Consolidated—Receivers Appointed.

NEW YORK, 17.—The Brooklyn *Union* and *Argus* have consolidated, the proprietor of the latter, Dumas Barnes, having retired.

Receivers have been appointed, at the instance of the New Jersey Central Railroad, of the property of the Lehigh and Wilkesbarre Coal Company, in this judicial district. The claim is for $1,500,000 for freights and tolls.

The North Pole Exploration.

Petitions, receiving numerous and influential signatures, are circulating here approving of the bill pending in Congress appropriating $50,000 for the execution of the plan of Captain Howgate, for locating a colony in the Arctic regions, that there may be more successful exploration of the north pole.

Duke Alexis and Suite.

The Grand Duke Alexis and suite arrived to-day, and passed the evening viewing the opera bouffe.

$160,000 Robbery.

The banking house of King & Son, William Street, was robbed this afternoon of two tin boxes containing United States bonds, mortgages and securities, valued at $160,000.

$15,000 Fire.

TOLEDO, O., 17.—A fire in the telegraph office this afternoon caused considerable damage, which, together with the damage by water, reached over $15,000.

The Packard Government.

CHICAGO, 17.—The *Tribune's* New Orleans special says the business community is excited and feverish as to the governorship. It is acknowledged since the decision of the electoral tribunal that Nichols has nothing to stand on, but the democrats openly declare that Packard shall not be Governor. Business is prostrated and society demoralized by uncertainty, which should be ended as soon as possible.

More Depredations by the Indians.

DEADWOOD, D. T., 17. — Last night the Indians ran off about 200 head of cattle from Spearfish, belonging to Boughton, of Cheyenne. An armed force of twenty men left here about midnight to try to recapture them.

Two men came in this morning and reported that the Indians drove them from their work about a mile from Deadwood. To meet the emergency General Crook has ordered, from Camp Robinson, two more companies of cavalry in addition to the one already *en route* hither.

Caucus of Democratic Senators and Representatives—Resolutions, etc.

WASHINGTON, 17. — The democratic Senators and Representatives were in caucus to-night, Representative Clymer presiding.

The following resolution was offered by Walling, but received only thirteen votes.

Resolved, That in view of the fact that the so-called electoral commission have refused to receive the evidence of frauds charged in the recent elections on the ineligibility of the electors, it is our duty, as representatives of the people, to do no further legislation, not recognizing said commission, or meet in joint session to further the count of the electoral vote under its decision.

Cochrane offered a preamble and resolution, substantially as follows:

Whereas, The electoral commission was created in good faith with a view to the examination of evidence and all questions which pertain to the disputed votes of Florida, Louisiana and Oregon, and,

Whereas, Said commission, in disregarding their oaths, fraudulently refused to obey the law and will of the people by defeating such examinations; therefore,

Resolved, That it is a duty which Congress owes to the democratic party and the American people, to defeat the fraudulent acts of said commission by all means known to the constitution and laws, to the end that all possible delays may be interposed, dilatory inactions made, and objections interposed to the vote of every State yet to be counted, with a view to nullifying the issues, and thereby defeating the inauguration of a usurper.

Regan offered the following as a substitute:

Resolved, That the count of the electoral vote shall proceed without dilatory opposition to the orderly execution of the act of Congress, creating the electoral commission, whose decisions shall be received and acted upon in accordance with the provisions of said law.

A long, animated debate ensued. On the one side it was contended that the conception of the tribunal to adjust the controverted questions was a sublime act of statesmanship, freighted with the hopes and wishes of a nation, but the result was a disappointment, mixed with grief and misfortune. It would, however, be injurious to the democratic party, who so strongly supported the electoral bill, if they did not now abide the result in good faith. On the other side it was urged that it would be better to have an interregnum and for the presiding officer of the Senate to act as President until there could be a new election, rather than submit to fraud, which should be defeated by all means known to the Constitution and rules of the House.

Among those who advocated Cochrane's proposition were Thompson, Hurd, Southwark, and Lynde. Among those who opposed it were Brown, of Kentucky, Reagan, Singleton, Hill, Bayard, and Kernon.

Bright offered the following amendment to Reagan's resolution: "That this resolution is accompanied with the solemn and earnest protest of the democratic party against the gross and shameless violations of law, justice and truth contained in the decision of the majority who signed the same in the cases of Florida and Louisiana."

The resolution of Regan, as amended by Bright, the whole being a substitute for Cochrane's proposition, was adopted by a vote of ayes 69, nays 40.

Field offered a resolution for the appointment of a committee of five to inquire whether it would be expedient to withhold the appropriations for the support of the army.

