RIOTERS WARNED.

President Cleveland Issues Another Proclamation.

DIRECTED SPECIALLY TO THE WEST

People Connected with Unlawful Assemblages Told to Go Home in Peace.

WASHINGTON, July 9.—The attorney general, Secretary Lamont, Secretary Morrell and General Schofield were again in conference with the President early this evening, and as a result the following was given out:

A proclamation by the President of the United States:

Whereas, By reason of unlawful obstructions, combinations and assemblages of persons, it has become impracticable in the judgment of the President to enforce by the ordinary course of judicial proceedings the laws of the United States at certain points and places within the states of North Dakota, Montana, Idaho, Washington, Wyoming, Colorado and California and the territories of Utah and New Mexico, and especially along the lines of railroads traversing said states and territories as are military roads and post roads and are engaged in interstate commerce and in carrying United States mails; and

Whereas, For the purpose of enforcing the faithful execution of the laws of the United States and protecting property belonging to the United States or under its protection, and of preventing obstructions of the United States mails and of commerce between the states and territories and of securing to the United States the right guaranteed by law to the use of such lines for postal, military, naval and other government service, the President has employed a part of the military forces of the United States.

Now, therefore, I, Grover Cleveland, President of the United States, do hereby command all persons engaged in, or in any way connected with such unlawful assemblages, to disperse and retire peaceably to their respective abodes on or before 4 o'clock of the afternoon of the 10th day of July.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be hereto affixed.

Done at the city of Washington, this 9th day of July, in the year of Lord 1894, and of the independence of the United States the 119th.

GROVER CLEVELAND.

By the President:
WALTER Q. GRESHAM,
Secretary of State.

CONDITION OF THE ROADS.

Gist of Statement of Egan, Chairman of the Managers' Association.

CHICAGO, July 9.—Chairman John M. Egan, of the General Managers' association, was asked tonight by the Associated Press for an official statement of the condition of the roads represented in the association. He said:

"With the exception of two or three minor instances there have been no trouble or disturbances reported today. All the lines have run their regular passenger and mail trains and a number of lines resumed their suburban trains. All of the lines commenced work in their freight yards and many freight trains were run in and out of the city.

"The Union Stockyards Company are clearing their tracks of wreckage and repairing damage done during the past week. They expect to commence operations tomorrow morning. The total number of trains that moved today was equal to the total moved in the past four days."

HEAD QUARTERS.

President Debs, of the A. R. U., when seen by an Associated Press reporter said:

"We are stronger than ever. Nothing can crush our forces but usurpation and tyranny. I am threatened with arrest. What for? For organizing labor. We say to capitalists: 'Here is our labor and these are our terms.' This is legal—that is the spirit of the age. Mr. Havemeyer organizes a sugar trust and says to the public 'Here is my sugar and these are my terms.' He has polluted the national legislature. I have acted honorably and committed no crime.

"The authorities are bringing themselves into contempt by their wanton violation of the law and the Constitution. The common people are beginning to understand this. Capital insists upon looking upon labor as it did upon slavery, that it has no right, like capital, to ask or exact terms. This is the principle of slavery.

"I want to call the attention of the people of this country to that. The Pullman strike, while acute, is not the underlying cause of this trouble. The people of this country are paying over $9,000,000 a day in interest. This is destroying productive industry of its profit and piling up money in the money centers. What old England failed to do with soldiers in the eighteenth century she is doing now with the gold standard. Over $200,000,000 each year goes there to pay interest. We are not responsible for the lawless element and loss of property. Not even disciplined armies have ever been able to prevent this element from rising. We ask the patriots to be patient while labor stands with its back at the door that leads to serfdom and says to its oppressors: 'Thus far and no further.' It is better to lose a little now than more in the end and with it constitutional liberty."

SIGNS OF PEACE.

No More Riots—Strikers Returning to Work.

CHICAGO, July 9.—Peace reigns in Warsaw. The same cannot be said of Chicago, for the dead of armed men is still heard in her streets and the smoke of conflagration still lag at the hall of the American Railway Union. Nevertheless the warmth which has scorched this city and the land for the past ten days shows distinct signs of cooling. Instead of stories of additional mishaps that pile up at various points throughout the country, today's dispatches almost without exception bring advices of strikers returning to work and an increased resumption of traffic, amounting in some places to a return to normal conditions.

