FRAGMENTS.

Numbers of money orders issued to the police court today.

THE Third district court will not convene until next Monday.

TEMPERATE WEATHER prevailed throughout the country in the vicinity of the Pioneer Court room this morning.

CHIEF JUSTICE ZANE, contrary to expectation, convened his court seat on the Supreme Court bench this morning, but only for a short time.

In the clerk's office preparations are being pushed forward for the February term of the Third district court. The docket will be ready for the court when it meets.

GENERAL SUPERINTENDENT LAWRENCE of the Mountain division of the Union Pacific has taken charge of the Oregon Short Line division in Wyoming, taking the position formerly occupied by one of the men of the road.

WILLIAM WALLACE, James Smith and David Hughes, the prime boys who were arrested for burglarizing the Bon store, have been held by Justice Smith to await the action of the grand jury.

THE Salt Lake Medical society held their regular monthly meeting in the Council chamber last night. The notice of the session was a paper by Dr. Wolfson, on influenza.

THE anniversary of the birth of Robert Burns, the Scottish poet, will be suitably celebrated by his countrymen in this city on the 25th inst. in accordance with long established custom.

THE trial of George Carter, Harry Hendricks's alleged accomplice in the killing of Chris Jensen, will be one of the first cases taken up on the call of the next criminal calendar of the Third district court.

THE heating and ventilating plant of the Farmer school on Fort North street between Ninth and Seventh West streets, was being inspected this afternoon by the board of education committee who and buildings with a view to accepting the same.

A HALF DOZEN or more disbarred Union soldiers of "southern" ties have going his rounds in the northwestern part of the city the last few days much to the annoyance of housewives whose behoove him, pay something from time whether they are willing or not.

THE City Council will meet tonight. It was expected that a number of appointments would be sent in by the Mayor for confirmation but it is now thought that there may be only one calculated to cause a sort of wonder owing to there being some little difference of opinion on the matter.

Where Is Your Court Scrip?

Court Commissioner George D. Pyle stated to a NEWS reporter last evening that persons holding Territorial scrip for 1892 and the February and April terms of the Third district court for the year 1893 could now get cash for the same by calling at his office in the Constitution building. There is considerable of this scrip on the market, and holders thereof will doubtless be glad to know that they can convert it into money.

La Veta, Colo., will be brought ten miles nearer to the San Luis Valley by the building of the proposed Indian creek wagon road over the range into the San Luis valley. It is a big thing for La Veta.

MEDICAL CONTEST.

Report of the Board of Medical Examiners.

PROTEST OF THE "REGULARS."

The Bill to be Among the Doctors Laid Down Before the Legislature.

Yesterday afternoon the first biennial report of the board of medical examiners was transmitted to the Council. The communication was addressed to the president of the Council, and signed in behalf of the board by the following officers, Allen Fowler, president; J. M. Dart, treasurer, and C. C. Richards, secretary.

The following statistics are given: Number of meetings of the board for the purpose of examining applicants, 26; number of applications for license received, 200; number that required written examinations, 80; number of the latter that were successful, 56; number of graduates licensed to practice without examination, 9; number of applicants rejected, 15; number of non-graduates licensed, 4.

The licenses are divided as follows: Regular, 13; homeopaths, 12; eclectics, 6; physicians and surgeons, 2; opticians, 1; number of licenses revoked to practice veterinary, 1.

The board issued 19 certificates of qualification for licenses, 12 of which were issued to persons believe to pass examination, 3 licenses to graduates of any medical school in good and honorable standing. Several applications are now pending.

The report states that the board treated all separate bills, and that we extend to an applicant by members of the school to which the applicant belongs.

The total moneys received amount to $1,310.82, and the disbursements to $1,224.09, leaving a balance of $86.73.

The board recommend amendments in the act to regulate the practice of medicine, as follows:

In section 2 of said act, by striking out on lines 17 and 18, the words "medical institution in the medical society from which the board has been appointed," and then section 3, by striking out on line 1 the words "and certificate," and then section 5, by striking out on the fifth line the word "each," and by inserting at the end of said section the following: "And the revoking of a certificate will disqualify the person named in the certificate from practicing in this Territory."

