DESERET EVENING NEWS.

Copy for advertisements which are expected to appear in the Evening News on the day when it should should be handed in to the business department not later than 12 m.

Rates of advertising furnished upon application.

Copy for advertisements could be in about 8 p.m.

Friday, June 24, 1892.

FRAGMENTS.

HIGH PRIESTS' meeting at 11 a. m. tomorrow.

JOSEPH POWELL and bride are expected home tomorrow.

YESTERDAY'S bank clearings were $252,229, as compared with $225,772 for the same day last year.

THE Orpheus Club, eighteen in number, gave a pleasant entertainment at the Templeton last night. The musical selections were all greatly appreciated.

ARTICLES of incorporation have been filed with Territorial Auditor Pratt by the Rio Grande Western railroad company. They increase the capital stock from $7,000,000 to $20,000,000.

BETANY S. WELLS, a brother of Heber M., has arrived in the city from Wise Vista, N. Y., on a visit to his relatives. He passed the biennial examination very recently with flying colors, and will commence his junior year in the fall.

THE Salmon Railway Company has begun an action against Moses Hallett and George W. Clayton for right of way over certain lands in possession of the defendants. The plaintiffs filed a motion that they be permitted to enter upon and possess, and the motion was set for hearing before Judge Zane on June 13th.

THIS afternoon the World's Fair commission will meet at the Continental hotel for the purpose of conferring with President Nuttall, of the Agricultural College, relative to the arrangements for Utah's exhibit at the World's Fair. Tomorrow the plans for the Utah building will be submitted and it is said that no less than twelve local architects will be among the competitors. Each county will be allotted space in the Utah building for the display of its exhibits.

WE were much pleased last evening to receive a visit from A. S. Rockwell, of London, England. Mr. Rockwell is a typical English gentleman, and is a Fellow of the Royal Astronomical, Royal Geographical and Linnæ and other societies. Mr. Rockwell was accompanied by some English friends who are on their way home from Japan. They expressed themselves as being extremely well pleased with our beautiful city. Late last evening they visited the Temple and Tabernacle.

MEMBERS of the A. O. U. W., one hundred and fifty strong, arrived in this city over the Union Pacific this morning. They visited the Temple and Tabernacle and other points of interest about the city immediately after their arrival. The Tabernacle they listened to a grand organ recital by Professor Dayton. At 11 o'clock they were marched to a special train and there spent the day. They will continue their journey east over the Rio Grande Western tonight. The party is returning from the jubilee meeting recently held at Helena, Montana.

Personal.

H. G. Band, of Soda Springs, is in town.

H. S. Woolley goes south to receive a large shipment of cattle at Milford.

A. W. Trim, of St. George, is in town and will stay for a few days longer.

Jay Gould is expected to make quite a stay at Soda Springs, Idaho, this summer.

High Priests' Meeting.

The regular monthly meeting of the High Priests' quorum of the Salt Lake Stake of Zion will convene at the Fourteenth ward assembly rooms tomorrow (Saturday) at 11 a. m. A general invitation is extended the Priesthood—higher and lower—to be present.

ELIAS MORRIS, Pres't.

Police Jottings.

Frank Gustavesen was convicted in the Police court this morning for committing a nuisance. The indisposition cost him $10.

Geo. Blanchall, an alleged sneak thief, is booked on a charge of petit larceny. Campbell Covington and Frank Moreton, two colored men, are in the city jail on a charge of committing a criminal assault on the person of two white girls, who also occupy quarters behind prison bars pending an investigation. It is said that the charge is groundless and that the prisoners will all be discharged this evening.

A Deadlock.

"Nothing doing" was the universal response to the inquiry made by the representatives of the press in the various departments of the courts this morning. The Judges were not sitting and the United States Commissioner has nothing, in the way of public business, to engage their attention. Clerk McMillan is having quite an easy life in his office, and the occupants of the adjoining rooms—the deputy marshals—are sitting a large part of their time with broad bandies. Taken altogether, it is a season of unfruitfulness in the legal vineyard.

Judge Anderson will hold court tomorrow for the purpose of hearing a motion of trying the Rawlinson divorce case.

Amusements Notes.