The day in Chicago has passed without a serious conflict between the strikers and the armed force. The future of the day has been the subject early this morning, after an all-night session, of the Interstate trades union of Chicago in deciding to call out all classes of labor, Tuesday morning at 4 o'clock, unless George M. Pullman should have agreed before the meeting to settle the difference between his company and his striking employes by arbitration or otherwise.

For reasons not known to the public, Grand Master Workman Stevenson of the Knights of Labor and his advisers decided to postpone the general walkout and paralytic stroke they propose to inflict upon the business of Chicago until 7 o'clock Wednesday morning.

The announcement was made that President Samuel Gompers of the Federation of Labor has called a meeting of the executive board of that association to be held in this city on Thursday, and that he would leave New York for Chicago tomorrow evening. In view of this it is believed the Federated trades in Chicago will not precipitate an action before consulting him.

At St. Louis, Kansas City and Denver it was reported that railroad business had almost returned to normal conditions. Nashville also reported an improvement.

About the only points at which the strike managers showed any gain were in the partial walk-out of firemen at Fort Scott, Kan., the freight men on the Kanawha and Charleston, W. Va., and the strike of the American Railway union on the Big Four at Mattoon. It will be seen that at the leading railroad centers the strikers have made perceptible losses, while their gains are at comparatively unimportant points.

STRIKERS LOSING GROUND AT LOS ANGELES.

LOS ANGELES, July 9.—The strikers are apparently losing ground at this point. The Santa Fe road dispatched another overland train this morning and nearly all of the Santa Fe local trains arrived and departed on schedule time. The Southern Pacific company is also running many of its local passenger trains and today made up a freight train on the east and saw for Santa Barbara. Both trains will be dispatched tonight or tomorrow morning.

DISORDER IMPROVED.

MEMPHIS, Tenn., July 9.—The general strike situation in this city is decidedly improved today. The belt on the Kansas City, Fort Scott & Memphis and the Kansas City, Memphis & Birmingham was broken today. At 11 o'clock passenger trains with Pullmans attached left for Kansas City and Birmingham. The situation on all the other lines is unchanged.

IN CONGRESS.

Business Transacted by the Senate and House.

WASHINGTON, D. C., July 9.—After the transaction of some business of minor importance the Senate took up the appropriation bill. Mr. White (Dem., Cal.) called attention to the action of the committee in shuffling out the appropriation of $50,000 for a steam tug for Mare Island navy yard. The appropriation was allowed to stand.

Mr. Allen offered an amendment, which was agreed to, providing that all appointees as naval cadets shall have been actual residents of the district from which they are appointed for at least two years prior to their appointments. The bill as amended was passed.

The Senate passed the House bill to amend the law relative to mining claims. It provides for the temporary suspension of the requirement that a certain sum of money shall be expended each year on mining claims until a patent shall have been granted.

Mr. Blackburn announced the death of Representative Marcus C. Lisle of Kentucky, last Saturday, and after the adoption of customary resolutions the Senate, at 2:30 p.m., adjourned.

THE HOUSE.

WASHINGTON, D. C., July 9.—This was District of Columbia Day in the House, and a bill to provide an immediate revision and equalization of real estate values in the district was taken up for consideration. Most of the afternoon was spent on this bill, which was finally passed.

The remainder of the day was devoted to a street railroad bill, which was not disposed of at 5:55 o'clock, when the House adjourned.

The Tariff Bill.

WASHINGTON, July 9.—The first day of the consideration of the Democratic conferees of the two Houses was without practical result or progress so far as can be learned.

Paffer's Omnibus Resolution.

WASHINGTON, D. C., July 9.—In the Senate today Mr. Peffer offered an omnibus resolution providing:

First—That all public functions ought to be exercised through public agents.

Second—That all interstate roads ought to be brought under one control, and the supervision of public officers and charges for transportation of persons and property throughout the United States ought to be uniform and that wages of employes ought to be regulated by law and paid promptly in money.

Third—That all coal beds ought to be owned and worked by the government, and that the wages of the employes should be paid in money when due.

Fourth—That all money used by the people ought to be supplied only by the government of the United States and that the rate of interest ought to be uniform in all states.

Fifth—That all revenue of the government ought to be raised by taxes on real estate.

The resolution went over until tomorrow without action or comment.

Affairs in Illinois.

SPRINGFIELD, July 9.—Illinois seems now to be the storm center of labor disturbances. In addition to all the trouble at Chicago and vicinity, striking miners and sympathizers are causing disturbances in other localities throughout the state. President Cable, of the Rock Island, wired about the dangerous situation at Spring Valley, and asked that troops be retained there to which the governor has acquiesced.

