MUNICIPAL CONVENTION

Set by the Republicans for October 10th.

At a meeting of the Republican city committee held in the Atlas block last evening, the apportionment of delegates to the municipal convention was made. It was agreed that parties should be on a basis of representation as at the county convention, viz., one to every 20 votes cast for Frank J. Cannon in November, 1894, with an increase of three delegates over this apportionment, for the Third, Fourth and Fifth precincts. The representation by wards will be as follows:

Ward, 2; First ward, 7; Second ward, 7; Third ward, 9; Fourth ward, 8; Fifth ward, 10; Sixth ward, 9; Seventh ward, 10; Eighth ward, 11; Ninth ward, 11; Tenth ward, 11; Eleventh ward, 17; Twelfth ward, 15; Thirteenth ward, 18; Fourteenth ward, 14; Fifteenth ward, 16; Sixteenth ward, 10; Seventeenth ward, 16; Eighteenth ward, 9; Nineteenth ward, 11; Twentieth ward, 12; Twenty-first ward, 11; Twenty-second ward, 10; Twenty-third ward, 9; Center ward, 2. Total, 295.

The same primary plan will be followed as for the county convention, namely, voting will take place between the hours of 7 and 9 p.m. The present convention will be held on October 9, while nearly every precinct voted on Salt Lake Tribune at 10 a.m. on October 10. The delegates to the city convention will be the delegates to the county convention.

Irrigation Suit.

The Draper Irrigation company yesterday afternoon filed suits for injunction against John H. Smith and Otto E. Vandenen. The plaintiff alleges that it owns and controls the waters of Big Willow creek, Rocky Mouth, Silver, South and Dry Hollow, of North Dry creek, and all the springs flowing into said creeks adjacent near Draper precinct. It alleges that the defendants appropriated and diverted to their own use large quantities of said waters. A temporary restraining order and order to show cause was issued returnable September 23.

EN ROUTE TO KANSAS.

A Report From Utah People Temporarily Stopping at Denver.

DENVER, COLO., Sept. 5th, 1895.

Editor Deseret News:

Our party arrived here at 7 a.m., after a run of 24 hours. There has been so much said regarding the mountain scenery between that I will pass it lightly by, merely mentioning Green River, which is so well known by lovers of the green and of its waters. Never before, however, have I seen it so small. This statement, however, is quite as applicable to the Weber and all other streams which we have passed. Close river city is indeed a city, having city of 1,000 population, showing signs of life, and of green territory in the town.

Looking over the Denver Grand Central hotel register I find the following names of Utah visitors and acquaintances, who will make a visit, taking in the sights of Denver, leaving on their return to Salt Lake: Vernon—Edward Stevenson and wife, Andrew Kimball and wife, Mrs. T. C. Lyon, Miss Clara Kimball, Master Spencer, Percy Kimball. Manitou—Joseph A. Kelsey, Charles E. Johnson, Wm. H. Green, Byron D. Nesbitt, Franklin Raleigh, George V. Morris Jr., John M. Knight, Charles M. Holmes, Andrew Anderson, Charles A. Robinson, Samuel Kirkham, Evan Evans.

This little party is en route to the Indian Territory mission and expects to attend the St. John, Kansas, conference and meeting house dedication to take place in the 8th.

A portion of our party took the Seventeenth avenue cable cars to city park, three miles out, passing through the most beautiful portion, especially for using a four mile ride here on Colfax avenue. Denver spreads out over a vast area, and sums up about 150,000 population. The water system is one of Salt Lake City, especially the lingering appearance of the variety of shade and ornamental trees, which seem so gloriously the much narrower and in some portions so much crowded streets and sidewalks. Scarcely can we pass through any city to compare with Salt Lake in regard to its broad streets, walks, and the precision of the streets, all at right angles. The city park of 320 acres, is beautifully laid out and adorned with lots of flowers in variety. Trees and shrubs, walks, drives, bright lakes, etc. The lake scene in the park supplies it with early plants and is commendable, but no comparison to the one nearly belonging to the Park Popular company, that party was permitted to pass through this grand lake scene, which is calculated 30,000 square feet. It is to many as one for superior in scenery in the West. Our party was highly delighted with our foresight in the attention. In the park and on the W. the ride times, bicycles, sub, are lively, with the usual leaf outlook and fast wind. Long lines, all kinds beauty and taste. The afternoon we take a cable ride out on Colfax to the electric gardens and Manhattan beach. Our party is in the best of health and spirits. Our conductor is a nearly young man and numerous a tall lot, some over six feet. The oldest one of our party is 73 years, the youngest a month, [illegible] a crack to Utah growth.

On our journey [illegible] have had an opportunity to [illegible] some strangers who expressed [illegible] desire for a mission to [illegible] Utah and her people. The expressed [illegible] the General were [illegible] the General Hon. [illegible] the Elders to [illegible] in the [illegible] cast.
