JEFF TELLS WHY HE MIGHT FIGHT

Heavyweight Champion Names Conditions Under Wnich He Would Return.

OPINION OF BURNS.

Regards Him as the Most Aggressive Fighter in the Heavy Class Today -Nothing in Game.

"The question has been asked many times as to whether I will ever return to the ring again," says Jim Jeffries newspapers have agitated the subset and on many occasions they have en gone so far as to say that I would gight again and that in the near future. Now, I never like to start a thing unless finish. I have retired from the prize ng and only one thing would ever induce me to return to it again. That one hing is this: In the event that some forigner, say Bill Squires, defeats Tommy

eigner, say Bill Squires, defeats Tommy Burns.

"Many have said that I could never get and the shape that I was in before redring. I have gone into a saipon and taken a drink with a friend and the next fay some papers would come out with the story that I am a booze fighter is not so. I take a drink when I want it, but sometimes I go weeks and weeks without ever touching a dron.

"I left the fight game because there was nothing in it for me, I had whipped all the heavyweights and after being on the stage and touring the country for even years the fact that the champion was going to show at a certain theater lid not interest the people like it did when I first went on the stage.

HARDEST BATTLE WITH SHARKEY. "The hardest fight I ever had was with om Sharkey when I fought him the set time. I consider this one of the ardest fights of my ring career. Joe hoyaski landed the hardest blow that I eer received. He hit me full in the louth with a right cross and drove my p between my front teeth and it was ecessary for me to take a knife and cut out.

cessary for me to take a knife and cut out.

I regard Tommy Burns as the most gressive lighter in the heavyweight dision and the hardest man to beat. He a game fellow and will give any of em a run for their money.

The story that I gave away the chamonship to the winner of the Hart-Root hit is false. I never made any such er and, moreover, I could not have no so if I wished. The title was not not to give away. It was something at I could claim as my own and yet do no power to give it to someone else, hy, for that matter I could have gone to not the street and given it to someonship have been?

WENT AFTER MUNROE.

WENT AFTER MUNROE.

WENT AFTER MUNROE.

"The only time that I ever went into the ring with the intention of whipping a man out of ill feeling was when I fought Jack Munroe. He had slandered me and said all sorts of mean things about me, and I determined to give him the best licking of his life, and I did.

"It has been asked me by my friends as to whether I could get into condition again for a fight. That is something I cannot tell until I go in training. I feel just as good as I ever did, and when you take into consideration the fact that I was at my best when I retired, I cannot see any reason why I could not

get into condition and be as good as I was before retiring.

"I have been asked to express an opinion on Bill Squires. This I do not wish to do as I have never seen Squires fight and do not know what he can do. He may be a wonder and then again he may be a dub. Wait until Squires fights and then you will be able to tell whether he has a chance to be the campion."

AFTER YOUNG BRINTON.

Spokane A. C. Wants Him to Go to Jamestown and Enter Sprints.

Jamestown and Enter Sprints.

The fame of young Sam Brinton, the University of Utah sprinter, has spread abroad and an offer has been received from the Spekane Athletic club for Brinton to go to Jamestown and race for that organization in the Jamestown exposition contests. Coach Maddock says it is not likely that Brinton will accept the offer although it is being considered. The young sprinter has not had enough experience to race against older men, and he is advised to wait for a year or so before taking part in such contests. This spring he entered the first five contests of his life and won every race, defeating the fostest men in Utah and Colorado.

As long as it remains uncontaminated we are forssured; but any humor or impurity acts injuriously on the system and affects the general health, or culminates in some special blood disease. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid, or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood diseases that continue to grow worse as long as the impurity or poison remains in the circulation. Some persons are born with an hereditary taint in the blood and we see the effect manifested in various ways. The skin has a pallid, waxy appearance, the eyes are weak, glands in the neck often enlarged and usually the body is not fully developed or strong, because it has always been fed on weak, impure blood. In all blood troubles S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all poisons humars waste or foreign matter and circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all blood diseases and disorders are cured permanently by S. S. S. Every Heart Beat

Forces about 8 ounces of blood out of the heart, and sends it coursing through the veins to the remotest part of the body. This is the amount required by nature to nourish and sustain your body. Every ounce less than this means a shortage in nature's supply of building-up material. A weak heart cannot meet this demand, and consequently you suffer. If your heart skips a beat, or flutters, palpitates, pains you, or you have shortness of breath, you may be sure that the heart is

working imperfectly. Dr. Miles' Heart Cure will strengthen the heart muscles

and nerves.

'I had been a great sufferer for 15 years. At the time I commenced taking Dr. Miles' Heart Cure I had been confined to my bed for four months. I had frequent sinking spells, sometimes as many as three in a day, during which my heart would seem to stop beating necessitating the calling of a physician to resuscitate me, Refore finishing the first bottle the sinking spells had ceased, and I took altogether five bottles for a complete cure. I now entoy perfect health, and am very gra if for this wonderful medicine, for is the means of my being with my family now."