Chief Levy, of Macon, wired for guns and ammunition, and the mayor of Tolono has made a requisition for guns. Chief Cox, at Pontiac, and Mayor Sampson, of Minonk, also wired urgent requests for guns and ammunition, and in response to these requests the governor has sent fifty rifles and ammunition to each of these places.

An uprising is imminent in Grundy county, and a force of deputy sheriffs have come to Coal City to quell it. A mob of foreigners stoned a Santa Fe train there today, and hundreds of Italians from other points are congregating near there, buying arms and making threatening demonstrations.

At Morris the G. A. R. and Sons of Veterans have been asked to assist the sheriff. The English speaking miners tried to go to work, but the Italians drove them out of town, threatening to kill them if they go to work.

PITCHED BATTLE.

Coke Workers and Town Authorities Engage in a Conflict.

SCOTTDALE, Pa., July 9.—Scottdale is the scene of the wildest excitement tonight. A regular pitched battle was fought between the coke workers and the town authorities. One negro was fatally shot and will die before morning.

This afternoon the negroes came into town and made for the Pennsylvania coke plant, which they attacked with stones and clubs. Six Hunks were found near the plant and to the beaten and a rush was then made for Scottdale, the maddened negroes entering town each armed with clubs and revolvers. A fight was soon raised between the negroes and the police authorities.

The colored men became frantic and in a few seconds resolved themselves into a mob and commenced shooting. The officers called upon the citizens for help and a rush was made for them when they all took to their heels and ran out of town.

They were followed by 300 or 400 citizens, who gave them chase generally in the face of volley after volley of shots from revolvers in the hands of the negroes.

When 200 yards out of town one negro fell, said to be dead, while the others made their escape. Word has been received from the plants that the negroes are arming themselves with Winchester rifles and will return to town and rescue their comrades taken in charge by the police. The citizens are in a state of excitement. The Sons of Veterans' headquarters has been broken open and every firearm to be found has been brought into requisition. The town workers in the mills are in sympathy with the strikers and are in a high rage and swear vengeance against the negroes if they return. The streets are now filled with a howling and angry crowd and the police of the town are threatened.

Attempt to Extort Money.

DENVER, Colo., July 9.—A supposed attempt to extort money from D. H. Moffet, president of the Denver National bank, or to blow up the place with dynamite in case of a refusal, was prevented today.

Early in the day two rough appearing strangers were seen to approach the bank and scrutinize it closely. Later they entered the bank and asked for Mr. Moffet. The watchman asked them their business. They refused to state it. They went away but returned twice with the same result.

Late this afternoon the two strangers were seen outside the bank, arrested and a charge of vagrancy entered against them. Upon being searched one of them was found to have eight sticks of dynamite in his possession. The men gave their names as W. W. Hay and Jack Waters, and say they are prospectors and that they arrived from Helena, Mont., this morning. They say they are out of funds and only wished to ask Mr. Moffet for $5.

The Cash Balance.

WASHINGTON, July 9.—The net cash balance in the treasury at the close of business today was $121,568,232, of which $64,241,000 was gold reserve. This is an increase in the gold reserve since June 25 of nearly $2,500,000.

The Pope's Health.

NEW YORK, July 9.—The *Herald's* Rome dispatch says: It is ascertainable that the pope is becoming greatly enfeebled, but his condition is not dangerous. The recent intense heat has greatly affected his health and caused him to have frequent fainting fits.

The correspondent learned that, despite the denials from the Vatican, the pope's health was badly shaken owing to the reopening of a painful wound in his leg.

Mob Rule in Illinois.

LAMO, Ill., July 9.—Two stores were looted this afternoon by a mob of 400 foreign miners. The city is being guarded tonight by fifty deputy sheriffs.

The German Anti-Jesuit Laws.

BERLIN, July 9.—The Bundesrath has rejected the bill repealing the anti-Jesuit laws.

Cholera in Russia.

ST. PETERSBURG, July 9. — The number of new cases of cholera reported yesterday was sixty-six, of which seventeen proved fatal.

HEART DISEASE 30 YEARS!

Short Breath, Palpitation.

Mr. G. W. McKinsey, postmaster of Kokomo, Ind., and a brave ex-soldier, says: "I had been severely troubled with heart disease ever since leaving the army at the close of the late war. I was troubled with palpitation and shortness of breath. I could not sleep on my left side, and had pain around my heart. I became so ill that I was much alarmed, and fortunately my attention was called to

Dr. Miles' Heart Cure

I decided to try it. The first bottle made a decided improvement in my condition, and five bottles have completely cured me."

