DUTY ON TIN PLATE.

Amendments to the Tariff Bill Lost in the House.

DEBATE ON THE WILSON BILL.

The Leather Schedule.—Roseile Proposes the McKinley Provisions as a Substitute.

WASHINGTON, Jan. 26.—The next amendment to the tariff bill was to reduce the duty on tin plate, terne plate and taggers tin, from 1 1-5 cents to 1 cent, and to abolish the drawback or rebate provision, so that the whole duty paid on tin plate shall be retained by the United States.

Breckenridge of Kentucky offered an amendment to transfer tin plate from the dutiable to the free list.

Dalzell (Rep.) of Pennsylvania moved as a substitute the provision of the McKinley law, imposing a duty of 2.64 cents per pound.

After further debate the vote was taken first upon Breckenridge's amendment to place tin plate on the free list. The author attempted to withdraw it, but Johnson (Dem.) of Ind. objected. Lost 30 to 198. Dalzell's substitute was lost.

Outhwaite's amendment was divided, votes being taken separately on the propositions to reduce the duty to 1 cent and to abolish the rebate provision. Both were lost.

Roselle was recognized, and offered a substitute for the lumber schedule the McKinley provisions. Gates offered in lieu of the lumber schedule the following substitute: "Sawed boards, plank, deals and other lumber, hemlock, whitewood, sycamore, white pine and basswood, 50 cents per 1000 feet; sawed lumber, not specially provided for, $1 per thousand. But when hewed or any sort is planed or finished in addition, the rates imposed shall be level for each side planed at 25 cents per thousand; if planed on one side and tongued and grooved, $3 cents per thousand; on both sides, tongued and grooved, 75 cents."

To this Hinckley offered another amendment, to read: "Lumber, dressed or planed on all heart, $1 per 1000."

After the committee rose. At the request of Morgan (Dem.) of Missouri an hour was set aside tomorrow for consideration of the lead and zinc schedules.

The speakers at the night session were Marlin, McCall, Dunn, Adams, Hansel, Terry, Hartman, Phillips, Hooper and Funston.

A Battle Expected.

NEW YORK, Jan. 26.—The *Herald's* cable from Montevideo, Jan. 26th says: A correspondent in Rio sends word that a great battle will soon be fought. All the federals need are horses, which it is expected will soon reach them. A detachment of eighty-five rebels marching to join General Tavares were met by the government forces and all slaughtered. Authentic telegrams have been received, announcing that 5000 federals, commanded by Generals Tavares, Caloeda and Gomez Riverbar, have taken the border town of San Juan Brutista. The inhabitants fearing a repetition of the excesses committed in Bage, fled from the town in terror.

Chinese Slow to Register.

WASHINGTON, Jan. 26.—Following is a portion of a letter written to the treasury department by collector of Internal Revenue Wellborn, of San Francisco, in regard to Chinese registration in his district. The letter is dated January 16th: "The Chinese have been quite slow in making applications for registrations, and there are now only 601 registered to date. The delay has been caused by the non-arrival of the Chinese minister from Washington. The Six Companies expressed a willingness to have the members register."

Incessantly Firing.

BUENOS AYRES, Jan. 26.—Dispatches from Rio say an incessant fire was kept up between the insurgent warships and the government forts, and much damage has been done on the Cocoanut island. The insurgents are trying to cut off Rio's water supply. It is reported that torpedoes have been placed around Fortress Santa Cruz. Two cases of suspected yellow fever have been discovered aboard the mail steamer Tagus.

Apparently a Deadlock.

JACKSON, Miss., Jan. 26.—The caucus to nominate a successor to Walthall, United States senator, is apparently in a deadlock. The twenty-first ballot resulted: Catchings, 20; McTeunin, 38; Allen, 51; Taylor, 36; Lowry, 12; Cannings, 1. Adjourned until tomorrow.

An American Novelist Dead.

LONDON, Jan. 26.—A dispatch to the Standard from Vienna says: It is reported from Venice that the American novelist, Constant Fenimore Woolson, whose death was reported the other day, committed suicide by jumping from the window of the house where she lived. A seven months' siege of influenza left symptoms of insanity.

President Zelaya Alarmed.

MANAGUA, Jan. 26.—President Zelaya is alarmed at the progress of the revolutionists in Granada and Leon, who have recently been receiving arms. Fighting is fast at Granada between Conservatives and sixty soldiers were killed. The conservatives have been joined by the progressists.

Childs's Condition.

