FRAGMENTS.

THE Union Pacific is advertising for 250 coal miners to go to Hock Springs and begin work at once.

YESTERDAY'S clearings in the Salt Lake Clearing House amounted to $377,-945, as against $320,925 for the same day last year.

CHARLES A. SPENCER has just received a beautiful song, set to music, entitled the "Sweet Age of Man," also the "Dance De Drowe" waltz.

THE Salt Lake City street railway company is making rapid progress in the construction of its new Warm Springs line via Main and Centre streets.

THE Eleventh Quorum of Elders will hold their regular monthly meeting in the Twenty-first Ward Meeting House on Monday evening, August 2nd. A full attendance is desired.

REPORTS of the Nineteenth and Twenty-second wards are preparing to enter a vigorous protest against the City Council erecting the cemetery near the Warm Springs.

YESTERDAY afternoon, E. C. M. I. opened out a magnificent Chance oak wire gauge door receiver. It is a vision of beauty with unique trimmings and presents a handsome appearance.

JUDGE ANDERSON this morning, in the case of Mrs. W. Fisher vs. Z. C. M. I. Christian et al., granted a decree of divorcement, on motion of Attorney J. M. Denny; the attorney's fee was allowed.

GEORGE H. BLAIR and wife left for Lapin this afternoon. Mrs. Blair will spend the remainder of the summer with friends in Cache county's capital, while her husband will accompany a fishing and hunting party to Wyoming.

THE News had a pleasant visit this morning from Mr. George Tyle, vice president and superintendent of the Deere Wagon Company, of Moline, Wis., who for the past two weeks has been visiting Utah for business and pleasure combined, and will start on his homeward journey this evening. It is five years since his last visit, and he is delighted with the improvements which he notices as having taken place in this region in the interim. He is highly gratified, too, with the popularity which the Deere wagon has in Utah and Idaho, where it is so extensively sold by the Co-op Wagon & Machine Co.

PETTY CASES.

Business Transacted in the Police Court Before Justice Kesler Today.

Robert Brumbach was tried in Justice Kesler's court this morning on a charge of disturbing the peace. The complaining witness was a little man named Stirling. The defendant was discharged. The prosecution grew out of a petty family quarrel.

Frank Dowell, Henry Coulam and Charles Hesach, a trio of youngsters ranging from fourteen to eighteen years, were arraigned for disturbing the peace. After receiving a friendly lecture from the court the lads were allowed to go.

John Ramsey forfeited $2 for leaving his team untied.

Ed Williams, charged with fighting, was released until this afternoon on a bond of $15.

C. A. Jennings, charged with drunkenness, using profane language and resisting arrest, will have a hearing late this afternoon.

George Anderson and a man named Aspell are under arrest for running hacks without a light.

S. E. Ritchie was arrested today on complaint of Sam Gallegal for keeping an unregistered dog.

BEFORE JUDGE ZANE.

Orders Made by the Chief Justice Today.

Judge Zane held court this morning and heard a number of the usual Saturday motions, among the orders entered being the following:

Morrison, Merrill & Co. vs. P. W. Madsen et al. In this case, heretofore submitted by the attorneys of the respective parties on an agreed statement of priorities, ten days were allowed to file exceptions.

Samuel Woolf vs. J. J. Brown. Demurrer withdrawn, and judgment was entered for the plaintiff.

In the matter of Deward Hamilton vs. Jacob E. Krause et. al., motion of defendant J. E. Krause to open default and set aside judgment, and for leave to answer, was argued by N. G. Ferguson for the defendant and C. W. Bakewell for the plaintiff. Court continued until Monday for defendant to present an answer.

Mary S. Stevens vs. Polly Crossland et al. Heard on report of referee in partition and decree of partition granted.

R. F. Spencer vs. J. M. Lovendahl et al. Leave was given to file supplemental and amended complaint.

John Strickley vs. A. G. Bennett et al. Hearing on report of referee filed; motion made to amend complaint and have a new hearing on the matter. The referee's report was confirmed and motion of the plaintiff overruled. Judgment for the defendant, and costs. A stay of ten days was allowed to file statement for a new trial.

The motion to vacate order dissolving the restraining order and removing injunction in the divorce suit of Frank Hemel vs. Mattie Hemel was argued by Colonel Knight for the plaintiff and S. M. Armstrong for the defendant. Leave to amend answer was granted, and the case on other points was still in progress at noon.

A DAY OF RECKONING.

Judge Anderson's Order as to Alimony and Other Matters

IN THE HARVEY DIVORCE CASE.

His Honor's Scathing Remarks on the Subject of Medical Experts and Attorneys' "Fancy" Fees.

