Macart's monkeys, and really the old Camp Floyd, which was lone dog, displayed a vast amount of intelligence in excess of that shown by the people who talked incessintly, those who clamorously opened Lake City. After the Gartelle brothers had taken falls enough, if reduced to a single hais enough, it reduced to a single plunge, to convey them to the bottom-less pit, and after they had grown tired of horse play, a feeling which the audience shared, they finally got down to a remarkable exhibition of roller skate work. The kinodrome furnished the concluding amusement

Grand .- "Coralle" is of the higher

order of French plays and was preented in un admirable manner bx Miss Georgia Harper and her com pany at the Grand theatre last night. There was a fair sized audience present, and the piece was thoroughly en-joyed. Miss Harper sustained the double role of Coralle and Madame Du Bois. As the first named she had been unfortunate in early life, and as Madame Du Beis she lived down the past and strictly guarded her son, who was led to believe that she was his sunt. He was an honorable youth and

achieved distinction in the army and was known as Captain Daniel. The secret of Madame Du Bols was divulged at an ill-opportune time for the happiness of her son. He would have lost the girl of his heart, but for the nobleness of the young lady, who stoutly maintained that inasmuch as

he was the soul of honor and integrity nothing should separate them. Joseph Ditreck, handsome and a clever actor, played the part of Captain Daniel, and Grace Fredericks, as Edith God-frey, his fiancee, played well her part The support throughout was good. Besides those named, special credi should be given to Walter Newman. credit "Coralle" is the bill for tonight and tomorrow night, with a Wednesday souvenir matinee, and will be suc-Home" for the remainder of the week.

Casino Park .- Burlesque, dancing, monologue stunts, drills, etc., surrounding a light airy plot in a twoact musical comedy entitled "Court-ship in Japan," was the offering last evening of Zinn's Travesty company to patrons of Casino Park and the Ly-Owing to the unfavorable weather the performance was given in the Lyrie instead of the Casino, and it must be said that the show "took." The house was crowded and although the weather was rather warm in spite of the showers, no one wanted to leave until the final act, a fact which proved conclusively that the efforts of the performers met with due appreciation. The company will hold forth here for a week and is sure to do good business. Probably the center of attraction in the collection is Flantgan, an American taking a little jaunt around this

world of ours. He carried off first honors because he played about everything "When the Moon Shines." imaginable. and "Maydee," rendered by Tum-Tum made n great hli. A shapely, pretty lot of chorus girls in their drill and songs kept the interest at a high pitch throughout the performance.