PHILADELPHIA, Jan. 26.—The physicians in attendance upon George W. Childs issued the following bulletin at 12:30 today: "Mr. Childs has not improved. His condition has become a serious one."

At 3:45 a.m. Mr. Childs was quietly sleeping and his physicians has gone home for the night.

The Great Cash Row.

JACKSONVILLE, Jan. 26.—The Duval club no longer exists. It broke up in a row today. Some hard names were passed between one of the members and Bowden, whose management was severely criticised. Bowden has washed his hands of the whole business. Other members of the club are going to reorganize with outside capital.

Bowden said tonight the club took in $11,000 in admissions to the fight, and out of this the $2,000 purse and $5,000 training expenses of the principals had to come, leaving a balance in the club's credit of $4,000, and out of this attorney's fees and other expenses have to be met.

"We are $5,000 loser by the governor's interference," he said.

The statement that the total receipts were only $11,000 is generally accepted with a grain of salt.

A Protest Against the Wilson Bill.

NEW YORK, Jan. 26.—The American Protective Tariff League has issued a protest against the Wilson tariff bill, which is addressed to Congress and will be sent to that body at once.

A Minister Confirmed.

WASHINGTON, Jan. 26.—The Senate confirmed the nomination of W. T. Buchanan, minister to the Argentine Republic.

Senator Jones Going West.

DENVER, Jan. 26.—Senator Jones of Nevada arrived in Denver today and went west tonight. He said he was going to San Francisco before returning to Washington. It is understood that he has been traveling in Colorado gold mines.

TO INCREASE ITS MEMBERS.

The Chamber of Commerce Urging Business Men to Join the Organization.

The new board of directors of the Chamber of Commerce is very anxious just now to swell the organization's membership lists, and with that purpose in view and in accordance with a resolution passed a few days ago the following letter is being sent out to business men of the city under the direction of President Stevens and Secretary Calhoun:

Dear Sir—We respectfully invite you to enroll yourself as a member of the Chamber of Commerce. At our last board meeting it was unanimously agreed that we reduce the initiation fee to $5 and the annual dues to $12 per annum.

We believe if you will consider the large amount of good which can be accomplished by a united effort to secure local manufacturing and business enterprises and showing the advantages of agricultural pursuits in those districts that you will take pleasure in joining hands with us in order that we may put ourselves on a solid foundation.

We trust you will fill up the enclosed card and become one of our active members.

Probate Court.

L. M. Bailey has filed a petition in the probate court, praying for the will of James H. Bagg, deceased, be admitted to probate and that he be appointed administrator, with the will annexed, at the request of the executrix of the will, who are residents of Pittsburg, Pa. Deceased resided in Salt Lake City for some time prior to his death, which occurred at Pittsburg, Pa., on November 16th, 1893, and owned several pieces of real estate in this city. The will was admitted to probate in Pittsburg and a copy is now on file in the probate court for this county. With exception of legacies in the amount of $500, the deceased left everything to his wife. February 5th has been set for the hearing of the petition.

In the Avalanche.

Walter J. Sloan has begun suit against the Salt Lake & Fort Douglas Railway company et al in the Third district court, alleging that defendants have wrongfully taken possession of certain lands belonging to him in this city, and asked that they be restrained from operating their trains over said land, unless they pay him sufficient money to compensate him for the damages sustained. Plaintiff likewise prays that the court adjudge his claim prior to that of the Central Trust company, which has started foreclosure proceeding against the railway company.

Helen M. Morgan has brought suit against A. H. Sawyer, trustee, in the Third district court, asking that he be restrained from selling certain property under a deed of trust, on the ground that she is entitled to six months' further time in which to redeem the said property.

F. H. Auerbach & Bro. has opened attachment proceedings against the Mayfield Co-op to collect $95.80 alleged to be due for goods, wares and merchandise. Clark, Eldredge & Co. are suing the same defendants to collect $652.86.

The February "Scribner's."

Scribner's Magazine for February opens with one of the richest articles it has ever printed—a charming story of the work of Edward Burne-Jones, by Mr. Cosmo Monkhouse, the distinguish English critic. Twenty of Mr. Burne-Jones's most striking designs and pictures are reproduced by his permission and that of their owners. A number of sketches are now reproduced for the first time, and the whole series, with the accompanying text, gives an interpretation of the exquisite quality of this imaginative artist such as has never been published to a popular circle.

