PROVO.

Smallpox Scare — Diphtheria Outbreak — Completion of County Infirmary.

Special Correspondence.

Provo, Nov. 21.—The Small pox scare has reached Provo from our neighboring county Sanpete, and as a result County Physician Robinson and City Quarantine Physician Simmons are keeping the strictest watch possible to prevent the dreaded disease from entering the Garden City.

There was some excitement manifested around town when it became known that two of our citizens had been exposed to the small pox while attending the Sanpete county Teachers' institute at Mount Pleasant on the 15th inst. The people exposed were Prof. L. Nelson and Miss Retta Young of the Brigham Young academy, who lectured before the institute. It will be remembered than one of the lady teachers who was present at the institute is now down with small pox at Ephraim, Sanpete county.

The cases of exposure were brought to the notice of the proper officials and the citizens will undoubtedly be vaccinated and isolated for a time.

DIPHTHERIA CASES.

The dreaded disease diphtheria has again made its appearance in Provo and two houses are quarantined. A young daughter of Mrs. Emma Simms and a four-year-old daughter of a family named Ewell, are down with the disease. Both families live in the fourth ward.

RAILWAY IMPROVEMENTS.

The fence along the line of the Rio Grande Western railway track through Provo canyon to Wasatch county, is completed. The holes for the telegraph poles in the canyon are also dug and the work of planting poles and stretching wires will be commenced next week. The Western Union Telegraph company will establish an office at Heber City and other Wasatch county towns.

BUILDING COMPLETED.

The roof of the new County Infirmary building has been completed and all that now remains to be done is the finishing of the interior, when the building will be ready for occupancy. The contractors expect to turn over the building to the county about January 1, 1900. It makes a most imposing appearance from the county road and railroad, and is conceded to be the finest structure of its kind in the State, when finished it will have cost about $3,500.

If you have chills with fever, aches in back of neck and head, and tired, worn-out feeling, a trial will convince you of their merit. W. A. Null of Webb, Ill., writes: "My children suffered for more than a year with chills and fever; then two bottles of Electric Bitters cured them." Only 50 cents. Try them. Guaranteed. Sold by Z. C. M. CENTREVILLE.

Death of a Little Daughter of Howard Streeper—Typhoid and Scarlet Fever.

Special Correspondence.

Centerville, Nov. 20.—The eight months' old daughter of Mr. and Mrs. Howard Streeper, formerly of Centerville, now of Rudy, Bingham Co., Idaho, who died at the parents' home in Idaho was consigned to its last resting place on Friday last. Death ensued from a severe stroke of spinal meningitis, and occurred 48 hours after the stroke. It was a beautiful child, and had brought much joy and happiness to its parents, who feel the loss very keenly. Mrs. Streeper had only returned to her home from a visit to Centerville, two weeks previously.

There have been a number of cases of scarlet fever and typhoid in Centerville of late, but nearly all are convalescent now.

MANTI.

Death of Mrs. Eliza Westenskow Anderson and Child—A Sad Bereavement.

Special Correspondence.

Manti, Nov. 20.—Yesterday the people of Manti were again called to pay their last respects to one of the beautiful daughters of Zion. Mrs. Eliza Westenskow Anderson, wife of our respected furniture dealer, Thomas J. Anderson, died Thursday afternoon, from typhoid fever, and was buried yesterday. She had been sick about four weeks, as has also a sister of hers, Miss Jennie Westenskow, but the latter is now getting well. Mrs. Anderson was born in this city; she has been a prominent figure in several ward capacities, filling each place with honor and blessing to herself and to the cause of truth. About two years ago she was married to Thomas J. Anderson, and their home was blest with one sweet child, a little girl, who also has been sick for some weeks.

The funeral services at the tabernacle were very impressive, sweet music being furnished by Prof. Smyth's well trained choir, and consoling remarks being offered by President John B. Maiben, Elders C. P. Larson, John D. T. McAllister, Moses F. Farnsworth and Bishop Wm. T. Reid.

While the grave was being closed up, word was brought to the cemetery that the sick child at home had died. The little one was seriously ill, but it was thought to be improving, so the second shock to the already broken-hearted husband was a blow indeed. They opened the mother's grave today and placed the babe in her arms. Brother Anderson has the sympathy of the whole community in this sad hour of his double affliction.

Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 95 per cent of hair losses are the results of microbes and the neglect of dandruff. The antiseptic action of

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration.

WOODLAND.

A Pleasant Surprise Party in Honor of Pioneer Hans Larsen.

Special Correspondence.

Woodland, Summit Co., Nov. 20.—Thursday, Nov. 16, the members of Woodland ward assembled at the meeting house to show their respect and honor towards Brother Hans Larsen and wife Jensine Larsen. Brother and Sister Larsen came from Colonia Diaz, Mexico, to attend conference and visit their daughter, who resides here. After spreading the tables with a bounteous repast, the guests of honor were invited to the meeting house, where they were most agreeably surprised. After supper the time was spent in pleasant talk, singing and reciting, with dancing in the evening. Brother Larsen, although 76 years old, taking part in the dance and also favoring his old friends with the very comic, silent song, "The deaf and dumb rooster." Brother Larsen may be justly called the father of Woodland, as he settled here twenty-three years ago, being one of the first to come to this mountain retreat. The committee presented him with a new hat to help him remember the occasion. Mr. Larsen left his Woodland home for Old Mexico seven years ago, his wife following him the next year. Sister Larsen was president of the Relief society until the time of her removal.

