from his recent raids along the Kentucky lines, further progress having been prevented by the heavy snow storms in the mountains, through which they traveled with the utmost difficulty and danger. He reports the destruction of six more illicit distilleries and the arrest of 20 men, capturing among the number Harvey Beattie, who had defied the laws of the United States and the state, and bringing him to Nashville.

Disgraceful Fight—An Old Grudge.

STANFORD, Ky., 27.—A disgraceful row occurred at the Crab Orchard, last night, in which one Stewart Meyers and Carson Brothers were the chief actors, an old grudge bringing them together. After firing commenced, both sides were reinforced and some 40 shots exchanged, and shotguns and pistols were used. Meyers' shoulder was literally shot to pieces and Dave Carson was seriously wounded. Half a dozen others were more or less hurt. It is feared the trouble is not over.

Arrested on Criminal Suits.

CINCINNATI, 27. — Carl A. G. Adae and Adolph Heinecke, partners in the late banking firm of Adae & Co., were arrested to-day on criminal suits growing out of their recent assignment, and released on $500 bonds each, to appear December 31st. Mrs. Adae, another member of the firm, was permitted, by the counsel, to choose her own time to appear.

A Defaulting County Treasurer.

OSWEGO, N.Y., 27.—The board of supervisors report a discrepancy of $55,197 in the accounts of the late county treasurer, Luther H. Conkling.

WESTERN.

Died at Sea.

SAN FRANCISCO, 27.—Rev. Jos. B. O. Hogan, of the Society of Jesus, and president of the College of the Holy Cross of Worcester, Mass., a passenger by the steamer *Granada*, died at sea, of apoplexy, December 15th, and was buried in the Catholic cemetery at Acapulco, on the 19th inst.

A Murderer Hanged.

Juan Louis Orumo, a half-breed Indian, was hanged at San Diego, to-day, for the murder of John Judkins, near San Dequieto, last summer.

Counterfeiters held to Bail.

United States Commissioner O'Beirne, to-day, held John H. McDonald and William Davis to answer before the grand jury on a charge of counterfeiting, in bail of $5,000 each.

The Charges Against O'Donnell.

In the constitutional convention, to-day, a committee was appointed to investigate the charges of committing infamous crimes preferred against O'Donnell, delegate from San Francisco.

A Severe Battle in Central America.

The passengers by the steamer *Granada*, just arrived from Panama and way ports, report that as the *Granada* was leaving Mazatlan bound north, news was received of a severe battle between the forces of the clerical chief, Lerma, and the national troops under General Escudero, military commander at Guadajara. Lerma with his Indians had captured the town of Tepic, in the name of the clerical party, and there held high carnival for a few days. He also held the road leading from Tepic to the sea port of Sanbias. On the advance of Escudero, Lerma marched out to meet him, but was totally defeated and most of his adherents captured, of whom 18 were immediately hanged. The balance of those captured, claiming to have been forced into the rebel service, were allowed to go to their homes.

FOREIGN.

GREAT BRITAIN.

Drowned.

LONDON, 27.—Sir William Hayter, formerly a well-known liberal member of Parliament, and at one time secretary of the treasury, has been found drowned in the lake on his estate at Berkshire.

Distributing Arms.

A Philippopolis dispatch says: Arms are being generally distributed throughout eastern Roumelia, to be used in resisting the execution of the treaty of Berlin.

The Zulu Army.

Capetown—It is stated, on good authority, that Sir Bartle Frere's communication to Zulu, the king, demands the disbandment of the Zulu army, the cession of St. Lucia Bay, and the reception of the British residents. The message has not yet reached the king. War is considered imminent.

GERMANY.

The Tariff Revision.

BERLIN, 27.—The *Provincial Correspondence*, semi-official, reproduces Bismark's letter relating to the tariff revision, and remarks that should the system recommended secure the revenue from articles proportionately as considerable as that derived by England and America, there will be nothing to prevent the reduction of the number of articles taxed, when taxation becomes burdensome. The proposed tariff will also be advantageous in advocating treaties of commerce, as Germany can receive concessions in return for the relinquishment of duties.

RUSSIA.

The China Difficulty.

ST. PETERSBURG, 27.—A Chinese envoy has arrived to adjust difficulties between China and Russia.

The Ameer.

A Tiflis dispatch says: The Ameer of Afghanistan has arrived at Tashkend.
