MUNICIPAL MATTERS.

A Two Week's Grind by the Council Last Night.

FARRELL'S CLAIM DISPOSED OF.

The Militia Gets a Hall—Two Nominations Made to Fill Roche's Place —Sundry Reports.

After a rest of two weeks, the City Council got together last night and ground out the business that had accumulated during that period and which demanded its consideration. President McCornick occupied the chair and all the members were present except Watson and Cheesman.

HALL FOR DRILL PURPOSES.

After the minutes of the two previous meetings were read, Clawson moved that General Young of the Utah National Guard be allowed to speak, who with Adjutant General Cannon was in attendance with a verbal petition to the Council. The motion carried and Mr. Young took the floor. He recited the doings of the Utah National Guard from its inception and stated that the amount appropriated by the Legislature—$3,000—for the use of the National Guard has long since been exhausted; that the Guard had been laboring under great disadvantages for some time past in not being able to secure a hall in which to drill; that he and Adjutant General Cannon had been appointed as a committee to wait on the Council, and try if possible to get the use of a large room in the joint building for such purposes; The county officials had been conferred with and they had expressed themselves as perfectly agreeable to acquiesce in the request of the Guard and he hoped the Council would do likewise.

At the close of these remarks Mr. Clawson moved that the privilege be granted during the pleasure of the Council, and a vote taken on it proved unanimous.

PETITIONS AND COMMUNICATIONS.

Mrs. Priscilla D. Walls asked the privilege to connect her property near First and G streets with the public sewer. Sewer committee.

Miss Belle Jones, a cripple, petitioned for a free license to sell toilet soap. License committee.

Stephen W. Taylor asked to lease Jennings property in Parley's canyon, promising to improve the same. Committee on public grounds.

Frank Thompson, executor, and Joseph R. Lowe, administrator, asked for release of tax sale from certain property in Glendale Park, plat A. City attorney.

FELL ON THE SIDEWALK.

Alvina N. Lars Kellholt asked an appropriation of $2,500 damages for injury sustained through falling on the sidewalk on First South between Sixth and Seventh East on February 9th last. The lady is 45 years of age and had her right ankle broken which caused her twenty-one weeks of great pain and suffering. Committee on claims.

E. G. Raybould et al entered a complaint as to the condition of gutters on the east side of West Temple street, below Fifth South, they claiming that all sorts of refuse gathered in the streams which proved a great detriment and annoyance to the property owners in that district. Committee on streets.

E. Lichtenstein et al asked for removal of back-stand corner of Second South and East Temple street. Street committee.

H. L. Rogers asked permission to repair city clock for the sum of $25. Granted.

County Clerk Stanton called the attention of the Council to needed repairs of bridges on Tw. 6th South, and also to the impassibility of said streets. Committee on streets.

The Sears Glass & Paint company asked permission to excavate from property line to curb on part of lot 5, block 49, plat A, and to pile building material in front of said premises. Granted privilege of piling building material in front of premises under usual restrictions, and the remainder of petition referred to city engineer.

The Woman's Exchange asked free license for the operation of a lunch room, and recited in a petition the work done by said exchange. When the petition was read O'Meara moved that it be the sense of the Council to attend the Lady Mineral Show referred to by the exchange. All the members of the Council taking front seats. On motion of Cohn a six-months free license was granted.

REPORTS OF CITY OFFICERS.

Mayor Baskin notified the Council of the appointment by him of H. J. Grimes to the position of pound keeper of North Salt Lake estray pound. Action confirmed.

Treasurer Duke in reporting with reference to allowance to R. K. Thomas on sewer tax, recommended that a balance due Mr. Thomas of $332.23 be appropriated to Mr. Thomas to apply on payment of city taxes. Adopted.

The city attorney recommended that a quit claim deed be issued to Mrs. Laura Gest on property known as lots 1, 2, 3 and 4, Block 40, Plat C, Heath's Subdivision, upon payment by her of $125, which includes taxes, costs and interest. Report adopted.

The same official recommended the issuance of a quit claim deed to H. H. Pollock on lot 1, Block 5, Earl D. Gray's subdivision, upon payment of taxes, costs and interest. Adopted.