Having taken the matter under advisement, Judge Anderson this morning made his order in regard to the allowance of alimony in the divorced wife of Harvey Harvey, the amount of the fee to each of the three medical expert witnesses at the trial, and the services of the defendant's counsel. When his Honor proceeded to state the conclusions at which he had arrived,

Judge Powers asked that certain expert fees in addition to the $100 previously granted by Judge Zane be allowed. There was $50 of this still to hand, he said, which would pay the fee of one of the experts, physicians called to testify. Counsel also applied that an additional $500 be granted as attorney's fee. He said this was a case in which considerable legal work and attention had been involved; it had been a hard case to deal with by reason of both sides. The trial occupied four days.

Judge Anderson said he regarded $50 as an expert physician's fee as entirely unreasonable. In the State from which he came (Iowa) the statute allowed only $2 per day for a witness; that was, though, of course, he might be paid something extra by the parties.

Judge Powers—I want to say frankly that whatever order is made by the court I shall see that these doctors are paid the usual $50 fee, even if I have to pay it myself. I may want them again at some future time.

Judge Anderson—The law gives you power to subpoena them as you would any other witness. I do not like the idea of doctors getting together and saying how much they will charge in a case like this, where they are occupied for a couple of hours.

Judge Anderson mentioned an instance where he once paid a medical expert witness $500.

Judge Anderson—I think $50 would be outrageous. People who have to earn their money by some sort of industrial employment ought not to be compelled to pay such fancy prices. I think a doctor ought to have a reasonable compensation for his time, and nothing more. The fact is most doctors are generally very willing, and some are even anxious, to be expert witnesses in cases.

Judge Powers—I would not employ that kind of men.

Judge Anderson—It seems to me that a doctor should not have such an excitement for far one day's attendance, and that only for a couple of hours, perhaps.

Judge Powers thought his Honor was doing the physicians an injustice in this case. They not only attended as expert witnesses, but rendered counsel considerable assistance in the preparation of the case. He did not ask for the $50 each simply for their testimony as witnesses.

Judge Anderson—It is something like a good many attorneys' fees in divorce cases. Where the people are poor, the man is a laboring man and he and his wife together have earned and got together a little money, when in debut cases $25, $100 or $200 is charged. I think that is entirely unreasonable. Application has been made to this court a number of times in impecunious divorce suits, men who earn $2 or $3 a day by their labor, and out of this had to support their family. A lawyer wanted a big fee for about two hours' work.

Judge Powers said he did not desire any further discussion on the matter. He employed three expert witnesses and would see that they were paid. If the Court declined to sanction this request. He asked nothing that was unreasonable.

Judge Anderson—Such fees are not allowed anywhere, that I know of, and I do not think those doctors should have more than $5 a day, at the outside—which is extravagant of itself. I will allow that now. I think, however, the attorney's fee should be liberal in this case, because it has lasted nearly a week. I understand that $500 has already been allowed to the defendant's counsel, and I should say that $500 more would not be unreasonable, making it $1000. If the parties themselves choose to pay more, that is a matter for themselves. His Honor, as to the value of the property, confessed that he had found considerable trouble in arriving at what should be done.

After going into quite quantities at some length, the Judge indeed that the defendant be allowed the furniture now in the homestead on Main street, together with the sum of $600, to be paid in installments of $50 per month, the payment of the same to be a lien on the homestead; also that $25 be paid to each of the three experts, that fee is said that the plaintiff pay the defendant's witness fees to be taxed, the costs of the court and her attorney's fee, taxed at $500 in addition, and the thought that if the wife's allowance were fix . . as stated, at $50 per month until the $600 was paid, she could not pay her attorney so very easily. Her peculiar mental condition was such that it was the duty of the court to fix the allowance in a way that would do her the most good.

The Westminster Co.

The Westminster Improvement company filed its articles of incorporation with County Clerk Allen. They state that the objects of the company are to purchase, improve and sell real estate, erect dwellings and other buildings, bore artesian wells for water, construct canals and ditches, bore for natural gas and oil, to construct and erect banks, and to do all the business connected with an improvement company.

Salt Lake is named as the principal place of business, and the life of the company is placed at fifty years, unless sooner dissolved or disincorporated by the mutual consent of the stockholders.

The capital stock is placed at $200,000, with shares of the par value of $1 each.

The stockholders are: Charles S. Goodsch, 6; M. H. Beardsley, 5; John R. Middleton, 5; Edward Hume, 5; Henry C. Lett, 5; John R. Middleton, trustee, $99,954.

Goodsch is president; Lett, vice-president; Beardsley, treasurer, and Middleton, secretary and general manager.

Tooele Stake Conference.

