DESERET EVENING NEWS.

Wednesday, January 10, 1894.

FRAGMENTS.

THE Tenth quorum of Seventies will hold their regular monthly meeting tomorrow night at 7:30 in the Tenth ward meeting house.

HE DIDN'T KNOW.—Mr. Horace Decker now in Salt Lake, says the Marysvale News has accepted with thanks a position on "Lobering" contract, A. R. R. and sometime evening beginning at 8 O'clock.

THE City Council will hold another special session tonight to further consider the question of granting franchises and electric lighting offers. It is quite certain that water rates will not be reduced, but there will have been enough offers that will have been thrown in the scale to make the council feel that they are not the tool of that department in addition to the extra value will have for selling our bonds (5,000 at $2,500 a year.

THERE has been little connection in the Central Chemist last night after all—perhaps because it is near the point the name of William Woolley taking the floor and making a jolt for introductory speech declaring that no subject must be put to a vote, "you even may lead to his Mayor and city officers and all other officers." He expressed to think that he had made a great effort and he felt quite patiently indulged him in the effort but did so want sleep greatly relieved.

THE MAYOR'S MESSAGE.

His Honor is Now at Work Upon What Promises to be the Most Interesting Document of Its Kind.

The annual message of the Mayor is looked for with considerably more than ordinary interest, and the indications are that it will prove to be the most interesting document in some respects that was ever issued by a chief executive of Salt Lake City. The annual reports are being prepared by the heads of departments, and as soon as they are furnished over to his honor they will be carefully looked into for information necessary to use in his own statement to the public.

It is said, however, that these reports will contain little or nothing more than the Mayor already knows, as he has kept a pretty close watch on all departments, and that he could prepare a very accurate message without reference to any information that might come from subordinate officers. Some of the city officials who were voted out of office at the last municipal election are already wailing for fear that their reckless career will again be put in black and white by the Mayor, and that it will become a part of the city's history. The last year's showing by Salt Lake, as a municipal corporation, will not be a good one to distribute throughout the country is decided anything else.

The Broken Track.

Phoebe Gray has commenced divorce proceedings against her husband, Frederick Gray, in the Third district court, on the ground of failure to support. The parties were married in this city in 1884 and have five children, whose ages range from two months to eight years. Plaintiff prays for the custody of four of the children and permanent alimony.

MUNICIPAL MATTERS

Telephone Franchise and Appropriation Bills Were Considered.

STANDING COMMITTEES NAMED.

The Culmer-Jennings Paving Co. Makes Another Appeal to be Paid Jointly With—Other Matters.

There was a regular meeting of the City Council last night. Presidents McCornick in the chair. All the members were present with the exception of Doty.

THE PROSTITUTION.

Phoebe J. Hudson asked for relief from a tax sale for spreading. City Attorney.

Isabella McEwan asked for a reduction in license as a saloon keeper and agent. Committee on license.

A communication was received from A. L. Holmes assigning his telephone exchange franchise which was recently granted him, and more recently vetoed by the Mayor. Filed.

The Hanover, Kruse & Cattle Sheep company asked that $4,156.39, the limit for sewer, be placed to the credit of J. R. and M. H. Walker for the payment of paving tax. Referred to Sewer committee.

H. M. McCartney et al accepted the street railway franchise recently granted them. Filed.

Edward Horne asked that $7.00, paid by him for water main extension on Green street, be refunded, as the extension had not been made. Committee on waterworks.

The Utah Stove & Hardware company asked that $567 be placed to their credit for the payment of taxes. Committee on finance.

Henry Dinwoodey asked that his bills for property he erected without expense to him, on the ground that the size of the property for taxes was defective and irregular. City Attorney.

Hollister, Griffin & Morse asked that $1781.10 be placed to their credit for the payment of taxes and indemnified from their December estimate to the Joint City and County Building. They also asked that $1214.95 be placed to their credit for similar purpose, to be deducted from their November estimate. Referred to Committee on finance.

STANDING COMMITTEES.

The standing committees for the present administration were announced by President McCornick as follows:

Municipal Laws—Young, Remington, Morris, Hardy and O'Meara.

Status—Carson, Doty, Watson, Burke and Lynn.