The city recorder submitted the dog tax collector's report, which was as follows: 20 females at $3, $60; 114 males at $2, $228; three pound fees at $1, $3; making a total of $291. Sixty-six carcasses were destroyed for which there should be appropriated to the collector $33. Report adopted and $257.60 ordered appropriated.

The city engineer filed a statement of the expenses of his department for the month of October which showed the net expenses to have been $1,226.21.

The auditor's report for October, 1895, which appears in another part of this issue was received and filed.

J. R. Daly, superintendent of waterworks filed a report of vouchers and pay rolls audited, and showing the distribution of same for month ending October 31st, 1895. The amount aggregated $3,984.17, and the report was filed.

The board of public works reported that they had complied with the resolution of the Council, instructing them to have repaired all sidewalk pavements in a dangerous condition, and stated that a contract for the performance of such work had been let to William Holmes. Action approved.

TREASURER'S REPORT AS TO INTEREST.

Treasurer Duke, in responding to the resolution offered by Councilman Clawson, asking for information as to the amount of city's funds on deposit at interest and the same received for use of same, reported as follows to McCornick, chairman of the finance committee:

Dear Sir—In answer to resolution in regard to interest on city funds, will state that on December 1 placed in the hands of the city $4,021.17, the same being interest on deposits received by me from the following banks, viz:

McCornick & Co.	$ 289.74
Utah Commercial & Savings Bank	229.16
Wells, Fargo & Co.	167.50
Union Bank of Utah	167.50
National Bank of the Republic	199.04
Commercial National Bank	279.45
Walker Brothers	271.89
Total	$1,021.17

In June I placed $.50, account interest "Copper Plant bond" and I herewith enclose you for examination and return to me checks amounting to $1,007.67, for interest on city deposits to date. The checks will show what banks paid, and amount of each bank. I also enclose you letters from the different banks, stating the amount of interest they have paid on the deposit, which you can verify by calling on them. Comparing these letters with the checks you have now, and the amount deposited by me in December, I think you will find that they agree. I held some of these checks so as to put the interest all in one item, and have, as you will observe from dates of some of the checks, received by me today.

With the report was the enclosures referred to in the communication. The resolution and statement was received and filed.

THAT WARM SPRINGS LEASE.

In reporting on the Barnes and Byrnes petition, the committee on public grounds recommended an extension of the Warm Springs lease at a reduced rate, and that a new lease be drawn up.

Clawson opposed the committee's report, insisting that the lease as at first drawn up, should still remain in vogue. In the first few years of business, the company had no grievances to make, because they found it a profitable investment, but now that business was not so favorable, they asked the city for help. He thought the report should not be adopted.

O'Meara and Cohn argued on the question and claimed it would be doing an injustice to the lessees to force them to abide by the lease as at first drawn up. The city had not done right in granting a license to a rival establishment, and hence favored the adoption of the report. The report was adopted, all members voting aye, except Clawson, who voted no.

The committee on water works in reporting on the rip-rapping of embankment of Parley's reservoir, recommended that the work be not performed as it was not necessary. Adopted.

The same committee recommended that a watering trough and spell be erected at the corner of Ninth North and Second West in conformity with the petition of the Wasatka Mineral Springs company.

A communication was received from Frank Harrigan offering to sell to the city, dirt at 15 cents per yard with an average haul of eight blocks, said material being good clean gravel from the basement of the Keith and Ivers block on East Temple street. Proposition accepted.

The special committee to which was referred J. W. Farrell's claim for extras in the joint building, recommended that the sum of $6,088.92 be allowed in full of said account and that the city's share, $3,044.46, be appropriated.

Clawson moved to amend the report by making an appropriation of $3,222.54, in full of said claim.

Cohn in a lengthy talk, recited what he termed the great injustice done Mr. Farrell in withholding a claim justly due him. Such a procedure was as much a misdemeanor as was paying out money which was not legally due, and consequently he hoped the report would be adopted.

Lynn then gave the Council the benefit of his experience in the Farrell business. He was a member of the joint committee that had the matter under consideration, and he had stated before and was still positive that Mr. Farrell was presenting a claim in excess of what was justly due him. Knowing this he would oppose the payment of said claim to the bitter end.

