LOCAL BRIEFS.

Tells of Spokane Convention—At yesterday afternoon's meeting of the Real Estate association, B. A. M. Froiseth gave an account of his trip to Spokane as a delegate to the National Irrigation congress.

Funeral of Peter Swenson—The funeral of Peter Swenson, pioneer resident of Grant ward aged 90, was largely attended yesterday afternoon. Bishop Walquist presided, and David Proctor and J. Anderson were speakers.

Token For Harris—Fisher Harris, secretary of the Commercial club, has received from Salome M. Stewart, of Gettysburg, Pa., a handsome book of views of the old battlefield, as a token of appreciation in connection with the recent G. A. R. encampment.

Sheepmen Called to Meet—The state board of sheep commissioners has called a meeting for Oct. 4 in this city of all sheepmen to consider the dreaded disease that is playing such havoc among the western herds, that something effective may be done to check the evil before it sweeps over Utah.

Heavy Mortality Among Sheep—Local sheep officials say that the mortality among sheep in northeastern Wyoming has been so great from necro-bacillosis that in a single herd 700 animals have died in one night. The disease has so far obtained but a slight foothold in this state, and veterinarians believe it will be stamped out.

Storms Hurt Hay and Grain—J. A. Rockwood, who has just returned from a trip to Cache valley, reports that owing to the unusual amount of rain during the past summer much of the grain is discolored and some of it has sprouted in the shocks. For the same reason much of the hay is of poor quality and good hay is commanding a better price there than at points nearer Salt Lake.

Government Needs Men—The government is in need of a number of good men to aid in grain standardization, bureau of plant industry, department of agriculture, at salaries ranging from $900 to $1,200 per annum. Grain laboratories are located in the following cities: Baltimore, Chicago, Duluth, Minneapolis, New Orleans, and St. Louis.

AN EXPOSITION— NOT A MERE FAIR

Great Preparations Being Made To Make It Surpass All Others.

GREAT THINGS ON THE DESERT

Main Amusement Avenue is Appropriately Named and Will be Full of Attractions.

A glimpse at the state fair grounds any day this week will convince any person that there is about to be one of the biggest events in the history of the state take place very soon. Everywhere about the grounds are evidences that the fair this year is not to be conducted upon ordinary lines, but will assume the proportions of an exposition. For many months the officials have been working upon the plans for the biggest fair in the history of the west and indications are that everything will be carried through according to the original plans and that everything will be ready for the opening day.

The grounds have undergone an almost complete transformation. Everywhere improvements are in evidence that will add to the comfort and convenience of patrons of the fair. New flower beds have been made, fountains installed, cinder paths made, thousands of electric lights installed and all the buildings have been repainted. The fine new poultry house is nearly completed and bleachers to seat 2,500 people have been erected to the west of the grandstand. From all sections of the state come reports that not only indicate an unusually strong representation of exhibits in all different branches of industry, but also that large crowds will be in attendance.

ON THE DESERT.

The main amusement avenue has been appropriately named "The Desert" and will far surpass anything of its nature ever seen in the state. The best attractions from all over the United States have been secured and many of the acts have never been produced in the west before. The horse race entries closed Wednesday night and A. B. Carstensen, supervisor of speed, feels confident that with the entries made the greatest horse races in the history of the state will result. The big features will be the Utah State Fair Handicap and the Inland Empire Exposition Handicap. These events are filled up and promise real "sport of kings."

Thursday afternoon of fair week will be devoted to the big livestock parade. This will be one of the big features of the fair and Governor Spry with his staff will review the big pageant from the grandstand. It is expected that more than a thousand animals will be in line and the very cream of the livestock industry in the west will be included.

In the manufactures' and horticulture departments more exhibits will be seen than ever before, and they will be on a more extensive scale than at any previous fair. Entries for space enough to fill two more buildings were received. The mining exhibit will be unique and original. A special structure is being erected for it and it will no doubt be the most interesting display of its kind the people of this state have ever seen. With the large number of exhibits, the array of free exhibits, the pony races at night, the Wild West show and many other features on the bills, the Inland Empire exposition promises to eclipse by a large margin any fair ever held by any one state, at least in this western country.

WHY?

From a small beginning the sale and use of Chamberlain's Cough Remedy has extended to all parts of the United States and to many foreign countries. Why? Because it has proved especially valuable for coughs and colds. For sale by all druggists.