G. W. McKINSEY, P. M., Kokomo, Ind.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Sold by all Druggists.

THE PUBLIC CONVINCED

That Drs. Shores & Shores are Salt Lake's Leading Specialists.

The Wonderful Treatment has Brought Health and Happiness to Hundreds of Homes.

THE BEST PEOPLE TESTIFY TO THE SKILL OF THESE PHYSICIANS.

HOW IT THRILLS

Evidence from Mr. Richard Scyth, Another Old and Respected Resident of Salt Lake.

Mr. Richard Syndh, proprietor of the tan factory at 324 C street, is one of the old pioneers. He is known to nearly everyone in Salt Lake City. After taking ten days of Drs. Shores & Shores' treatment, he says:

"I can truthfully state that under Drs. Shores & Shores's new treatment I have improved more than I ever thought possible for a man of my age. I can recommend them to all my friends as honest, conscientious and skillful physicians."

SINCE 1850.

Mr. W. M. Scott, has Resided in Salt Lake City—He Endorses Drs. Shores & Shores' New Treatment.

Did you ever notice the evidence presented by Drs. Shores & Shores in favor of some of the oldest and most respected residents of Salt Lake City? Why is it they are telling the truths about their remarkable cures? Was other medicine ever given such evidence of their skill? You are a reader, and can judge for yourself. Read what Mr. W. M. Scott says. He has resided in the Territory since 1850, surely he can be relied upon. Here are his words:

W. M. SCOTT, RESIDENCE TENTH WARD.

"When I came to Drs. Shores & Shores a week ago I was a terrible sufferer. My nose was constantly stopped up, dripping in the throat. Some nights I could not lay down at all on account of the wretched dripping from the head to the throat. I had a sore of stinking pus in the pit of my stomach, feeling bad in fact I was in a bad condition, and want to state that after ten days' treatment with Drs. Shores & Shores to improvement has been wonderful, and I heartily recommend these physicians to all."

You will take note, considering the fact that this patient has only had ten days' treatment, yet the improvement has been remarkable from the very beginning, and if catarrh can be cured, improvement should appear in the length of time.

THE TRUTH ALWAYS.

Mr. Thomas Cracroft, of 703 East Fourth South Street, Testifies:

Mr. Thomas Cracroft has resided here for the past twenty-three years. Can the statement be doubted in this and evidence sufficient to convince the most skeptical? Mr. Cracroft says:

I have been a great sufferer with catarrh. After taking Drs. Shores & Shores' treatment two days I felt so much improved I deem it a duty to inform those who may be suffering as I was, that Drs. Shores & Shores' new treatment is a certain success.

MR. W. H. M'CARTNEY,

Bookkeeper for Rothwell & McConaughy, the Lumber Dealers Adds His Testimony:

One of the most expert bookkeepers in the city is in the employ of Rothwell & McConaughy, the lumber dealers. His name is W. H. McCartney. In an interview with Mr. McCartney, he says:

"Yes, I can endorse Drs. Shores & Shores' new treatment, for it has done wonders for me, and to any who are in suffering from catarrh I would say don't delay, go to Drs. Shores & Shores. They have proven they are successful specialists."

A FEW MORE.

Good people who endorse Drs. Shores & Shores' new treatment:

Mr. Ralph Herpick, Spanish Fork.
Mr. Hyrum Beck, Center Ward, City.
James L. Chalmers, 247 Fourth South Street, City.
John N. Mathews, 242 West South Temple Street, City.
Mrs. Julia Van Wagoner, Midway, Utah.
Colonel Farnham, Ogden, Utah.

IF YOU CANNOT COME TO SALT LAKE

Write for the mail treatment. One of the physicians in personal charge superintends the mail department, by a system of close correspondence controls those out of the city quite as well as those who come to the office. Send for symptom blank. Medicines shipped carefully. Try this treatment.

DRS. SHORES & SHORES,
SPECIALISTS,
ZION MEDICAL & SURGICAL INSTITUTE.
34 East, Second South Street.

SPECIALTIES—All diseases of the Eye, Ear, Nose, Throat and Lungs, Female, Sexual and private diseases. Our treatment for Piles is new painless, safe and certain. Our own method.

Office hours: 9 to 11 a.m., 2 to 5 p.m., 7 to 8 p.m. Sundays, 10 a.m. to 1 p.m.

Five dollars a month for all Catarrhal Diseases. Medicines furnished free from our own laboratory.