Clawson in speaking on the question felt that if Mr. Farrell was not satisfied with the Council's action, he should resort to the courts, the proper place to determine the validity of the claim presented.

Young was never, he said, more at sea on a question than on this one. The untold number of reports that had been brought to were so conflicting as to puzzle the brain of a Philadelphia lawyer. He could not vote intelligently on the proposition as it now stood, as he could not in any way comprehend it.

Harry was also in a maze and thought the matter should be referred to another committee to work in conjunction with the board of arbitrators.

Mr. Clawson's amendment was voted upon and lost, when the report of the committee was adopted by a majority vote of those present.

RESOLUTIONS BY O'MEARA.

O'Meara offered a resolution authorizing the recorder to advertise the intention of an extension of the sewer from the present terminus between I and J, to M street.

The same gentleman also offered a resolution granting the new Mayor and councilmen-elect, the full liberties of the Council chamber. Adopted.

BRIGHT'S SUCCESSOR.

At this juncture Mr. McMillan stated that in view of the vacancy now existing in the Council by the resignation of Mr. Bone, he would place in nomination for the vacancy Mr. James Jenkings, of the Fourth precinct.

O'Meara thought it hardly worth while to install an entirely new member and therefore place in nomination one of the councilmen-elect, Mr. J. J. Stewart.

On motion of Newell action was deferred for two weeks.

Cohn moved that the Farrell and Harrigan bills be placed on a separate appropriation list, so that in case the Mayor should veto these bills it would not affect the general appropriation list. The motion prevailed, and after appropriations to the sum of $19,123.64 were allowed an adjournment was taken for one week.

THE CITY'S CASH.

Receipts for October Amounted to $44,035.81 and Disbursements for the same Period $69,867.72.

Following is the financial statement of the condition of the city treasury and the receipts and disbursements for the month of October as presented to the Council by Auditor Raybould last night:

RECEIPTS.

City taxes, 1895	$43,976.93

Add receipts	64,023.81
Deduct disbursements	133,926.98
Add warrants paid	71,408.40
Balance in treasury, Nov. 1	$62,518.58

LABORS IN SOUTH GERMANY.

Nuremberg, the Toy Town, also Munich, and Vienna Austria.

To the Editor:

NUREMBERG, Oct. 26, 1895.

Having read a number of very interesting missionary articles in your valuable paper which were of exceeding interest to me, I have thought that a few lines from this part of the missionary field might be read by some with interest.

My present field of labor is Nuremberg, one of the manufacturing cities of Germany. The most noted articles manufactured here are toys. The "Nuremberger Lebkuchen" (ginger bread cases) are also very noted. Gram, the noted iron king of Germany, has his principal foundries and factories here, giving employment to something over 300 men. The immense institution was lately presented to his son. A. W. Faber's noted lead pencils are made some four or five miles west of here. Die Burg, where thirty rulers have lived, stands towards the west end of the city on a considerable hill, and commands a good view of the environs. It was erected by Konrad II in the tenth century. Besides being the residence of these thirty rulers, it was also the place of execution and imprisonment of all offenders. Many old torture instruments are to be seen in the five connected towers, most interesting among which, however, is the "iron virgin," formed like a woman and hollow, containing some thirty-two inch spikes made to pierce the eyes, heart and vital parts of the condemned, who after being placed in the "virgin" had the iron doors closed upon him gradually. A trap door was then opened and the executed fell through a passage filled with knives, under which ran a stream washing away the remains of the unlucky one. Many antiquities are to be seen in Nuremberg. An interesting place here is the Glocklein Bratwurst Inn, where the "dobbler poet" Hans Sachs and other noted personages of that age spent their evenings drinking beer, eating kraut and fried sausage, and singing their songs. Richard Wagner's grand opera "The Meister Singers of Nuremberg" was based upon facts transpiring in this city.

Our branch in Nuremberg and Furth numbers some 50 enrolled members, but as many joined for the purpose of emigration, and this event not having immediately followed their joining, they became cold and are not very energetic. However, we have a few good souls and look forward in hopes of being able to add a few more to the branch. The laws are very strict in Nuremberg and the distribution of tracts is forbidden as well as the right of holding meetings. We therefore have to confine ourselves to what can be done privately.

