ADJACENT CITIES

OGDEN.

OGDEN, UTAH, - NOV. 20, 1893.

The Athenæum.

The regular session of the Athenæum was held Friday evening at the Weber Stake academy. In consequence of the inclement weather the attendance was not as large as at previous meetings. It was similarly evening. The program was varied and was representative in all its parts of the class work being done in the academy. It is designed that special exercises of this character will be held monthly. The parents of students are specially requested to attend on these occasions. Their presence will give the encouragement to students in their very laudable parts in the program, and visiting patrons will become the better acquainted with the energies and extent of the good work being accomplished in the Academy.

On the occasion the program was fully up to the standard of excellence, the seven parts diversifying instructive mention in connection with a few comments on the nature and scope of the classwork represented.

Miss Cora Wooley represented the physical geography class in an elaborate essay embracing and enumerating some of the objectives of magnetism, volcanoes, earthquakes and atmospheric pressures. This class is conducted by Hon. Joseph Standard. The branch of study being a compound of parts from all the natural and physical sciences, necessarily interesting from its very span of variety. The motto of the class is "Observation is the absolute basis of all knowledge."

Mr. Orson Bajarcia represented theology in an entertaining address on "Seven minutes. Subject—"Divine Authority." The advance class in doctrinal theology is now taught by Mr. Stanford. It comprises some thirty of the more advanced students who have already completed a year's work in natural and analytic theology.

Mr. W. C. Wright read a carefully prepared essay on "Evidences of God in the Human Eye." He represents a class in natural theology, taught by the principal, Dosser H. F. Carlisle. There is a large number of the brightest students of the academy in this class, and they are not at all slack in their appreciation of the study. The course aims to acquaint the student with every conceivable evidence from nature's works in proof of a designing and constructing Intelligence—a Creator.

Civil government, taught by Prof. W. H. Jones, was ably represented by Mr. John Groberg in a fifteen minutes' talk on "The judiciary department of government." This branch, taught in connection with debates and in conduction of parliamentary rules and order, is one of the most interesting studies of the academy. In the states of political science, it will be followed, in January, by political economy.

Mr. Joseph Bamantyne next delighted the audience with a baritone solo, "It is not True."

A recitation was by Misses Lottie Folsger and Pheme Jones, and Mr. C. L. Anderson, representer the elocution department and completed an entertaining program.

A lecture by Elder Abraham H. Cannon is announced for the Athenæum of Friday evening, Nov. 24th.

Condition of Ogden's Schools.

Superintendent Page has filed the following report of the condition of the public schools of this city, and, as the document is an instructive one, we here give it in full:

To the Board of Education:

Gentlemen.—I present the following report for the month ending Oct. 31st, 1893, hoping you will find the matter contained in it of interest.

During the month past there were enrolled 1463 boys and 1411 girls, making a total of 2874 pupils, as against 2705 pupils enrolled during the previous month, and an actual increase of 123 pupils. The per cent of attendance for this month is 94.2 as against 95.5 for the month of September, a decrease of 1.3 per cent. There was an attendance this month of 81,247 days out of a possible, or perfect, attendance of 86,720 days. There were 637 cases of tardiness as against 600 cases in September, a decrease of twenty 100 cases. As there were 172 new pupils entered school during one month and a net increase of 123 pupils, there must have been frequent pupils to school during the first month who were not present the second month. There were 1379 pupils neither absent nor tardy during the month as against 1284 in September, a gain of nine. There were thirty-five cases of truancy this month, thirteen of which were from the building. The male teacher has averaged four visits to each building during the past month. The superintendent has held one general teachers' meeting and sixteen grade meetings, at which the work pertaining to each grade was discussed.

The schools are moving along smoothly and the pupils are industrious, as well as interested in their work. I believe the work is done in such a way as to develop thoughtful and intelligent people. The reports presented with this will give you details of the several buildings as you may care to inquire for.

Respectfully,
H. S. PAGE.

District Court Matters.

Saturday was law and motion day in the Fourth district court and a number of short motions were made.

Robert Fischer, the young man who formerly was employed in the charge of Infantine, made a motion for a new trial for motion, however, was denied and he was sentenced to imprisonment in the penitentiary for thirty days.

A motion was also made for the release on the ground of the defendant in the case of W. A. Thompson vs. Margaret Thorley was argued and taken in the day was granted.

A motion for a new trial in a suit entitled Hyde vs. Hyde was argued and taken by A. H. Anderson for the motion was taken under advisement.