The quarterly conference of the Tooele Stake of Zion convened at Grantsville July 23rd and 24th. Present on the stand: Apostles Lyman and Lund, Elder Karl G. Maeser, President of the Stake and some of the Bishops.

Conference was called to order by President H. S. Gowans.

Bishop J. L. Wrathall, Thomas Atkin, and P. D. McCleve reported the number of wards which they preside in to be good condition.

President Gowans reported the condition of the Stake. He had visited each ward since last conference and found that the faith of the Saints was increasing.

Apostle Lyman occupied the remainder of the morning giving good instruction.

In the afternoon Apostle Lund spoke in regard to the settling of these valleys. Serve God, he said, and said that this was the place where God wanted to establish His Zion in the last days. He referred to the persecutions of the Saints and endured and the blessings in store for those who were faithful.

Brother K. G. Maeser occupied the remainder of the time, speaking upon Church schools and the proper education of the children of the Latter-day Saints.

On Sunday morning President G. Q. Cannon and J. F. Smith were present. President Smith occupied the whole of the time. He spoke upon the trials through which the Saints had passed during the last seven or eight years. The Lord was continuing His work and would bless those who labored in accordance with the Revelations of the Holy Ghost. He spoke upon the subject of education and said one of the most important duties devolving upon the Latter-day Saints was the proper education of their children.

At 1 p. m., after singing and prayer, the Sacrament was administered.

President Gowans presented the general authorities of the Church and Stake, and they were sustained unanimously.

President George Q. Cannon referred to the remarks made by President Joseph F. Smith. He hoped the Saints would carry out to the letter the instructions given, and those who did so would obtain their reward.

Conference adjourned for three months.

THOMAS WILLIAMS,
Assistant Clerk.

GRANTSVILLE, Tooele County, U. T., July 25th.

Notes From Millard County.

In Millard, as elsewhere, everybody is busy with the grain harvest, and never, perhaps, has the yield been more abundant or of better quality. So that the farmer is looking forward to a well stocked granary at threshing time.

The beern crop was a very heavy one.

There was more than the usual fall of snow in our mountains last winter, and as a consequence water was plentiful in spring.

The fruit suffered somewhat by the frosts in May; therefore the crop will not be as bountiful as that of last year. Some of the settlements suffered less than others, hence the failure is not general.

During the past two weeks the weather has been intensely hot, but the fruit and grain have profited thereby.

The cheering prospects of an abundant harvest give life and energy to the people, and Pioneer Day was made a day of rejoicing in most of the settlements. Fillmore, Scipio, Kanosh and Hatton had excellent programmes. At Holden two young men were wrestling, and, unfortunately, one had his leg broken. At Kanosh a few pacifistic encounters formed a yet more agreeable interlude to the festivities.

At Fillmore yesterday two little boys had their legs broken. One was thrown from a horse, and the other by performance of Fillmore; the other was the son of Mr. Wm. Holmes.

Now that we are through with the harvest, the farmers are busy with their potatoes (are backing on their ammo for the coming campaign, which, according to present indications, is likely to be a warm, if not a heated one.

Education has made rapid strides during the past few years. Men and women can read the newspapers, if they will, and by their votes put in power the men who will best subserve the interests of which party is likely to secure to them the greatest advantage a national and wise administration can give. In local elections this is important, for the choice of officers lies with the people (whom the men called to hold office are personally known. A sound judicial election should be made by the electors. This is a duty they owe to those who have not the vote, and to their children, that their laws for the best interests of all, and without a voice as to the mode of their applications and expenditure. The time has not arrived when "Taxation without Representation" will be a thing of the past, when every citizen will have a vote, and a voice in the management of their affairs. It is hoped to see not so—to that good time arrives, then men whose shoulders rests the responsibility of office, are careful in their selection of the men who are to fill responsible positions. M. A. G. GREENHALGH.

MILLARD, July 2, 1892.

Fine Native Marble.

City Marshal James E. Hall, of Springville, came up to Salt Lake today, bringing with him a dozen or more very fine specimens of native marble of different shades and sizes. Most of them are receptive of the like but finish. Mr. Hall, George H. Williams and six other are the owners of one hundred and sixty acres of land near Springville, and within two miles and half of the Rio Grande Western, upon which all these specimens of marble are found. Steps are being taken to develope the claims.

Just One Hitch.

From Spring Glenn, Emery Co., under date of July 25th, Wm. Miller writes:

Pioneer day passed of very pleasantly with one exception. A message from Schofield named McDonald, and a miner from Castle Gate got into a dispute over a tug of war. The detectives struck the other man and pulled his gun on him. The people was quickly taken from him by the bystanders. When he found apologies were unavailing he went before the justice and fined $20.