My time has mostly been spent in labouring in Munich, which city I left on the 24th of August last, having worked there eighteen months; part of the time with Brother George C. Kach, of Coin, part of the time alone and seven months with Brother Brigham Q. Cannon. The branch in Munich is in an excellent condition and the many manifestations of the goodness of our Heavenly Father made to us therein were indeed testimonies to us, the rich being especially blessed through our administrations, numbers being immediately restored to health. Last July I was called upon by Prest. Geo. C. Naegle to go to Austria and attend to baptisms in company with Elder A. O. Woodruff who was on his return from Italy and whom I met in Vienna. The most interesting scenery on my trip to Austria was a ride on the Danube from Linz, upper Austria, to Vienna. The scenery from Linz to Vienna is exceedingly beautiful. Many an old castle, dating as far back as the Roman's time, crown the heights on the banks of this river, and the beautiful mountain scenery alongside Linz is very interesting indeed; some maintain that in many respects the Danube is as beautiful as the Rhine. The land lying on the Danube is probably the most fruitful in Europe. Vienna is larger than the second number of inhabitants as Berlin, in many regards is, as fine a city, if not finer than Paris. The Ring Strasse is especially fine, with its grand buildings, statues and beautiful promenade and is a marked feature of the city. It is held to be the finest street in the world. The grand opera house and Burg theater have a beautiful situation on this street. Other interesting places in Vienna are Schonbrunn palace, which Napoleon Bonaparte made his principal residence during the eventful years 1805-1809 and the "Prater," the principal pleasure seeking place of the Vienna people. The Austrian military music is world renowned and cannot help but charm the visitor. Two musically gifted composers coming from Austria speaks for themselves; Mozart being born in Salzburg, a beautiful city situated in the south-western mountains of Austria, probably being most noted for its salt works.

Brother Woodruff and myself, after attending to the baptisms and coming through the Austrian and Bavarian mountains arrived in Munich, where, after several days spent together, we parted, Brother Woodruff going to Berlin to continue his labors there.

The mission in Germany is in an excellent condition and many are being added to our numbers, especially in the protestant kingdoms. Many of the Saints here in Nuremberg still remember Elders John Q. and Abraham H. Cannon with much pleasure, and have not forgotten the happy hours spent fifteen years ago.

Ever praying for the welfare of Zion and the advancement of the cause of truth I remain, humbly,

C. D. SCHETTLER.

Emery Stake Conference.

HUNTINGTON, Emery Co., Utah, November 12th, 1895.

The quarterly conference of the Emery Stake of Zion was held at Price, Sunday and Monday, Nov. 10th and 11th, 1895. Besides the Stake presidency and a good representation from most of the wards Elders Brigham Young, of the Apostles, and Rulon S. Wells, of the Council of Seventies, were present. Elder Wells returned home after the first day's services.

The small meeting house was filled to overflowing and the last meeting session the most crowded. A spirit of love and good-will prevailed. Elder Samuel Cox and his little Prince choir are deserving of much praise for their earnest and soul stirring music. Near of revelation, prayer, honoring the Priesthood, Word of Wisdom, responsibility of parents and Tithing were among the many subjects treated by the following speakers: Brigham Young, Rulon S. Wells, C. G. Larsen, George Sealy, Wm. Howard, Alma Byrnes and Alex Jameson. The clerks' reports showed that the spiritual condition of the people are in a prosperous condition.

A. E. WARD,
Stake Clerk.

Nervous

Sleepless, no appetite and very much run down, was the condition of my husband. Since taking Hood's Sarsaparilla he has wonderfully improved, and he now eats and sleeps well; in fact, he is all right.

Hood's Sarsaparilla

we esteem very highly." MRS. MARY CORRIGAN, 1353 Cedar St., Pueblo, Colorado.

Hood's Pills cure all liver ills, biliousness, jaundice, 25c.

LOSS OF VOICE
After Acute Bronchitis
CURED BY USING
AYER'S Cherry Pectoral

A PREACHER'S EXPERIENCE.

"Three months ago I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BEAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.
