OGDEN.

OGDEN, UTAH, APRIL 25, 1895.

Sudden Death.

Henry Ritz, a two-year-old son of William Ritz of South Ogden, died quite suddenly. The cause of death was a mystery. Dr. Cushing, who was called in after death, said it was a case of suppressed measles.

Notes.

Work has commenced in earnest on the pipe line of the Pioneer Electric power company to Ogden.

Postoffice Inspector Calvin Neale was in town yesterday.

Mr. Adler, the new superintendent of the mountain division of the Southern Pacific, will arrive this evening. Mr. Knapp has not been informed what point is his headquarters when he reports at San Francisco.

PROVO.

PROVO, UTAH, APRIL 25, 1895.

First District Court Business.

This morning in the First district court the case of Geo. L. Hyde vs. J. H. Nelson et al came up for hearing before Judge King. Plaintiff sued to recover $1,000 on a promissory note given to pay payment for 1,000 head of sheep sold in September, 1891.

In the case of the Nephi Irrigation company vs. Richard Jenkins et al, it was entered that E. H. Sparks was no longer in office as watermaster of the plaintiff corporation to appoint a commissioner to distribute the water of Salt Creek to the various parties interested, according to the decree of the court.

"One Who Knows."

Sheriff Brown received through the postoffice this morning a letter dated Lake Shore, April 12th, saying that two bodies are in the lake and that Harry Hayes is not the guilty party. At least that is the interpretation put upon the letter by sagacity, but the letters in the words are so mixed up intentionally that the contents are a matter of guess work. The letter is signed "One Who Knows, O. W. K." It is looked upon as the work of a crank.

UTAH COUNTY NOTES.

A Spicy Budget From an Observant Pleasant Grove Friend.

PLEASANT GROVE, Utah Co., April 25.—J. B. Wesley lost a little boy baby Tuesday morning from complications after measels. The child was nine months old. They have another child very ill of same illness.

There is a number of people at Provo contemplating moving to Idaho, to locate near Blackfoot, west side of Snake river.

The many friends of Alma Pratt will be pleased to know that he has been released from the asylum permanently cured. The gentleman is in perfect health and fine spirits. Mr. Pratt is engaged with C. H. Wilcken at Farley's canyon water works.

Brother Frank Beers and family are preparing to move to Teton basin, Idaho.

Mumps are "doing" the town. Many children are afflicted with the malady. The schools have almost been deserted on that account.

The American Fork Bicycle club has made a track west and adjacent to the Grant hotel at that burg and wheel men and women are "spinning" around the grounds in great shape.

The bowling bower outside at American Fork have been extended and planted out to trees, enhancing the appearance and beautifying the property very much.

The better class of our young people have formed what they style "The Happy Hour club." They hold meetings once a week with a varied program.

The Relief Society for this Stake will hold conference here next Saturday, 27th.

Fears are entertained that water for irrigation purposes will be limited—very little snow in the mountains.

Quite a number of ladies of the Fourth ward, Provo, are taking of forming a co-operative company—the idea is to start up a washing machine to be run by horse or water power. A bakery will be established also by the fair ones of the Garden city.

A grand excursion party will be given on Brother F. Beers and family before this is in print by a host of their friends before they leave the town for the north.

H. B. Sherrell has rented the store of F. Beers and will carry on the trade of buying and shipping fruit. D.

STRAY POUND NOTICE.

[illegible]

The Downright Folly of It!

During the two weeks of the season when other dealers were anxious to get their "gi" pictures in the hands of the riders, were cutting prices and telling over each other to make bad trades to sell wheels, in many instances taking in old tire, all that nonsense to fill payment for their new wheels and quibbling every cent offer for worthless wheel on the man with the cash demanded. We refused trades and (some) closed entire shop rather than sell a wheel at anything but the broad value of the Bicycle and Standard Review, namely, Forty ONE HUNDRED DOLLARS. What is the result? Today the value of the STEARNS and SCHALLY Bicycles is known, by every man, woman and child on the street. Every buyer knows that he is getting the best price made to anyone, and that he is getting a bicycle worth $100. No one cared to pay, and sold for a cash price "on the side," for 20 to 30. Not called high grade, but high grade. Not cheap, but the best.

We are selling the balance of our new stock, Lawn Rakes, Mowers and Screen Doors, Brussels Carpets, Stair rods, Cultivators, Genuine Waste, Fibre Tubes, Pails and Hose Lots, Table Cutlery, Pocket Cutlery, Carving Sets, Tinware, etc.
