The Pyke Opera Co.

Two more nights of work will close the engagement of the Pyke Opera company in this city. The final appearance will consist of a varied program comprising selections from a number of leading operas and popular songs. The company goes from here to Denver to fill an eight weeks' engagement at Elitch's Garden. As that place it will be reinforced by a number of eastern prima donnas making the organization large and efficient.

Robert Dunnar, said to be an excellent dramatic tenor, and Arthur Bew, one of the best stage directors and character actors, are among the new people; also a splendid soprano and contralto. The company will also be strengthened by several good comic people and minor characters. The company, after playing Denver, are booked in San Francisco for an extended engagement. Several new and popular operas have been secured by Mr. Pyke for the Denver and San Francisco engagement and will be put into rehearsal almost immediately. The new people together with Mr. Bass, Mr. Leach, Miss Maulel and Miss Salinger should form a most excellent organization. The company will likely play a night or two here en route for San Francisco.

Serious Logging Accident.

PETERSBORO, Cache County, Utah, June 28, 1895.

Editor Deseret News:

By request of our friends I drop you this note to inform you of a serious accident that occurred to your agent here on the 25th inst. William Cunningham and his son James, 21 years of age, left to go to Logan canyon for a load of timber. After reaching the canyon and getting two logs of wood out, the two men started down the dugroad, when Mr. Cunningham's dog tipped over, striking him on the head cutting a wound five inches long and right to the vault. He bled dreadfully, but his son got him to the wagon all right and placed him on the running gears and drove to Logan, a distance of 14 or 15 miles. Dr. Perkinson dressed the wound and the patient is doing well.

Mr. Cunningham's head has been badly bruised before, while laboring in the coal mines in Scotland in the spring of 1890 he was injured so severely that the doctors said he could not live, but through faith in the Gospel and the power of the Priesthood he recovered; and we hope and pray that he will recover soon from his present injury, for he is a good man, a faithful Latter-day Saint and we need him as superintendent of our Sunday school.

A Plea for Deliverance.

MARSHALL, Logan County,
U. T., June 24, 1895.

Editor Deseret News:

I am requested to drop you a line or two in behalf of the lady in question, as she receives very cruel treatment from the daughter she is residing with, owing to her religious belief. The lady joined the Church of Jesus Christ of Latter-day Saints in early days, going through many of the trials of Saints, etc. She has relatives in Utah and wants to find them. She draws a pension of about $17 every three months, and is amply able to support herself, but wants to spend with the saints. We get our information from neighbors, as her relatives will not allow an Elder to see her, much less let them call at the house. Elders Pullmer and Vincent fortunately met the good old soul one day, and though she is 85 years of age, she is very active, and retains every faculty of youth. Her expressions to the Elders prove her belonging to the Gospel. Her name is Annie Miller; she is now residing with Mrs. Marvel, in O. T. Her brother's name is Joseph Boulder, and her mother's is Alexander Lyons—both of whom went to Utah years ago. Kindly place notice in your columns and oblige.

MRS. ANNIE MILLER.

"WHAT I EAT DOES ME NO GOOD."

How often this expression is heard—little do people think dyspepsia is bad on them when you feel thus, and should you be afflicted with. There is but one remedy that can permanently do you good. Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y., a vegetable compound endorsed by the medical profession. Druggists sell it one dollar a bottle.

To All Lovers of a Good Horse,

The announcement of trials of speed always brings a throb of excitement and pleasure. Recognizing this, the Salt Lake Gentlemen's Driving Club have prepared a day of interesting events for the Fourth of July at Calder's Park. Of the three big races to be given on that day it would be difficult to say which will be the most exciting. In the Free for All First the four speedy animals entered are so evenly matched that the owners themselves would scarcely be good authority as to which will be victorious in the first event of the day. In the Free for All pace will be seen seven of the swiftest pacers in this region. From the time they get the word "go" until the winning horse comes under the wire it is safe to say that no one will be able to name the winner of this event, which promises so much interest and speed. The pacing race, which is itself will more than repay the visitor for his time, will only be one of the three events in which great interest is being manifested.

The Case race is one in which the supremacy will be contested for by four beautiful and nervy animals that trot in the 2:40 class. The owners are interested, the members of the club are interested, and the public will be interested in the races, for the best horse will be the winner.

The trotting track is in excellent condition and the surroundings at Calder's Park make this the only pleasant spot where races have ever been given in the Territory. The gentlemen who are conducting Calder's Park have only one desire, and that is to give their patrons the very best in the way of genuine entertainment. They not only want their patronage once but all the time. With this end in view the price of admission is placed within the reach of all for this day of races. Twenty-five cents for adults and ten cents for children. Go ticket adults to Park and races. Bring the family down and spend the day and see Utah's fastest horses.