An article of unusual interest has resulted from an expedition on behalf of *Scribner's Magazine*, made by Joel Chandler Harris in company with a skilled artist, Daniel Smith, to the scene of "The Sea Island Hurricane," off the coast of South Carolina. It was this strange region which was devastated by the great storm last autumn, which killed 4,000 people and left 20,000 homeless and suffering. Among those on the ship to survey the ruins were Miss Clara Barton, with a staff of workers from the Red Cross society, who have been repairing much needed relief. Mr. Harris viewed all the surrounding localities of this work, and he will narrate in connection with his article the exhibition he gained from personal sight a picture of the disaster, the suffering, and the work in progress as no other writer in the South could give. The illustrations present a graphic picture of the curious life on those islands. An article in this number is devoted largely to a description of "The Dewey-Idaho." Another article in the March number will describe "The Relief."

New Castle, Colo., in the heart of the mining region, produces a surplus of hay products. Fresh pork is sold there at 7 cents, in Denver it costs 15 cents.

CATARRHAL DEAFNESS CURED.—READ THE EVIDENCE OF MISS MARTHA HUNT. SHE HAS BEEN THE VICTIM OF CATARRH EVER SINCE SHE WAS THREE MONTHS OLD.

Can Catarrh be cured?

That is the question so often asked. Do you believe it can? Listen:—

Dr. Carl Beiler, of the Bellevue Medical College Hospital of New York city, and the author of the greatest work known in diseases of the nose and throat says:

"One of the state institutions of people of the United States fifty miles within New Jersey. He so often suggested and acted upon the conclusion so extreme that it is thought to be incurable, but in the state that it gave the proper treatment it was positively healed."

Drs. Shores & Shores use Dr. Carl Beiler's treatment for all nasal troubles, and their success is well known to the readers of this paper.

MISS MARTHA HUNT, 243 N. 6th West St.

The above portrait is that of Miss Martha Hunt. Miss Hunt is eighteen years of age and has suffered from catarrh since she was 3 months old. Her condition before treatment is better given in her own words, she says:

"As early as I can remember I have had catarrh. My nose would stop up first on one side then the other, shooting pains in the head, a constant hawking and spitting, caused by the mucus dropping from the head into the throat; this kept my throat dry and sore.

"Hoarseness and singing noises in the ears, in fact my head seemed always full, as though it were going to burst.

"My sleep were fearful, nothing but horrible dreams, and it was impossible for me to get more than four hours sleep, then in the morning, upon arising, I seemed tired and worn out.

"I had no appetite, and what I did eat seemed to distress me, lying heavily on my stomach.

"This was my condition when beginning treatment with Drs. Shores & Shores, and ever since the first treatment I began to improve.

"Let me now state that after a thorough scientific and systematic course of treatment, such as is only given by Drs. Shores & Shores, I am almost entirely cured.

"I have no more headaches, no ringing noises in the ears, no more hawking and spitting. I feel well, and my appetite is perfect, in fact I can say I am well, and I heartily recommend the treatment given by Drs. Shores & Shores."

THE OLD AND YOUNG.

All Cured Alike at the Zion's Medical & Surgical Institute.

"I am 72 years old and have lived in Utah for the last forty years. I have suffered from catarrh for the last thirty years, and the disease has caused me so much annoyance that I am very grateful to find that at last I am blessed with the skill and treatment given by the Zion Medical and Surgical Institute, which has placed me on the road to better health," said Mr. Webb to the writer.

MR. WEBB, KAYSVILLE, UTAH.

Continuing he said:

"I suffered with headache, owing to the catarrh, my eyes were watery, my nose stopped up, throat filled with mucus so bad that at times I could scarcely speak. Pain was my symptom until about two years ago, when my hearing became affected, my memory began to lose its distinctive powers, my appetite was good enough, too good, in fact, as I was not satisfied by eating enough for four men, and after eating, the food lay like lead in my stomach.

"My sleep was fitful and broken, and I felt tired all the time. I tried many different kinds of patent remedies, but none of them done me any good, except a slight temporary relief. I read of the success of the Zion Medical Institute in treating such cases as mine, and placed myself under treatment there and were continued with its successors, Drs. Shores & Shores of the Zion Medical and Surgical Institute, and now I am a different man altogether than when I began treatment. I have improved from the start, and now I feel entirely well, except my hearing, and it is improving as rapidly as possible, taking into consideration my age. The noises within the head and hearing will be restored completely in a short time, and I feel very grateful for what they have done for me.

"I recommend these physicians to all and will be glad to have anyone doubting this statement to call or write to me at my home, Kaysville, Utah."
