STOCKS STILL ON THE DECLINE

Prices Generally Lower and Dividend Payers Hammered.

30,280 SHARES FOR $20,336.

Total Business Transacted — Daly-West, Yankee, May Day and Con. Mercur Ruled Lower.

Business on the mining exchange this morning was very considerably duller than on yesterday or on Monday. The total transactions involved 30,280 shares for which $20,336.50 was called for, as compared with 63,310 shares and $30,902 yesterday morning.

Stocks continued to shrink in values and some fell off several cents a share from yesterday's closing figures. Not content with hammering the stocks representing properties of a prospective nature only some brokers brought in the dividend payers and escorted them on thet toboggan to lower figures. Daly West stock was handled at much reduced figures and stories with absolutely no foundation have been circulated concerning the property for the purpose of depressing the stock. Notwithstanding the fact that the difficulty with the Quincy will (according to statements made by those most interested), be settled out of court, and the property is marketing over 1,500,000 pounds of ore every week, these stories have gained ground. However, it is stated as a fact that most all the stock that has come out has been delivered to one man already heavily interested in the property.

Yankee Con. was another stock very badly hammered and May Day also shared in the further general depression this morning.

Trading commenced with Ajax which began at 35 and closed at 34¾. Carisa came out at figures between 48¼ and 46, closing with sales at 46¼. No more than $1.50 was paid for Con. Mercur while Daly West sold as low as 28.67½ and May Day as low as 51.

California was traded in at figures between 38 and 41, closing at the latter figure after sales of 7,400 shares had been recorded. Yankee Con. took the toboggan at 2.10 and with sales totaling 1,400 shares sold down to 2.03.

Closing quotations were as follows:

NEW REDUCTION PROCESS.

Greatly Cheapen Reduction of Metals—Alice Mill to be Used.

In an announcement of the incorporation of the Montana Cyanide Reduction company in Helena the Butte Miner says.

"The object of the incorporation is to promote a cyanide process that, it is claimed, on account of its cheapness, will revolutionize the reduction of ores in Montana and elsewhere."

In discussing the process and the company's intention the Miner says:

President Jacobs, of the company, is the originator of the combined hydro-metallurgical and cyanide process to be used by the company for the reduction of ores, and, it is claimed, has already demonstrated by actual tests on a large scale, that he can by this process reduce ore and produce bullion at a cost of less than three dollars a ton.

The company has a lease of one-half of the Alice mill, of Walkerville, and in about ten days will be ready to start the mill with a capacity to treat about fifty tons of ore a day, the capacity soon to be increased to about one-hundred and fifty tons daily. Steam pipes are being put in for the solution tanks, and when this work is finished the mill will be ready to start up. All of the tests have been made in this mill and are declared to have been entirely satisfactory.

It is confidently predicted by the incorporators that the operations of the company will be of incalculable benefit not only to this section, but also to the state at large, and other mineral districts, for with the treatment of ore at a $3 rate many low grade properties may be worked at a profit, and give employment to hundreds of miners.

It is stated that there is now available to the company an almost unlimited supply of ore averaging about $8 to the ton in value, which yields very readily to the process, and experimental tests have been made on many other ores from this and other districts which almost invariably have shown adaptation to the process.

ACTIVE DEVELOPMENTS.

Big Shaft is Below 440 Level and Drifting has Commenced.

M. M. Johnson, expert in charge of the Samuel Newhouse interests, has just returned from a visit to the Cactus near Frisco. The big triple compartment shaft is down 440 feet and is being driven as rapidly as possible towards the 600 foot level. Drifting and cross-cutting has been started on the 500-foot level.

At the Blackbird company's property, which adjoins the Cactus a fine large shaft is being sunk and Mr. Johnson says that there is no doubt that a fine property will be made of the Blackbird group.

TRAPPER'S PRIDE MINE.

Developments at Gold Mountain Proposition Show Presence of Bonanza.

Superintendent A. D. McLean of the Trapper's Pride property in the Gold Mountain district is visiting in the city and brings most interesting reports from Gold Mountain. In speaking of the Trapper's Pride he said that within a year there will be a mine on that property that will astonish people. The Annie Laurie has wonderful showings and Mr. McLean states that the Trapper's Pride has already got $150,000 of the same kind of ore blocked out and that within 30 days developments now under way will open up considerable more ore. During the coming summer it is the intention of the company, which is controlled here, to erect a 75-ton mill on the property, and until then development work will be pushed with all possible energy.