Press Club Excursion.

The Salt Lake City Press association will give an excursion to Garfield Beach on Friday, August 12th.

An excellent programme of aquatic and terpsichorean sports has been arranged for, and a large number of premiums will be given to the successful contestants in athletic exercises.

Expert swimming will be one of the features of the occasion. The best long distance gentleman and lady swimmers will be awarded appropriate prizes. There will also be several boat races. In the evening one hour will be devoted to a grand concert, in which the best local talent will engage. After the concert the evening will be given up to dancing, and prizes will be given to the best lady and gent, and gentleman and lady participants. "Press Day" will be an interesting one at the beach.

Returned Missionary.

Elder Brigham Johnson, of Provo, returned to the city today from the Sandwich Islands, for which part of the world he left to fulfil a mission on May 25th, 1890. He labored constantly and faithfully among the natives of the Islands until released. Elder Johnson returns home in good health and spirits. He took the afternoon train for Provo.

Soap as a Sweetener.

It is said that good maple sugar is a great luxury and a great promotion of the intensely taking "Sunbeams" which are such a conspicuous and so much liked to get out. The real source of their delicious sweetness is kept a secret, but everybody knows where they can find them. Sunbeams are more than this. Sunbeams are much larger than some other cakes, and serving upon tea table and finally toasted last, they make a delicious dish. Everybody would enjoy them and a course of experiment in the skin was thoroughly washed with a soap twice a day and rubbed vigorously with a warm towel. Do not be afraid of a red nose. The redness will soon fade away and have no trace.

We will add that the face should be treated well after the soap washing by some good toilet cream. A good plan is follows: At bedtime wash the face with Sunbeams soap, and then rub thoroughly, then "cream in" by rubbing strong and freely the germicidal cream perfectly. Sunbeams and Sunbeams Cream are so simply delicious, and so free from all acid and water will do more service upon a worn out, pimply skin. Persons who think what will do simply paid for their trouble. It is delicious, it is sure—what more do we need? Sunbeams Cream may be needful to protect to the greasy. You are undoubtedly a sufferer from some form of dyspepsia. The medicines commonly used, and are effectively most important in a delicate skin. By constant friction they are rubbed in, and the skin is left in a condition that there is a black spot. Sweet dust is not available, but it is much the heavily fabric cushion to the skin then through a well.—Jessica Miller Hazelwood.

The Modern Way.

In India it is considered a great honor of the girl bride. It is a very modest custom, but not universally approved from a therapeutic standpoint. In civilized countries they put corsets on the girl babies, which brings about the same results, without the shock, which is a rare concomitant of the Indian custom. Moreover, babies last longer under the modern system, and it is especially prized by people who prefer to keep their girl babies for a few brief years.—Detroit Tribune.

What a Tired Letter Behind.

The worst feature of a flood is the fact that the city is apt to have a deposit of mud, varying in thickness from half an inch to ten feet, over a large extent of land that was formerly fertile. In the flood of 1890 a great many farmers in the American Bottom on going back to their farms after a long absence of the waters, found their farms covered with river sand to from six inches to two feet in depth, rendering good crops could be raised.

Street Sprinkling Tax.

All persons who wish to join in relaying the liberal tax for street sprinkling must give notice by Thursday, August 4th, to Jos. E. Smith, 13 Main Street. Extensive trifling.

A Grand Opportunity.

To visit Denver during the greatest of all Knights Templar Conclaves and to spend a few days at Manitou and the many other pleasant resorts in Colorado. The excursion tickets issued in connection with the Denver people during the Conclave will far surpass any effort of the kind ever attempted in this country. It is estimated that $150,000 to $200,000 has been and will be spent to give the guests of the city, Knights Templars or otherwise, the greatest reception ever accorded by a municipality. The excursion tickets to Denver and return will be placed by the Rio Grande Western, August 8th to 13th, inclusive, at $25. Two through trains daily.

Swift Wins.

We desire to say to our citizens that for years we have been selling Dr King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. C. Smith & Co., druggists. 1ss

They Beat the Record.

The Rio Grande Western train, which left Salt Lake Sunday morning at 9:00 a.m. arrived at Denver at 7:30 a.m. Monday morning, thus making the run between Salt Lake and Denver in 22 hours and 30 minutes, surpassing all previous records of any regular train between these two cities.

The Rio Grande Western people claim they can make this time with ease, comfort and safety, and as it is very advantageous to passengers into Denver at an earlier hour, they could arrange their schedule to do so. Their efforts in improving the service between Utah and the Colorado metropolis should be encouraged by all classes of travelers.