Haverley's Minstrels appear at the Theatre tomorrow night. Billy Rice, E. M. Hall, E. M. Kayne, Perry Denton, Harry Constantine and other eccentrics promise to keep the audience laughing from the rise to the fall of the curtain.

WONDERLAND.

There was crowded houses yesterday at this place of amusement. The drawing card for this week is a musical show, presented under the name of "Fatinitza."

THE ORPHEUS CLUB.

The members of this talented club gave a select informal recital last evening at the Templeton parlors.

The affair was thoroughly enjoyable and some of the selections would have come credit to the regular lyric stage. It is to be hoped there will be something of a more public nature given in the near future.

By getting up at 5 o'clock in the morning and looking through an opera glass it was possible for one to see that moon with eight tails that appeared in the constellation of Pegasus. But it was a good deal more satisfactory to look at the pointer somebody else had made of it in the papers next day.

CUSTODY OF HIS CHILD.

The Ogden Power Company Sued for Twenty-two Thousand Dollars.

GARFIELD BEACH OPERA.

Logan City Sued for $5000 for Damages Caused by an Overflow of Water.

Judge Miner has signed the order giving A. H. Hayes the custody of his little daughter Florence, as prayed for in the petition for a writ of habeas corpus.

On Wednesday evening when the Judge decided in favor of Hayes, Attorney Rogers asked for a continuance until he could look up the law in the case and determine whether or not there was any statute which provided that a bond would be required in order that Hayes might be prevented from carrying out his avowed intentions of taking the child to England. No law touching the question at issue could be found and the case was decided in accordance with his decision. Mrs. Mathews had become somewhat reconciled to the heartrending separation and took the matter much more quietly than on the previous day.

SUED FOR TWENTY-TWO THOUSAND.

Peter Wilson, by his attorneys, J. H. Maguire and Ogden Hiles, have filed a suit against the Ogden Power company and its fifty-two individual stockholders, for the recovery of $22,000.15, alleged to be due him on an unsatisfied continued judgment.

In his complaint the plaintiff alleges that on or about the 11th day of April, 1889, the stockholders of the Ogden Power Company being desirous of forming a corporation under and in pursuance of a Territorial statute relative thereto, did associate themselves together as a body corporate and made subscriptions to the capital stock of the company which was placed at $75,000 in various amounts. That on May 15, 1889, he commenced suit in the First District Court for the sum of $22,000.15 against the Ogden Power company for work done on the great dam which it was proposed to build, that on July 12th, 1889, the defendant company made and rendered judgment, but no part thereof has been paid and the entire amount remains unsatisfied. Plaintiff further alleges that the defendants in the said action have failed to exhibit to the United States marshal, to whom hands the execution was placed, any real or personal property subject to be taken on execution sufficient to satisfy the execution. And he says that the stockholders of the Ogden Power company, although they all singly and collectively signed a contract to do so, have never paid any part of their several subscriptions to the capital stock of the corporation, and there is due and should be paid into the treasury, or to the use of the plaintiff and other creditors, the amount of money subscribed by the defendants. That the Power company is utterly insolvent and has no assets or property out of which to satisfy debts, wherefore plaintiff prays that the defendants may each severally be decreed to pay their unpaid subscriptions and that his judgment be satisfied out of the amount so paid.

SUIT AGAINST LOGAN.

Carl C. Johnson, by his attorneys, have brought suit in the Fourth District against Logan City for $5,000 damages alleged to have been caused to his land by an overflow of water from the Logan River, due to an embankment or levee constructed by the city council to protect the property of certain individuals.

The plaintiff asks that the objectionable and nuisance which obstructs the flow of the river be removed, the water to seek another channel be restored and that the defendant be perpetually restrained from flooding his premises.

Some time ago Johnson constructed a race track near Logan and maintained a pleasure grove at the place. He alleges that the track has been almost entirely washed away by the change in the river's course.

GARFIELD BEACH OPERA.

Manager Bowers, of the Grand and Garfield Beach Casino, has received a lengthy letter from O. H. Peery, jr., who has been in Chicago for several weeks making arrangements for a special company to furnish operas during the summer at the beach, stating that everything necessary for a successful run had been satisfactorily arranged, and that he would arrive in Ogden on the 25th, next Tuesday, with the Royal Opera company of Chicago, which includes between forty and fifty people. Amy Leslie, the famous organist, will take leading parts, she accompanied by Helen St. Clair, contralto. Mr. Peery has engaged Jan Young, the great comedian, and says he considers him the cleverest man in the line now on the American stage. In addition several well-known special comedians and leading ballet have been secured.