Neal District Activity.

Manager A. L. Morris returned from his trip to Neal late Saturday evening and reports that the force of men employed on the Elmore group are now drifting on the ore and about six tons per day are being placed on the dump. The ore complete is 18 feet deep and the pay streak 4½ feet wide, with an average assay of $100 per ton. Plenty of ore can be taken to supply a 10-stamp mill, and the same will soon be erected.

On the Silver King a contract has been let to run a tunnel 100 feet long on the vein and the stock will be listed within the next day or two on the mining exchange.

Four men are at work on the Neal, taking out ore from the vein, and plenty of the same is in sight.

The Ella Hill is also being developed and about 15 tons of ore has already been extracted. The work now being done in cleaning out the old tunnel at the point from which 110 tons of ore was recently shipped to Salt Lake.—Boise Capital News.

Tesora Mill Tests.

Superintendent J. B. Fleming of the Tesora mill reports that a much closer saving of values has been made by the remodeling mill but that the struggle to make the Tesora a paying proposition will continue until lower traffic rates are secured from the railroad and two more Wilfley tables are installed.

The Bird Consolidated.

The articles of incorporation of the King Bird Consolidated Mining company were filed with County Clerk James yesterday afternoon.

The company is capitalized for $500,000, which is divided into 500,000 shares of stock of the par value of $1 per share. Its property consists of the King Bird, Silver Reef, Anaconda and several other claims situated in the Beaver Lake mining district, Beaver county.

Francis Tiernan is president of the new company, Frank B. Stephens, vice president, Robert S. Tiernan, secretary and treasurer, who with F. J. Brenneman and J. B. Licklederer compose the board of directors.

Location Notice Filed.

(Special to the "News.")

Provo, Jan. 22.—C. Will Houtz et al have filed notices of location of the Peacock Union Nos. 2 and 3, mining claims at the head of Slate canyon.

The Utah and Milwaukee Gold Mining Co. has filed notice of location of the Century Gold No. 6 mining claim, a relocation of the Silver Bell location, in Camp Floyd mining district.

Otto Hudson et al have filed notices of location of the Lucky Strike Nos. 1, 3, 4 and 5 mining claims, in Lehi mining district, situated about one mile westerly from the May Flower mining company's main tunnel and shaft.

Silver-Copper Property.

The Silver-Copper Mining company which was recently incorporated with a capital of $30,000 in 300,000 shares, to develop and operate a group of claims in the West Tintic mining district is stated to have a very fine showing. The property which is located on the side of the mountain has an upper and a lower vein, running through it; the former running high in silver and the latter in copper.

The upper fissure vein has been exposed for 500 feet and an assay recently made showed in values, 61.40 ounces silver, over 12 per cent copper and $1.10 in gold. This vein will within the next fifteen days be cross cut in two places by tunnels from the 65-foot level of a shaft on the property and the ore will be stoped out and shipped.

The incorporators and directors are: Alonzo Paddock, president; W. S. Naylor, vice president; J. J. Whitaker, secretary, and Ray Naylor, Mrs. Huldah C. Naylor, Wm. Paddock and Gates Paddock. Grace May paddock is treasurer.

To provide for means to develop the property, 100,000 shares of the capital stock will be marketed.

MINING NOTES.

R. G. Wilson has returned from a two weeks' trip to California.

The Taylor and Brunton sampler was today in receipt of two cars from Tintic.

D. W. Brunton of the firm of Taylor and Brunton is visiting in this city today.

Manager Sappington of the Superior property at Park City left for camp this morning.

Thomas Cupit of the Homestake and other Park City properties is visiting in the city.

The management of the Scranton of Tintic has two cars of ore now on the market.

The Conklin sampler was in receipt this morning of ten cars of ore from Tintic.

A Yankee Con. shipment of six cars of ore arrived at the sampler this morning.

Two cars of May Day crude ore reached the valley for sampling and marketing this morning.

Ore and bullion settlements in this city yesterday amounted to $33,700; T. R. Jones and Co., $29,000; McCornick and Co., $4,700.

Henry Wallace leaves for Alta tomorrow to make an examination of the big strike reported to have been made in the Centennial-Emma property.

The Lower Mammoth directorate has been organized with Simon Bamberger, president; J. D. Wood, vice president; Josiah Barnett, treasurer, and J. B. Bean, secretary.