Public Grounds—Cheesman, Newell, Watson, Carson and Cohn.

The first named of each committee to act as chairman.

RESCUE MISSION REPORT.

The Rescue Home Mission made the following report for the quarter ending December 31st, 1893:

Cash received and balance	$ 73 [illegible]
Cash disbursements	[illegible]
Note received and loaned	[illegible]
Note discounted	[illegible]
Note received and loaned	[illegible]
Note discounted	[illegible]
Balance, cash on hand	$ [illegible]

A CLAIM FOR $9,000.

The Culmer-Jennings Paving company sent in a communication in which they set forth that the present City Council should know the condition of affairs between themselves and the city, and "should realize the great wrongs they have suffered through the shifting rulings and injustice of the present administration," and went on to state that there was a balance of $9,000 due them, and that they had not a completed in fulfilling warrants issued and even for $64,152.77 more, and that very little of the amount on warrants has been paid, and that in discounting the warrants they had lost thousands of dollars, and had received no interest on the delayed payments. They also represented that the trade partial estimate of the city engineer was made October 31st, and that a balance on that date was due them amounting to $9,018.82, they asked that this amount at least be appropriated at once, and that more recent work be stopped until this is done; also that the Council take steps to pay them from the paving tax that is being collected, and that the engineer be instructed to compute their final estimate as quickly as possible. Finance committee.

FROM THE CITY ATTORNEY.

The city attorney's annual report showed that during the year ending December 31st, twenty-five suits had been commenced against the city and three by the city against others, making a total of twenty-eight new cases. There are now pending in the district and supreme court forty-four cases. The amount claimed against the city is $[illegible]. Since the last quarterly report five cases had been tried, all of which had been decided against the city, but three of them had been reversed in the Supreme court. The report showed that since Attorney Hoge came into office thirty-six cases had been tried, and twenty-five of the claims had been disposed of in favor of the city and eleven against it. Filed.

BOD TAX COLLECTOR.

Recorder Backman sent in a communication appointing W. W. Taylor a federal man, in the position of dog tax collector. On motion of O'Meara, the paper was filed. That member then put himself on record as intending to bring in a resolution abolishing the office.

TWO VETOS SUSTAINED.

The Mayor's veto of the Hobson Telephone Exchange franchise was then taken up and sustained as was also his honor's veto of the appropriation list of December 26th last.

MISCELLANEOUS.

The city attorney recommended that the petition of H. C. Barnhart for relief from a tax sale be granted. Adopted.

The superintendent of streets submitted his report for the quarter ending December 31, 1893. The expenditures for the quarter being $12,[illegible].

The city engineer reported that it would cost about $[illegible] to complete the sewer at its intersection with the Union Pacific railway south of Brick's flat storage, and asked for instructions. Committee on sewers.

The city attorney recommended that the claim of Muldrock for $204.40 for labor performed for St. V. Le Grand, be not allowed. Filed.

ACTION DEFERRED.

The Mayor's appointment of A. W. Saylonds as sealer and J. G. McAllister as inspector of provisions, was referred to the finance and sanitary committees respectively.

NOT ACTED ON AT THIS TIME.

O'Meara's dog licensing resolution was not acted on by the following substitute, offered by Young:

Whereas, The City Council of Salt Lake City endorses the early passage of a bill in the United States Congress authorizing the licensing of the hooded nuisance of this city from 4 to 6 per cent; therefore, be it

Resolved, That we communicate with Hon. J. L. Rawlins to have such a bill become a law as soon as possible, and that the Mayor be asked to use his best endeavors to assist his friends.

BY THE BOARD OF HEALTH.

The recommendation from the sanitary committee that the work of sanitary inspector be performed for the present by the board of health was adopted.

CITIZEN'S RELIEF FUND.

Fred Simon in behalf of the Citizen's relief committee asked that the $[illegible] appropriation recently given them be increased to $[illegible].

AN EXPERT ACCOUNTANT.

Remington moved that the finance committee be authorized to employ an expert accountant to examine and report upon the condition of the books of the recorder and auditor. He introduced there was a discrepancy of about $10,000. This latter statement startled the members and was warm in defense of the motion which was opposed by O'Meara. The latter said he had traced the rumor down to one man and that man was the "expert" who wanted the job of examining the books.