FOR NAVAL WARFARE.

An armor plate weighing 29,000 pounds, for the battle ship "Monterey," now building at San Francisco, arrived in Ogden yesterday and was transferred to the Central Pacific. Two cars of material for the lighthouse inspector at San Francisco, embracing mostly lacy chains, were attached to the same train.

A cheap glass cutter can be made from the ends of unburned tar baby cartridges, which are often found with sharp crystallized points possessing many of the properties of the diamond.

The Duke of Edinburgh, like many American boys, is an ardent and fine collector of postage stamps and may possess one of the finest, if not the finest, collection in the world.

Plants may take their carbonic acid from the air and use the carbon, but man cannot use the simple carbon pounds. He has his food given him in complex composition.

The house of Jacques Flandreau, built in New Rochelle in the year 1700, is standing, and is supposed to be one of the oldest Huguenot houses in this country.

COUNTERFEIT MONEY.

Violations of the Law with Reference to the Use of Trade Marks.

Joseph A. Walker, of the United States secret service, with headquarters at Denver, Colorado, is in the city on official business, and has personally visited all the banks and conversed with most of the leading officers of the city, and given them pointers in regard to spurious money. He displayed a varied collection of bogus bills and coins to a News reporter last evening and explained in detail the many ways in which the counterfeiter resorts in passing them. Many of the bills and coins were so nearly perfect that none but an expert would be able to detect that they were not genuine.

Mr. Walker was here shortly after the capture of the Dugan counterfeiters in Logan and says that great credit is due the officers who run the fellows down and succeeded in convicting them. He has appointed Officer John H. O'Reilly as his Utah assistant and hereafter that gentleman will have charge of the business here.

Mr. Walker has found several violations of the laws of this city in the use of trade marks representing United States coin and greenbacks and will urge no prosecution, but is desirous that business men should know the law in the matter.

Mr. Walker has found extracts from a congressional enactment to prevent counterfeiting or manufacture of dies, tools or other implements used in coining or stamping, and providing penalties therefor and providing for the issuance of search warrants in certain cases:

Section 3. That every person who makes or who causes or procures to be made, or who brings into the United States from any foreign country, or who shall have in possession with intent to sell, give away, or in any other manner use the same, any instrument or implement used, using, passed, taken, hewn, cut, sold, or improved, or any other thing whatsoever, whether of metal or other material, or any other substance whatever, in likeness or resemblance of any dies, tools, or the impression thereof, of any of the coins of the United States or of any foreign country that have been or may hereafter be issued as money, either under the authority of the United States or of any foreign government, or any of the coins of the United States or of any foreign government, shall, upon conviction thereof, be punished by a fine not exceeding $5,000 and imprisonment.

Sec. 4. That all instruments of any of the obligations or other securities of the United States or of any foreign government, or counterfeits of any of the coins of the United States or of any foreign government, and all metal or other plates fitted or intended to be used, or that shall have been used, in the making of any of such counterfeit obligations or other securities or coins hereinbefore mentioned, the shall be seized by the order of the Secretary of the Treasury or other proper officer in the Treasury Department, or any officer of any authorized agent of the Treasury Department, and forfeited to the United States, and destroyed in such manner the Secretary of the Treasury may direct.

Glass Works for Utah.

The following is a reply to one of the many inquiries received at the Chamber of Commerce in relation to the establishment of glass works in Utah:

June 20th, 1892.

J. W. Collins, Esq., Buena Vista, Va.:

Dear Sir—Your communication of the 8th inst. to the Salt Lake Tribune, one of our leading dailies, has been referred to me for reply, and it is with pleasure that I note the fact that the Cookery Journal has recommended this city as a suitable place for a glass plant, and if present indications prove working, as they seem probably will, it will be a most fortunate circumstance for this city and the entire Rocky Mountain region, which is now entirely dependent upon the Eastern manufacturers of glass for its supply.