The annual meeting of the members of the Salt Lake Mining and Stock exchange for the election of officers and the transaction of other business will be held on Saturday next at one o'clock.

C. E. Peyton, brother of Gill S. Peyton, and well known among the mining men of the state, has gone to Denver to accept a clerical position with a mining company there.

Century time checks issued to the employes of the company when the mine closed down were yesterday honored, funds having been advanced by P. W. Madsen. There is a rumor afloat that the company will at once be reorganized and that development work will be recommenced.

On the Boston market yesterday 310 shares of Daly-West were purchased for $29.50 and the stock closed at that figure. Utah was traded in at $22.37½ and Bingham at $21.50. In New York Ontario was quoted at $7.75 a share and Horn Silver at $1.50.

A. M. Johnson of Denver, manager of the Tiewaukee group at Bingham and the Ophir property at Stateline, arrived in the city this morning. Accompanied by Wayne Choate, the mining expert, he will visit both propositions and decide on plans for their development.

The properties of BALLARD'S SNOW LINIMENT possess a range of usefulness greater than any other remedy. A day seldom passes in every household, especially where there are children, that it is not needed. Price, 50 cents. Z. C. M. I.

RUT OF APATHY IN SPECULATION

New York Market Fell Into It Again This Morning.

READINGS RELIEVED SOME.

Heavy Tone Developed in the Afternoon and the Trading Became Stagnant.

New York, Jan. 22.—The market fell into its recent rut of speculative apathy which was only slightly relieved when large buying orders appeared for the Readings and some high priced stocks. The list hardened sympathetically and a level was established fractionally above yesterday's close. American Tobacco preferred dropped 3 points.

Room traders bid up the local tractions about a point and Consolidated Gas and Continental Tobacco preferred gained as much. Northwestern touched 216. The market held firm but was very sluggish.

The bond market was broad and firm.

The market developed a heavy tone and there were recessions of 1 to 2¾ in Metropolitan Street Railway, Northwestern, Lackawanna, Erie common and first preferred, Rock Island, Leather preferred, New York Central and Glucose. This carried New York Central and Glucose 1¼ under last night. The trading became nearly stagnant.

MONEY AND BONDS.

New York, Jan. 22.—Noon. Money on call steady, at 3½ per cent. Prime mercantile paper 4½@5 per cent.

Sterling exchange steady, with actual business in bankers' bills at 4.86¾@4.87¼ for demand, and at 4.84½@4.84¾ for sixty days. Posted rates 4.85@4.88; commercial bills 4.83¾@4.84.

Mexican dollars—44½.

Government bonds steady; refunding 2s registered, 108⅝; refunding 2s coupon, 108⅝; 3s registered, 108; 3s coupon, 108¾; new 4s registered, 138⅜; new 4s coupon, 140; old 4s registered, 111⅞; old 4s coupon, 111⅞; 5s registered, 106; 5s coupon, 107¼.

Bar silver—55¾.

LIVE STOCK.

CHICAGO.

Chicago, Jan. 22.—Cattle—Receipts 19,000; steady. Good to prime steers 6.50@7.40; poor to medium 4.00@6.60; stockers and feeders 2.25@4.75; cows 2.25@4.70; heifers 2.50@5.60; canners, 1.00@2.25; bulls, 2.25@4.60; calves 2.50@6.25; Texas fed steers 3.25@6.25.

Hogs—Receipts today 58,000; tomorrow 40,000; left over 5,000; 10 to 15 cents lower. Mixed and butchers 5.80@6.35; good to choice heavy 6.20@6.40; rough heavy, 5.90@6.10; light 5.50@5.90; bulk of sales 5.90@6.20.

Sheep—Receipts 17,000; sheep, steady; lambs, strong. Good to choice wethers 4.30@5.00; fair to choice mixed 3.75@4.50; western sheep 4.25@5.10; native lambs 3.30@6.10; western lambs 5.50@5.90.

KANSAS CITY.

Kansas City, Jan. 22.—Cattle—Receipts 7,000, including 500 Texans; steady. Native steers 5.00@6.90; Texas and Indian steers 3.75@5.25; Texas cows 3.50@4.25; native cows and heifers 2.75@5.00; stockers and feeders 3.50@4.75; bulls 2.75@4.35; calves 4.00@6.00.

Natural Teeth! Artificial Teeth!