Mills moved to lay the resolution on the table, saying that to withhold such supplies would be revolutionary. The effect would be to alarm the country, therefore he should oppose any such legislation to the bitter end.

Field withdrew the resolution.

Field and Tucker suggested that there be an adjourned meeting of the caucus, but this was objected to, and an adjournment took place.

An Exciting Scene in the House.

A scene occurred during the brief session of the House, to day, which serves to illustrate the bitterness of feeling existing among the democratic leaders, when Lamar offered his resolution for the assembling in joint convention on Monday. Bliss, who was sitting directly behind Baker, of Indiana, inquired of him, "What does this mean?" Baker replied, "It means filibustering." Hewitt sits next to Baker, and overhearing the question, and Baker's answer, turned to Baker, and with much warmth and emphasis said, "That's a damned lie." Hewitt's insulting remark exploded with so much force that it was heard in several seats distant, causing those members in the immediate vicinity of the parties to rise in anticipation of a personal collision. Baker afterward informed Hewitt that he had wantonly insulted him, and that he would hold him responsible for it, when Hewitt apologized for his choleric conduct. This incident occasioned a great deal of comment, and Hewitt is universally condemned for his ebullition of passion and violation of decency. His apology was entirely satisfactory to Mr. Baker.

Governor Grover Denies the Assertion.

SAN FRANCISCO, 17.—The following dispatch has just been received:

"Salem, Oregon, Feb. 17.

"To the agent of the Associated Press.

"I desire to state through your columns that I have never sent to Governor Tilden any telegram signed Gabble or Governor, and I denounce all such pretended telegrams as base fabrications. As far as I am concerned I have never used a cipher nor a fictitious signature in a letter or dispatch in my life.

MEXICO.

Gen. Diaz Triumphs.

MATAMORAS, 16.—Since General Blanco assumed command of the line of the Brazos in behalf of the government of General Diaz, he has been assiduously engaged in harmonizing the various armed factions existing here and restoring order to the frontier. The civil authorities, national, State and city, have been reinstated in their respective positions, and several armed parties, heretofore impeding commerce on the highway, have come in and surrendered their arms and retired to their homes. To-day, General John W. Cortina, with about 1,000 well armed cavalry, entered this city, and was received with military honors amidst the ringing of bells and popular acclamations by Gen. Blanco. Cortina is preparing to start in a few days for the City of Mexico, where he has been called by Gen. Diaz. The roads to the interior are now opened. Mail and telegraph are being established, and commerce is reviving, with a general feeling of the restoration of peace and order in this section of Mexico.

Last Night's Dispatches.

EASTERN.

The Remains of the Fenian John O'Mahoney.

NEW YORK, 18.—The *Herald* cable from London says the prospective arrival of the body of John O'Mahoney in Ireland excited the greatest interest in the ranks of the Irish nationalists. A series of imposing demonstrations will, it is expected, take place. Thousands of Irishmen, not sympathizing with the Fenians, will join in the processions at Cork and Dublin, to manifest their hostility to the present system of British rule. In illustration, it is stated that the home rulers will march with the advanced nationalists, or, as they are called, Fenians. Cardinal Paul Cullen has been solicited to permit O'Mahoney's body to lie in state in the Catholic cathedral.

President Grant's Views on the Condition of Affairs in South Carolina and Louisiana.

The *Tribune's* Washington special says the President said, tonight, that it is extremely doubtful whether he would do anything more during the next two weeks than simply preserve the peace in Louisiana; although, he added, under certain contingencies, he might be compelled to grant executive recognition. Of course, in that case, the returning board having declared Packard elected, and their action having been recognized by the electoral tribunal, there could be but one course. He believed, however, that the Packard government could only be sustained by the presence of troops; and that, as only two weeks of his administration remained, he would hardly be justified in taking action, since his successor might not entertain the same views as he should. In that event his action would be placed in a very unpleasant light; besides, when he recognized the Kellogg government four years ago he received no support from the republican Congress, the place where he had the most right to expect it. For those reasons, and to prevent any embarrassment for himself or his successor, he will take no action till it is forced upon him. In speaking of the political status of South Carolina and Louisiana, the President said the cases were very dissimilar, and could hardly be treated under one general line of action. In South Carolina the contest had assumed such a phase that the whole army of the United States would be inadequate to force the authority of Chamberlain. The people of that State had resolved not to resort to violence, but adopted a mode of resistance much more formidable and effective than an armed demonstration. They have refused to pay their State taxes to Chamberlain, and it would be useless to sell out their property, as no one would buy it. Unless Chamberlain could compel the collection of taxes it would be utterly useless for him to expect to maintain his authority for any length of time. This state of affairs must inevitably result in the abandonment of all efforts by Chamberlain to maintain himself in exercise of the gubernatorial functions. In closing his remarks the President said he did not wish to be understood as having decided not to act in the Louisiana case.