MERCUR.

Visit of Stake Officials—Will Build a Meeting House.

Special Correspondence.

Mercur, Utah, Nov. 20.—Mercur continues to grow, i. e. in regard to dwellings, especially in the upper part of town in the direction of the Golden Gate mine and mill or toward the depot. Presidents Gowans and Richards of the Tooele Stake, were visitors of the Mercur branch, yesterday, as also was Joseph W. McMurrin of the First Seventy. They attended both Sunday School and meeting, and the Saints enjoyed a spiritual feast. President Gowans expressed himself as being highly pleased with the rapid progress made by the Sunday school, also with the increase of attendance at the meetings since the missionaries have been laboring in this vicinity.

President Gowans succeeded in getting a building site for a meeting house of the Golden Gate or De Lamar Co. today. The company kindly surveyed the lot and promised to give a deed for the same at once.

This action of the De Lamar Co. the Saints appreciate very much and they intend to build as soon as the necessary arrangements can be made. The lot had been promised to the branch quite a while ago but had not been able to get it staked off so that excavating and building could be begun.

DESERET.

Six Year Old Boy his Leg Frightfully Mangled—Hard Times in Dixie.

Special Correspondence.

Deseret, Millard Co., Nov. 20.—On Friday last the six-year-old son of George Davis met with a most painful accident. The little fellow ran after a passing vehicle and was hanging at the back end-gate when the wheels suddenly dropped into a deep rut swinging the leg of the lad between the spokes of the wheel. The vehicle was stopped as soon as possible, but the boy's leg was frightfully mangled and broken near the thigh and with great difficulty he was extricated from his twisted condition. Today Dr. Bagley reports that it will be necessary to amputate the fractured limb.

"HARD TIMES" IN DIXIE.

During the past week many hundreds of poor cattle have been driven from Dixie into this locality for winter pasturage. Judging from the looks of these herds "hard times" must have struck "Dixie land."

The following seed buyers from the north have agents here: Smurthwait & Co., Blackman & Griffin of Ogden, Vogeler, Weidman Co., Salt Lake City, Wm. Roylance, Springville. FARMINGTON.

County Business — Cattle Will Not be Allowed on Public Roads.

Special Correspondence.

Farmington, Davis, Co., Nov. 20.—At the regular session of the board of county commissioners today, relief was granted to several poor and indigent persons on account of taxes. The principal matter before the board, however, was the passage of an ordinance making it unlawful for animals to run at large, or to be picketed, herded or staked in the public streets and roads of the county; and making it the duty of the constable in each precinct to take into his possession and impound all animals found in such circumstances. The vote on the ordinance was: Ayes, Parker and Holbrook; no, Kershaw.

W. H. Woolsey, convicted of grand larceny at the November term last year, was remanded to the custody of the sheriff for enforcement of sentence of one yar, his case having been appealed to the Supreme Court and affirmed.

PLEASANT GROVE.

Impressive Funeral Services over Remains of Louis Holman.

Special Corrsepondence.

Pleasant Grove, Utah Co., Nov. 21.—The funeral over the remains of the late Louis Holman, who was accidentally killed last Saturday in the Golden Gate mine, in Mercur, was held from the meeting house here and was very largely attended. Elders John J. Hayes, C. P. Warnick, B. W. Driggs, Axel Bullock, Henson Walker, J. E. Thorne, L. P. Lund and Ezekiel Holman were the speakers, giving words of consolation to the bereaved family, and eulogizing the many virtues of the departed.

The report that his body was badly mangled was a mistake, as not a bone was broken, a slight bruise on one cheek was all the marks to be seen; this fact was a source of comfort to the family. His brothers and sisters who went to Mercur to bring home his remains say they received the utmost courtesy from the superintendent and other officials at the mine, and also from the citizens at Mercur. Every care and consideration was extended the widow and other relatives.

Louis was the support of his aged mother, anticipating her every want. His integrity and honor was above reproach.

LIKE POISON

Coffee Acts on Some People

"Being forced to give up coffee, I did it in a half-hearted way, drinking cocoa in the morning, but soon became tired of that and longed for the real Java.

"Finally I tried Postum Food Coffee, and since that time have drank it to the exclusion of every other beverage. You can imagine I like it.

"Last summer I was in a place where nothing but Java coffee was served on the breakfast table, and I recommenced the use of it.

"In two or three weeks I began to suffer from dizziness and explosive noises in my head.

"One evening after walking about half a mile I became dizzy and could hardly get back home, where I fell, exhausted, on the bed. I knew what the trouble was, and insisted upon having Postum instead of the old-fashioned coffee, and got well in short order.

"I have always thought it worth while to warn the cook, wherever I happen to be, to make the Postum properly, that is, by boiling it long enough. Please do not print my name."

This lady lives in Pasadena, Cal., and the name will be given on application to the Postum Co., at Battle Creek, Mich.