The Care of the Former and the Manufacture of the Latter Is the Business of the

Griswold Dental Manufacturing Co.

The business of the Griswold Dental Manufacturing company is the manufacturing of artificial substitutes to supply the loss of natural teeth, handled on a purely commercial and competitive basis, and for cash only. We have the largest and most thorough equipment for doing the business. A very large laboratory fitted out in every way with machinery and appliances the most modern known to dentistry of the twentieth century. This, in charge of expert dentists, men of ability and experience, a condition that makes it possible for us to do all kinds of mechanical dentistry at a price so low that not a dentist in the city or state can compete with us, either as to quality of work or prices, and then, too, we do the work in less time by one-half of that required by the average dentist. We makes plates from $5.00 a set up, and we defy competition as to the excellence and character of the work and quality of material used.

Crowns and bridge work are our specialties. Consult us about your needs and get our prices. We do more of this class of work than all the other dentists of the city combined.

We use the finest materials and every piece of work turned out by us is built like a watch. Griswold guarantees the work. Painless extracting, 50c.

Consultation free.

The Griswold Dental Manufacturing company, over Walker Bros.' bank, where we have been located for more than twelve years. Entrance, No. 8 west Second South. Manufacturers and dealers in dental materials and supplies.

GARDNER DAILY STORE NEWS.

Here they are—the soft Shirt again—you can't keep them back, they are so easy and comfortable you know.

Our buyer has sent us fifty dozen of the famous Wilson Bros.' make of soft Shirts, which he purchased at a big concession in price.

There's some awful swell colors and patterns—bright, new goods, with two pairs of cuffs to match, big $1.50 values, our special price, $1.00.

Better make your selections early. Such opportunities don't last long in this busy store.

We have a large stock of lined gloves—good, honest values, from 25c to $1.50.

A few odd Drawers and Undershirts still left, going at 25c a garment.

ONE PRICE. **J. P. Gardner,** 136-138 MAIN ST.

Woman's Debt to Cardui

Wharton, Texas, January 31, 1901.

Before I began taking Wine of Cardui and Thedford's Black-Draught I had almost given up the idea of trying to get relief from my trouble. My menses did not last more than two days and I had cramps in the lower part of my stomach and my limbs ached. My eyes and nostrils became sore. But now since taking Wine of Cardui and Thedford's Black-Draught I passed this month without a pain and ran the whole time. I feel like a new woman. I advise all suffering women to take Wine of Cardui. I owe my health to your wonderful "Woman's Relief".

Mrs. A. D. PAIGE.

Why will any woman hesitate to take Wine of Cardui with Mrs. Paige's plain, honest story before her?

WINE OF CARDUI

regulates the menses perfectly and cures all the distressing ills that are caused by the irregular flow. There is no excuse for any reader of this paper submitting to days of suffering every month. Do you think Mrs. Paige would let her trouble run another day again, now that she knows what it is to be well and strong? You will be like another woman in a short time if you secure a bottle of Wine of Cardui from your druggist today and take it according to directions. Mrs. Paige is only one among thousands of women who have secured relief from Wine of Cardui. It cures leucorrhœa, falling of the womb, and every kind of "female trouble." Try it!

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

Johnson's Photos.

Artistic in POSE, LIGHTING and FINISH. Used by the best society and professional people, in fact,—"You see JOHNSON all over the World."

The JOHNSON Co., C. E. Johnson Supt., 54 S. W. Temple, Salt Lake, Utah.

"JUST THE COAL I'VE BEEN LOOKING FOR."

That's what a man said who was almost disgusted with Utah and Salt Lake all because he hadn't tried "that good coal." It may be it is just the coal you've been looking for.

Burlington Route

A Good Meal for 60 Cents.

It costs more to operate a dining-car than it does to run a restaurant—and yet, in Burlington diners, prices are no higher than in a good restaurant, and not nearly as high as in an expensive one.

A good meal can be had for 60 cents, and an excellent one for half as much again.

On the Burlington you can depend upon getting just what you want at a price you can afford to pay.

Denver to Omaha, Chicago, Kansas City, St. Louis, and everywhere beyond.

NO TIME

like the present to have your eyes examined. Often a short time without glasses or even a shorter time with glasses that don't fit will do your eyes a damage that is impossible to overcome without a considerable cost when if attended to at once a simple pair of glasses properly fitted would have made your eyesight as good as ever.
