NEWS OF THE WEST.

Strange Confusion as to the Murder of a Sweetheart in Montana.

A SERIOUS CUTTING AFFRAY.

Attacked by an Infuriated Non-Resident Mother in Utah—A Lovely Suicide.

Business men of Butte, Montana, are agitated over Union Depot news. An agitation is being circulated asking the railroads to consider the advisability of such a building.

Percy Gray, a young man prominent in Los Angeles society, committed suicide Wednesday morning by blowing himself in the face at the lock of the Republic Gold Mine. Disappointment in love was the cause.

The eyes of people north of Lake Superior are beginning to open, says the Ironwood Times, their being quite a boom in and waiting on them. It is reported that Mr. Otto Backwell has sold more out there to an eastern company for $2,500 the other day.

An accident occurred at the Orient Iron mines, Vale Grove, Colo., on Wednesday, by which George Mahr, a miner, was killed. A large piece of rock fell from the hanging wall without warning and crushed him. He lived but a few hours after the accident. These mines are owned by the Colorado Fuel and Iron company.

Wolves are said to be ravenous in the section of country between Cheyenne and Fort Laramie, Colo., for marks the interesting discovery. There is a band of a dozen or so in which has been preying upon young calves and young pigs, and even horses, it is a wonder, are taken and eaten.

Hawthorne (Nevada) Bulletin: The advance guard of the state mineralogist, the surveyors, are on the ground now. They, Weiss, and will come with the season on Tuesday next. The survey through the Hawthorne district, on the Benton and Aurora road, into Nevada about 200 miles, Mono being the amount of territory.

Samples of opals in the rough, brought in from a newly-discovered field in Utah, A. S. Mc, who on several occasions have sold specimens here, was out by J. Weiss at Santa Fe, and found to be a superior quality of both fire and crystal opals. These specimens were taken only an inch from the surface. Several miners are preparing to develop the claims.

James G. West and Terry Dolan were badly injured on Wednesday at Meadville, Oregon, by the explosion of thirty-seven kegs of black powder at the governor's rock quarry. They were preparing to explode six kegs of powder, when the thirty-seven were accidentally ignited. This is the third explosion that has happened at this quarry, and the cause is attributed to carelessness.

Frank Bell and Arthur Ward, who have been spending the evening at the house of friends just outside of Bell, Mont., were returning home when they were attacked by an insane man named Austin, who came up behind unexpectedly from the brush, brandishing a loaded revolver. Two shots were fired before the men could overpower their assailant, who received some very severe cuts and bruises about the head and face.

Springville Independent: It is becoming quite common to see a few of our native Indians carrying a span of horses and wagon in a civilized manner. Tuesday and Wednesday three through here with a family and family all on, his wives and children sitting in spring seats and wearing shawls and bonnets, as any other Indian might have done. The next thing we may look for is our native dark inside importing for the latest fashion in dress-cutting.

A serious cutting affray occurred Tuesday night at Mesa, a station a few miles east of Nampa, Idaho, on the Oregon Short Line. Eight white men are to be employed on a Union Pacific construction train, got into a row over a game of cards with a lot of Japanese section hands. One of the Japs is reported to have been cut in a dozen pieces. He may die. Another Jap had his nose cut nearly off, another had most of his upper lip taken off, still another suffers a broken arm, while there were several broken heads and cracked ribs.

Lehi Sentinel: During this fine and lovely weather the farmers of Lehi are showing how they feel towards raising a beet crop for next year. As one passes through the Rebel he can see the plows running in all directions, turning over the soil for next year's crops. Boys and men are scraping up every scrap of manure and hauling it on to their land, looking not only one year ahead but even two. The people of Utah county have not felt the hard times like the people of other counties, because the farmers are not at money the sugar factory distributes among them here. But there are many who are suspicious and work against the interest of the institution.

James Kelly, a young mechanic 22 years of age, living near Butte, Mont., on Wednesday made the third unsuccessful attempt within a week to commit suicide, and, when arrested, made a confession. It was that he met a young lady in Portland about seven years ago and was engaged to marry her. He has given her all his money, amounting to $1,400, to keep, but three days before the wedding, while they were walking together, she told him that she had lost the money. "Then I killed her," said Kelly, "and she kissed me dying good night. I have no peace of rest and cannot bear the burden of this life any longer; the remedy is awful." He would not give the woman's name.

Hood's daughter of the innocents was not a precursor to the 143 children killed yearly by the hand of their mothers. In round numbers 9,000,000 little souls have been slaughtered to satisfy the monstrous stock for our female maniacs. One child is good enough from three gloves, but the average is about 1½, or a pair and a pair of thumbs.—New York News.

The Bible contains 3,566,480 letters, 773,692 words, 31,173 verses, 1,189 chapters and 66 "books."

Moskogee, Ind., is one of the worst towns about centers for the manufacture of whisky.