Assignees Hutchings, in behalf of Thomas H. Jones, assignee, brought suit against Thomas Hunt to recover $1,000 in damages in the amount of $1,000, which Hunt alleged to be due to him and another.

Today the Star term of the Fourth district court ended and the November term began.

Financial Statement of Ogden.

The city recorder has completed a financial report of the city for the quarter ending September 30. Briefly stated the result is as follows:

Balance from July 1st in hands of City Treasurer	$ [illegible]
Cash in Treasurer's hands July 1st, 1893	[illegible]
Overdrawn on our treasury July 1st, 1893	[illegible]
Cash in sinking fund July 1st, 1893	[illegible]
	[illegible]
Deduct cash from July 1st to Sept. 30, 1893	[illegible]
Cash in Treasurer's hands September 30, 1893	[illegible]
Overdrawn on our treasury July 1st, 1893	[illegible]
Cash in sinking fund July 1st, 1893	[illegible]
	[illegible]

Berker Agnia Visitation.

Saturday afternoon the gas united was held revival by D. R. Barker of Provo and J. M. Anderson, of Salt Lake City, of the Brewing Brotherhood, complimentarily made at Utah. On the following were found extract the title of Stenoglers of the Territory of Utah:

Barker—Sinclair, 50, Gordon, 11, Tabit, 41.

Anderson—Sugden, 39, Gordon, 11, Tabit, 41.

The mount was by Brother Sabatier in new his, by having advanced to 3 [illegible] during the past year. This is the third time that these gentlemen have met and display of their marvelous ability and each time the Ogden team has met with victory.

Fire at Bartlette.

About 4 o'clock Friday morning Daniel Bartlett's residence at Marriotts, this county, was burned to the ground. At the time the fire started most of the family was asleep, and as the wind was blowing a hurricane at the time, it was with difficulty that they escaped without injury from the house. The fire spread so rapidly that the family was not able to save any of the contents of the burning.

Notes and Personals.

Work on the Southern Pacific shops and round-house is being pushed with all possible haste while the good weather lasts. It is expected that the buildings will be under roof in two weeks.

Judge Van Gelder is still on the sick list, though is improving nicely. He was down with typhoid fever, and scarcely had he commenced to recover when Mrs. Gelder and a little daughter took sick with the same disease.

Yesterday the new time-cards for the Rio Grande Western and Southern Pacific went into effect.

PROVO.

PROVO, UTAH, - NOV. 20, 1893.

THE MUSICAL CONTEST.

The Sweet Singers of Lehi Carry Off the Prize.

The M. I. A. stake musical contest on Saturday evening was a delightful affair. Following is the judges' report:

Four choirs took part in the competition, viz., organizations from Lehi, Alpine, Spanish Fork and Payson. All made creditable showings, but Lehi unquestionably the best. J. L. Giles is the conductor of the body of singers, and he has good reason for pride in it. The volume at time was medium; but the quality was good, and the parts were well balanced, the attack full, the body well in control of the conductor, and the general result was very good.

The Alpine choir, of which I. H. Vance is the conductor, has been organized only a couple of months, but shows that it has some good voices. Its principal fault is some more genuine voices—tenors and basses. It has plenty of good soprano and alto.

The Spanish Fork organization did good work. It has plenty of power and the parts were fairly well balanced, but a tendency to flatness was noticeable, especially in the second piece. If we were to suggest curative points for attention, they would be attack and light and shade. Brother W. T. Jones has a good choir, however, and evidently works faithfully with it and takes a deep interest in its success.

Brother Joseph Douglas took charge of a body formed by combination of the choirs of Payson and Lehi. Here again the lack of male voices was very perceptible, especially the tenors. The ladies and alto were fine, and blend beautifully. The work of this choir would have been better appreciated had there been more contrast between their selections, which were, unfortunately, both in the same key and the same time.

Let us now say to congratulate Lehi for smoothness and roundness of tone, blending and balance of parts, prominence and light and shade, as you will find remarkable improvements in your work.

We cannot but say a word in behalf of the choirs in regard to Brother Giles, the director of music for the M. I. A. of this stake. He is enthusiastic and indefatigable, and the musical interests of the Church are greatly indebted to his industry and ability for the marked progress made in this direction in the last few years.

J. T. PARRY, Chairman.

First District Court.

In the case of the Ontario Mining company vs. Charles Crimens and the Utah and Hecla Mining company, the jury at 10 o'clock on Saturday afternoon returned a verdict for the plaintiff, three jurors dissenting from the verdict. A motion for a new trial will be made.