From section 9, on line 3, by striking out the words "or a fee" and on line 4, by striking out the word "fees," which occurs between the words "physicians" and "surgeons," and substituting in lieu thereof the word "fee." From section 11, line 2, by striking out the words "ten years continuously," and on line 3, by striking out the word "years," and inserting in lieu thereof the words "six" and on line 13, 14 and 15, the words "and provided, that such application for a certificate shall be made within six months after the taking effect of this act," and on line 16, the words "on account of ten years practice," and on line 20, by striking out the words "within six months." In section 13, by striking out the word "Territory," on lines 1 and 2, the words "who have not already a license from the board of medical examiners." And by striking out in the same section, on lines 5 and 6, the words "to be applied toward defraying the expenses of said board," and by striking out all that portion of said section commencing with the word "provided," on line 10, to the end of said section. From section 15, on line 2, the word "manager" and inserting in lieu thereof the words "president, vice-president, treasurer, secretary and manager." By striking out the words "regulations by the board" and inserting in lieu thereof the words "rules and regulations." By striking out the words "regulations by the board" and inserting in lieu thereof the words "rules and regulations." By striking out the words "regulations by the board" and inserting in lieu thereof the words "rules and regulations." By striking out the words "regulations by the board" and inserting in lieu thereof the words "rules and regulations." By striking out the words "regulations by the board" and inserting in lieu thereof the words "rules and regulations."

The board believes that with these amendments the law will be made clearer in some particulars and modified in others.

The report is signed by Allen Fowler, J. M. Dart, S. L. Britt, F. H. Hansen, Joseph S. Richards, M. N. Graves, C. C. Richards.

The secretary and treasurer make financial reports in detail, showing the expenditures.

Pertaining to this same subject is the following document which was introduced in the Council yesterday:

Memorial to the Governor and Legislative Assembly of the Territory of Utah.

We, your memorialists, the Eclectic Medical society of the Territory of Utah, most respectfully represent and show:

First—That immediately after the appointment and qualification of the board of medical examiners under the provisions of chapter 12 of the laws of 1892 of Utah Territory, this society, through its attorney, notified the said board that this society did not consider the said law legal or constitutional, and that the members of this society did not intend to comply with the provisions thereof, and that each and every one of the members was willing and anxious to have the validity of such law tested in the proper courts, and that upon the filing of a complaint against any such member, charging a violation of the provisions of said law, such member would voluntarily submit himself to the jurisdiction of the court, and would make application of the same such complaint, and would in every way assist in procuring a speedy trial and determination of such questions. And that the partially through the said board and its secretary were notified and requested, by members of the society, to make complaint against and arrest the action of such members, under the provisions of said law, for the purpose of testing the validity of the validity and constitutionality thereof, but that no complaint or arrest was made prior to May 10, 1893.

Second—That on May 10, 1893, Dr. D. A. Harrison, a member of the society, was upon the complaint of Dr. C. C. Richards, secretary of the said board, arrested, tried and convicted of violating the provisions of the said law, before Hiram Peet, Esq., United States commissioner, from which judgment he appealed to appeal. Not satisfied, he appealed to the Third Judicial District Court of the Territory of Utah. That pending the filing of said appeal in the district court, the said Dr. Richards and the other members of this society have been compelled to go to the expense of a hearing of the case, for that the county attorney of Salt Lake county has repeatedly issued the said case to be passed, without and after notice, and the defendant never has, as he is the present time, been unable to secure a hearing thereon.

Third—That notwithstanding the repeated assurances of the said Dr. Richards and the other members of this society to the said board of medical examiners that no appeal of any kind would be taken in the said case or in any other similar case that might be instituted against any of the other members of said society, and the law and open admission of the said county and its officers that they were not complying with the provisions of the said law, the said board of medical examiners, or some of its members are intimate and warm friends, have, without any warrant or authority of law, expended large sums of money in the employment of detectives, for the purpose, as your memorialists believe, of harassing and annoying the members of this society. And your memorialists are intimate intimate and believe the same to be true, that the said board without any warrant or authority of law, have paid to Walter Murphy, a county attorney of Salt Lake county, large sums of money to payment for his services in connection with such prosecutions, and in this connection we respectfully refer to the following extracts from the minutes of the proceedings of the said Board of Medical examiners:

June 5, 1893—Pages 56 and 58—"The secretary was instructed to negotiate a settlement with C. C. Lange on his bill for detective services, the board to the prosecution of Dr. Harrison, amounting to $50, and was authorized to agree as good a settlement with him as possible, $30 having been allowed him for such services in part payment thereof at this meeting."

March 19, 1893—Page 34—"Resolved, That a committee of two be appointed by the president to confer with Judge C. C. Goodwin and County Attorney W. Murphy and endeavor to arrange the necessary preliminaries to facilitate the prompt prosecution of all persons who have not obtained a license from this board. The president then appointed as such committee Dr. Graves and Schanck, and to report at early day as possible."

