THE HOME RULE BILL.

The House Committee on Territories Give a Hearing to the Utah Delegates.

GOVERNOR WEST, MR. SMITH AND JUDGE JUDD

Advocate Its Passage.—The Charge that the Present Government is Corrupt.

By Telegraph to the News.]

THE CAINE-FAULKNER BILL.

West, Smith and Judd Before the Committee on Territories.

WASHINGTON, Feb. 10.—The House committee on Territories gave a hearing this morning to a delegation of citizens from Utah in favor of the passage of the bill introduced in the House by Delegate Caine and a similar bill introduced in the Senate by Senator Faulkner, providing for a local self-government for Utah, and for the election of Territorial officers. Among the persons present were ex-Governor West, Mr. Smith, a lawyer of Ogden, and Judge Judd, formerly associate justice of the Territory. The force of their arguments was that the present government of the Territory was incompetent, corrupt and impractical. Charges were made by the spokesmen that the officials in power administer the affairs of the government more for their own personal aggrandizement than for the good of the Territory.