Labor is comparatively cheap and building materials are plentiful in abundance. Natural gas will be the principal fuel used in this section, both for manufacturing and domestic purposes. In recent discovery has been announced in the organization of several companies for the boring of wells, and wonderful developments are not an enticing theme indeed amongst manufacturers, who find the expensive conditions of the thickly populated cities of the East hard to overcome.

Soda ash, salt cake, lime and glass sand, the last two named being almost pure, and everything necessary for the manufacture of glass in this city can be obtained within a short distance of the racks of the valley.

Natural gas will be furnished to manufacturers at Eastern prices. This, together with the price of soda ash at $1.00 per cwt., lime and the other materials, all relatively so cheap, shows that there is no reason why a glass plant should not succeed here.

The freight rates on glass from this point to the coast and the East are reasonable, as will be seen by the following:

The territory in which you is found yours to be supplied, and when ready to ship, then you should be able to ship in car of 36,000 feet, a flat car gets with a guaranteed gap in 40 pounds to the rivets, and the rate is $1.00 per 100 pounds to the Pacific coast, and $1.25 per 100 pounds to the Atlantic coast.

I log to remain, yours respectfully,
JOHN H. SHEPARD,
Corresponding Secretary.

BIGGIN.

TUESDAY—To the wife of Ernest S. Pearce, of Second ward, a boy, born June 14th, a year, Biggin and wife are doing well.

Mr. Heller, a noted Pharmacist of 25 years' experience, also a member of the Nebraska State Board of Pharmacy, compounds that noted cure for Coughs and Colds, Heller's Sure Cure Cough Syrup. We warrant every bottle. For sale at Temple Pharmacy, 128 W. South Temple Street. 2s

Try our Wiffle Onions. S. L. Pickle Co.

A Word to Ladies.

Ladies who desire a beautiful clear skin, free from pimples, boils, blotches or other eruptions, should commence at once to use Dr. Lynch's Improved Liver pills. They will also remove that heavy jack about your eyes and make them bright, and will cure headache from whatever cause it arises. Remember, you are only required to take one small pill at bed time, which is pleasy with pure sugar and will not offend or produce any unpleasant sensation. Sold at 25 cents by Z. C. M. I. Drug Dept. ddz

SUMMIT & GRIFFIN

UTAH HORSEMEN BUNCODED.

James A. Melville and Alma Greenwood, of Fillmore, the Victims.

FOURTH OF JULY PREPARATIONS.

Utah County School Teachers' Examination.—General News Notes.

At a meeting of the Fourth of July committee men, held last evening at the Court house, the following programme was arranged:

Firing salutes at sunrise, hoisting of flag and salute of thirteen guns at sunrise. Procession will form at the Court house at 9:30 a. m., under the leadership of Marshal of the Day D. T. Clark and aides.

1. Brass Band.
2. Goddess of Liberty.
3. Young Ladies' Outreach, representing all the states and territories.
4. G. A. R.
5. Uncle represented by Young Lady in state costume.
6. S. of V.
7. U. O. R. of A.
8. Grandsons.
9. Grandsons from Provo.
10. Firemen.
11. A. O. U. W.
12. K. of P.
13. Lodges.
14. Citizens.

Various committees were appointed to arrange for the parade. After parade citizens will meet at the Tabernacle, Mayor Dusenbury as chairman. Music. Prayer by chaplain, Rev. Mr. Jeffries. National anthem by the choir. Reading of Declaration of Independence by Lora Eggertson. Music by drum corps. Oration by D. D. Heath. Star Spangled Banner, by H. S. Pyre. Short speeches. Award of Bunker Hill, by J. H. Twelves. Toasts and answers. Prayer by chaplain. It is expected arrangements will be made for afternoon amusements.

A suit on account, before Commissioner Dudley yesterday, in which a large number of parties and a big principle were involved, occupied considerable time. F. C. W. Hatherstock was plaintiff and Edward Green defendant. The court took the case under advisement and will return a verdict this morning.

The county superintendent of schools, Mr. E. A. Wilson, has had thirty-one applicants from teachers for examination. The gentlemen, together with Mr. E. B. Cudlipp and Joseph A. Green, constitute the board of examiners, and during the past few days they have been busily engaged propounding questions and conducting examinations. They will turn on the papers as soon as possible and then issue certificates to those who have been successful.