March 1, 1893—Page 42—"Resolved, That Walter Murphy, Esq., county attorney of Salt Lake county, be and he is hereby appointed to assistant counsel to Judge Goodwin in this board, to pay for services to defend this board, however, to be conditioned upon the Legislature of Utah making the appropriation to pay same."

April 11, 1893—Page 55—"Resolved, That the secretary, by and with the consent of counsel of this board, make the necessary complaints against all persons who are practicing medicine contrary to the medical law."

January 6, 1893—Page 72—"A communication from Attorney Walter Murphy, accompanied by his bill for $150 for services rendered the board, was then read, and after due consideration the following resolution, duly seconded, was then adopted: Resolved, that a committee of two be appointed for the purpose of settling said bill, and also with Judge Lewis Goodwin for the purpose of settling his bill for services rendered this board, and that they be authorized and empowered to settle with said Murphy and Judge Goodwin in full for services rendered this board to date in the sum not to exceed two hundred dollars ($200), or any sum less than two hundred dollars ($200), providing that sum is in full settlement for all services rendered this board. It being distinctly understood, however, that this resolution is in no wise to be construed as a promise of settlement of future business."

Your memorialists, therefore, pray that an investigation of the matters and things herein set forth be had, and that such action be taken as the result of such investigation may show to be necessary and just.

And your memorialists will ever pray.

(Signed) DR. JOHN E. WESLEY,
E. A. TURNS, M. D.,
BRIGHT SIMONTON, M. D.,
Committee.

BURGLARS GATHERED IN.

Two Men and a Woman Unwillingly Fall Into the Hands of the Police Last Night.

City Detectives Harris and Rhodes, under the direction of Chief of Police Croll and Captain Donovan, made an excellent capture of a trio of tough characters, two of them men and one a woman. The latter is a successful accomplice of her male companions.

When taken to the police station the party registered as James O'Neill, Charles F. Adams and Laura O'Neill. O'Neill was discharged from the penitentiary on the 15th inst., having completed a five years' term for burglary in Nevada. On the day previous Adams was released from the same institution, after serving six years in prison for safe cracking. Both of the convictions were served with credit from Chief Parrs to depart from the city and not return. Instead of complying, however, they secured rooms on West Temple street. The place was closely watched and it was soon ascertained that the new arrivals left their quarters during the night and that they were busy at work. Several burglaries were committed and O'Neill and Adams were connected with doing the work and so it was they were arrested.

Strange to say when the officers presented themselves at the door of the room occupied by the men they were startled to see a then very new safe covered by revolvers and a masked lady with warrants. Their room was carefully searched and a large assortment of safe burglar tools found. Also newspaper and other clippings giving recipes for bank and explosives, etc. In addition to these articles there was also a considerable amount of property stolen from the premises recently robbed. The Carter women occupied an adjoining room and had in her possession a goodly number of valuable articles recently stolen by residents of the city.

SERIOUS ALLEGATIONS.

Mr. John Beck Makes a Serious Charge Against a Juror.

Something akin to a sensation has again been sprung in court circles. Last evening John Beck, of the Bullion-Beck mining company, began legal proceedings in the Third district court by filing a suit against J. J. Cushing, C. W. Powell and others in which it was stated that in a case tried in that court some time ago, in which Cushing and Powell were plaintiffs and Beck was defendant, a verdict was rendered by the jury for $10,000 damages alleged to be due for the breach of a contract, never which plaintiffs claimed to have furnished or prepared themselves to furnish a certain number of trees to the defendant; that a number for a new trial was made and overruled and that an appeal was taken. Mr. Beck now alleges that the verdict was unlawful the same having been procured by fraud on the part of the plaintiffs and with their knowledge and consent; that during the progress of the trial and after the jury was impanelled Powell corruptly offered and paid one of the jurors a sum of $200 for the wrongful purpose of influencing the verdict, Hinson he pleas that the defendants be restrained from collecting on said judgment and that the same be declared void.

Mr. Beck has also entered suit against Alonzo E. Hyde, his late manager, in which he demands an accounting for the sum of $1,000,000. Hawkins & Critchlow are plaintiff's attorneys.

Imitations and Impostors.

The unequalled success of ALLCOCK'S Porous Plasters has induced unscrupulous parties to offer imitations, which they endeavor to sell on the reputation of Allcock's. It is an example to a class of them in the same category as the celebrated "Brown Mixture." Your protections are enforced, their vaunted merit unsupported by fact, their alleged superiority a myth, and only Allcock's is the genuine.

The ablest medical practitioners and chemists and thousands of grateful patients unite in declaring Allcock's Porous Plasters the best external remedy ever produced.

Beware of imitations and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you accept a substitute.