The President and Mrs. Grant will be guests, after March 4th, till April, of Mr. and Mrs. Sartoris, and remain in Washington till May, and then go to Europe. Ulysses, jun., goes to New York to practice. Fred returns to Chicago. The President will give no more levees or dinners. The President will go west before sailing for Europe.

$25,000 Fire.

DAYTON, O., 18.—A fire at Middletown, yesterday, destroyed Shafer & Kemp's pork factory and a quantity of stock; loss $25,000, insurance $20,000.

Washington News.

WASHINGTON, 18.—There is a general rejoicing in Washington, to-day, over last night's determination of the democratic caucus. The political organs of both parties, with the exception of Don Piatt's *Capital*, unite in commending it, though the *Herald* and *Gazette* denounce the majority of the electoral commission and complain of the timidity and short-sightedness of those democratic leaders who procured the enactment of the bill.

The *Capital* says notice is now served on the citizens of Louisiana and South Carolina that they must care for themselves. How soon the lamp-posts will bear fruit is for them to say. It then says, with reference to the north and west, if there is no law for fraud, there is reason for violence, and to that we make our last appeal.

Utterances of the above sort, however, seem to meet with no favor except from a very inconsiderable number of persons, and at least nine out of ten of the democrats, to-day, concede that Hayes will be peaceably inaugurated, unless, as a very few of them still hopefully anticipate, he shall meanwhile be tripped upon Cronin's nose.

Dead—The South Carolina and Louisiana Gubernatorial Questions.

Rear-Admiral Charles H. Davis, superintendent of the naval observatory, died this morning of disease of the heart.

A number of southern members of Congress, together with representative men from the south, will call on the President, to-morrow, and request him to take no action on the gubernatorial questions in Louisiana and South Carolina, but to leave it to the determination of his successor.

Absent from their Posts.

Attention having been drawn to the absence from the seat of government of several foreign ministers accredited here, and who persistently reside in New York, it is rumored that the Secretary of State is about to call the attention of their governments to their constant absence, and to request instructions to the ministers to be at their posts, or that others may be appointed who will remain at the seat of government.

The Samoan Treaty.

G. W. Griffin, consul at Samoan Island, who has been in Washington for several weeks, having been empowered by the government of that country to negotiate a treaty of friendship and commerce with the United States, will return to his post early in March. He did not ask to be received in the character of a minister, with which he is accredited, but simply make a representation of the subject in his capacity of United States consul. Much interest is taken in the object of his visit, especially by sojourners from the Pacific Coast, as apart from securing a profitable trade, the Samoans would, by treaty, be incidentally protected from the injustice now inflicted upon them by the representatives of subjects of the European powers.

$200,000 Fire.

SAG HARBOR, Long Island, 18.—A fire this morning destroyed over thirty buildings, burning over an area of a quarter of a mile long and five hundred feet wide. The loss is estimated at $150,000 on buildings and $50,000 on stock. A number of houses remote from the fire caught fire from the sparks and did more or less damage.

$30,000 Fire.

CLEVELAND, 18.—A fire at Medina, Ohio, this morning destroyed the Empire block, and three adjoining buildings; loss $30,000, insurance $11,000.

Revenue Agent Shot.

ST. LOUIS, 18.—Col. Fred. Meyer, revenue agent at Warranton, Missouri district, was shot and seriously injured there, to-day, by a lawyer named Dryden. The cause of the shooting is supposed to be the seizure of some stills by Meyer, yesterday, for which Dryden was attorney.

WESTERN.

A Gunboat Going After the Indians.

SAN FRANCISCO, 18.—A Victoria dispatch says Government has decided to send a gunboat to the island where the Indians report that Geo. S. Wright was murdered. The tribe to which the alleged murderers belong is said to be small but warlike. The Indian who makes the statement offers to conduct the gunboat to the bay where the bones of the murdered men are still to be found.

A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

WENT TO THE NOTED HOT SPRINGS.

CLEVELAND, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some long months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

For more certificates of cures see large circular around each box of ointment.

$10,000 REWARD

Will be paid for a more certain and sure remedy. Sold by all the leading Druggists and country storekeepers everywhere. Warranted a sure cure or money refunded. Beware of imitations. Ask for Dr. Williams' Indian Ointment, and take no other. Depot, 388 Superior Street, Cleveland, Ohio.