News was received last evening from St. Louis that James A. Melville and Alma Greenwood, both of Fillmore, had been the victims of Eastern sharpers. These gentlemen shipped about three weeks ago nearly 100 head of horses to St. Louis, expecting to sell them in the stockyards of that city and if not successful then to drive them to the country and peddle them off. It appears that on reaching their destination some parties came to see their horses and designed to trade their real estate for the same. The property was examined and priced and found to be valuable and a deal was made. The parties selling the real estate went before a notary public and executed a deed to Messrs. Melville and Greenwood for the property, the latter gentlemen in turn gave a bill of sale for the horses. Shortly after they filed to dispose of the property, and their prospective buyers asked for an abstract of title, and the gentlemen could only show their deed—which proved to be a bogus one—and then realized the hole for the sharpers, but it has accounts no trace of them had been found. This is the second affair of this kind that has happened to our Utah boys within about a year, the first victim being a Mr. Chipman of American Fork.

W. H. A. Shipp, a son of Dr. Shipp, of Salt Lake, is in Provo for a day or two visiting friends. Mr. Shipp has just returned from Ann Arbor, Mich., where he has been graduating a literary and law course. He is just home for vacation, and will return in September, expecting to complete his course by next June.

James W. Pearson is up from Nephi on business.

Mr. Elmer Taylor of Joab is spending a few days in Provo with her friends.

Everything is quiet today after yesterday's march over the Democratic victory at Chicago.

Haverly's Mastodon Minstrels will appear at the Opera House tonight.

PROVO, Friday, June 24th.

A. O. U. W. Public Meeting.

The public meeting announced will be held in the G. A. R. Hall this evening, at 8 o'clock, instead of the Odd Fellows' Opera House building. Everybody invited.

A. C. Smith & Co., Druggists, agents of Eckrips' Hesperian Tonic.

FAST TIME.

The Celebrated "Pennsylvania Limited" Time Broken by the "Burlington."

The Burlington has made another new departure in fast time service between Denver and Chicago, reducing the time to twenty-eight hours. Its new train, known as the "Chicago Special," leaves Denver at 9 a. m. and arrives in Chicago at 3:15 p. m. the next day, making the run, after deducting one hour for change from mountain to central time, in twenty-nine hours.

The time between Denver and Omaha is thirteen hours and forty-five minutes, and all trains, whether fast or West bound, are watched throughout and are made up of through sleepers, chair cars and others, fitted up with all the modern designs and latest improvements of the Pullman Company.

The Burlington has now Four Fast Flyers ("F. F. F.") between Denver and Chicago, and the question may well be asked: How can such phenomenally fast time be made with no accident of any character and with the safety and comfort of its passengers absolutely assured?

The answer is found in its excellent roadbed, superior equipment and matchless service, and in the perfect system of its operating department and in the uniform courtesy of its employees.

Be sure your tickets read "via Burlington route." For further particulars inquire of E. E. WALLACE, General Agent.

20 W. Second South street, Salt Lake City, or A. N. OLIVER, City Pass. and Ticket Agent, 200 Main street, Salt Lake City.

"Are You?"

If you are bilious, dull, drowsy, sleepy, have a bad taste in the mouth on rising in the morning; restless at night, constipated and have indigestion, you need a dose of Hetrine and your blood is slowly being poisoned. Hetrine will cure any disorder of the Liver, Stomach or Bowels. Sold by Z. C. M. I. Drug Dept.

Happy Hoosiers.

Wm. Timmons, Postmaster of Liberty, Ind., says: "Electric Bitters has done more for me than all other medicines combined for that feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "I find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or died; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c a bottle, at A. C. Smith & Co's Drug Store.

The World is Better for It.

The world is better because of such a remedy as Ballard's Snow Liniment, because this article relieves it of much pain and misery, and we are thus enabled to enjoy its brighter side. It positively cures all forms of Rheumatism, Neuralgia, Headache, Sick Headache, Lame Back, all forms and Weakness, Cuts, Sprains, Bruises, Stiff Joints, Contracted Muscles, Pimples, Eruptions, Corns, Weak Back and all pain and all inflammation on man or beast. It's the best because it's the most penetrating. Beware of all white Liniments which may be palmed off on you for Ballard's Snow Liniment. There is none like it. Sold by Z. C. M. I. Drug Dept.