The motion amended as follows carried, after which the Council adjourned for one week: "That it, during the incoming week, the finance committee decide that it is necessary to have an expert accountant, that they so report at the next meeting of the Council."

EXODUS OF MINERS.

The Shutting Down of the Coal Mines at Almy.

RED CANYON P. O.,
Uinta Co., Wyoming,
Jan. 8, 1894.

Editor Deseret News:

In fulfilment of a promise I made some days since, I write to inform you and your many readers, that the workmen of No. 1 U. P. Almy mine are busily engaged preparing to leave here for other mining centers. Four of the workmen have left the camp for Scotland and three more will go in a day or two to the same part; not all leave their families behind in the hope of joining them again here soon after winter is over.

Twenty-two of them went off this morning to Rawlings and three more will leave here for the same place tonight. The former leave their families but the three latter clear out entirely. Arrangements are being made to have forty more families to Rock Springs in a week or ten days later on, but all will leave their families here until it is fully known whether the mine will be finally abandoned or reopened. The workmen's feels being in the mine when it was shut down for the 30th will place them at a great disadvantage and expense, and will also thereby put the families who are left here to greater straits.

Many inquiries and quite a number of suggestions as to the cause of and remedy for this unfortunate disaster appear in the local papers. But they simply fall into the receptacle of public gossipdom, where little good or harm is likely to arise therefrom. A public office appears at the No. 1 and No. 2 mines and also at the mine, which reads thus: "A reward of one thousand dollars will be given to any person who can give such information as will lead to the arrest or conviction of any person or persons who can set fire to the U. P. Almy mine."

Every one, I suppose, has read the story of the three "Bluen Crows," and we all know that the snow ball enlarges as it rolls along on the ground.

H. R. H.

P. S. Information has just reached me that the U. P. Almy mines resume work on Monday, the 11th inst.

Litigation.

In the suit of the Wasatch Asphaltum company vs St. V. Lefleur, the defendant has filed an answer and cross-complaint. In the latter he alleges that the plaintiff company is indebted to him in the sum of $[illegible], and makes the Culmer-Jennings Paving company defendants on the ground that they acted as agents for the Wasatch. Salt Lake City is also made a defendant, under a clause in the contract providing for the payment of work and material furnished under the contract. A restraining order is prayed for to prevent the city from paying any money to the Culmer-Jennings Paving company.

SET HIS RIGHT.

Gen. Augustus Sala, the well known English writer, on his last Australian trip, wrote as follows to *The London Daily Telegraph*:

"I especially have a pleasant remembrance of the ship's doctor—a very experienced maritime medico indeed, who needed the most kindly during a horrible spell of bronchitis and spasmodic asthma, provoked by the sea fog which had swamped down on us just as we left San Francisco. But the doctor's prescriptions and the increasing warmth of the temperature as we neared the Tropics, aided, in addition, a couple of ALLCOCK'S POROUS PLASTERS slapped on—one on the chest and another between the shoulder blades—soon set me right."

To the Public.

We are politely informed that orders for monuments, tombstones, etc., are being solicited by parties not residents of Utah, having no stock and owning no property here. We desire to warn the public that it is against their interest to buy of such people, as past experience has shown, proof of which can be given.

We are here to stay, have a reputation that we must maintain. We cannot afford to misrepresent. We have the largest stock of Monuments and Tombstones in the West. Will sell as cheap as anyone. Come and see us and then save yourselves the commission people above referred to add to regular prices, or send us word by mail and we will make personal call. Respectfully,

GOOD ADVICE
Fire Insurance in Hard Times.

During periods of depression the proportion of the loss which falls upon the insurance companies is much greater than in prosperous times. Many companies fail, and those that do not are crippled in their resources, and are unable to meet their losses promptly. Hence it is a matter of the utmost importance that the insurance should be placed in the strongest companies. Those companies which have stood the test of time, and have proved themselves able to meet the losses of the past, are those which are the safest to be relied upon in the future. The following are the oldest, strongest and most prompt companies doing business in this vicinity:
