CONVENTION NOTES.

Majority Report of the Credentials Committee Adopted.

COMMITTEE ON RESOLUTIONS.

Rules and Regulations for the Transaction of the Business of the Gathering.

ST. LOUIS, June 17.—When the point of the committee on credentials was reached, the chair recognized the chairman of that committee.

Mr. Fort of New Jersey presented the majority report and said: As to the state of Delaware, the fight is regarded that state in this convention was claimed by two full sets of delegates. Your committee recommends that the persons to be seated as delegates and alternates from the state of Delaware shall be the delegates and alternates headed by Anthony Higgins. [Applause and cheers.]

"In the contest in the state of Texas for delegates-at-large from that state, your committee recommend that the delegates and alternates-at-large from Texas, headed by John Green, be seated in this convention. [More applause and cheers.]

"We recommend that the roll of delegates and alternates to the convention from the several states and territories and District of Columbia, as prepared by the national committee or temporary organization, be approved as the permanent roll of delegates and alternates of this convention.

Immediately on the conclusion of the report Chairman Thurston said:

"I recognize Mr. Hepburn of Iowa, for the purpose of submitting a minority report." [Cheers, yells and hisses.]

Mr. Hepburn then took the platform and addressed the convention as follows:

"We are unwilling to accept the roll of delegates as made up by the national committee. [Cheers and hisses.] The national committee did not attempt to consider the merits of the cases presented by any of 100 and contestants. [Applause and hisses.] None of these contestants except those from Delaware and from the state at large from Texas have had any hearing upon the issues here made, before any convention of this kind. [Cheers and cries.] In those two cases cited by your committee on credentials not one word of testimony adduced was laid before your committee. Affidavits were filed both by the same, but no man knows what they contained save as their contents were stated by gentlemen making arguments on one side of the other. Contests from the state of California and those from Louisiana make examples that they have never had even a hearing upon which to base a prima facie case made up by the National committee; one says that he was not in the city until his case had been heard. We therefore recommend that the delegation from the State of Delaware, headed by J. Edward Addicks, with their alternates, be seated [applause]; that the delegation from Texas, headed by N. W. Cuney, with their alternates, be seated [applause]; and that other cases in which a hearing has up to this time been denied be recommitted to the committee on credentials with instruction to perform its duties and take an report upon the cases." [Applause].

Mr. Fort—I now move the previous question on the report of the committee on credentials down to and through to the final vote under the rules of the House of Representatives.

The motion was seconded by Doyle of Georgia, also by Grosvenor of Ohio.

The delegates from Maine demanded a tellerall.

The official announcement of the vote was: Yes, 561½; nays, 329½.

COMMITTEE ON RESOLUTIONS.

The Chairman—The chair recognizes the gentleman from the committee on resolutions for an announcement.

Mr. La Follette of Wisconsin—Mr. Chairman the committee on resolutions have appointed Mr. Herriage of Washington and myself a committee to announce to the convention that the committee on resolutions has agreed and can make its report to the convention tonight at 8 o'clock, but not earlier.

After some discussion a vote was taken on the minority report recommending the admission of the Arizona delegation from Delaware and it was lost. [Applause.]

The question recurred on the admission of the Cuney delegates from Texas and it also failed to carry. [Applause.]

The remainder of the minority report was rejected.

The question of the adoption of the majority report was then put, and it was carried by a large majority. The result was received with almost universal cheering.

THE CHAIRMAN—The next order of business is the report of the committee on rules. Is the committee ready with its report? The chair recognizes Mr. Bingham of Pennsylvania, the chairman of that committee.

MR. BINGHAM—Mr. Chairman and gentlemen of the convention, your committee on rules have taken from for consideration several propositions not heretofore decided by the committee on resolutions of previous conventions. Rule 11—The Republican national committee is authorized and empowered to select an executive committee to consist of nine members who may or may not be members of the national committee.

Rule 12—All resolutions shall be referred to the committee on resolutions without reading.

Rule 13—No person except members of the several delegations and officers of the convention shall be admitted to the floor of the hall appointed for delegates.

Comment on Cleveland's Letter.

WASHINGTON, June 17.—President Cleveland's positive statement as to the money plank of the Democratic national convention has caused the spread comment here today, although few prominent public men outside of cabinet officers and department officials remain in town and these will not be quoted.

Senator Jones (Dem., Nev.) a prominent silver leader, said Cleveland's letter "speaks for itself and speaks a plain language." "There is nothing cannot about such an expression," said the senator, "indicating the belief that when he says he will do what he has said, he will do it, the public will pause and fall in line and recognize him as a great prophet. But the convention will disclose what it will do. Personally, he is for silver all the time of patronage and office, the convention will be for silver. The Democrats merely give it as his opinion that the convention will not be for silver, passing over the merits of the case. There is no discussion of the right or wrong of the great question. The statement that the free-silver population will not attract a majority of the votes of the country seems much like planting the judge against it, carrying the platform to catch votes rather than to set forth principles."

DEMOCRATIC CONVENTIONS.

Californians Declare for Free Coinage of Silver.

SACRAMENTO, Cal., June 17.—The Democratic state convention today adopted a platform declaring for free silver. The financial plank is as follows:

"The Democratic party of the state of California is unalterably in favor of the free and unlimited coinage of gold and silver at the ratio of 16 to 1, without waiting for or depending upon the action of any other nation, it demands the use of silver as a legal tender as well legal tender in payment of all debts, both public and private.

"The administration of President Cleveland, with the honor of his financial policy is unknown.

The seventh district Congressional convention has chosen Oscar Tuxen of San Diego and Lucius E. Chalfant of Fresno, delegate to the Chicago convention, and J. W. Martin of Tulare was nominated for Presidential elector.

CONGRESSMAN GUSTINE RENOMINATED.

CINCINNATI, June 17.—Congressman James G. Maguire was unanimously renominated by the Fourth Congressional district convention today. Ex-Congressman Geary assisted in nomination at the heels of the Third district convention. The latter nominated Mr. Geary.

MAINE DEMOCRATS.

PORTLAND, Me., June 17.—The Democratic state convention elected the following delegates at large to the national convention at Chicago: Hon. Gov. Cleveland, John Scott, Prof. Fairchild and Charles L. Shaw. The platform declares in favor of a gold standard, against the free coinage of silver, in favor of reciprocity, of a state prohibition amendment, and of high license and local option. It highly indorses President Cleveland and denounces a protective tariff as operated by Republicans, and declares in favor of legislation which will secure the equity to consumer.

Edward B. Winslow of Portland was nominated governor by acclamation.

The minority report of the committee on resolutions favoring a silver plank was defeated 92 to 11, with a hooted notice of all hoots.

Edward B. Winslow of Portland and T. Hubbard of Hallowell were then chosen representatives from the First Congressional district to the Democratic national convention. A resolution instructing for a gold standard was adopted.

ARKANSAS DEMOCRATS.

LITTLE ROCK, ARK., June 17.—The Democratic state convention met today with a full representation. John H. Jones was unanimously chosen temporary chairman and Judge H. G. Bunn to chair the chair of the supreme court. An effort to embarrass the convention by the action of Hinds by the administration Dick Rennie Dollar and his colleagues was defeated on the first ballot.

FLORIDA DEMOCRATS FOR GOLD.

OCALA, FLA., June 17.—The Democratic state convention for the seventeenth time in succession, by a vote of 75 to 25, adopted a platform declaring for a gold standard. The financial question was relegated to the national convention for their decision. Intemperate in the extreme in the action of the convention was the attempt to instruct the delegates to Chicago to vote for free silver. This was defeated by a vote of 175 to 115. Governor Cato and Congressman Mallory, delegates to Chicago, were present, and one night speeches showed, these are for silver, Evans not good.

Democrats Silent.

DENVER, COLO., June 17.—A special to the Rocky Mountain News from Las Vegas, N. M., says that at Liberty last night Lewis Hotalinh, the postmaster, and Memphis Gallatin were unanimously Allen and Pendleton Democrats, but Democrats by thirteen. On the night of June 11th men broke into Hotalinh's store, stealing 100 pounds and money amounting to $200. Yesterday a posse of the men mentioned was organized to pursue them. They were overtaken in a canyon thirty miles from Liberty at 6 o'clock and a battle ensued, the column attempted escaping Gallatin. A large force has been called to take them alive, and the marshal has left Liberty so thoroughly manned over the mountains.

Against the Law

In Japan to make or sell adulterated or colored tea.

But the American tea merchants in Japan are not subject to Japanese laws, and they export almost nothing but falsely-colored and adulterated tea—we put in "alum" because maybe they do export some pure tea; we are not sure.

The Japanese, however, sell—and want to sell—nothing but pure tea; and *Schilling's Best* comes to us direct from the growers. We want it here—to have it fresh. All other tea is roasted outside of America.

Schilling's Best—at your grocer's, and he pays your money back if you want it.

Any good tea grocer has good tea. Ask for Schilling's Best. Sold by grocers everywhere, whole spices, and flavoring extracts.