George Y. Smith was tried for the charge of illegal fornication, alleged to have been committed with Polly Schenck. The prosecution claimed that the girl in the case was under a mother and January. The record was found guilty and sentenced to pay a fine of $100 and to the costs of the prosecution, which amounted to $[illegible] in addition to the penalty.

In Carlo and Lorenzo Lagatto case, the defendants were charged with the crime of assault with intent to commit murder. Lorenzo was found guilty of the charge of petit larceny, and was fined $10 and costs.

The jury cases for the term are concluded, and the jurors are excused. The impanelling time the most of the jurors (against Judge Smith, who is now walking side as a juror, at the others to which they belong his honor, Judge Zane, very emphatically expressed his opinion on jurors, and they all like him.

LOGAN.

LOGAN, UTAH, - NOV. 20, 1893.

Something Wrong somewhere.

On Tuesday the corpse of Albert Davis arrived in this city from Pocatello, Idaho. The deceased was the husband of a daughter of Mr. Alexander Nelson of this city, and has been in the employ of the house carpenter at Blackfoot for nearly a year. He was at one time a member of the City Council of Pocatello, and quite recently called a meeting in Pocatello, declared that he would never drink a drop of intoxicating liquor, or see any liquors in the saloons, and a certain party heard that he died from natural causes. When the body reached Logan, the assembling relatives discovered that the body was fully trussed, the head and forepart the chest and arm broken. A further investigation will be made.

A Joyous Escape.

Mr. Elizabeth Yeates, one of the city commissioners from the third precinct, was unable to attend the meeting of the city council on Wednesday evening, having been the victim of an accident in Logan canyon. He was going down the right hand fork of the canyon with a load of wood the wagon suddenly tipped over, pinning Mr. Yeates underneath. Fortunately help was at hand, and he was rescued from his dangerous position without further injury than a badly sprained knee.

Mr. James E. Hart of the Fifth ward had his family washing done last Wednesday and the couple were doing quite nicely, Mr. Hartley making the smoke to find the line slipped. The hint has not been caught.

They Won't Say Much.

The surveyors of the Utah & Wyoming, or combination of the C. & N. W., are camped near Logan, but are very non-committal. They seem to know nothing of the track question, whether it will be taken across the mountain from the head of Blacksmith Fork canyon and down Ogden canyon, or come down Blacksmith Fork canyon to Hyrum, or down Logan canyon. One thing is certain, the new road entered Allen to leave the capital of Cache county out in the cold.

Deer Hunt.

Deer hunting parties from Logan and adjacent settlements are numerous in Logan and Blacksmith Fork canyons, and are meeting with fair success.

The Grippe Around.

An epidemic of la grippe is raging here. At least half the population has been affected. It takes the form of chills and fever.

Ball On Thanksgiving Eve.

A grand ball will be held in the Thatcher opera house on Thanksgiving eve.

Hasn't Found Them Yet.

Sheriff Kirkbride has been searching industriously for the Meadon burglars, but so far has been unsuccessful.

Getting Ready.

Deputy U. S. Marshal A. M. Smith is busy summoning jurors for the ensuing term of the Fourth district court.

SUNOL!

ROBERT BONNER
Superintending the shoeing of Sunol with the Putnam Nail.
PRODUCED THIS HIGH PARK, MILLER & SIERLY.
PRINCETON, TRENTON, N.J., FEB. 16, 1893.
PUTNAM NAIL CO., Boston, Mass.
Gentlemen—Enclosed is a card from of the Rich Park, will shoe Mr. Bonner's celebrated Sunol. We want to tell you that the Putnam Nail is the best we ever had to shoe with and we know what we will be able to do with it. We have shod a great many horses with your nails and they are the best we have ever had. Very respectfully yours,
Chas Marvin
The Putnam Nail is the only exclusively Hot-Forged and Hammer-Pointed nail.
Look in your smith's shoeing box, if the nails have smooth edges for the whole length they are the PUTNAM, for they are Hammer-Pointed and are not sheared.
The above picture, from a photo representing Mr. Bonner in the act of handing the shoe to Professor Park, will be reproducing for the coming of Sunol, and he wore on the feet of a full set of Putnam Nails, and he stated to the writer that he would be willing to pay for a set of Putnam Nails, as except of a set shoes for prestige, etc.
Very respectfully yours,
PUTNAM NAIL CO.,
Neponset, Boston, Mass.
